COMMENTS (Number each comment to show from whom to whom. Draw a line across column after each comment.)

My comments re the retirement/resignation are contained in my memo of March 25. Contract also provides for Christmas bonus of one month's salary. Also receives $960. per year for use of one of his residence for darkroom and related electricity and water in processing LIEMPTY take.

5 to 7:

Thoroughly reviewed the file, talked to WH/1, believe the proposed contract amendments are proper (and perhaps overdue). RECOMMEND APPROVAL.

(Once this is done, I have suggested that the Branch should go out to the field and discuss salary adjustment as well as appropriateness of an annuity arrangement--as well as closer operational supervision and additional tasking).

15 July 1969

This seems reasonable and proper.

MEMORANDUM FOR: Executive Officer, Western Hemisphere Division

VIA : WH/FI
WH/CONTRACTS

SUBJECT : Recommendation to Amend the Contract of Raymond H. GERENDE (Contract Agent) to Include Improved Termination Benefits and a Salary Increase

1. During the past year Mexico City Station has submitted several dispatches recommending that paragraph 11 of Subject's contract be amended to include new benefits in the event of Subject's termination and/or resignation from Agency service. These Station recommendations have been carefully reviewed by C/WH/Contracts and a Memorandum was forwarded to C/WH/1 containing guidance on the suggested contract amendment.

2. The above information has been reviewed again by AC/WH/1, and we are requesting approval for the following amendments to paragraph 11 of Subject's contract:

A) In the event of GERENDE's termination by the Agency he will receive three month's pay plus one month's pay for every full year of service since 18 March 1955, calculated at the rate applicable at the time of termination.

B) In the event of resignation and/or voluntary retirement upon 60 days notice the following schedule would be acceptable to the Agency as being in its best interests and a payment considered as a terminal payment as follows:

(1) Less than 15 years service (prior to March 1970) 20 days pay for each full year of service.

(2) Over 15 years service, but less than 20 years service (prior 18 March 1975) three months salary plus 20 days pay for each full year of service.

SECRET

(3) Over 20 years service, three months salary plus one month's pay for each full year of service.

(4) All payments above are to be calculated at the rate of pay applicable at the time of retirement and/or resignation.

3. As to the points raised by WH/Contracts in their Memorandum concerning this amendment we would like to note the following:

A) GERENDE is a Mexican citizen, working for the Agency since 18 March 1955 under an MOC, who considers himself to be a "career" employee of the Agency, and whose initial local employment for cover purposes was largely notional under a system of "ghost payrolling". GERENDE received no income or benefits from this "cover" position which terminated due to the demise of the company on 31 December 1967. GERENDE's other "cover" is self generated in that he gives English lessons in his spare time to middle management Mexican nationals employed by American owned companies in Mexico City. His income benefits from this "cover" are minimal, but suffice for satisfying acquaintances as to the source of his income. In conclusion, GERENDE is considered by the Station to be a full time contract agent, on call at all times for operational activity. Any other local benefits which may accrue to him by the virtue of his being a Mexican citizen should not, we feel, be a concern of this Agency given the above circumstances of his employment with us.

4. This Branch is of the belief that the resignation and/or retirement schedule outlined in paragraph 2, B above provides career benefits for GERENDE in the event that he must resign and/or retire in the event of unforseen personal circumstances. It additionally rewards him for his loyalty of service, and at the same time provides him with incentive to remain in Agency service for the additional financial benefits that will accrue to him providing both future security and incentive.

5. During the past two years GERENDE has served as a principal agent handler for a sensitive fixed surveillance project; has carried out unilateral recruitment approaches against the Cuban target; has been used in special support investigations; and is presently being considered for use in special operations of a sensitive nature. A review of the progress reports in GERENDE's operations discloses that the Station has been more than satisfied with GERENDE's performance and is anxious to take advantage of his full potential. GERENDE's last salary increase from $6,000 to $6,500 per annum was granted in July 1965, and there have been no increases since. Since the Field Station/Headquarters negotiation over amendment of paragraph 11 of GERENDE's contract has been in progress for over one year and a half, we are of the belief that the Station wished to finalize this amendment prior to requesting a salary increase for the agent. It is therefore requested, considering the above, that approval be given for a salary increase from $6,500 to $7,000 effective 1 August 1969, and that his contract be so amended. The Field Station will be queried for their approval via cable prior to implementation of the contract amendment.

TO : C/WH/1 DATE: 7 March 1969

FROM : C/CS/Contracts

SUBJECT: Raymond H. GERENDE - Severance/Retirement/Resignation Pay

REF : HMMA-36512

1. Reference asks that GERENDE's contract be amended to provide the following:

a. Three months pay for purposes of a termination payment.

b. The following schedule in the event of resignation upon 60 days notice which would be acceptable to the Agency as being in its best interests and a payment considered as a termination or terminal payment as follows:

Less than 15 years service (prior 18 March 1970)--20 days for each full year.

Over 15 years but less than 20 years service (prior 18 March 1975)--three months plus 20 days for each full year.

Over 20 years--three months plus 1 month for each full year.

2. The Station has pointed out that Mexican law requires an employer (presuming that we are being considered as an employer in the sense of Mexican law) to grant an employee who is terminated three months pay plus an additional 20 days pay for each full year of service. In the event of resignation, Mexican law does not make any requirement for payment by the employer to the individual.

3. GERENDE's basic contract was effective 1 October 1955. An amendment, effective 1 July 1959, provides for a terminal payment of one months salary for each year of service since 18 March 1955, and thus bears out the Station's use of the date 18 March 1955 for service computation.

4. It is to be noted that [illegible], who was born December 7, 1932, will have 20 years service in March 1975, and in December 1975 he will be 43 years of age.

5. The Station did not indicate whether or not [illegible]'s overt employment provides him any termination pay or pension benefits. Mexican law does provide that an individual covered under their "Social Security benefit" program is eligible for annuity at age 65. Should he retire between the ages of 60 to 64, he would receive a reduced annuity.

6. I believe the Station's proposal is quite practical except it does, of course, give the individual an option of resigning at any time and thus being eligible to receive a "resignation payment" rather than what should, I believe, be considered as a retirement payment or program. I, therefore, suggest the following:

a. That prior to effecting a contract amendment providing for a resignation payment for acceptable reasons, information be obtained as to whether [illegible] would actually be entitled to receive from his overt employer additional payment(s) for termination and/or retirement. This then could be used as a basic figure on which to build in terms of termination and/or retirement.

b. The proposed schedule certainly appears adequate. As there is no limit on the accumulation, the individual might well reach a point of "temptation" to resign. I believe there should be a maximum limit on accumulation - why encourage the individual to resign?

c. As both the Station and [illegible] want some program for purposes of security and incentive, I believe more emphasis should be given to such a retirement program rather than on "resignation". Similarly, retirement would not be thought of at age 43.

A retirement program could provide for participation by the individual and also take into consideration what the individual would receive from his country's Social Security program. This type of plan would give the individual a vested interest as well as a feeling of security in terms of the future.

7. It is recommended that your dispatch in answer to Reference be coordinated with the appropriate WH Staff and WH/[illegible].

C Raymond H. GERENDE's Cover Status

ACTION REQUIRED - REFERENCES

1. In preparing a recent request for an amendment to Raymond H. GERENDE's contract, it occurred to us that it would probably be useful to bring Headquarters up-to-date on GERENDE's cover status. As a full-time contract agent, GERENDE is on call at all times for operational activity. His cover activity not only provides him with the necessary flexibility, it is also solid enough to provide him with a plausible explanation of his existence and his income.

2. GERENDE has two major cover activities. One is the teaching of English, mainly to middle-management personnel of American-owned firms in Mexico City. This is done on a regular basis for a few hours each day and earns GERENDE an income of about 5000 pesos per month. His second cover activity, and one which is largely a cover and not really activity, is working as a salesman for IDEN A. GERENDE actually earns only about 500 pesos per month from this, but this fact is a closely guarded secret. GERENDE's acquaintances assume that a good part of his income comes from this cover. Previously, GERENDE had been able to "prove" a total income of about 8000 pesos per month, ostensibly from IDEN B. IDEN B was owned by LISTERINE, and for years he had carried GERENDE on his payroll as an independent salesman on commission. He would ostensibly pay GERENDE a certain amount of money, and IDEN B's accountant would duly file income tax returns and social security based on this alleged payment. IDEN B would also pay whatever taxes were called for by the statements filed. This

system of "ghost payrolling" is quite common in Mexico, as everybody gains: the company because its declared profit is lower than it really is and, therefore, subject to less tax, and the individual because he is ordinarily given a kickback for allowing his name to be used (or in GERENDE's case, because it provided cover).

3. All this ended on 31 December 1967, when LISTERINE sold IDEN B to IDEN A. For a while thereafter, GERENDE paid taxes only on the money he actually earned with IDEN A, which was, as stated, about 500 pesos per month. As of 1 July 1968, however, LISTERINE arranged, at GERENDE's request, to have his accountant (who continued to handle GERENDE's taxes as a favor to LISTERINE) to lump together all of GERENDE's earnings (from teaching as well as IDEN A) as "professional earnings" and to file returns for GERENDE which included the total amount. This is not quite as satisfactory as the old arrangement (among other things GERENDE must now pay his own taxes) but for cover purposes it is entirely adequate. Other than LISTERINE and the accountant, no one knows that GERENDE's ostensible earnings have dropped, and, as far as we know, LISTERINE is the only person who is aware of GERENDE's tie with WOFIRM.

1. The Station has finally compiled the information necessary to answer the questions raised in Ref B and, in doing so, wishes to repeat the request originally made in Ref A to amend Raymond H. GERENDE's contract to provide him with a certain amount of job security.

2. First, Ref B raised the point that there had been no efficiency reports written on GERENDE or "evidence of outstanding performance." GERENDE's performance has been evaluated regularly within the context of the regular LIEMPTY Project progress reports, and a review of the past several reports will demonstrate that the Station has been more than satisfied with GERENDE's performance and is anxious to take advantage of his full potential. The Station does not believe, however, that "evidence of outstanding performance" should be a prerequisite for the type of contract amendment being requested. It is perfectly true, as pointed out in Ref B, that the Station had gone on record in 1959 that GERENDE should not be paid a termination bonus if he should resign simply to get the extra money or to pursue another career. By now, however, GERENDE has cast his lot with WOFIRM. He really has no other career, and to try to start one at this point would be extremely difficult. On the other hand, if he should decide to try his hand at something else, the Station would

undoubtedly wish to reward his long years of loyal service with a generous termination payment. He has earned it, and only termination for cause per paragraph 10 (b) of his contract would prevent him from receiving it.

3. Mexican law (it is the law, not custom) says that an employee who is fired must be paid three months' salary plus twenty days' salary for each full year employed by the company at the pay rate existing at the time of separation. GERENDE's current cover company adheres to this formula. Since GERENDE's termination clause has always read that he would be paid a full month's salary for every year of service (in the event of his termination by WOFIRM), we would not want to change that, and in fact we wish to add to it the three months' pay guaranteed by Mexican law. At the same time, we do see some virtue in the suggestion in paragraph 3 of Ref B that full retirement benefits (in the event of GERENDE's resignation) would apply only after 20 years' service, with lesser benefits until then. Our suggestion would be that in the event of his resignation prior to 15 full years of service (i.e. prior to 18 March 1970) he be paid twenty days' salary for each full year, that after 15 years but prior to 20 he be paid this amount plus three full months' salary, and that after 20 years he be paid three months' salary plus one months' salary for every full year. It is true, of course, that Mexican law does not make any provision for payment of a termination bonus to an employee who resigns, but most enlightened companies have some sort of retirement program, and, as Ref B correctly points out, "working for WOFIRM is a very special case and deserves exceptional financial consideration." In the case of GERENDE, we are not attempting to establish any pattern. This is a special case (as are most) and the Station merely wishes to insure that GERENDE, who has made WOFIRM a career without receiving any career benefits in return, is rewarded for his loyalty and is given some incentive for the future. GERENDE is not without his faults, and he is being adequately compensated for the work he performs, but we cannot expect to get more out of him without showing him greater respect.

4. The Station requests, therefore, that the following amendment be made in paragraph 11 of GERENDE's contract:

a. In the event of GERENDE's termination by WOFIRM, he will receive three months' pay plus one month's pay for every full year of service since 18 March 1955, calculated at the rate applicable at the time of termination.

b. GERENDE's resignation upon 60 days' notice will be accepted by WOFIRM as being in its best interest, and GERENDE will be eligible for terminal payment according to the following formula: Prior to 18 March 1970, GERENDE will receive 20 days' pay for every full year of service since 18 March 1955; after 18 March 1970 but prior to 18 March 1975, GERENDE will receive three months' pay plus 20 days for every full year since 18 March 1955; after 18 March 1975 GERENDE will receive three months pay plus one month for every full year of service since 18 March 1955. All payments are to be calculated at the rate applicable at the time of resignation.

5. Paragraph 10 (b) will, of course, remain in force.

6. Ref D asked that GERENDE's contract be extended for another year without change. We assume that this has been done, although we have not been notified.

ACTION REQUIRED - REFERENCES

SUMMARY

1. There have been no basic changes in the operation of the project during the reporting period. Raymond H. GERENDE continues as principal agent, handling the personnel of the two base houses, LILYRIC and LICALLA, and performing other additional tasks. On 27 December 1968, consistent with our effort to get as much of the support activity as possible handled by outside officers, direct agent-handling responsibility for GERENDE and the LIEMPTY project was turned over to Bruce H. FERNALD. Vincent P. RIZZUTO remains as alternate and as FERNALD's inside contact.

GERENDE

2. Until the introduction of FERNALD, there was no change in the meeting arrangements with GERENDE. Meetings were held on an average of three times per week until October, when LIEMPTY-19 (GERENDE's wife) was relieved of the responsibility of transcribing the Spanish-language portions of LIENVOY coverage of the BEDOX installation. Thereafter meetings averaged twice per week, the main business being the transfer of LIEMPTY base house material and discussion of base house business.

3. GERENDE's agent handling responsibilities within the LIEMPTY project remain as previously reported. He had also handled [illegible]-3 until the latter's termination in August 1968. He developed a good relationship with [illegible]-3, and he showed that he is quite capable, with proper case officer guidance, of providing useful service to the Station in the handling of agents beyond the support type to which he had been limited in the past. The Station intends to try to expand this role, with due regard for security and for GERENDE's limited experience. Furthermore, the Station still has every intention of using GERENDE selectively in cultivation and development of operational leads, as outlined in reference. No such leads were found for GERENDE during the reporting period (among other reasons, we have no intention of giving GERENDE a lead simply for the sake of giving him something to do), but as soon as a suitable lead is uncovered, it will be passed to GERENDE.

4. GERENDE was particularly useful during the Olympic period. While he did not get a job with the Olympic Committee as he had hoped, his wife was employed as a translator by the European television networks who had come to cover the games. This, plus other personal contacts, gave GERENDE a certain amount of access to Olympic facilities. Both GERENDE and his wife helped considerably in the distribution of AEEGGHEAD material, and GERENDE performed a number of miscellaneous tasks assisting the Station in various Olympic responsibilities.

5. GERENDE has also been used in support of JMROD operations, such as making mail pick-ups and delivering material and making phone calls to AMBASSOON. Following the Warsaw Pact Powers' invasion of Czechoslovakia, GERENDE was asked to cover a demonstration in front of the Soviet Embassy, and he wrote a good report which was used in Embassy briefings. Recently, GERENDE has enrolled at the University of the Americas to work for an M.A. in contemporary Mexican history. The Station will explore the possibility of his getting access to persons or information of interest on the University campus.

LICALLA

6. LIEMPTY-9's work (in the LICALLA base house) was inhibited in July due to the construction of a maid's room near his working quarters. During the reporting period, however, he took a total of 2,217 operational photos. His regular reporting and commentary continued as in the past. LIEMPTY-9 is a steady and dependable performer, and his unique vantage point remains the source of the most interesting and revealing photos as well as often very informative reporting.

LILYRIC

7. LIEMPTY-13, -14, -26, and -27 have been able to keep the LILYRIC base house manned on a regular basis from 0800 to 1800 hours weekdays and 0800 to 1500 hours on Saturdays, with other hours coverable upon request. This has proven to be a far better arrangement than depending on LIMITED for some of this coverage. In addition to the 6,763 operational photos taken during the reporting period and the daily fixed surveillance reports, LILYRIC reporting is of considerable help in compiling current vehicle and license plates lists, PCS arrivals and departures, unusual activities such as demonstrations or protests, unusual or lengthy absences of personnel, etc., all of which have obvious CI importance. It was LILYRIC photos which made it possible for LNERGO to identify the Subject of 201-841520, who had been in clandestine contact with AEGRIP officers. LILYRIC also reported on a half dozen other American (or American appearing) visitors, some of whom it was possible to identify through tracing license plates.

Charlie - who was this?

LIMITED

8. As reported in Ref, LIEMPTY-6 has been terminated and the LIMITED base house closed. All equipment has been turned in, and it can truthfully be said that due to the continuing quality performance of LICALLA and LILYRIC, LIMITED has not been missed at all.

PHOTO LAB

9. LIEMPTY-4 continues to process all photos made by the base houses. In addition, 101 enlargements were made during the reporting period, and 210 prints for LIMTRAP. The quality of LIEMPTY-4's work is good, and he rarely misses his routine deadlines.

LIENVOY of 24 October 1968 reported that Subject was contacted by Felix LUNA Maderos, First Secretary and suspect replacement for Reynaldo CEPEDA Hernandez, who is believed to be the equivalent of the Cuban COS. TIMOSSI and LUNA agreed to meet that afternoon at the Embassy to take care of the matter which was pending between them. It is not known if this might possibly concern the material passed to TIMOSSI by GERENDE.

MEMORANDUM FOR: WH/Contracts

SUBJECT : Renewal of Contract of Raymond H. GERENDE (P)

Will you please arrange to have the contract of Raymond H. GERENDE extended for one year on the present basis but with one amendment, namely, provision of a termination or resignation bonus of 3 months' salary plus one-month's-salary-for-each-year-worked. His present contract expires on 30 September 1968. He has worked faithfully for the station since 1955 and definitely intends to make a career of his association with the Mexican station.

Please extend GERENDE's contract, without amendments, for one year. We had hoped to have answers to HMMS-5971 prepared in time to have amendments included in the annual extension, but GERENDE's "cover company" has recently undergone a change of management, and we have been waiting for GERENDE to provide us with a written statement of his current cover status, as well as a statement of the retirement rights and benefits provided legitimate employees of the cover company. Our intention is to have GERENDE's contract provide, in so far as possible, termination benefits equivalent to those granted by his cover company to a normal employee. As soon as this information is available, a comprehensive reply to HMMS-5971 will be pouched.

Summary

1. During the reporting period, the project's principal agent, Raymond H. GERENDE, was assigned additional tasks, aimed at broadening his usefulness to the Station. These tasks included spotting and assessment as well as the handling of a recruited agent, ERFAIN-3.* GERENDE did well, and it is believed that a new dimension has been opened for him, and by the same token, the Station has, in effect, gained a new asset. The LIEMPTY base houses continued to produce at their usual rate and with their usual effective support to Station REDTOP operations. The LIMITED Base House and its operator, LIEMPTY-6, were terminated on 31 May 1968. Termination was decided upon partly to save money and partly because advancing age had measurably decreased the reliability and effectiveness of LIEMPTY-6's work. LIEMPTY-26 was rehired, which permitted the LILYRIC Base House to give us the same total hours of coverage as LILYRIC and LIMITED had together in the past.

GERENDE

2. During the reporting period, the case officer has been meeting GERENDE an average of three times per week. Meetings are usually pre-arranged, at various sites and times. Meetings average 20 to 30 minutes. GERENDE turns over to the case officer negatives, prints, logs, and other reports which he has picked up from the base houses since the previous meeting, along with brief contact reports on his meetings with base house representatives. Reports on other operational activities are also turned in and discussed, and GERENDE is given instructions, notes for the base houses, and negatives for any enlargements which may be desired by the Station. Also, LIENVOY tapes and transcripts are exchanged at each meeting. (The departure of LIACUTE-1 at the end of April 1968 left the Station without a BEDOX transcriber. As a temporary solution, pending the return of LIACUTE-1 or the recruitment of another BEDOX transcriber, GERENDE's wife, LIEMPTY-19, has been hired at the rate of 31.50 pesos per hour to transcribe the Spanish language portions of the tapes. She does the work in her home, and GERENDE transports the tapes.)

3. GERENDE has the direct agent-handling responsibility for the following LIEMPTY agents: LIEMPTY-4 (photo-processor; met twice per week); LIEMPTY-6 (LIMITED; met once per week until termination); LIEMPTYs 13, 14, 26, and 27 (LILYRIC; LIEMPTY-13 normally met twice per week -- in his absence LIEMPTY-27 makes meetings); and LIEMPTY-9 (LICALLA; met twice per week). He is responsible for directing their work, paying them, and handling all of the administrative problems which may develop. To judge from the results, GERENDE has excellent rapport with these agents and is able to get a consistently high performance rate from them — particularly LICALLA and LILYRIC personnel.

4. As noted in reference, GERENDE was employed by the Mexican MHRAVEL committee, which we found a useful side benefit. His MHRAVEL activity during the reporting period has been minimal, but we expect it to start picking up again. GERENDE has conducted a few discreet inquiries and investigations for us within the MHRAVEL complex, and we have instructed him to try to get an assignment which will keep him as close to the FJSTEAL delegation as possible.

5. Reference also pointed out that GERENDE had performed nicely in the cultivation and development of an operational lead, and that the Station planned to give GERENDE more of the same. Furthermore, GERENDE's standing assignments (LIEMPTY base houses, MHRAVEL activity, and occasional support of JMROD requirements) were not challenging enough or occupying enough of GERENDE's time. GERENDE is rather firmly committed to WOFIRM by virtue of the fact that he has worked for WOFIRM for over 13 years and has no other outside employment of any consequence. By the same token, he was, through no fault of his own, doing less work for WOFIRM than at any time in his career. GERENDE's operational exposure through the years dictated more and more restrictions on his activity, for sound security reasons. The solution to GERENDE's problem (lack of a promising future) and the Station's (not getting its money's worth) seemed to be to give GERENDE additional tasks which he could handle under suitable cover and with due regard to security precautions. Since most of GERENDE's support activities had been against the FJSTEAL target, particular care would have to be taken in committing him further in this direction. It was decided, therefore, that his principal retooling would be in a non-FJSTEAL field.

CONTINUATION OF DISPATCH	CLASSIFICATION SECRET	DISPATCH SYMBOL AND NUMBER HMMA-35080

6. In line with the above reasoning, GERENDE was introduced to Andrew R. DOSCHER on 17 February 1968. The idea was that GERENDE would be trained to assist DOSCHER in some of his operations against Central American targets. GERENDE's principal duty thus far has been to take over the handling of ERPAIN-3, under DOSCHER's close supervision and guidance. GERENDE has performed quite creditably in this task. He seems interested in the work and has learned quickly. On the other hand, an apparently ingrained habit of procrastination has resulted in dilatory reporting. If GERENDE can overcome this (and both case officers are working hard to teach GERENDE the importance of prompt and complete reporting) there seems to be every reason to believe GERENDE will develop into a competent agent handler.

7. GERENDE was also given the task of locating and developing (in alias) a girl who, per LIENVOY, was being cultivated by AERODENT. Although GERENDE had to be continually reminded of the assignment, he did an excellent job of meeting the girl and gaining her confidence. It is quite likely that he could have recruited the girl as an access agent against AERODENT, but as this point was reached another operation against AERODENT was launched and it was not felt that attempting to recruit the girl would serve any useful purpose, for the time being at least (among other things, there was no indication that she had had any contact with AERODENT for some months). The only flaw in GERENDE's performance was the time it took him to get around to doing the job. It should be mentioned, however, that at the same time GERENDE had a number of pressing personal matters to attend to, including overseeing the completion of his new house, which he finally moved into on 10 March 1968, even though construction is still not entirely completed.

8. Among other assignments completed by GERENDE in the reporting period were the renting of an apartment for use as a listening post; and initiating a relationship with a Russian translator working for the MERAVEL committee.

Amendment to GERENDE's Contract

ACTION REQUIRED - REFERENCES

1. Before amending GERENDE's contract in accordance with reference, we would like to clarify a few points about GERENDE and about terminations and resignations in general.

2. We assume from the files that GERENDE's performance has been entirely satisfactory but since there are no efficiency reports or actual evidence of outstanding performance, we would like to have a statement from the station which would justify the requested amendment. Nine years ago the station said, in HMMA 13571 that "station would not want to give GERENDE a terminal payment if he elects to resign just to receive some extra money or to pursue some other career." That was a long time ago, however, and thirteen years of loyal collaboration may very well have changed your mind on this point.

3. Reference says that GERENDE has no intention of resigning, and we hope this is true if you feel that he is still as valuable as he ever was. Assuming, however, for a moment that he might have in the back of his mind the idea of leaving in a few months to take a more secure and productive job while the taking is good - do you feel that if he quits at his own convenience he is entitled to the same benefits that would normally accrue to him if he had worked longer and was released at our convenience? Assuming that he were to quit next week, would you still want to pay him the proposed termination bonus? Or would you want to include in the

contract the proviso that full retirement benefits (three months salary plus one month's salary for each year worked) should apply after, say, twenty year's service, with lesser benefits to apply between now and then?

4. Could you recapitulate for us the prevailing Mexican law or custom (which is it?) on termination-at-the-convenience-of-the-employer? A number of months ago you told us that it was three months pay plus 20-days-per-year-worked, but the LIFIRE/4 and 5 MOC's said that "following local custom of termination subject only has to be paid one month's salary for each year of employment". Your proposed GERENDE terminal payment formula, (which may be a special case rather than a pattern and which, as we understand it, makes no distinction between voluntary resignation and termination-at-the-convenience-of-the-employer) is one month's pay for each full year of employment, plus three months pay at the rate applicable at the time of termination. Does this imply that the one month's pay for each year worked is computed at the rate of pay prevailing during each respective year worked? Does Mexican law or custom dictate the payment of terminal bonus to employees who resign voluntarily? (Working for WOFIRM is a very special case, obviously, and deserves exceptional financial consideration, but we do want to understand the background as it applies to commercial work so that we may have a frame of reference or point of departure).

5. We apologize for the long delay in sending this dispatch. It was originally written in March, and mislaid in transit, but we thought it had been pouched.

6. Apart from the foregoing, do you recommend any changes in GERENDE's contract which will be due for renewal on 1 October 1968?

Amendment of Raymond H. GERENDE's Contract

ACTION REQUIRED - REFERENCES

REFERENCE: HMMW-8281, 2 December 1959

1. It is requested that the following amendments be made to Paragraph 11 "Terminal Payment" of Raymond H. GERENDE's contract (see reference):

a. The amount of terminal payment, in addition to one month's compensation for each full year of employment since 18 March 1955, should also include three months' pay at the rate applicable at the time of termination.

b. GERENDE's resignation upon 60 days' notice will be accepted by the government as being in its best interest, and GERENDE will be eligible for full terminal payment.

2. The revision requested in paragraph 1 a above is for the purpose of having the contract conform to Mexican law, which calls for three months' salary plus one month for each year of service. The second revision is designed to give GERENDE the option of resigning without jeopardizing his terminal payment. He has no intention of resigning, but he feels that the contract, as it stands, leaves him with no security. The terminal payment is his only retirement program, but as written it does not give him the option of retiring. The Station advised GERENDE that any request of his to retire would undoubtedly be accepted as long as there were no adverse security or operational factors, but agrees that in fairness to GERENDE, who has, in effect, chosen a career with WOFIRM, the clause should be rewritten to guarantee him a termination payment. GERENDE understands that paragraph 10 (b) of the contract will remain in force, and if invoked will deprive him of any terminal payment.

9. "As reported in reference, (HMMA 32721, 7 Aug 67) GERENDE had been developing a possible access agent to LIRING. This eventually culminated in an attempted recruitment of the prospect by GERENDE. Although the attempt was unsuccessful, GERENDE exhibited considerable resourcefulness and operational skill in developing the target to a point where the recruitment attempt was possible. We plan to use GERENDE in similar roles in the future as opportunities arise, and for this reason we plan to document him with a set of false Mexican documentation. GERENDE is collecting exemplars and getting the background information needed and once the necessary data are assembled, headquarters (WOACRE) support will be requested."

1. From 1 May through 31 July 1967, 26 operational meetings were held with Raymond H. GERENDE, Principal Agent for the LIEMPTY Project. With the exception of one unscheduled meeting, meetings during this period were prearranged and meeting times and sites were varied. The unscheduled meeting was arranged via telephone using a prearranged open code. During the absence of GERENDE, two operational meetings were held with Oliver G. SCANTLING, alternate Principal Agent for LIEMPTY, and four with LIEMPTY-4, photo lab operator. All of these meetings were prearranged.

2. GERENDE met with LIEMPTY-4, -9, -10 and -13 on a twice a week basis and with LIEMPTY-6 on a once a week basis during this period. GERENDE's meetings with these assets were all prearranged. SCANTLING met with LIEMPTY-9 and -13 on two occasions and with LIEMPTY-6 once during the absence of GERENDE.

3. All assets involved in the LIEMPTY Project performed in a satisfactory manner during this period. Effective 1 July 1967 LIEMPTY-4 and LIEMPTY-11 were given slight salary increases, because of their increased activity.

4. There were no known security incidents affecting the LIEMPTY Project or the assets involved during the three months under review.

LICALLA

5. This basehouse, the operator of which is LIEMPTY-9, provided 1277 frames of operational photographs covering the patio and garden area of PJSTEAL. LIEMPTY-9 also prepared fixed-surveillance reports, sighting reports and special notes and comments.

LILYRIC

6. The LILYRIC basehouse, which is staffed by LIEMPTY-13, -14 and -27, produced 2854 frames of operational photograph during the period. The LILYRIC basehouse operators continued to prepare fixed-surveillance reports on each member of PJSTEAL and turned these in on a weekly basis. LIEMPTY-27 resumed his duties on 1 July as scheduled and this basehouse has now reverted to its normal hours of coverage. (See reference relative to the absence of LIEMPTY-27.)

LIMITED

7. The LIMITED Basehouse, operated by LIEMPTY-6, produced 279 frames of operational photographs plus weekly fixed surveillance reports on each of the members of PJSTEAL. The LIMITED basehouse was closed from 17 through 22 July because of the illness of LIEMPTY-6. During this period LIEMPTY-6 did very little radio-alerting for the LIEMBRACE surveillance team because of the variation of the surveillance team's activities.

LIEMTRAP

8. The LIEMTRAP mobile photo vehicle had a decrease in activity during this period because of the dismantling of the old LIEMTRAP vehicle and the modification and installation of equipment in the new vehicle. The old LIEMTRAP vehicle was used to cover photographically all of the residences of opposition elements in Mexico City. As in the past LIEMTRAP provided photographic coverage of addresses of the local Communist parties, residences of members of other Hemisphere parties and several PBRUMEN targets. A total of 332 frames of operational photographs were provided by LIEMTRAP.

PHOTO LAB

9. LIEMPTY-4, the operator of the LIEMPTY photo lab, processed all of the operational photographs mentioned above as well as providing from 2 to 6 enlargements of 299 frames of photographs of special interest taken by the basehouses. LIEMPTY-4 does the photo processing on Tuesday and Thursday nights.

10. Raymond H. GERENDE started the development of a possible access agent to LIRING and also continued to provide support for the JMROD operation. These task being aside from his regular LIEMPTY duties. GERENDE was on vacation from 25 May through 4 June 1967.

11. There will be one administrative change during the coming period when Vincent P. RIZZUTO will assume the Case Officer responsibilities for GERENDE/LIEMPTY. No problems are envisioned in this change over. No other significant changes are planned.

1. COS Lima did well to raise the question as to what will happen, vis a vis our operational security, when the Cubans achieve diplomatic recognition in the various Latin American countries where this is gradually occuring. The responses from the Branches indicate that we do have a considerable amount of operational activity and equity that revolve around our Cuban assets and that we would do well to begin a gradual cut-back in our use of Cubans, given the targetting that we presume will be made on them as the Cuban CI effort begins in the various countries.

2. However, the solution to our problem should be a gradual one and keyed initially to where the official Cuban presence is, and then to those countries where it is coming. Therefore we start with Peru.

SUBJECT

REFERENCE: Your Memorandum, Dated
28 October 1970 mss

A Provisional Operational Approval is granted for the use of this Subject as set forth below.

A Provisional Operational Approval issued by CI Staff grants the same authority, on a temporary basis, for the use of an individual as the authority granted in an Operational Approval unless otherwise specified by CI/OA. It is based, however, only on preliminary file checks and investigation and is subject to a further final review when all investigation is completed.

For limited use as requested in your memo of 28 October 1970, the POA is reinstated until 30 January 1971.

To process the Operational Approval, full information (completed PRQ Parts I and II) must be submitted as soon as possible and not later than six (6) months from this date. An Operational Approval will follow when all investigation is completed and upon the receipt of satisfactory PRQ Parts I and II. Cancellation must be requested if use of Subject by interested Divisions ceases.

SUBJECT : GICITRON-4 (201-267298)

1. We have received your memorandum of 22 October 1970 informing us that GICITRON-4's file has been closed. However, from Bogota Station correspondence we know that GICITRON-4 is still of operational interest and there is a strong probability that the missing PRQ Part II has been delayed by the recent restriction on pouching material to and from the field.

2. It is requested that the file on GICITRON-4 be reopened and his POA be extended for an additional 30 days to allow time for the PRQ Part II to arrive or to be prepared if need be.

1. We have been notified that the POA for GICITRON-4 was cancelled on 22 October 1970 because we failed to provide a PRQ Part II showing the details of our present relations with him. We made an attempt to complete this Part II here at the desk, but found that there were too many items of information that we do not have.

2. We have requested that GICITRON-4's POA be extended for an additional 30 days to allow time to provide the Part II. We indicated that perhaps the document has been delayed by the recent pouch restrictions.

3. We would appreciate the receipt of the PRQ Part II within the next 30 days. If it has crossed this dispatch in the mail, please disregard this notice.

1. The receipt of Reference A Provisional Operational Approval for Subject was much appreciated. We were puzzled, however, by the request for PRQ Parts I and II on GICITRON-4 since all biographic and operational data on him with the exception of References and DIRECTOR 006731 is on record only at Headquarters as far as we are aware unless Mexico City has retained their old file on him. Paragraph 3 of Reference B specifically requested that pertinent material from Subject's 201 be forwarded to Bogotá, but we have never received it.

2. Errol C. Lythgoe, despite his old friendship with Subject, has no present justifiable reason consistent with cover to question him regarding all the biographic details required for preparation of a full PRQ Part I. Nor could Lythgoe logically elicit from Subject the answers to such PRQ Part II items as "How, when, where, why and by whom Subject was first contacted or developed" by KUROCK, "List other case officers who have handled Subject or whom he knows or has known...", and the like.

3. Subject's proposed present operational use is detailed in Reference B, and Headquarters has the rest of the basic data necessary for preparation of both parts of the PRQ. It is therefore suggested that this be done at Headquarters, with copies being forwarded to Bogotá for updating.

Raymond H. GERENDE — Contract Agent

Name (Pseudonym) — STATUS (Career Agent, Contract Agent, Contract Employee)

Raise in salary - $500 per annum

PROPOSED ACTION (Include Branch and/or field recommendations; specific operational task performed by individual; views re long and/or short range utility of individual for Branch area and overall Division needs)

The contract for Raymond H. GERENDE expires on 30 September 1965. The Mexico City Station has recommended that the contract be extended for one year, and that GERENDE be granted a salary increase from $6,000 to $6,500 per annum.

GERENDE received his last salary raise on 1 August 1963, from $5,500 to $6,000. He was first placed under contract on 1 October 1955 at $3,600.

There are sufficient funds in the LIEMPTY Project to cover this salary increase, and GERENDE's local cover job can logically cover this additional income.

Chronological Narrative
Performance Report

NAME/PSEUDONYM:

(Summary of evaluation of past performance /if applicable/ with emphasis and details of current performance for assigned operational tasks)

DATES LOCATION AGENCY TASK

GERENDE was recruited in March 1955, just prior to his graduation from the Mexico City College. He was trained as a member of a surveillance team, and was also used as an investigator to collect operational data on persons and organizations of interest to the Station. He quickly demonstrated a capacity for leadership and at one time was leader of the team.

He was also used as a basehouse keeper in an audio operation and processor of tapes. He excelled in this type of work because of his bilingual Spanish/English facility, and, more importantly, due to his diversified experience in clandestine operations which permited him to spot operational leads.

Since 1958 his primary use has been as main cutout/principal agent to a group of photographic basehouses targeted against the Soviet Embassy, and one mobile photographic truck. He processes the raw photographic take and services the majority of the accomodation addresses used by the Station. He has contributed significantly to the AMROD operation

He performs all his tasks in a professional manner. He is well suited to intelligence work, and plans to make KUBARK his career. The Station depends heavily on him because of his knowledge of Mexico, and his mobility as a Mexican. He works full time for KUBARK; cover company requires very little time.

In case of "New Hire" give a personality assessment in terms of capability, attitude, and projected suitability; state names of Division personnel who have interviewed him; give account of his performance in current non-Agency job.

SUBJECT
Raymond H. GERENDE

ACTION REQUIRED - REFERENCES

1. Station Mexico City fully agrees with Headquarters evaluation of Subject as a "valuable long term asset with stay behind potential." In order to place the matter of the 2,100 pesos in the apropriate frame of reference it is felt that a few background points should be noted.

In January 1956 the LIEMPTY/LILYRIC basehouse was set up and placed in operation in a site which provided visual coverage of the LIMERICK installation. A deposit of three months rent was made per terms of the rental contract at that time (2,100 pesos.) In April 1961 the building in which LIEMPTY/LILYRIC is located was sold by the owner. Normally the rental deposit would have been transferred to the new owner as part of the sale transaction. However, approximately three months after the transfer of the property to the new owner, the rental deposit was returned to the basehouse operator, LIEMPTY-13. The deposit was then returned to GERENDE. GERENDE did not inform the then LIEMPTY case officer nor the present case officer of the return of the LIEMPTY/LILYRIC deposit. This 2,100 pesos continued to be carried on the Station books as an outstanding operational advance charged to GERENDE. GERENDE used part of this 2,100 pesos to make loans to two sub-agents (LIEMPTY-6 and LIEMPTY-9.) It is probably that he also used some of this on ocassion for his own purposes.

On 16 October 1963 GERENDE returned the 2,100 pesos to the case officer and the Station has adjusted its books to reflect the return of this money. GERENDE noted at the time of the return that he had this money intact but did not know how to go about returning it so long after having received it. This is the same as he stated at the time of the LCFLUTTER interview. GERENDE was obviously impressed with his inability to "beat" the LCFLUTTER. He was sincerely remorseful when talking to the case officer

about the incident and has twice stated that nothing of this nature would happen again. With the reality of future LCFLUTTER tests set firmly in GERENDE's mind, it is believed that he will not attempt any such action again.

As to what can be done of a positive nature (other than periodic re-LCFLUTTER) to prevent recurrence it must be noted that GERENDE kept apart the 2,100 pesos which were really still charged to him and the Station had no way of knowing that the money had been returned to him by the basehousekeeper. Only when the close down of the LI[illegible]/ LILYRIC basehouse would be effected would the Station expect to have the rental deposit returned. Until such time the deposit would remain charged to GERENDE. The only way to completely safeguard against this type of action would be for the case officer to meet directly with the basehouse keepers, thereby eliminating GERENDE from the operation and causing unacceptable security risks. It is believed that periodic LCFLUTTER of GERENDE is the best insurance against a similar occurence in the future.

As to GERENDE's regular operational revolving fund, irregularities have never been discovered in his handling of these funds. Cash counts are conducted by the case officer to control the unspent portion of the revolving fund by comparison with accountings (receipts) GERENDE makes every two weeks. GERENDE's revolving fund is kept at the minimum amount consistant with efficient conduct of the operation for which GERENDE is responsible.

The "other false claims" GERENDE admitted making involved occasional use of his QP vehicle for personal driving while entering all receipts for gas on his KUBARK accountings. Station does not consider this a major problem. If GERENDE used his QP car for only operational employment any hostile surveillance of him would be relatively easy (i.e., surveilling only when he is using his QP vehicle) and it is believed that latitude must be allowed in this area for indigenous agents.

2. In the area of GERENDE's morale and his statement that he "is not being utilized to his full potential" the Station is as fully concerned as Headquarters. It should be noted however, that GERENDE has never written the report setting forth what he thinks he can do and when prodded on this has stated that he had been thinking about what additional work he could assume and that he "just does not know". The reason he gives is he does not know what else is being done in the operations area other than that to which he is already exposed. Additional operational work is assigned to GERENDE when this can be done securely and taking into account compartmentation of operations. An example of this was his introduction to the AMROD operation. Station is reluctant to expose GERENDE to additional operations only for the purpose of "improving his morale" since he already has considerable knowledge of many Station past and going operations. The Station appreciates Headquarters comments on the results of GERENDE's LCFLUTTER and will make every effort to determine the best possible utilization of GERENDE in the future.

1. Reference is made to the results of the LCFLUTTER interview of Raymond H. GERENDE which was held on 8 October 1963. Headquarters would like to have a progress report on what steps have been taken by the Case Officer with regard to the 2,100 pesos which he had kept but belonged to KUBARK. Headquarters is also interested in what has been done about other false claims he admitted making in his accountings, and what precautions are being taken to see that this does not continue in the future.

2. The Station's comments are requested on GERENDE's statement that he is not being utilized to his full potential and that he often has free time. Headquarters would be interested in seeing a copy of the report which the LCFLUTTER examiner suggested he write, setting forth what he (GERENDE) thinks he can do and what he would like to do. Headquarters considers GERENDE a valuable long term asset with staybehind potential, and it is hoped that the Station will do what it can within the limits of security, to raise his morale and see that KUBARK is receiving full benefit of his services.

ACTION REQUIRED Amendment of Subject's contract

REFERENCE(S) HMMW-9364, 29 December 1960

1. By reference Subject's annual salary was increased to its present figure of US $5,040.00.

2. Station hereby requests a further increase in Subject's annual salary to US $5,500.00 based upon Subject's outstanding performance as Principal Agent in the LIEMPTY project. The latest LIEMPTY Project Renewal Request, recently forwarded to Headquarters, detailed GERENDE's duties. In Station's opinion, the noted salary increase is considered justified not only from agent's excellent job performance, but also as an incentive to continued superior work as well as an offset to the inflationary trend of the cost of living in Mexico.

3. It is requested that Headquarters initiate the appropriate amendment to GERENDE's contract increasing his yearly salary to the noted figure of US $5,500.00 to be effective 1 January 1962.

Mr. Raymond H. Gerende

Dear Mr. Gerende:

Reference is made to your contract with the United States Government, as represented by the Contracting Officer, effective 1 October 1955, as amended.

Effective 1 July 1959, the amendment effective 1 July 1959 to said contract is revised to read as follows:

(a) The figure $4080 is deleted from the first sentence of paragraph one (1) entitled "Compensation" and in lieu thereof the figure $4560 is substituted.

(b) The following paragraph is added after paragraph ten (10), entitled "Term":

"11. Terminal Payment. In the event your contractual relationship with the Government hereunder is severed for one of the reasons set forth below, you, or your estate, will be entitled to a terminal payment of one (1) month's compensation for each full year of your utilization by the Government after 18 March 1955. Said amount shall be calculated at the contractual rate of compensation applicable at the time said payment becomes due."

(a) Said contract is terminated by the Government under subparagraph (a) of paragraph ten (10) above, or

(b) Said contract expires and is not renewed by the Government, or

(c) Your resignation hereunder is accepted by the Government as being in its best interests (the Government's determination as to what constitutes its best interests shall be final and conclusive), or

(d) In the event of your death during the period said contract is in effect.

All other terms and conditions of the contract, as amended, remain in full force and effect.

UV Lamp for Raymond H. GERENDE

ACTION REQUIRED - REFERENCES

REF: HMMA-16102, 9 December 1960

1. As requested by reference, KURIOT is herewith forwarding the following:
(Confirming documentation charging you for this item will be issued in the near future.)
1 each Mineralight Model SL-3660
Long Wave Ultraviolet Lamp

2. For ordinary F&S work, the difference between long and short wave lamps is very minor and the long wave UV lamp should prove adequate for the needs of Raymond H. GERENDE. Should a special need arise demanding the use of a short wave UV lamp by GERENDE, it will be supplied by KURIOT.

3. Disclosure of the existence, advantages, or uses of short wave UV lamps, or in any way making available such lamps to other than KUBARK personnel requires prior Headquarters approval. A copy of Instruction No. 20-2 containing the basic KURIOT policy governing the use of short wave UV lamps is herewith enclosed for your guidance.

4. Short wave UV lamps embody a definite health hazard and should be used with caution. Short wave UV rays quickly cause sunburn, to which the eyes are particularly susceptible, and should not be used without wearing protective goggles. Ordinary eye glasses cut out most of the harmful rays, but even persons wearing glasses may receive harmful eye burns from UV rays entering at the sides of the glasses. Short wave UV lamps also produce small quantities of ozone so that the lamp should be used in a well ventilated room, which, of course, must also be darkened. For the above reasons, it is advisable to use only a long wave UV lamp whenever possible.

1. In compliance with the KUBARK regulation, CSI-F No. 230-60, Annex A, concerning contact arrangments under emergency conditions, the following information, including recognition signals and bona fides, is forwarded for Headquarters records. Due to the sensitivity of the information, it was believed more appropriate to forward it separately rather than to include it with reference (Request for Renewal of Project LIEMPTY).

2. Insofar as can be determined at the present time, GERENDE could probably be contacted at one of the following places:

a. Present Residence: IDENTITY A

b. Mother's Residence: IDENTITY B

c. Cover Employment Address: IDENTITY C

3. The following oral recognition signals, using the English language, are to be used as indicated:

CONTACT: "Mr. (GERENDE-true name), I bring the most sincere wishes and greetings from your Aunt and Uncle."

GERENDE: "Then you are referring to the IDENTITY D."

CONTACT: "No, I am referring to your other relatives in South Carolina, the IDENTITY E ."

GERENDE: "Yes, Auntie is my Mother's sister."

4. For use as physical bona fides, the Station is forwarding a one peso note with the serial number T348510 for Headquarters files. GERENDE has been given a one peso note with the next higher serial number, T348511, to keep in a safe place pending his having to show it to some future KUBARK contact. It has been explained to GERENDE that he is to show his half of the physical bona fides only after the recognition signals have been completely and accurately recited and his new contact has requested to see his physical bona fides. GERENDE has also been instructed to assure himself of his contact's bona fides by asking to see the contact's one peso note (T348510).

5. Assuming that adequate time will be available at the beginning of an emergency condition, it may well be possible to instruct GERENDE in Secret Writing so that correspondence could be conducted using IDENTITY D or E addresses.

It is felt advisable to have a second person outside the Station who can service this type of requirement in case MULFORD is prevented from doing so by the security situation arising from the ALPHUR case.

2. As an aid to this training, a copy of the portion of the MKCHARITY Operations Manual (Section I.D.1.) dealing with basic flaps and seals work has been made and turned over to GERENDE. c. HMMW-7959, 12 August 1959
d. HMMA-13063, 5 June 1959

1. Reference (c) forwarded a contract amendment which provided increased compensation and a termination settlement for Raymond H. GERENDE. This dispatch also requested that the Station comment on the provisions of the Terminal Payment clause as written into this amendment.

2. Since the provisions of the original contract amendment were written in general terms and did not specifically cover the circumstances under which GERENDE would be eligible for a terminal settlement as interpreted by the Station and outlined in reference (b), a revised contract amendment was written. The attached contract amendment also shows corrected compensation figures. The original contract amendment was incorrect due to the absence of the amendment, effective 1 September 1957, which increased GERENDE's compensation from $3,600 to $4,080.

3. Since GERENDE's original contract was prepared at Headquarters and forwarded to you for execution and retention, this amendment should follow the same procedure. Therefore, the original and one copy are attached for your action and retention. Return one signed copy.

4. Reference (a) requested Headquarters to comment on a two-year extension for GERENDE's contract, indicating that the extension should be from 1 July 1959, the date of the last amendment, to 1 July 1961. There seems to be some confusion on contract extension procedures which Headquarters would like to clarify at this point. Contract extensions are based on the date of the original contract not the amendments. Accordingly, GERENDE's contract, originally effective 1 October 1955 and extended to 30 September 1959, was further extended for a period of two years from 1 October 1959 to 30 September 1961.

B. HMMW-7959, 12 August 1959.

1. Forwarded herewith as Attachment No. One is GERENDE's signed contract amendment. GERENDE is most appreciative for the raise in salary and is delighted with the new Terminal Payment clause.

2. The Station interprets the Terminal Payment clause to mean any termination by the Government or acceptance of GERENDE's resignation in the "best interests of the Government." Examples in connection with the "best interests of the Government" interpretation would involve GERENDE's resignation for health reasons or other logical personal reasons such as a change of residence to some geographical area where his services could not be utilized by KUBARK. Assuming that no security problems are involved in making such a payment, the Station also interprets the clause to be applicable for payment to GERENDE's estate in the event of his death while in the employ of KUBARK.

3. The Station understands clearly why the clause was not written as originally requested and concurs in Headquarters reasoning. Certainly, the Station would not want to give GERENDE a terminal payment, and he has been so informed, if he elects to resign just to receive some extra money or to pursue some other career. The Station hastens to add, however, that to the best of its knowledge, GERENDE has no intention of resigning from his present KUBARK job.

4. As requested in Reference B, enclosed as Attachment No. Two are the original and one copy of the contract amendment dated 1 September 1957. Headquarters will note that the amendment was accepted by GERENDE and approved by the Chief of Station, but was not formally witnessed. It is suggested that Matthew S. DINGLEY (ps), who is presently in Headquarters, be requested to witness the document. DINGLEY was the Case Officer handling GERENDE at the time this amendment became effective.

1. In accordance with your request to amend Subject's contract providing him with an increase in compensation and a termination payment, the attached contract amendment was written.

2. Paragraph (a) of this amendment states that the figure $3600 is deleted from GERENDE's contract and in lieu thereof the figure $4560 is substituted. This figure of $3600 is the amount GERENDE was to receive under his original contract, dated 1 October 1955. According to the referenced dispatch, however, Subject's contract was amended on 1 September 1957 to provide him with an increase in compensation, bringing his salary up to $4080. Neither Contract Division nor your area desk has a copy of this amendment. Please forward a copy to Headquarters for our files.

3. Your attention is also directed to the "Terminal Payment" clause. Under the provisions of the attached amendment, GERENDE is not eligible for a termination settlement if he resigns from KUBARK. Only in the event that we give him 30 days' notice of termination or fail to renew his contract is he eligible for this termination payment. Your comments on the stipulations as written into the attached amendment are requested. In the event you feel that GERENDE should be entitled to a termination payment should he resign his position, the clause will be rewritten.

4. The attached amendment should be returned to Headquarters with your comments and a copy of the contract amendment dated 1 September 1957.

MEMORANDUM FOR THE RECORD:

SUBJECT : Contract for GERENDE

In reviewing the last contract amendment, it came to note that CPD was deleting the original compensation figure of $3600 instead of the figure sent by the Station which was $4080. In checking this out, we find that we have no copy or notification of the amendment dated 1 September 1957 increasing his salary from $3600 to $4080. CPD is rewritting the contract without using a compensation figure for the amount to be deleted.

When we send this to the field, ask them to send us a copy of the contract amendment, dated 1 September 1957. Also inform them that they are to execute and retain the original copy of this new contract amendment. It may be well to point out that Subject's termination clause stipulates that he will received this benefit only if we terminate the contract.

ACTION REQUIRED Headquarters preparation of a new contract.	

REFERENCE(S)

HMMW-5626, 3 December 1957

1. Raymond H. GERENDE was initially employed by the Station on 18 March 1955 under provisions of an oral agreement. Effective 1 October 1955 GERENDE was placed under a written contract, prepared by Headquarters, with an annual salary of $3,600.00. On 1 September 1957 his contract was amended to increase his salary to $4,080.00 per annum, which is the salary he is presently receiving. It is requested that a new two year contract be prepared, to be effective 1 July 1959, providing an increase in salary to $4,560.00 per annum and including a termination clause which will give GERENDE a termination payment of one month's salary, calculated at the prevailing rate of compensation at the time of termination, for each full year of his KUBARK employment. All other provisions of GERENDE's initial contract should remain in force. (The increase in salary to $4,560.00 per annum is already covered by the LIEMPTY Project.)

2. As pointed out in the attachment to HMMA-11368, 22 October 1958, paragraph three of MEXI-2836, 25 November 1958, and in the LIEMPTY Field Project Outline, GERENDE is a highly valued full-time Station asset who carries a significant work load and who has a great deal of responsibility. He is the LIEMPTY Principal Agent who handles the LIMITED, LILYRIC and LICALLA base houses, the LIENTRAP operation, the outside photographic processing and translation service and all the agents participating in these activities. He performs his duties in a conscientious and professional manner and his already excellent abilities are showing continued improvement.

3. Paragraph eight of HMMA-12095, 4 February 1959, indicated that the Station was considering amending GERENDE's contract to provide for some type of retirement benefits. Although it is recognized that indigenous agents are not usually granted such contract provisions, the Station believes that GERENDE should have monetary incentive, in addition to his idealogy, to make a long career with KUBARK. Accordingly, the Station recommends that GERENDE's new contract provide for a termination settlement of one month's salary for each full year that he has worked for KUBARK. In other words, should GERENDE's career with KUBARK last for 24 years and his yearly salary at the end of this period is $8,000.00, then he, or his heirs, would receive a lump sum payment of $16,000.00. After considering different types of insurance plans, an escrow account and several other ideas, the Station considers the above proposal to come closest to meeting the criteria of control, production incentive and creation of the desire to make KUBARK a career. The date, 18 March 1955, should be used as the beginning date for the computation of GERENDE's termination benefits.

SUBJECT : Project LIEMPTY Amendment

HEADQUARTERS CASE OFFICER:
Name: J. B. Brady
Room: 2114 Barton Hall
Ext.: 2555
Date: 23 June 1959

1. It is requested that approval be granted to amend Raymond H. GERENDE's contract to provide him with a termination settlement of one month's salary for each full year that he works for KUBARK and to raise his salary effective July 1959 from $4,080 to $4,560.00 per year. His last salary increase was granted on 1 September 1957. The date, 18 March 1955, has been suggested by the Station as the beginning date for the computation of GERENDE's termination benefits. The Station believes that this benefit will provide GERENDE with the necessary incentive to make KUBARK a career and at the same time will give the Station an additional element of control.

2. As pointed out in the LIEMPTY Project Approval, GERENDE, an indigenous agent, is one of the Station's most valuable assets. He has a responsible full time job as the LIEMPTY Principal Agent who handles the LIMITED, LILYRIC and LICALLA base houses, the LIENTRAP operation, the outside photographic processing and translation service and all the agents participating in these activities. He performs his duties in a conscientious and professional manner and his already excellent abilities are showing continued improvement.

3. Money was already allocated in the LIEMPTY Project approval for the salary increase. With the effective date of 18 March 1955, for the termination clause, GERENDE will already have accrued $1,520 (his salary is $4,560 per year) if he should resign today. The LIEMPTY Project, as approved, has sufficient funds to cover this cost if it is necessary to obligate this amount during the present Project year. Therefore, no additional funds are requested.

SYNOPSIS OF DEVELOPMENTS

1. During the period covered by this report, a new Case Officer, Quinton N. OUSLER, assumed operational direction of several LIPSTICK assets (Oliver G. SCANTLING, Raymond H. GERENDE, LIMITED, LICALLA, LIENTRAP and several support agents), the LIJERSEY surveillance team and the LILYRIC Base. The Station has continued to use SCANTLING, primarily, to follow up LIMESA leads obtained from LIFLAT and the photographic bases; however, no positive results have been realized from his prodigious efforts except the collection of a considerable amount of operational information. GERENDE performed his principal agent responsibilities for the photographic bases. LIENTRAP, LIJERSEY and until 19 December 1958 handled the LIFEAT/ECMORNING and LIFEAT/[illegible] radio operations. The LIJERSEY surveillance team has been used sparingly for [illegible] investigations and routine static surveillances; however, a principal agent, [illegible] G. CLACKETT, is currently being trained in Headquarters to assume the full-time direction, control, training and development of the LIJERSEY team. The new project, LIEMPTY, combining all the assets discussed in this report was submitted to Headquarters on 3 October 1958 with requested project year approval period from 1 December 1958 through 30 November 1959. An operational security review of Raymond H. GERENDE's activities was forwarded to Headquarters as an attachment to HMMA-11363, 22 October 1958.

ACCOUNT OF DEVELOPMENTS - OLIVER G. SCANTLING SEGMENT

2. Agent Information - Oliver G. SCANTLING has continued to perform his assigned tasks in an outstanding manner. SCANTLING's poise, common sense, education, ideology and native ability for the pursuit of clandestine activities make him one of the most valuable support assets available to the Mexico City Station. The fact that SCANTLING has full time overt occupation as Chief Engineer and Production Manager for a local manufacturing company adds to his long-range potential as a KUBARK agent. On two occasions during the past six months SCANTLING has indicated to his Case Officer that he would like to resign from his overt position and devote full time to his KUBARK operational duties; however, the Case Officer has discouraged him from doing this on the basis that he has more long-range potential when his cover occupation is legitimate. Of course, SCANTLING would be more valuable if he could work full time for the Station, but not sufficiently so to warrant his resignation from his overt job (his monthly salary in his overt job is in excess of $[illegible] U.S.). The only significant limitation that SCANTLING has evidenced to his present Case Officer is his occasional delay in preparing written reports of investigations and other matters requiring reports for the files. However, this limitation gradually is being overcome and it is expected that SCANTLING's reports will continue to be factual, comprehensive and soon will be promptly submitted.

2. Security Developments - SCANTLING is constantly under a considerable amount of exposure and pressure when following up LIMESA leads obtained from LIFLAT and the photographic bases. Since time is always of the essence when using such perishable leads, SCANTLING frequently is directed to make approaches to individuals performing services for the LIPSTICK target after routine, and sometimes only cursory, investigation. Therefore, the possibility always exists of his entanglement in an undesirable security incident. This necessarily

[illegible] calculated risk which both SCANTLING and the Station must take if penetration of the primary target is achieved, whether technically or by a recruitment in place. It is to SCANTLING's credit that he has not yet become involved in an incident which [illegible] has compromised him and/or alerted the target of KUBARK's many [illegible] efforts against them. The closest SCANTLING has come to being compromised and to being identified as a KUBARK agent stems directly from the LIPSTICK installation [illegible] of June 1958. The car [illegible] used by the surveillance team was [illegible] by SCANTLING in his true name at the time that he was leader of the team. No [illegible] indication, however, has been uncovered which points to SCANTLING as a target of investigation by a local police service. SCANTLING and the Station have been alert and will continue to watch closely for any sign of local police and other [illegible] interest in his activities.

4. Operational Success and Effectiveness - Briefly discussed below are some of the many operational activities in which SCANTLING participated during the period covered by this report:

A. Juan *CASTRO (201-) - SCANTLING continued seeing CASTRO through October 1958 following the last [illegible] of [illegible] the original LIMESA/MCLIGHTING operation through CASTRO. As late as September 1958 possibilities existed, or appeared to exist, that CASTRO would complete his work in the [illegible] LIMERICK office and that it might be possible to install MCLIGHTING. While CASTRO, through SCANTLING, was the principal source of this information, portions were also confirmed by LIFEAT. During July, August and September 1958, SCANTLING had approximately eight meetings with CASTRO. In late September 1958 LIFEAT indicated that the LIMERICK target was making [illegible] of one of their regular local employees, Antonio *ZEPEDA (201-2[illegible]), to complete some of the work CASTRO was supposed to finish and that other contractors were doing jobs around the target area which CASTRO would normally have been expected to do had he still been in the employ of the target. Also, [illegible] and LIFEAT confirmed that the LIMERICK target had lost interest in CASTRO - he was not seen visiting the target installation nor did the target people attempt to get in touch with him. In view of this, SCANTLING was instructed to cease all contact with CASTRO as of 1 November 1958.

B. Pablo *MOM Rosas (201-) - During the period covered by this report SCANTLING had two interviews with MOM Rosas. SCANTLING's most recent report was forwarded to Headquarters as an attachment to HMMA-11143, 1 [illegible] 1958. Unquestionably the Station has identified MOM Rosas as the technician who services LIMERICK [illegible]. SCANTLING will continue his development of MOM Rosas (please see HMMA-11711, 19 December 1958).

C. [illegible] *VIDALES (201-) - SCANTLING's activities in connection with the LIMESA/MCLIGHTING operation were summarized in HMMA-11597, 23 October 1958, and previous correspondence.

D. HERRERIA GARLICH - This is the firm that made the steel vault door for the LIMERICK installation. SCANTLING made two visits to this firm's work shop and succeeded in obtaining enough information to make an

MARKED FOR INDEXING
NO INDEXING REQUIRED
INDEXING CAN BE JUDGED BY QUALIFIED HQ. DESK ONLY

accurate drawing of the type door installed at LIMERICK. This drawing was forwarded to Headquarters via HMMA-11926, 21 January 1959.

E. Casing Report on West German Embassy - During June, July and August 1958, SCANTLING prepared a detailed casing report on the new West German Embassy. SCANTLING's engineering ability enables him to prepare accurate drawings and sketches from a minimum of data. Also, his personality and gregariousness permit him to visit the inside of such establishments, with an appropriate cover story, and retain minute details which later he commits to paper and emerges with a comprehensive floor plan and important construction data.

F. LIMERICK Construction - SCANTLING's long association with this target from the casing standpoint provides the Station with an unparalleled source of information about LIMERICK construction activities, modifications and reasons for same. All of the LIMERICK casing reports on file in Headquarters are the product of SCANTLING's unusual ability and knowledge. Discussions with Station Officers about LIMERICK construction have been of benefit to the Station during this reporting period and they will continue to be of worthwhile importance.

G. Routine Investigations and Surveillances - Although the Station has several assets capable of performing investigations and surveillances, SCANTLING is still used in situations requiring the utmost in discretion and dependability. His activities in this connection are too numerous to list here; suffice it to state that he has contributed materially to the Station's collection of operational information through his investigative efforts. SCANTLING's interview of Paul Frederick Kirschhoff (201-[illegible]) of LCMAY-TOWL interest is an example of SCANTLING's use on investigations (see HMMA-11749, 17 December 1958).

H. ESGEM-15 - SCANTLING served as the contact with ESGEM-15 during the latter's December 1958 trip to Mexico City. In this connection SCANTLING is a support asset which is trustworthy and dependable. SCANTLING never displays undue curiosity in operations such as the ESGEM-15 case; he accepts the minimum amount of information given and performs his duties in a professional and sincere manner.

I. LIEMPTY/3 - SCANTLING handles the administrative matters connected with L/3. Lewis M. KILLGO provides operational direction to L/3. During this reporting period, the Station had hopes of SCANTLING taking over the operational supervision of L/3's activities. However, after a four-month trial period with both SCANTLING and KILLGO meeting with L/3, it was decided that it would be desirable for KILLGO to continue handling L/3. L/3's unusual personality and intellect indicated that he could best be directed by a PBPRIME citizen. Therefore, SCANTLING no longer attends KILLGO's and L/3's operational meetings, although he does continue to handle L/3's administrative problems.

J. Raymond H. GERENDE's Duties - During GERENDE's absence from

Mexico City in December 1958 and January 1959, it was considered appropriate for SCANTLING to handle LIMITED, LICALLA and LIENTRAP. Although this procedure defeats some compartmentation principles, it was the only manner in which the Station could maintain continuity with the three operations listed above. SCANTLING has known the agents involved with LIMITED, LICALLA and LIENTRAP for several years. In fact, he was at one time the agent in charge of these three operations.

5. Operational Methods Evolved During the Period - The VIDALES operation (see paragraph 4 (C) above) indicated to the Station the necessity for thorough briefings and discussions with the agent making an approach to a target. This can hardly be described as a new operational method, but it does serve to illustrate the mechanics of [illegible] that should be followed. The technique that LI[illegible] IV [illegible] whereby SCANTLING meets more of the background of the target's [illegible] [illegible] offering SCANTLING and the Station the opportunity to prepare a thorough study for SCANTLING's recruitment pitch. The [illegible] documentation prepared by [illegible] and the story being created by SCANTLING and the Station should increase the [illegible] on SCANTLING's cold approaches. (See HMMA-11356, 22 October 1958, and HMMW-7000, 21 November 1958, for additional details on this subject.)

In a general sense, one other conclusion can be made about any Station's support assets - where technical and photographic operations are possible, the utility of the information obtained is enhanced considerably by accurate, comprehensive and timely casing reports. SCANTLING, as previously mentioned, is an invaluable asset for this type of support.

6. Administrative - SCANTLING's contract expires on 18 February 1959. As of this date SCANTLING will have received an annual salary of $3,600.00 U.S. for two years. The Station plans to raise his annual compensation to $4,[illegible].00 U.S. No other significant administrative problems exist.

7. Outlook for Future Development - Station plans call for the continued utilization of SCANTLING in the same manner as he is presently being used. The Station will keep SCANTLING as an independent asset and, it is hoped, resist the temptation to make him a principal agent in charge of numerous sub-agents. It is believed that SCANTLING is the type of support asset that can be of value to the Station for many years to come and that every effort should be made to protect his security and value to KUBARK.

ACCOUNT OF DEVELOPMENTS - RAYMOND H. GERENDE SEGMENT

8. Agent Information - Aside from the agent information given in HMMA-11356, 22 October 1958, the only significant development was GERENDE's December 1958 marriage to a U.S. educated girl of Dutch citizenship. The $[illegible].00 U.S. for the purchase of two plane tickets as a wedding gift to GERENDE was designed to impress GERENDE with the fact that KUBARK thinks highly of him as an individual and that KUBARK has a great interest in his intelligence career. GERENDE is at the age and stage in life where he is beginning to wonder just what the future holds for him. In the near future, the Station will propose a salary raise for GERENDE

and request a new contract that provides for some type of retirement benefits - perhaps similar to the Civil Service Retirement program for KUBARK employees.

9. Security Developments - Again, the information on this subject was covered adequately in HMMA-11[illegible]. GERENDE was relieved of his LIFEAT/[illegible] and LIFEAT/Cuban Exiles cases on 10 December 1958. This, of course, was in line with recommendations contained in HMMA-11[illegible] and represents a definite security improvement. GERENDE was told that LIFEAT/[illegible] was being terminated because it had not been productive of enough significant information and that LIFEAT/Cuban Exiles was being terminated because the occupants of the target apartment had moved. (Note: This was true where the Cubans are concerned.) Additional security improvements will be made when [illegible] D. CLACKETT returns to Mexico and relieves GERENDE of responsibility for the [illegible] surveillance team.

10. Operational Successes and Shortcomings - Briefly outlined below are the major operational activities which GERENDE managed during the period covered by this report:

A. LIMITED - This base functioned smoothly, securely and effectively during the period July through December 1958. The base operator, LIEMPTY/6, demonstrated his usual competence and devotion to duty. In addition to the primary objective of taking photographs of individuals of interest, L/6 also prepared detailed daily logs on the arrivals and departures of all target personnel, weekly reports of workers activities at the LIMERICK installation, performed three one-man surveillances of Mexicans working at LIMERICK in an effort to identify them by name and home address, and provided SCANTLING with information on LIMERICK construction. During this six-month period, LIEMPTY/6 took approximately 800 photographs from the LIMITED base.

B. LILYRIC - This base is operated by LIEMPTYs/13 and 14, with LIEMPTY/12 serving as a contact between the base and GERENDE. LIEMPTY/14 does most of the photography and reporting for the base since LIEMPTY/13 has a regular job and is not on the premises during regular daytime working hours. L/14 devotes approximately six hours (0900-1[illegible]) each day to photography and the remaining time is spent preparing reports. The base prepares and compiles individual logs on each target personality indicating their arrivals and departures from the LIMERICK installation. (Note: These reports are filed in the appropriate target's 201 file and are available to case officers in analyzing a target personality's pattern of daily activity). LILYRIC also prepared a weekly report on workers activities at the Club and reports the license plate numbers of all vehicles discharging or picking up individuals at LIMERICK. (Note: These license plate numbers are then checked out through LIF[illegible]/2 for the owners names and addresses - in case of immediate or later operational interest.) During GERENDE's recent absence from Mexico City, [illegible] met directly with LIEMPTY/12. During this period approximately 2,000 photographs were taken from the LILYRIC base.

C. LICALLA - While LILYRIC and LIMITED are excellent bases for photographing individuals entering and leaving the LIMERICK installation, the LICALLA base is the Station's best source of photographs of LIMERICK employees. LICALLA is so situated that photographs can be made of target personnel in the parking area of LIMERICK. LIEMPTY/9 is the base operator for LICALLA and in the Station's opinion performs his job in an excellent manner. As reported in HMMA-11[illegible], LIEMPTY/9 is the brother of former LIPSTICK/27 (the first LIPSTICK surveillance team member arrested in June 1958). No repercussions, or indications of any impending ones, have resulted to this family relationship. This, certainly, is the major security problem faced by L/9 during this reporting period. L/9 and his family may even still have to vacate the LICALLA base for the period of time required to remodel it. The Station is making sure that L/9 never knows that his covert employer owns the LICALLA base and the three adjoining houses and every effort is being made to protect this secret from L/9. (See HMMA-12[illegible], 28 January 1959, for a more detailed explanation.) Of course, during the remodeling of LICALLA there will not be any LICALLA reporting or photographs. In addition to taking approximately 2,500 photographs during this six-month period, the LICALLA base also prepared weekly reports on LIMERICK garden activities. These reports indicate which LIMERICK employees are seen together each day, which vehicles different employees are accustomed to using, construction activities and other matters which appear of significance to L/9.

D. LIENTRAP - LIENTRAP continues to be a worthwhile Station asset. Approximately 1,400 clandestine photographs have been made of numerous targets during this reporting period and LIENTRAP type activities will undoubtedly remain one of the Station's best investigative assets. As explained in the Field Project Outline, forwarded to Headquarters on 8 October 1958, the Station is of the opinion that the LIENTRAP vehicle should be replaced as soon as possible. Nearly four months have elapsed without receiving Headquarters authority to replace the vehicle. The necessity for action is even more acute now than at the time of the request. LIEMPTYs 10 and 11 do an excellent job on LIENTRAP operations.

E. LIERSEY - This operation can be characterized as somewhat dormant for the July - December 1958 period. Because of GERENDE's other important activities, he did not have the time to train and work with the surveillance team. Also, the Station considered that it would be extending security just a bit too far to have GERENDE engaged in surveillance at the same time that he was handling the photographic base houses and performing monitoring chores for LIFEAT/SCHORNING and LIFEAT/Cuban Embassy. The expected arrival of Steven D. CLACKETT in April and his relieving GERENDE of LIERSEY will enable the Station to train, within a year, an effective mobile surveillance team. At present, LIEMPTYs/15, 16 and 17 compose the LIERSEY team.

F. LIFEAT - Until 10 December 1958 GERENDE served as monitor in the base houses covering LIFEAT/SCHORNING and LIFEAT/Cuban Embassy. In addition to living in the base house, GERENDE also transcribed the majority of the SCHORNING and Cuban Embassy tapes. He performed these jobs satisfactorily even though his efficiency was handicapped by numerous other duties. Relieving GERENDE of his LIFEAT duties enables him to devote more time to his other operations with a corresponding increase in the security of all his activities.

☐ NO INDEXING REQUIRED
☐ INDEXING CAN BE JUDGED BY QUALIFIED HQ DESK ONLY

c. LIEMPTYs/4 and 5 - LIEMPTY/4 does a truly professional job of developing and printing the base house photographs. No significant developments occurred in relation to L/4 except that OALLER met directly with him during the December 1958 period that GEREMDE was away from Mexico City. LIEMPTY/5, L/4's wife, continued doing routine translations in a very competent manner.

11. Administration - Other than the fact that LIENSET and the above-mentioned portions of the LIPSTICK projects were combined into this new project, LIEMPTY, there is nothing of significance to report to Headquarters.

12. Outlook for Future Developments - Although not meaning to be repetitive in dwelling upon these recommendations made above, a summary of the Station's outlook on the future of the LIEMPTY GEREMDE Segment is believed to be appropriate. With the arrival of CLACKETT in April, GEREMDE will be free to devote full time to photographic base house operations. GEREMDE can do a lot to professionalize these operations by preparing written communications procedures, by thoroughly briefing base house operators on their methods of operation, by preparing detailed security reviews on each base and by supervising the trial of new photographic techniques. GEREMDE will continue to be used on occasional sensitive investigational and operational travel support tasks and to perform other services for the Station which will not impair the security of his primary responsibilities. It is planned that CLACKETT will put some life into the LIEASY surveillance team and that the Station will soon have another first class investigative group to support other Station operations.

MEMORANDUM FOR: FI/PS - Projects Branch

SUBJECT : Wedding Gift for Raymond H. GERENDE (ps), Contract Agent

1. It is requested that the Mexico City Station be authorized to give Raymond H. GERENDE (ps), as a wedding gift, two airplane tourist class tickets from Mexico City to San Francisco and Washington D.C. and return to Mexico City. Although this trip may appear to be a generous and unusual wedding gift, the Station considers it is more than justified in view of GERENDE's outstanding performance of his duties for the Station and his future value as a principal agent. GERENDE has been working for the Station since February 1955.

2. The Station estimates that the cost of the plane tickets will be $600.00. The LIPSTICK Project, which covers GERENDE, can absorb this added expense.

1. The subject paper is attached. It is believed that Headquarters will have a clearer picture of what GERENDE is doing at the present time together with several informative facts concerning the security of GERENDE's operations. Also included in this paper are several recommendations which the Station proposes to implement through Project LIEMPTY. Obviously, some of the recommendations are goals to work for and, because of a lack of personnel and other valid reasons, cannot be immediately adopted.

2. The attached paper should be read in conjunction with the new LIEMPTY field project outline, which was recently forwarded to Headquarters. Please note, however, that the old agent cryptonyms are used in this paper.

3. The attachment has been read and approved by Matthew S. DINGLEY, who recruited this excellent agent (GERENDE) and was his Case Officer until GERENDE was recently assigned to Quinton N. Ousler.

4. GERENDE is one of the most valuable assets of this Station. This review is considered to be a worthwhile exercise; but under the present operational pace and with present assets, security compartmentation, which is desirable, cannot be achieved. The main security precaution (viz getting GERENDE out of Mexico City and well hidden in case of an emergency) will constantly be kept in mind.

OPERATIONAL SECURITY REVIEW OF RAYMOND H. GERENDE'S OPERATIONS AND ACTIVITIES

1. SITUATION

As a result of the June 1958 LIPSTICK flap, it was decided by the Chief of Station on 30 June 1958 that Quinton N. OUSLER would assume direct contact with several of Matthew S. DINGLEY's agents, one of whom was Raymond H. GERENDE. After being introduced to GERENDE by DINGLEY on 1 July 1958, OUSLER assumed contact responsibilities with GERENDE on 2 July 1958. On 18 July 1958, the Chief of Station decided that OUSLER should be assigned permanent responsibility for the management and handling of GERENDE and GERENDE's operations.

2. PURPOSE

The purpose of this operational security review is threefold:

- a. To identify possible security problems and conditions;
- b. To establish a framework for recommendations which will result in the Station's submission of a new support project (LIEMPTY) with Raymond H. GERENDE as a principal agent; and
- c. To acquaint the new case officer with the operational problems and agent personnel with which he should have a comprehensive knowledge and detailed understanding.

3. PRINCIPAL AGENT - Raymond H. GERENDE

a. Background - GERENDE has been employed by KUBARK since 18 March 1955, which was just prior to his graduation from the Mexico City College. He is now only 24 years of age, but in the Station's opinion, is a mature, experienced and dedicated KUBARK contract agent. During the three and one-half years that he has been working for the Mexico City Station, GERENDE has participated in a varied assortment of support and intelligence operations. Initially, he was trained and used by Matthew S. DINGLEY as a member of the LIPSTICK surveillance team. In addition, to surveillance work, he was used as an investigator to collect operational data on persons and organizations of interest to the Station. He quickly demonstrated a capacity for leadership and at one time was the leader of the LIPSTICK team. He has been used as a LIFEAT Base House operator and processor of tapes; he has excelled in this type of work because of his bi-lingual Spanish/English facility and, more importantly, due to his diversified experience in clandestine operations which permits him to spot operational leads much more readily than the average LIFEAT monitor.

b. Duties - GERENDE is currently serving as the principal agent in charge of LIMITED, LICALIA, LIPSTICK Photo Truck, LIJERSEY Surveillance Team and LILYRIC. In addition, he monitors and processes the BGMORNING and Cuban Exiles LIFEAT taps. He also supervises the photographic processing of LIPSTICK-38 (his brother-in-law) and the translation work of LIPSTICK-40 (his sister). He maintains contact with and provides administrative support to LIMITATIONS 5 and 6, LICOOL-7 Base operators. Quite obviously GERENDE's many duties overlap the bounds of several Station operations, namely LIPSTICK, LIJERSEY, LIFEAT, LICOOL and several activities which are not listed under formal projects such as BGMORNING. It is recognized by the Station that it is not advisable to have one principal agent connected with as many operations as is GERENDE. However, the present scarcity of both staff and contract agents of the principal agent type necessitate such efficiency measures. Every effort is being made to compartment the various segments of GERENDE's operations and to decrease, and to eliminate where possible, all lateral communications between agents.

c. Security Problems - The most serious security situation surrounding GERENDE and his many activities is the fact that LIPSTICKS 12 and 30 (two of the LIPSTICK Team members arrested in the June 1958 flap) know GERENDE by true name, and knew that he also worked for KUBARK. In fact, LIPSTICK-30 is a close personal friend of GERENDE's and was originally recommended for KUBARK employment by GERENDE. The operational security hypothesis that can be constructed from these existing acquaintances are too numerous to list in this brief review; suffice to say that should GERENDE be arrested by one of the local police agencies, most of the remaining support assets would be destroyed or so seriously compromised that the Station would indeed be foolish to continue using them. It is appropriate to state here, however, that neither GERENDE nor the Station believes that GERENDE has yet been named or otherwise identified as a result of the LIPSTICK flap. It is granted though that any future questions by one of the local police agencies to the compromised LIPSTICKERS represents a continuing type of danger for GERENDE. Based on the duties which GERENDE is currently performing, the readers of this review can well imagine what the consequences to several operations would be if GERENDE were arrested by one of the local police agencies and interrogated in detail. Also, the Station must forever be aware that the local police agencies are certainly capable, for only a few dollars, of selling information concerning KUBARK to the Soviets and/or Satellites.

d. Recommendations - It would be unwise to consider terminating GERENDE since he is a highly competent agent and since his termination would not eliminate the fact that he knows a great deal about the Station's support operations. He has been reminded several times, and the Case Officer will continue to remind him, that his tradecraft professionalism must improve and stay ahead of the increasing sophistication of the local police agencies and opposition services operating in Mexico.

It is the opinion of the Station that GERENDE should continue to be used in about the same manner that he is presently being used. It would be advisable, however, to separate him from the two LIFEAT functions he is currently handling, BGMORNING and the Cuban Exile taps. This is suggested not only because of the possible future security ramifications, but also because GERENDE does not have time to run properly his support mechanism and to monitor taps seven days a week.

To provide for a situation whereby one of the local police agencies becomes aware of GERENDE's illegal activities and assuming that either GERENDE or the Station learns of this before the local police agency can take positive action, it is imperative that a warning system of communications be established to facilitate GERENDE's removal from Mexico. Arrangements such as those used for Wilfred O. CLOWER could be set up or local arrangements could be made with ODUNIT or ODOATH for a more expeditious exit from Mexico. The Case Officer will develop this plan in detail.

4. OPERATIONS

a. Limited

(1) Target - Stationary photographic surveillance of persons entering and leaving the LIMERICK installation.

(2) Personnel - LIPSTICK-14 is the agent in charge of the LIMITED Base. According to GERENDE, LIPSTICK-14 is conscientious, security minded, speaks no English, and on occasion is a bit over confident. He performs his operational duties competently and with discretion. In addition to his photographic duties, he is also used occasionally as a one-man

foot surveillance to follow individuals leaving the LIMERICK installation, LIPSTICK-14 receives a monthly salary of $1,800.00 (MN) and free rent and utilities at the LIMITED Base. His wife (LIPSTICK-27) and son (LIPSTICK-28) live with him at the LIMITED Base.

LIPSTICK-28 until 15 July 1958 assisted his father with photographic work at the LIMITED Base. However, on the above date he decided to resign from his LIMITED job and, strange as it may seem, to devote full time to working on a chicken farm. LIPSTICK-28 made this decision on his own and against the wishes of his father. He will continue to live at the LIMITED Base and it is believed that no security problems will result, since any security difficulties could adversely affect his mother and father. Although LIPSTICK-28 has been terminated and a termination report forwarded to Headquarters, it is suggested that we maintain his operational approval since he continues to live in the LIMITED Base.

(3) Communications - At the present time GERENDE meets with LIPSTICK-14 three times a week at contact points away from the Base. They have seven separate contact points which are used for their meetings. Usually the place of contact is pre-arranged at the previous meeting; however, a rapid means of communication exists whereby GERENDE telephones LIPSTICK-14 and through a pre-arranged open code, utilizing insurance policy numbers, sets the time and place of contact. LIPSTICK-14's overt occupation is that of an insurance salesman and adjuster; consequently, there is a cover basis for such a telephonic conversation. A reserve system of communication with LIPSTICK-14 has not yet been arranged. GERENDE has been instructed to do this as soon as possible, thereby giving the Station a means to contact LIPSTICK-14 directly should the need ever arise.

(4) Security - Excluding KUBARK staff personnel, the LIMITED Base is known to LIPSTICKS-2, 14, 27 and 28 and to Oliver G. SCANTLING and Raymond H. GERENDE and possibly to LIPSTICK-12 (GERENDE's opinion). Since LIPSTICK-14 has known LIMEWATER (LIFEAT Project) for many years and since LIMEWATER is LIPSTICK-2's brother, it is important to recognize that the desirable degree of compartmentation between LIPSTICK/LIMITED and LIFEAT probably does not exist. Although LIMEWATER must be aware of LIPSTICK-14's and 2's PBPRIME employment, it has not been possible to ascertain the extent of LIMEWATER's knowledge about their specific activities, and vice versa. LIPSTICK-14

worked with James O. AYCALL (LIMESTONE) during WW-II; however, he claims that the only members of AYCALL's family that he ever met was AYCALL's "alleged wife." Since she saw him only one time many years ago, LIPSTICK-14 does not believe that she would recognize him now.

Neither GERENDE nor LIPSTICK-14 are aware that KUBARK owns the LIMITED Base House. The extent of their knowledge is that LIMOUSINE is the owner and we simply rent from him.

(5) Recommendations - It is recommended that GERENDE continue to meet with LIPSTICK-14 and to supervise his operation. In this connection, GERENDE has been instructed to reorganize his existing communications arrangements with LIPSTICK-14 to include a new regular system, a rapid non-scheduled system and a reserve system. Also, GERENDE is to review with LIPSTICK-14 their cover reasons for meeting and knowing each other and to be prepared to use this cover story should they ever be apprehended together.

LIPSTICK-14 was instructed on 8 August 1958 to cease all social and business contact with LIPSTICK-2. Oliver G. SCANTLING, who has previously handled LIPSTICK-14 and sees him occasionally even now, has been directed to cease all contact with the LIMITED Base and LIPSTICK-14 except when approved by the Case Officer. (NOTE: It is necessary at times for SCANTLING to debrief LIPSTICK-14 for LIMESA leads).

b. LILYRIC

(1) Target - Stationary photographic surveillance of persons entering and leaving the LIMERICK installations.

(2) Personnel - LIJERSEY-5 is personnel manager of a Mexican affiliate of a large PBPRIME company. In addition to serving as a spotter for potential surveillance team members, he also serves as the cutout for the LILYRIC Base. GERENDE manages and directs the LILYRIC Base through LIJERSEY-5. LIJERSEY-5 maintains direct contact with LIJERSEY-2, the Base House operator, and his wife, LIJERSEY-12, who does most of the photographic work. LIJERSEY-5 is a PBPRIME citizen. He is paid a monthly salary of $1,000.00 (MN).

LIJERSEY-2 is the LILYRIC Base operator. He is a Captain in the Mexican Army Reserve and is also employed by Colgate-Palmolive Peet Company as an industrial engineer. He receives a monthly salary of $1,000.00 (MN) and he and his wife live rent and utilities free in the LILYRIC Base.

LIJERSEY-12 is the wife of LIJERSEY-2. She does most of the photographic and reporting work at the LILYRIC Base and has proven herself to be a capable and worthwhile asset. It has been necessary for her to become proficient in the LILYRIC work since her husband works at his regular job during the day. She receives a monthly salary of $800.00 (MN).

(3) Communications - GERENDE contacts LIJERSEY-5 twice weekly at prearranged contact points during the late afternoon hours. LIJERSEY-5 contacts LIJERSEY-2 two to three times weekly at prearranged car contact points and receives the "take" from the LILYRIC Base. On occasion GERENDE has contacted LIJERSEY-2 directly, but this procedure is used only when LIJERSEY-5 is out of town or otherwise not available. GERENDE does not know LIJERSEY-12 or vice versa. No reserve system of communications exists whereby a Station officer could contact LIJERSEY-2 directly should the need arise; however, GERENDE has been instructed to set up such a system of communications. The same will be done with LIJERSEY-5, although he is known to several Station officers and little difficulty would be experienced in contacting him directly.

(4) Security - The security of the LILYRIC Base appears, at least on paper, to be in better shape than the Limited or LICALLA Bases. Insofar as the Case Officer has been able to determine, the only indigenous agents aware of the LILYRIC Base are GERENDE, LIJERSEYS 2, 5 and 12, and LIPSTICKS 38 and 40, and all of these individuals have a close connection with the operation of the Base. The only tie-in the LILYRIC Base has with the LIPSTICK operations is through GERENDE.

(5) Recommendations - GERENDE has been instructed to change his meeting plans with LIJERSEY-5 and to review the communications set-up between LIJERSEY-5 and LIJERSEY-2 (L-5 and L-2 are long-time friends and, consequently, the cover problem is minimized). A staggered schedule of coverage of the LIMERICK target between LILYRIC and LIMITED was initiated on 18 August 1958. Although the operators of these two bases are unaware of the existence of the other, a suitable cover story has been worked out to satisfy any

curiosity that LIPSTICK-14 and LIJERSEYS-2 and 12 may have. This procedure is believed desirable due to the confining nature of the photographic tasks and the lack of additional personnel to assist at each of the bases. Also, this staggered schedule of coverage should reduce some of the duplication presently coming in from the two bases.

c. LICALLA

(1) Target - Stationary photographic surveillance of persons and activities in the garden area of the LIMERICK installation.

(2) Personnel - LIPSTICK-39, his wife and three small children live at the LICALLA Base. He is an accountant for a local bus line and works at his cover job in the evenings. LIPSTICK-39 does an excellent and conscientious job of photographic coverage at the LICALLA Base. In addition to the photos he takes, he writes a narrative description of the events which take place in the target's garden area. He receives a monthly salary of $2,000.00 (MN) and free rent at the LICALLA Base.

(3) Communications - GERENDE meets LIPSTICK-39 twice weekly, usually on Tuesdays and Thursdays. They have four contact points, one of which is selected at each meeting for use for the next meeting. In the event that contact is not established, GERENDE has the initiative in contacting LIPSTICK-39 by phoning him at the bus line office during the evenings. Then, by prearranged open code, a meeting site and time are agreed on. Since Oliver G. SCANTLING is also acquainted with LIPSTICK-39, it would be possible to contact him through SCANTLING should something happen to GERENDE. However, to facilitate proper and secure communications procedures, GERENDE has been directed to establish a reserve system of communications with Lipstick-39, using the customary oral and physical bonafides.

(4) Security - The most serious security problem concerning LICALLA is the fact that LIPSTICK-39 is the brother of LIPSTICK-47 (the first agent arrested by the local police agency during the recent LIPSTICKflap). Although it is generally believed by Station officers that LIPSTICK-39's name was not mentioned by LIPSTICK-47 nor that any indication was given concerning LIPSTICK-39's job, it must be understood that should the local police agency decide later to interrogate LIPSTICK-47, the probability exists of compromising LIPSTICK-39 and LICALLA. The Station sees no way to overcome this possibility.

It is important to note here that LICALLA occupies one of the four LIMUST properties. While it is believed that LIPSTICK-39 does not know that KUBARK owns the Base or has anything to do with the other three houses, it is entirely conceivable that should one of the local police agencies or the LIMERICK personnel become aware of LICALLA activities, they could very easily arrive at some logical conclusions about all of the LIMUST property. This would be detrimental, if not fatal, to our aims. However, another Station viewpoint on this same problem is that if compromised, LICALLA would divert suspicion from, rather than to, LIMUST. Should one of the local police agencies begin an investigation which might involve LIMUST and LICALLA, then LICALLA could be sacrificed to protect the LIMUST Base. These possibilities become somewhat theoretical and perhaps impractical due to the lack of predictibility of the local police agencies, but nevertheless must be weighed one against the other.

In view of the apparent importance of the LIMESA/LIMUST operation a lot of thought and discussion have transpired at the Station about continuing the LICALLA operation in its present location or suspending it for the immediate future and attempting to find another suitable location away from the LIMUST property. A sound argument can be made for terminating the base since such an alternative might have the effect of limiting any knowledge LIPSTICK-39 may have about the LIMESA/LIMUST installation. However, the termination of a productive base such as LICALLA would require an explanation to LIPSTICK-39 which could not help but leave him a bit suspicious. For Headquarters information, the local rental laws are such that LIPSTICK-39 would not be able to comprehend why we did not insist on him maintaining "squatters rights" (as stated previously, LIPSTICK-39 apparently does not know that we own LICALLA or even have an interest in any of the other LIMUST properties) which can easily be done in Mexico. Therefore, any attempt to terminate LICALLA might cause more of a security problem with LIPSTICK-39 than permitting LICALLA to operate as it is now. Another possibility would be terminating LIPSTICK-39 and putting another agent in the present LICALLA Base. If this measure were followed, it would not eliminate the fact that LIPSTICK-39, even if terminated, would still know of the existance of the present LICALLA Base. Still another possibility would be to terminate LIPSTICK-39 and the LICALLA Base; however, since LICALLA and the other LIMUST properties are ostensibly owned by one man, LIMOUSINE, suspicions and investigations could still lead to LIMUST.

(5) Recommendations - The Station is inclined not to "rock the

boat" at this stage of the game and suggests that we maintain LICALLA at its present location and with its present operator, LIPSTICK-39. One alternative appears to be about as good as another in this case, and it is an acknowledged fact that LICALLA, at its present location, is a worthwhile and productive asset. Headquarters ideas and comments on the LICALLA Base would be appreciated.

At the present time it is planned to move LIPSTICK-39 and family to a furnished apartment when the time comes to remodel the LICALLA Base. After completion of the remodeling, LIPSTICK-39 and family will return to the present LICALLA Base.

d. PHOTO TRUCK

(1) Target - Investigative asset used for taking surreptitious photographs of persons, places and things that are from time to time of interest to the Station and Headquarters.

(2) Personnel - LIPSTICK-2, as indicated by the low numerical designation of his cryptonym, has been employed by KUBARK for several years. At the present time LIPSTICK-2 is responsible for the day-to-day operation of the photographic surveillance truck. He is also used occasionally to spot and rent operational apartments. In the past, LIPSTICK-2 has served as team leader of a low level surveillance team (which was compromised and subsequently disbanded), as a LIFEAT line inspector (when he was not busy with the photo truck), and as a static surveillance man (i.e., used as an outside sentry during the March 1958 entry of the LIMUST Base by KUTUBE/D, KURIOT and KUCLUB technicians. (NOTE: LIPSTICK-2 was assigned the task of watching the entire area during the day for any unusual activity on the part of target personnel. He was not told that he was to watch a specific house. He was dismissed from his static surveillance before dusk and the Headquarters technicians did not enter LIMUST until after 2030 hours.) LIPSTICK-2 is the brother of LIMEWATER (LIFEAT Project) and LIPSTICK-34 (LIPSTICK Surveillance team member) is LIPSTICK-2's wife's nephew. LIPSTICK-2's cover is buying and selling cars; however, about the only business he has in this connection is when he buys and sells cars for KUBARK. His cover is quite weak. He receives a monthly salary of $3,200.00 (MN) plus $600.00 (MN) per month for the use of his personal car.

LIPSTICK-24 does not know GERENDE and, presumably, knows only LIPSTICK-2, with whom he works on the photo truck. His cover is as a salesman of electrical appliances; however, he does not pursue his cover job to the desirable extent. LIPSTICK-24 was recruited by LIPSTICK-2 about one year ago and is currently receiving a salary of $1,000.00 (MN) per month. Since he has now worked a year for the Station, and performed satisfactorily, his salary should be raised to $1,200.00 (MN) per month (LIEMPTY will provide for this increase).

(3) Communications - GERENDE meets LIPSTICK-2 two to three times a week. These meetings are arranged by phone and take place at previously selected contact points which can be referred to in telephonic conversations by innocent sounding code names. LIPSTICK-2 also knows GERENDE's true name, where he lives, and his phone number. In the past he has had occasion to telephone GERENDE at the latter's home. LIPSTICK-2 knows DINGLEY, and could, in an emergency situation, contact DINGLEY. However, GERENDE has been instructed to arrange a complete communications plan with LIPSTICK-2, including a reserve means of contact. For security reasons, GERENDE has been instructed to inform LIPSTICK-2 that his only contact is with GERENDE and that in the future he is not to contact anyone else in the organization without GERENDE's permission. Also, that should contact with GERENDE be disrupted, he is to await for the higher echelon to establish contact with him (all agents under GERENDE are being so instructed). This is particularly important in the case of Lipstick-2, since he has by-passed GERENDE in two or three instances in the past.

(4) Security - Probably the most serious security situation involving the photo truck, LIPSTICK-2 and Lipstick-24 is the basic knowledge of the LIPSTICK surveillance team that such an asset exists, even to the point that one of the team members (LIPSTICK-34) is the listed owner of the photo truck. The personal knowledge of LIPSTICK-2 about the LIFEAT operation also represents a security hazard of the first class. For example, if LIPSTICK-2 were compromised and arrested as a result of his activities, there is a possibility that he could compromise his brother, LIMEWATER, the LIMITED Base and LIPSTICK-14, GERENDE and our interest in the highly sensitive LIMESA/LIMUST operation. (NOTE: According to the LIFEAT Case Officer and the former LIPSTICK Case Officer, both LIMEWATER and LIPSTICK-2 have been reminded on several occasions during the past few years that they were not to discuss any aspect of their operations with each other. Also, LIPSTICK-2, to the best of the Station's

knowledge, does not know the location of any of the LIFEAT Base houses).

A new truck should be purchased as soon as possible to replace the present truck. The new truck should be purchased in an assumed name and vehicle papers should list an untraceable address. LIPSTICK-2 has already been informed that he is to have no contact with LIPSTICK-14 or any other operational personnel he may know except, of course, LIPSTICK-24, with whom he works, and GERENDE, who supervises his activities. In addition to the above, the Station should begin thinking about a replacement agent for LIPSTICK-2 and every effort should be made to set up an independent and compartmented photo truck operation. This would permit the eventual termination of LIPSTICK-2, after we have given him several months to reduce his knowledge of current operations.

d. LIJERSEY

(1) Target - Foot surveillance and investigative support of other Station operations.

(2) Personnel - LIJERSEY-4 is of a low social class and lives with his mother in a slum area of Mexico City. He is the sole support for his mother and several younger brothers and sisters. He is described by GERENDE as having a lot of ambition and a strong desire to improve his standard of living and position in life. The Station has found him to be a good observer and, consequently, adequate for static surveillance work. Although he now has his drivers license, he is not a capable driver and probably will never develop into one. GERENDE has been encouraging LIJERSEY-4 to obtain employment as a salesman to supplement his KUBARK income of $1,000.00 (MN) and to establish himself in a cover job. However, LIJERSEY-4 has not yet obtained such employment. It is the Station's opinion that LIJERSEY-4 is definitely an asset of limited value and will never develop into the high-calibre surveillance asset which the Station really needs.

LIJERSEY-8's situation is about the same as LIJERSEY-4's. He lives with his family and is currently taking highschool courses (LIJERSEY-4 is doing the same). He is not an imaginative talker and has difficulty making up cover stories and spur-of-the-moment excuses and explanations - the vital qualifications for a good surveillance man. He is the best driver of the three LIJERSEY team members and with more practice will probably develop into a capable and dependable driver. LIJERSEY-8 has recently shown a commendable amount of initiative where his cover situation is concerned. He has obtained a job as a commission salesman for UNDERWOOD typewriters and, according to GERENDE, is making a substantial amount of "pin" money. However, as in the case of LIJERSEY-4, LIJERSEY-8 is at best an asset of only limited value. LIJERSEY-8 also receives a salary of $1,000.00 (MN) per month.

LIJERSEY-13 does not know LIJERSEYS-4 and 8 and vice versa. LIJERSEY-13 is better dressed than the other two team members and can pass as a better educated and more socially flexible individual. He speaks fairly good English. He performs pretext investigation assignments with facility and imagination and is adept at making up cover stories. In brief, he makes a good impression on the people he interviews. He is not a good driver and is too nervous to develop into one. His salary is $1,000.00 (MN) per month.

(3) Communications - GERENDE has daily contact arrangements with the three LIJERSEYS. Prearranged meeting places are used on designated days of each week and the LIJERSEYS are instructed to go to each meeting. They have standing instructions to continue going to their meeting sites for two weeks; if they have not been contacted during that period of time, they can discontinue their communications plan and await contact by GERENDE or another appropriately selected agent at their respective homes. None of the LIJERSEYS have home telephones; hence, it is impossible to arrange any type of communications using this means. GERENDE is currently in the process of setting up new and more complete communications arrangements with the three LIJERSEYS.

(4) Security - Insofar as knowledge of other operations, personnel and assets is concerned, the LIJERSEYS appear to have the best security of any of the operations handled by GERENDE. New communications plans with the LIJERSEYS will do much toward increasing security and ability to meet contingencies. GERENDE will be instructed to give refresher training to all three LIJERSEYS in operational security, cover and communications. The major danger existing with the LIJERSEY team, and with any surveillance team, is the possibility of compromise and arrest by one of the local police agencies. Should this happen, GERENDE and his other operations would be placed in considerable danger.

For this reason, it is not advisable to have GERENDE connected with a surveillance team and also contacting and directing the sensitive photo base houses. Therefore, until such time as a suitable asset can be developed or acquired to take over the LIJERSEY team, their actual surveillance assignments will be kept at the minimum.

(5) Recommendations - It is suggested that the LIJERSEY framework be used for the recruitment of at least three competent and higher class local nationals for use on surveillance assignments. After the recruitment of such individuals, it may be suggested that LIJERSEYS-4 and 8 be terminated. LIJERSEY-13 should remain as an independent investigative asset to conduct "credit" and other type of inquiries which he can do without help from other agents. LIJERSEY-5 has already been asked to spot prospective candidates of a higher social standing for use on a new surveillance team; however, even under optimum conditions, one and a half years will be required to get such a team functioning. In order to recruit the type of team member that will be most worthwhile to the Station, we must plan to pay a minimum starting salary of $1,600.00 (MN) per month. The cost of living in Mexico is continually on the rise and where $1,000.00 (MN) was a good salary one to two years ago, it really is not adequate today.

f. LIFEAT

(1) Target - Conversations coming from two telephone taps, BGMORNING and Cuban exiles.

(2) Personnel - GERENDE lives in the apartment where these two lines are maintained. He personally processes the take from the lines and passes it to OUSLER for Station dissemination to Robert B. RIGGS (BGMORNING) and Calude K. Shyrock (Cubans). GERENDE, in accordance with LIFEAT procedures, is supposed to remain in this apartment seven days a week. However, this is impossible due to his other operational assignments and activities.

(3) Communications - GERENDE meets daily with OUSLER to pass the LIFEAT "take" and to discuss other operational matters.

(4) Security - It is not a good security practice to have a LIFEAT monitor working on anything except LIFEAT. Other duties, which GERENDE certainly has, limit one's capability for maintaining the required security alertness for telephone

repairmen and others who might accidentally discover one of our LIFEAT taps. Also, should GERENDE be compromised through any of his other operations, it is conceivable that the ECMORNING and Cuban Exiles LIFEAT taps would be discovered by one of the local police agencies.

(5) Recommendations - It is suggested that a replacement be found as soon as possible to relieve GERENDE of his present LIFEAT duties.

g. LICOOL-7

(1) Target - A planned technical installation against a person of interest to the Station and to Headquarters.

(2) Personnel - LIMITATION-5 and his wife, LIMITATION-6, are the LICOOL-7 Base House operators. LIMITATION-5 has been with KUBARK for several years. He was at one time the LIAXIOM Base House operator. He presently works for the DuPont Company. He dresses well, speaks some English and could be described as belonging to the rising middle class of Mexicans. His wife can do photographic work and has had previous experience with KUBARK in the dispatching of car surveillances by radio. LIMITATIONS-5 and 6 are not participating in any active work pending the installation of LICOOL-7 in their apartment. LIMITATION-5 receives a monthly salary of $600.00 (MN) and LIMITATION-6 receives $400.00 (MN) monthly.

(3) Communications - A complete communications plan does not exist between GERENDE and LIMITATION-5. At the present time it is only necessary for GERENDE to see LIMITATION-5 on pay day and when Harvey C. MULFORD desires to visit the apartment for technical surveys and other work. Therefore, GERENDE and LIMITATION-5 utilize an open code telephonic means of getting together. So far, this has worked quite well, but it will be necessary later to set up a more sophisticated communications system.

(4) Security - The operational aspects of LICOOL-7 are under the jurisdiction of Matthew S. DINGLEY; therefore, the author of this report is not familiar with the security ramifications, if any, surrounding this technical installation and the agents operating it.

(5) Recommendations - None.

h. MISCELLANEOUS

Also on the payroll as worthwhile assets are GERENDE's brother-in-law, LIPSTICK-38, and his sister, LIPSTICK-40. GERENDE and LIPSTICK-38 process and print all the LIMITED, LILYRIC, LICALLA and truck photos. LIPSTICK-40 does non-sensitive translation work for the Station. Both LIPSTICKS-38 and 40 are handled by GERENDE. They do not have contact with other agents or with station officers. LIPSTICK-38 receives a monthly salary of $1,000.00 (MN). LIPSTICK-40 receives the equivalent or $1.75 U. S. in pesos per hour for her work.

Although it is not adviseable from the security point of view to have any indigenous agent aware of all three of our LIMERICK photographic bases and the photo truck, the load on the Station photographer several months ago resulted in just such a solution to the problem. Previously, GERENDE and LIPSTICK-38 had processed only the photographs from LIMITED, LILYRIC and the truck.

5. RECOMMENDATIONS

Recommendations have been included in several sections of this paper. These same recommendations, excepting those which have already been carried out or are in the process of implementation, are listed below in a composite form to facilitate the readers' overall comprehension.

a. Continue the reorganization of communication arrangements with all agents.

b. Relieve GERENDE of his LIFEAT duties (B GMORNING and Cuban Exiles taps) as soon as possible.

c. Continue to use GERENDE for the time being as the principal agent in charge of LIMITED, LILYRIC, LICALLA, the Photo Truck, LIJERSEY, LIMITATIONS-5 and 6, and LIPSTICKS 38 and 40.

d. Arrange a warning system of communications for removing GERENDE to PBPRIME should he be compromised to one of the local police agencies.

e. Purchase a new photo truck for use by LIPSTICKS 2 and 24.

f. Begin planning for a compartmented photo truck operation which will later permit termination of LIPSTICK-2.

g. Spot and recruit at least three indigenous agents from the middle class social level to form the nucleus of a new LIJERSEY surveillance team.

h. Eventually separate GERENDE from either LIJERSEY surveillance team duties or the three photographic base houses, preferably the former. The two types of activities are not compatible with each other and should not be handled by the same principal agent.

i. Implied, but not specifically stated elsewhere in this paper, is the suggestion that GERENDE be given a "cooling off" and training period of two to three months in PBPRIME. Of course, this will not be possible until other assets are developed to take over GERENDE's present duties. After his return from PBPRIME, GERENDE could be used to develop new support assets which would be completely compartmented from all of his previous operations, personnel and activities.

6. CONCLUSIONS

It would take several weeks of uninterrupted study of files to write a really comprehensive security review of GERENDE's operations and activities. However, based on the facts contained in this paper, it is the Station's opinion that GERENDE probably is not now known to the local police agencies as a KUBARK or PBPRIME agent. It is believed that GERENDE could be identified by the local police agencies at any time they choose to interrogate LIPSTICKS-12 and 30 in detail or when one of the other agent assets formerly or currently associated with GERENDE is compromised. Furthermore, if GERENDE is arrested, he could compromise most of the Station's support assets, plus the BGMORNING and Cuban Exiles portions of LIFEAT.

Given several months time, the slow process of compartmentation can be introduced into GERENDE's operations. Such compartmentation, however, will never reach the truly desirable point, but some improvement over the existing situation can be made. If GERENDE can emerge basically unscathed from the current incidents, then KUBARK will have an extremely valuable long-range support asset.

1. References outlined the arrest of LIPSTICK-47, the subsequent arrests of LIPSTICKs 12 and 30, their interrogation by the Mexican Secret Service and their eventual release from prison. References truly portrayed the incident with the following exceptions:

a. None of the arrested men was tortured.

b. LIPSTICK-45 was never arrested.

c. Only LIPSTICK 12, 30 and 47 were arrested.

d. LIPSTICK-29 was not taken from his home by force. In fact he was never arrested.

2. While under detention the arrested men told the story as it appears in Attachment A which was written by LIPSTICK-30. It is not believed that the men told anything more because:

a. The substance of the story was told to Station Mexico identically by three (3) separate and compartmented sources, i.e. from the arrested men, from the attorney, Raul F. CARDENAS, and from the Counselor of Canadian Embassy, Sidney FREIFELD.

b. Each operation mentioned in Attachment A, which was susceptible to a check by the Secret Service, was investigated by them. However, no operation not mentioned in Attachment A was investigated by the Secret Service.

c. LIPSTICK-47, who had only been with the team about one and a half months and who did most of the talking, did not know any information other than that in Attachment A.

d. LIPSTICK-12 and 30, who knew considerably more about our operations, are both made of sterner stuff than LIPSTICK-47 and have keener minds.

e. The "ring of truth" that Attachment A has. It is not believed that the Secret Service is sufficiently sophisticated to concoct such a believable story.

f. The combined opinion of every Case Officer who has known LIPSTICK-12 and 30 that they did not reveal any information other than that contained in Attachment A.

g. On 10 July 1958 LIPSTICK-12 and 30 were examined by Martin F. REMALEY on LCFLUTTER. REMALEY was satisfied that the results of this examination completely exonerated LIPSTICK-12 and 30 from any cooperation with the Mexican Police. The results of these tests are attached as Attachment B.

3. In order to assess what possible damage might have been done to Station Mexico's operations if the arrested men had told the Secret Service everything they knew, there follows a list of those operations known to the arrested men:

a. LIPSTICK-47 did not know anything more than he told the Secret Service as outlined in Attachment A.

(5) He knows all of the present LIPSTICK team and LIPSTICK-12 and 14.

(6) Through surveillance, he has learned of all the operations as listed in the case of LIPSTICK-8.

4. At the present time the LIPSTICK team is inoperative. The team members are working at their various cover jobs and writing a critique on the surveillance techniques they used which caused these three to be arrested.

Matthew S. DINGLEY has stopped all sensitive contacts and turned them over to Quinton N. CUSLER as a precautionary measure should DINGLEY be under surveillance. DINGLEY continues to see LIPSTICK-30 who now administers the team, and DINGLEY also continues to be the case officer for LIVEROCK.

LIPSTICK-47 has been fired and the LIPSTICK offices have been vacated and the furniture stored in a public warehouse. With the excellent cooperation of Nogales and Monterrey Bases, Wilfred O. GRANER was smuggled out of Mexico.

5. Future planning for the LIPSTICK team will depend upon the results of operational tests and additional defective reassessment based upon the actions of the team and the results obtained. General Miguel MOLINAR Simondi, Chief of the Mexican Secret Service, has agreed to protect the team fully and assume responsibility for their actions for the sum of $240.00 U.S. per month. MOLINAR has also promised to issue the team credentials from the Secret Service, or some other official investigative group, after the presidential inauguration in November of 1958. The future of the LIPSTICK team will depend upon the following factors:

a. It is not believed that the Secret Service demanded, nor even suggested, that the team report future activities to the Secret Service. (Test leads, susceptible of checking, will be given to the LIPSTICK team to determine if they are being reported to the Secret Service).-

b. Degree of access to Secret Service files given to the LIPSTICK team.

c. Effectiveness of General MOLINAR's protection.

7. Station Mexico recommends that the LIPSTICK team be allowed to continue operations for a period of three months at which time a reassessment will be made based upon the evidence accumulated over that period of time. The reassessment will be concerned mainly with whether or not the team is really under the control of the Secret Service and the degree of success of their "penetration" of the Secret Service.

MEMORANDUM FOR: WH/III/Mexico

SUBJECT: Raymond H. GERENDE

REFERENCE: HMM-A-11368

1. This dispatch represents the type of operational reporting we need. I think any answer to the Station should lead off with an expression of appreciation for a good job. Maybe it will encourage them to write more of this type.

2. GERENDE is very exposed and should be taken off some of his jobs at once. Specifically, my ideas are as follows:

3. Re para. 3 a, agent is very capable and should be retained if secure means can be found. Getting rid of him would not solve the problem. As long as he is in Mexico he is vulnerable. Some thought should be given to how he would be supported in the event of arrest. Personally, I believe the Station would do better to sacrifice a case officer than permit things to drag on to the point where GERENDE might tell all to the police.

Recommendations:

a. GERENDE be briefed so as to be ever ready with an innocuous story to tell the police in the event of arrest.

b. GERENDE be told to contact one of already blown Station officers like HAZLETT in the event of arrest and that the Station officer be ready to appear personally at police station to free GERENDE. If the case officer named for this duty and GERENDE both know the innocuous cover story, there should be little problem. I have done it myself. A good cover story is "looking for draft dodgers" or some such tale which does not have implications of working against Mexican citizens.

c. That if not allowed to communicate directly GERENDE should tell the senior officer present at police station that he works on (cover story) for HAZLETT and insists HAZLETT be sent for.

d. That a second blown case officer's name be given as an alternate for HAZLETT, who is often out of town and unavailable.

SECRET

e. That GERENDE be taken off LIFEAT at once and all suspicious audio equipment be removed from his home or offices. At present, LIFEAT is the only illegal activity being engaged in by GERENDE; if he is made merely in connection with his physical surveillance activities he is not likely to be hurt by the Mexicans.

f. Concur preparations should be made to hide out GERENDE if it is known he is to be arrested.

4. Re para. 4 a, GERENDE's participation in LIMITED is O. K. I believe no law is being broken. However, LIMITED is probably blown to the Soviets. Here is the more real danger. Station should find out who is the registered owner of the phone at LIMITED. Prior to leaving Mexico I noted to MAHONEY it was still held in the name of LIMESTONE-3 (now fired and hence a possible threat).

5. Re para. 4 b: This is the same situation as LIMITED but not so likely blown to the Soviets. There is no reason why GERENDE should not continue this work.

6. Re para. 4 c, LICALLA is a very special problem and should be taken up at once with Headquarters elements working on LIMESA/LIMUST. I thought LICALLA had been cancelled out when LIMESA began to shape up. I consider it a danger to LIMESA. Has LICALLA produced anything of value? I think we could vacate this in such a way that the agents in LICALLA would have no cause to be suspicious. (Put an obvious tail on the agent, scare him off, etc. This would throw off the Mexican police, too, in the event they are already wise to LICALLA through LIPSTICK 47. We could pretend to believe the Soviets ran the tail and the game is up.)

Recommendation: Get rid of LICALLA unless very productive. Better do this before the remodeling begins.

7. Re para 4 d, photo truck. LIPSTICK-2 does know of the locations of some of the basehouses on LIFEAT since he was a line inspector.

Recommendations:

a. New compartmented truck should be set up. Don't use false names and addresses. It could result in great harm.

b. LIPSTICK-2 be sent off to some small town as "resident agent" for general work and to get him out of the area.

8. Re para. 4 e. I have no particular thoughts on LIJERSEY but think it consistent for GERENDE to handle it.

9. Re para. 4 f: GERENDE should be taken off LIFEAT at once, even if it means losing lines. As of March this year the Station had enough agent personnel to handle bases for 24 lines. They should be able to fill the gap even though LIMESTONE-3 and his tribe were fired. Only 12 lines are now being handled (latest report). The way GERENDE is handling his LIFEAT work seems to be breaking all the rules we set up inseven years of experience.

10. Re para. 4 g, LICOOL-7. I see no harm in GERENDE's handling the operational aspect of this case. But through LIMITATION-5 the police could get back to LIMITATION and the main LIMERICK tap, that is, if they were able to make GERENDE talk before we could save him. The danger to LIMITATION was not brought out in the Station's survey.

11. In re para. 5, recommendations -

a. Approve.

b. Get him off LIFEAT right now.

c. Concur, but liquidate LICALLA.

d. This needs some discussion. What do we do with GERENDE in the U. S.?

e. Concur.

f. Concur with reservation noted above.

g. O. K.

h. I don't see why he can't handle all these jobs since they are physical surveillances.

i. Not a bad idea.

12. Final observations:

a. What is GERENDE's cover?

b. We must be sure he is not overworked. Sloppy work has resulted from people being overworked.

c. Raymond H. GERENDE, a contract agent, uses cover provided by LI[illegible] and is responsible for LIPSTICK office number 2. GERENDE supervises the work of LI[illegible]-[illegible] who processes the film from LIMITED, LICALLA, and LILYRIC basehouses. GERENDE directs the activities of the LIEMBRACE surveillance team (a separate project discussed in [illegible]-0151). GERENDE is also responsible for the activities of the fixed surveillance basehouse, LILYRIC.

(1) LILYRIC is a second story apartment which affords a view into the right angle of the main gate of the LI[illegible] installation at an angle which photographs from the top of the heads downward. The equipment is the same as that used in LIMITED and LICALLA and the film is processed in the same way. LIEMPTY-12 lives in this apartment and is responsible for the photographic and physical surveillance. His reports supplement but do not duplicate those submitted by the LIMITED basehouse. The photographs from LILYRIC are superior in quality to those obtained from either LIMITED or LICALLA. LIEMPTY-12 is an efficient stenographer and good photographer. Also, this base offers a better position from which to take photographs.

(2) GERENDE's contacts in private investigative agencies are used to check leads from other operations. During June and July 1957 GERENDE received training at Headquarters and both he and the Case Officer feel this training has been most beneficial.

The following is the evaluation of Raymond H. GERENDE written by the instructor of foreign trainees on 12 September 1957.

1. Instruction commenced 10 June and was concluded 12 July 1957. It covered tradecraft, observation, description, casing and reporting, principles of CE and CI, elicitation and interviewing, investigative techniques. and briefings in photo and use of recording machines.

2. Trainee was know as "Ray". He was easy to work with. He was always pleasant, courteous, cheerful and seemed genuinely interested in every phase of the training. He can speak, read and write English without any difficulty.

3. Ray seemed well motivated; more Pro-American than Mexican. He possesses a strong interest in clandestine work. He is an avid reader. He demonstrated ability to apply principles he had learned from reading and study. He seemed possessed of initiative although there was a limited opportunity of observing this quality in action.

4. While Ray's duties to date apparently have not given him a wide and varied experience in clandestine activity, he seemed to grasp the material quite readily, and although in the field of CI and CE he stated he had never thought of many of their aspects as applying to him, he seemed glad of the opportunity to learn and absorbed them quite readily. He now possesses a good working knowledge of fundamental principles involved. However, it is felt that if he is to work primarily in this field, it should be under the supervision of a case officer with considerable experience and background in this type of activity.

5. As previously indicated, Ray was an avid reader. In addition to certain case studies, he read the following books:

DATE: 12 September 1957

SUBJECT: Evaluation of trainee in Special Project LIPSTICK

1. Instruction in this project commenced 10 June and was concluded 12 July 1957. It covered tradecraft, observation, description, casing and reporting, principles of CE&CI, elicitation and interviewing, investigative techniques, and TSS briefings in photo and the use of recording machines.

2. Trainee was known as "Ray". He was easy to work with. He was always pleasant, courteous, cheerful and seemed genuinely interested in every phase of the training. He can speak, read and write English without any difficulty.

3. Ray seemed well motivated; more Pro-American than Mexican. He possesses a strong interest in clandestine work. He is an avid reader. He demonstrated ability to apply principles he had learned from reading and study. He seemed possessed of initiative although there was a limited opportunity of observing this quality in action.

4. While Ray's duties to date apparently have not given him a wide and varied experience in clandestine activity, he seemed to grasp the material quite readily; and although in the field of CI&CE he stated he had never thought of many of their aspects as applying to him, he seemed glad of the opportunity to learn and absorbed them quite readily. He now possesses a good working knowledge of fundamental principles involved. However, it is felt that if he is to work primarily in this field, it should be under the supervision of a case officer with considerable experience and background in this type of activity.

5. As previously indicated, Ray was an avid reader. In addition to certain case studies, he read the following books:

"Handbook for Spies"
"The Spy Web"
"Out of Bondage"
"London Calling North Pole"
"A Spy Has No Friends"

The following films were exhibited and critiqued:

"Surveillance"

6. It is felt that Ray benefitted considerably from this course of instruction. We feel that his concept and understanding of principles of clandestine activity have been broadened and strengthened. His interest, enthusiasm and production should reflect this in his future work.

2. It is the understanding of this office that the Subject covert site was utilized for the training and housing of an agent of interest to your office in connection with Project LIPSTICK. It is further understood that motion pictures would be used as part of the training program at the site. The Subject apartment was leased in the name of Rufus KING, cleared attorney.

SUBJECT Audio Briefing

DATES TRAINED 3 July 1957 (1330 hours)

On 3 July 1957 an Audio Briefing was given to Raymond H. GERENDE. The major portion of the briefing was on the Revere T-700 tape recorder. When asked if he knew anything about recorders, GERENDE stated that he was quite familiar with the Revere T-700 as he had had some experience with this recorder when he was a disc jockey in a radio station. A step by step operation of the recorder was explained to him, the tape recorder head was explained also how the sound was recorded on the tape. The following were also explained to him: tape speeds, frequency response, footage indicator, dual tracks—how they can be used in the Revere T-700—, the mechanical section of the recorder and the amplifier.

The recorder was removed from the case by the Subject and the possible breakdown points were shown to him, the recorder and amplifier units were taken out of the case by him and the operation of the sections explained. The recorder was then put together by GERENDE.

GERENDE asked many questions relative to microphones and microphone installations. There were explained to him—carbon microphone, crystal microphone, dynamic and controlled reluctance.

He appeared to be intelligent and was interested in the subjects discussed.

4. The apartment was rented at the rate of $155 a month from 8 June 1957 onward (to be through 13 July 1957).

1. Subject is scheduled for covert training to begin Monday, 10 June 1957, and to last five weeks. Subject should arrive in Washington, if possible, on 8 or 9 June.

2. It is planned that Subject stay in a furnished apartment where he will also be trained on workdays. For food, laundry and incidentals he will be given per diem of $6. Entertainment of Subject will be conservative.

3. It is suggested that Mexico City Station provide Subject with a round-trip ticket by air. From a cover standpoint it might be wise to have Subject visit his mother's relatives in South Carolina on the way to Washington. If feasible he should create the impression that he is visiting New York City or both New York and Washington on this trip.

4. Subject's cover while in the U. S. will be that of tourist.

5. Please cable Subject's time of arrival and flight number. He will be met at the airport by the desk operations officer, "Larry." In the event the meeting is not made he should call the telephone number forwarded under separate cover and ask for "Larry." Raymond H. G[illegible] (ps)

1. Subject, Project LIPSTICK contract agent, will arrive in Washington on approximately 8-9 June 1957 for five weeks of covert training. Covert training has been arranged and a safe house obtained.

2. The matter of entertainment of Subject was discussed with Mr. Wattles, C/WH/Support, who said that entertainment of contract agents is authorised under certain conditions and that it would be permissible to entertain Subject conservatively while in Washington. He spoke to Mr. Price of the General Counsel's Office who supported this view.

3. To favorably impress Subject and to maintain his morale while in Washington, it is contemplated that the desk operations office will entertain him with dinner and drinks approximately twice a week during the first and final weeks and once a week during the intervening weeks.

ACTION REQUESTED: See paragraph 5.

1. Subject is scheduled for covert training to begin Monday, 10 June 1957, and to last five weeks. Subject should arrive in Washington, if possible, on 8 or 9 June.

2. It is planned that Subject stay in a furnished apartment where he will also be trained on weekdays. For food, laundry and incidentals he will be given per diem of $6. Entertainment of Subject will be conservative.

3. It is suggested that Mexico City Station provide Subject with a round-trip ticket by air. From a cover standpoint it might be wise to have Subject visit his mother's relatives in South Carolina on the way to Washington. If feasible he should create the impression that he is visiting New York City or both New York and Washington on this trip.

4. Subject's cover while in the U. S. will be that of tourist.

5. Please cable Subject's time of arrival and flight number. He will be met at the airport by the desk operations officer, "Larry." In the event the meeting is not made he should call the telephone number forwarded under separate cover and ask for "Larry." In the event he is still unable to make contact he should go to the National Hotel,

7. Complete biographic background of trainee:
See memorandum attached.

8. Previous intelligence training: Trained in surveillance and related techniques by his field case officer. No formalized training.

9. Project Objective: Physical surveillance in Mexico City area to obtain CE and operational information on Soviet/Satellite and Communist Party personnel, plans and activities. SECRET

10. Description of agents duties in the field: Under the direct supervision and guidance of the Case Officer, full operational and administrative responsibility and control of the following:

    a. LIPSTICK Team
    b. LIPSTICK Car #4
    c. LIPSTICK/LIMITED basehouse

    e. LIPSTICK/LIONION basehouse
    f. LIPSTICK

    In summary it can be said that the subject's principal duties are administration and operational direction of the LIPSTICK team, processing 35 to 40 rolls of 35 mm film each week, contacting agents and acting as cut-out for the Case Officer, conducting individual investigations, handling cash advances, accountings, and property.

    Description of agent's cover in the field: Gerende is perfectly covered working for LIPSTICK 19 as purchasing agent. He spends approximately three to four hours per day working on his cover duties. This cover is believed by all his friends, is durable and allows sufficient freedom for operational activity.

11. Proposed cover to be used during training: It is anticipated that subject will come to the U.S. as a tourist. Inasmuch as Gerende's mother has six sisters and three brothers living in either Columbia or Sumter, South Carolina, (as of June 1955) tourist cover for him would appear to be appropriate.

12. Student availability for training: full time.

14. Specific training subjects to be covered: Basic Tradecraft, CI/CE course, Photography, and some audio surveillance techniques.

Dr. H[illegible] KUNOV professor, University of Toronto, visited Moscow from September 1-14, 1975 to undertake research at the USSR Academy of Sciences, under the USSR/Canada General Exchange Agreement. The research was carried out at the Academy of Sciences Computer Centre, 40 Vavcoha Street. KUNOV's host was Yuriy I. TORGOV, 2nd in charge of the Computer Centre and on whom a separate personality sketch is attached.

On September 3 while having a coffee break in the Computer Centre KUNOV was approached by a man who identified himself as William MARTIN, an American who defected to the USSR in 1960. MARTIN openly spoke about his past and stated that he now lives in Moscow and that he is a consultant to TURGOV's group at the Computer Centre. He said much of his work is done at home but he does drop into the Centre weekly.

It was at this time that MARTIN told KUNOV that he would like to get out of the USSR even if he has to run certain risks. He also said that (Bernon) MITCHELL feels the same and has voiced his desire to the Soviet authorities.

MARTIN asked KUNOV if he might enquire with the Canadian authorities on his behalf to see what his status would be in this country or if there was any chance of his being allowed in here as a political refugee. KUNOV agreed to contact the Canadian Embassy in Moscow to see what the official view would be and notify MARTIN at a later date. MARTIN seemed most pleased at this and left KUNOV his home telephone number, cautioning him not to say anything over phone that would tip off the Soviet authorities as to his intentions. This first meeting lasted a little over one half hour and took place in the coffee lounge area of the Centre. There were other Soviets present in the lounge, however, TORGOV was not among them. KUNOV does not believe the others were aware of their conversation.

On the 5 September 75 KUNOV called at the Canadian Embassy, Moscow and spoke to a doorman asking him who he might speak to regarding some Americans living in the USSR who would like to immigrate to Canada. The doorman referred KUNOV to the office of a Mrs. Louise O'CONNOR. KUNOV then spoke to a U/M who stated that he was the under secretary to Mrs. O'CONNOR. KUNOV enquired about the Americans living in the USSR and asked could they be allowed to immigrate to Canada. The Embassy official would not commit himself and stated that KUNOV should enquire officially with the nearest office of Manpower and Immigration when he returned to Canada. KUNOV did not give this official MARTIN or MITCHELL's names. KUNOV telephoned MARTIN after the Embassy visit and stated that the reply from the Embassy was negative. MARTIN seemed upset that KUNOV should phone him, then he later stated that it would probably be all right.

MARTIN met KUNOV on at least two occasions after the 5 September, all at the Centre, usually in the coffee lounge and in the general presence of others. They spoke English at all times. MARTIN thanked KUNOV for his trouble in enquiring at the Embassy and cautioned KUNOV not to get personally involved with him in this venture as it would be bad news. KUNOV promised MARTIN that he would check with Canadian Manpower and Immigration authorities on the matter when he returned to Canada.

SECRET

The following observations were made by KUNOV regarding MARTIN:

(a) Physical Description

5'7' or 8" tall, fair hair, crewcut, balding at the temples, pot bellied.
- may suffer from a nervous condition, and bears the mark of a man who has experienced rough times.
- always dressed with a shirt, tie and jacket.
- spoke perfect English with a slight Russian accent on certain words.

(b) MARTIN provided KUNOV with the following home address and telephone number, cautioning him that his telephone was bugged.
- telephone number - 433-03-81

117421 Obrucheva Street
Building 4-1
Apt. 126
Moscow, USSR

(c) MARTIN stated that his friend MITCHELL lives in Leningrad and is married to the Dean of the Music Conservatory in Leningrad. MITCHELL is very unhappy and he has openly asked Soviet authorities for permission to leave Russia and return to the USA. Apparently he has never been able to adjust to the Soviet way of life and is now very desperate. MITCHELL is willing to divorce his wife and take any risk to get out of the USSR. To date however he has been met with a wall of silence by the Soviets.

(d) MARTIN is unmarried. He claims to have a comfortable apartment and feels that he has adjusted to the Soviet life and is accepted in the USSR. He does not want to return to the USA but would like to get out of the USSR. He said he would have quite a story to tell about his life in Russia as well as his past and that he would have no compunctions about telling all about the Russians. MARTIN at one point stated that he would not consider attempting to escape from the USSR.

(e) MARTIN claims that he is constantly harrassed by Soviet officials. His apartment has been broken into on several occasions and he refused to use the Soviet mail system. He has also refused to show up for work in the past as a form of protest. MARTIN also indicated that he has had several contacts with Americans in Moscow and that they have not shown any animosity towards him. He actually dated an American woman for some time but did not mention her name.

(f) MARTIN stated that in the past American journalists have tried to contact him many times, asking for interviews but their requests have been refused by Russian authorities. He said he hoped some day that one of these journalists would be able to just knock on his door and talk to him.

SECRET

TORGOV and KUNOV spoke in general terms about MARTIN after the first meeting. TORGOV does not claim to know MARTIN well. MARTIN has been at the centre for approximately 6 to 8 months assigned to TORGOV's group. Prior to that he worked as a consultant in another area of the Academy of Sciences. TORGOV commented that MARTIN does much of his work at home. He said he felt sorry for MARTIN because he was not accepted by the Russians in the Academy. He also stated that he felt MARTIN was a basically honest man.

KUNOV said his motives for trying to assist MARTIN and MITCHELL are based on huminatarian grounds, only, as he feels they are suffering under the Soviet system. He does not intend to take any further action to assist them in leaving the Soviet Union. KUNOV hopes to return to the Soviet Union next year for a more extended period of study.

Re: [illegible] Igoryevich TORGOV

TORGOV, DOB 6 June, 1932 Vitebsk, USSR, Head of Laboratory, Computer Centre, Academy of Sciences, Moscow, was a visiting professor in Toronto and Ottawa, Canada, for four months - November 1974 to February 1975.

A number of sources were impressed by TORGOV's frankness and his willingness to speak out, at social gatherings, on current problem areas in the Soviet system. For example he discussed dissidents in Soviet society and commented on one occasion that present day Soviet society allowed for far greater freedom of expression than had been allowed previously. He said that things were being said in Moscow that one would never have heard in Stalin's era. Nevertheless, TORGOV argued that a return to "terror tactics" under Soviet rule was always possible. He considered that such tactics were unlikely at this time because of the personal philosophy of Premier Leonid BRESHNEV.

TORGOV is reported to be the son of a scientist and party member and he himself is an admitted party member. He is married with three children. He is considered to be one of the top experts on his field (computers) in the Soviet Union. He mentioned having travelled to other Western countries two or three times. His English is good. He was very friendly towards Canadians during his visit but it was observed that he did not associate with three other Soviet research students at the same institution. On one occasion in Ottawa he was berated quite severely by a Soviet Embassy official for his failure to report periodically, as required, to the Embassy. TORGOV later told a source that this Embassy official "could be a dangerous man to your country".

Re: W.H. MARTIN and B.F. MITCHELL

Dr. Hans KUNOV professor, University of Toronto, visited Moscow from September 1-14, 1975 to undertake research at the USSR Academy of Sciences, under the USSR/Canada General Exchange Agreement. The research was carried out at the Academy of Sciences Computer Centre, 40 Vavcoha Street. KUNOV's host was Yuriy I. TORGOV, 2nd in charge of the Computer Centre and on whom a separate personality sketch is attached.

On September 3 while having a coffee break in the Computer Centre KUNOV was approached by a man who identified himself as William MARTIN, an American who defected to the USSR in 1960. MARTIN openly spoke about his past and stated that he now lives in Moscow and that he is a consultant to TURGOV's group at the Computer Centre. He said much of his work is done at home but he does drop into the Centre weekly.

It was at this time that MARTIN told KUNOV that he would like to get out of the USSR even if he has to run certain risks. He also said that (Bernon) MITCHELL feels the same and has voiced his desire to the Soviet authorities.

MARTIN asked KUNOV if he might enquire with the Canadian authorities on his behalf to see what his status would be in this country or if there was any chance of his being allowed in here as a political refugee. KUNOV agreed to contact the Canadian Embassy in Moscow to see what the official view would be and notify MARTIN at a later date. MARTIN seemed most pleased at this and left KUNOV his home telephone number, cautioning him not to say anything over phone that would tip off the Soviet authorities as to his intentions. This first meeting lasted a little over one half hour and took place in the coffee lounge area of the Centre. There were other Soviets present in the lounge, however, TORGOV was not among them. KUNOV does not believe the others were aware of their conversation.

On the 5 September 75 KUNOV called at the Canadian Embassy, Moscow and spoke to a doorman asking him who he might speak to regarding some Americans living in the USSR who would like to immigrate to Canada. The doorman referred KUNOV to the office of a Mrs. Louise O'CONNOR. KUNOV then spoke to a U/M who stated that he was the under secretary to Mrs. O'CONNOR. KUNOV enquired about the Americans living in the USSR and asked could they be allowed to immigrate to Canada. The Embassy official would not commit himself and stated that, KUNOV should enquire officially with the nearest office of Manpower and Immigration when he returned to Canada. KUNOV did not give this official MARTIN or MITCHELL's names. KUNOV telephoned MARTIN after the Embassy visit and stated that the reply from the Embassy was negative. MARTIN seemed upset that KUNOV should phone him, then he later stated that it would probably be all right.

MARTIN met KUNOV on at least two occasions after the 5 September, all at the Centre, usually in the coffee lounge and in the general presence of others. They spoke English at all times. MARTIN thanked KUNOV for his trouble in enquiring at the Embassy and cautioned KUNOV not to get personally involved with him in this venture as it would be bad news. KUNOV promised MARTIN that he would check with Canadian Manpower and Immigration authorities on the matter when he returned to Canada.

/.

The following observations were made by KUNOV regarding MARTIN:

(a) Physical Description

5'7' or 3" tall, fair hair, crewcut, balding at the temples, pot bellied.
- may suffer from a nervous condition, and bears the mark of a man who has experienced rough times.
- always dressed with a shirt, tie and jacket.
- spoke perfect English with a slight Russian accent on certain words.

(b) MARTIN provided KUNOV with the following home address and telephone number, cautioning him that his telephone was bugged.
- telephone number - 433-03-81
117421 Obrucheva Street
Building 4-1
Apt. 126
Moscow, USSR

(c) MARTIN stated that his friend MITCHELL lives in Leningrad and is married to the Dean of the Music Conservatory in Leningrad. MITCHELL is very unhappy and he has openly asked Soviet authorities for permission to leave Russia and return to the USA. Apparently he has never been able to adjust to the Soviet way of life and is now very desperate. MITCHELL is willing to divorce his wife and take any risk to get out of the USSR. To date however he has been met with a wall of silence by the Soviets.

(d) MARTIN is unmarried. He claims to have a comfortable apartment and feels that he has adjusted to the Soviet life and is accepted in the USSR. He does not want to return to the USA but would like to get out of the USSR. He said he would have quite a story to tell about his life in Russia as well as his past and that he would have no compunctions about telling all about the Russians. MARTIN at one point stated that he would not consider attempting to escape from the USSR.

(e) MARTIN claims that he is constantly harrassed by Soviet officials. His apartment has been broken into on several occasions and he refused to use the Soviet mail system. He has also refused to show up for work in the past as a form of protest. MARTIN also indicated that he has had several contacts with Americans in Moscow and that they have not shown any animosity towards him. He actually dated an American woman for some time but did not mention her name.

(f) MARTIN stated that in the past American journalists have tried to contact him many times, asking for interviews but their requests have been refused by Russian authorities. He said he hoped some day that one of these journalists would be able to just knock on his door and talk to him.

SECRET

TORGOV and KUNOV spoke in general terms about MARTIN after the first meeting. TORGOV does not claim to know MARTIN well. MARTIN has been at the centre for approximately 6 to 8 months assigned to TORGOV's group. Prior to that he worked as a consultant in another area of the Academy of Sciences. TORGOV commented that MARTIN does much of his work at home. He said he felt sorry for MARTIN because he was not accepted by the Russians in the Academy. He also stated that he felt MARTIN was a basically honest man.

KUNOV said his motives for trying to assist MARTIN and MITCHELL are based on huminatarian grounds, only, as he feels they are suffering under the Soviet system. He does not intend to take any further action to assist them in leaving the Soviet Union. KUNOV hopes to return to the Soviet Union next year for a more extended period of study.

Re: Yuriy Igoryevich TORGOV

TORGOV, DOB 6 June, 1932 Vitebsk, USSR, Head of Laboratory, Computer Centre, Academy of Sciences, Moscow, was a visiting professor in Toronto and Ottawa, Canada, for four months - November 1974 to February 1975.

A number of sources were impressed by TORGOV's frankness and his willingness to speak out, at social gatherings, on current problem areas in the Soviet system. For example he discussed dissidents in Soviet society and commented on one occasion that present day Soviet society allowed for far greater freedom of expression than had been allowed previously. He said that things were being said in Moscow that one would never have heard in Stalin's era. Nevertheless, TORGOV argued that a return to "terror tactics" under Soviet rule was always possible. He considered that such tactics were unlikely at this time because of the personal philosophy of Premier Leonid BRESHNEV.

TORGOV is reported to be the son of a scientist and party member and he himself is an admitted party member. He is married with three children. He is considered to be one of the top experts on his field (computers) in the Soviet Union. He mentioned having travelled to other Western countries two or three times. His English is good. He was very friendly towards Canadians during his visit but it was observed that he did not associate with three other Soviet research students at the same institution. On one occasion in Ottawa he was berated quite severely by a Soviet Embassy official for his failure to report periodically, as required, to the Embassy. TORGOV later told a source that this Embassy official "could be a dangerous man to your country".

Dear Harry,

We have learned that on the evening of 8 September 1975, James WILKINSON of the U.S. Embassy in Moscow had a conversation of interest with a Canadian Embassy Officer. Wilkinson stated that while attending a social function at the Australian Embassy, he engaged Canadian Consular Officer Geoffrey FARROW in conversation. Farrow advised that he had been recently approached by Dr. Harry KERNOV, an Associate Professor of English at the University of Toronto in Canada, regarding American defectors Bernon F. MITCHELL and William H. MARTIN. Kernov implied that he had had recent personal contact with one or both of the defectors and recommended that the Canadian government give Martin and Mitchell permission to emigrate to Canada. Farrow furnished no further details regarding Kernov's contact.

During the same conversation Farrow asked Wilkinson if he could supply any basic background material on Mitchell and Martin. Wilkinson replied that he would pass Farrow's request on to the Consular Section of the Embassy. Subsequently, Farrow was given an unclassified article concerning the defectors which appeared in the June 1961 issue of True magazine.

We would, of course, be interested in any indications that Martin and Mitchell are attempting to leave the USSR and would be grateful for any information you may be able to provide us in regard to the above.

I am using the CAZAB channel in this instance as this information has been passed to us informally.

Yours,

George T. Kalaris

MEMORANDUM FOR: Federal Bureau of Investigation

SUBJECT: Bernon Ferguson MITCHELL,
William Hamilton MARTIN,
Espionage - R

1. Reference is made to our memorandum of 17 July 1961, captioned as above, and also to Bureau letter dated 13 June 1961, addressed to the Director, National Security Agency, with copy to this Agency, Subject: "Bernon Ferguson MITCHELL, William Hamilton MARTIN, MISCELLANEOUS - INFORMATION CONCERNING".

2. The following information supplements the material on Nicolas Georges DAMASCOU aka DAMASKOU aka DAMASKOS aka DAMASCUS, reported in paragraph 4 of our 17 July 1961 memorandum, referenced above.

a. Our representatives in Melbourne advised that Australian Security Service indices reflect that Nicolas Georges DAMASCOU aka DAMASCOS, Greek national born 10 March 1921 at Alexandria, Egypt, arrived in Sydney, Australia, for permanent residence on 24 October 1956, aboard the S. S. STRATHNAVER, traveling on Greek Passport No. 2063/1949, issued 8 March 1949 at Alexandria, Egypt. At the time of his arrival in Sydney, DAMASCOU was in possession of Australian Visa No. 4232, issued in Cairo on 18 July 1956. He was described as follows: single, 5 feet 10 inches tall, normal build, brown eyes, black hair, occupation "writer". He departed Australia on 25 May 1960 aboard the S. S. ORONSAY, destination not indicated, and as of 18 July 1961 had not re-entered Australia.

b. Our representatives in Mexico City meanwhile had learned that Anastasia Georges DAMASCOU aka DAMASCUS, sister of the above, on 8 July 1960 applied at the Mexican Consulate in San Antonio, Texas, for a Mexican Tourist Card to enter Mexico to visit her brother Nicolas Georges DAMASCUS, then residing at the Hotel

New York to Mexico City. At the time of her application for an entry permit, she made no mention of any wedding plans. The Mexican Government approved her trip on condition that she deposit with the Consulate a 10,000 Peso bond, as a guarantee of her intention to depart Mexico upon expiration of her tourist card. Mexican Immigration files contain no record of her actual arrival in Mexico following approval of her 8 July 1960 application. The most recent correspondence on this case contained in Mexican files is dated 15 February 1961, reflecting that Anastasie DAMASCOU again requested a Tourist Card on or about the date of the letter, at which time her address in the United States was given as c/o Mexican Consul, San Antonio, Texas. In reply to her second application for an entry permit, Mexican authorities again replied with a request that she post a bond in the amount of 10,000 Pesos, to guarantee departure from Mexico upon expiration of her tourist visa. There is no further information currently available on her further travel plans.

c. With reference to Nicolas Georges DAMASCOU, on basis of the information reported in preceding paragraph, a recheck by our representatives with officials of the United States Embassy in Mexico City revealed that Nicolas Georges DAMASKOU, born 10 March 1931 at Alexandria, Egypt, holder of Greek Passport 1953 issued in Alexandria, Egypt, on 5 March 1949 and valid to 29 April 1961, with address of 3 Elizabeth Bay Road, Elizabeth Bay, Sydney, Australia, was the recipient of a United States Visa on 12 October 1960. On his application, DAMASKCU indicated that he desired to visit the United States for a period of four months, described as a pleasure trip to visit his sister. His visa application did not include any destination address in the United States. It was also noted that the visa card maintained on Nicolas DAMASKOU in the Embassy in Mexico City contains a notation "I-633 to Immigration and Naturalization Service, Los Angeles, May 29 1961."

d. Through a reliable confidential source our representatives in Egypt had learned in the interim that Nicolas DAMASCOU, who is identical with the individual described in preceding paragraphs, currently resides in Los Angeles, California, at 1430 North Gardner, Apartment 18, and that he advised his mother and younger brother, still residing in Alexandria, that he plans to marry the daughter of an American official, who is not further identified. The same source also advised that Georges DAMASCOU aka DAMASKOU, father of Nicolas and Anastasie DAMASCOU aka DAMASCUS, died during the summer of 1960. Following the demise of the father, Angelika DAMASCOU nee SAVOURAS, widowed mother of Nicolas and Anastasie

DAMASCOU, in company of a younger son not identified by name, had planned to emigrate from Egypt to join her son Nicolas in the United States. However, prior to the realization of these plans, Angelika DAMASCOU suffered a stroke, exact details concerning which are not known, but she is reported as of this writing still to be paralyzed and obviously is unable to travel. No further information was available on the possible future emigration plans of Angelika DAMASCOU nee SAVOURAS and/or of the unidentified younger brother of Nicolas DAMASCOU and of Anastasie DAMASCOU.

c. On basis of the reported filing of an application for a United States Visa in July 1956 at the U.S. Embassy in London by Anastasie DAMASCOU, our representatives in London were requested to initiate a check of British liaison indices in the names of Nicolas DAMASCOU and of Anastasie DAMASCOU. MI-5 advised that as of late July 1961, they held no traces on Nicolas Georges DAMASCOU aka DAMASKOU aka DAMASKOS aka DAMASCUS, but that although they had no traces on Anastasie DAMASCOU, they were continuing to check her possible residence in London during 1956, based on the reported visa application date. MI-6 advised that they held no traces on either Nicolas Georges DAMASCOU aka DAMASKOU aka DAMASCUS or on his sister Anastasie Georges DAMASCOU.

3. It is suggested that the indices of the Department of State, Visa Section as well as the indices of the Immigration and Naturalization Service, Department of Justice, may contain further detailed information on the current immigration status, whereabouts in the United States, and also the contacts in the United States of Nicolas Georges DAMASCOU aka DAMASCUS, of Anastasie Georges DAMASCOU aka DAMASCUA, and any other members of the family who may have applied for entry visas from abroad.

4. With regard to Justo SIERRA Casasus, mentioned in above referenced memorandum of 17 July 1961 as a contact of Nicolas DAMASCOU aka DAMASCUS, it is suggested that the indices of the Department of State may contain additional information on his activities during his service at the Mexican Embassy in Washington, D.C.

5. The information reported above is for the internal use of

c. Further inquiries in Mexico by our officials there revealed that Nicolas DAMASCUS had been ordered to leave Mexico in October 1960 solely because of the expiration of his tourist card, which had been once extended. Mexican Records fail to show that he returned to Mexico, following his entry into the United States at Brownsville, Texas, from Matamoros, Tamaulipas on 24 October 1960. Upon arrival in Mexico on 22 June 1960, he indicated that the purpose of his visit was to attend the wedding of his sister, Anastasia, identified in preceding paragraph, however, as of 21 June 1961, there was no record of Anastasia DAMASCUS aka DAMASCOU in official Mexican Files, and there was as yet no identification of the individual she was alleged to have been scheduled to marry. From the same source it was learned that for the period 22 June through 6 September 1960, the only address listed in official indices for Nicolas DAMASCUS is c/o Justo SIERRA, Reforma 95-407, Mexico City, which is the law office maintained by Justo SIERRA Casasus, former Counselor of the Mexican Embassy in Washington, D.C., and who is further identified in the documents cited in paragraph 1. c. through h. above. DAMASCUS reportedly used SIERRA to attempt to obtain an extension of his tourist permit, although the details of his contacts with and knowledge of SIERRA himself are not known at this time. Neither has it been possible as of this date to verify the reported contact between Nicolas DAMASCUS and Subjects at the Hotel New Yorker, as reported by Mr. Thomas CONLON. Investigation efforts abroad by this Agency are continuing, however, and any further information developed will be forwarded as soon as available.

9. In light of the escape route used by the two NSA defectors, transitting Mexico and presumably Cuba enroute to the USSR, your particular attention is invited to the information concerning the contacts and views of Justo SIERRA Casasus furnished in the reports cited in paragraph 1. e., f., and g. above. It is noted Justo SIERRA Casasus is identical with the Senor Don Justo SIERRA, First Secretary at the Embassy of Mexico, mentioned in Bureau Reports cited in paragraph h. above as a contact of Boris A. KAZANTSEV, First Secretary of the Soviet Embassy in Washington from 1952-54. It is further noted that Boris KAZANTSEV, after returning to Moscow in 1954 and assuming the post of First Secretary in the Latin American Division of the USSR Ministry of Foreign Affairs, was next assigned from 1955 to 1957 as First Secretary and subsequently Counselor of the Soviet Embassy in Mexico City, and that as of 1960 he was assigned to the Soviet Embassy in Havana, Cuba, in the position of Counselor, departing Havana for Mexico, in company of his wife and daughter, on 30 June 1961, and then proceeding to Canada on 2 July 1961.

f. Teletyped Information Report from this Agency, dated 9 April 1959, Report No. TDCS-3/639,947, Subject: Contacts Between Fidel CASTRO Ruz and Lazaro CARDENAS .

g. Intelligence Report of this Agency dated 7 September 1956, Report No. CS-102629, Subject: Marxist Indoctrination of the Partido Popular .

h. Bureau Report dated 17 June 1954, prepared at Washington, D.C. by Special Agent Boyd D. Adsit, captioned: Soviet Cultivation of Latin American Diplomats - Internal Security - R' and Bureau letter of 21 August 1954, addressed to this Agency, forwarding as Enclosure Washington Field Office Report of 16 August 1954, prepared by Special Agent William C. Cregar on the same subject. Bureau File Reference: 105-22386. (Not to NSA)

2. Since the writing of our memorandum of 14 June 1961, (cf. para 1.a. above), the following supplementary information has been developed concerning Nicolas Georges DAMASCUS aka DAMASKOS, who is a contact and client of Justo SIERRA Casasus, mentioned in the communications referenced in paragraphs 1. c. through h. above.

a. Nicolas Georges DAMASCUS reportedly is officially listed in Egypt under the name of Nicolas George DAMASCOU, born 10 March 1931 at Alexandria, the son of George DAMASCOU and Angelika DAMASCOU nee SAVOURAS. He is a Greek national and holds Greek citizenship. From 1947 through 1957, he resided at 57 Heliopolis Street in Alexandria. [Representatives of this Agency in Alexandria] advise that local available records indicate that as of May 1959, Nicolas DAMASCOU resided at 6 Birtley Place, Elizabeth Bay, Sydney, Australia, and that he listed his occupation as that of Clerk. Our field records indicate that as of May 1959, the United States Consulate in Sydney had some interest in him, and it is suggested that the indices of the Department of State may contain further information concerning this individual.

b. Anastasie (or Anastasia) George DAMASCUS aka DAMASCOU, sister of Nicolas DAMASCUS, above, was born March 1933, place of birth not indicated but presumably Egypt, was identified by [our representatives in Alexandria] as having filed application for a United States Visa at London, England in July 1956, listing her occupation as that of entertainer. It is suggested that the Visa Files of the Department of State may contain additional information on this individual.

4. The records of this Agency indicate that Boris A. KAZANTSEV is a known Soviet Intelligence Officer, most probably representing Soviet State Security (KGB). It is requested that any further information which may be reflected in the indices of your Bureau, or those of information addressees, reflecting upon the relationship of Nicolas Georges DAMASCUS aka DAMASCOU and his sister Anastasia Georges DAMASCUS aka DAMASCOU with Justo SIERRA Casasus, on the latter's contacts with representatives or agents of the CASTRO government in Cuba, or on SIERRA's continued contacts with KAZANTSEV or other suspect Soviet officials or agents in this country or elsewhere be forwarded to this Agency as quickly as possible. A request along the same lines has already been forwarded to our representatives in Mexico City, and you will be kept advised of any further information which may be developed in this regard.

COMMENTS RE DEROGATORY TRACES
ATTACHMENT TO FORM 772

1. A POA was requested on Subject in January 1968 for his use as a penetration of Venezuelan General Directorate of Police. Cancellation was requested in February 1968 because of indications that Subject was involved in "clandestine sabotage activity and suspicions that Subject failed to report his activities to CIA. Thereafter, Subject was treated as a "hostile". In the ensuing months Subject was described as "an extremely valuable penetration" because of his important and accurate intelligence information and operational reports. Subject was given a polygraph examination to clear up questions about possible affiliation with Cuban intelligence, unreported association with gangster elements, etc. His responses showed no information which would prevent CIA using him for ops purposes. Request for POA was again requested on 7 September 1968. This POA request was turned down on 15 October due to Subject being an "agent of a foreign power."

2. Since that time Subject has continued to provide verbal and written information reports concerning Communist and subversive elements, guerrilla activities, Soviet activities, sabotage, etc. Subject continues to report accurately and often and has a very pro-U.S. attitude. Subject was again polygraphed on 29 November 1971 (a copy of which is contained in Subject's CI/OA folder). His responses indicated no deception concerning truthfulness of reporting to CIA, no compromise of his U.S. Government connections, non-involvement in illegal arms dealings, etc.

MEMORANDUM FOR: Director of Training
Attention: Chief, Covert Training OS/TR

SUBJECT : Covert Training Requirement for Station Caracas, Project CIFLUTE

REFERENCE : CSI No. 25-5

1. With regard to previous discussions between WH/3/Venezuela and Chief, Covert Training Branch, it is hereby requested that two instructors be assigned on TDY status to Station Caracas for the purpose of conducting operational training for selected members of the Directorate General of Police (DIGEPOL) and the Central Documentation Service (SDC). Names of the training candidates are included on a separate sheet attached to this memorandum.

2. This training program has been initiated at the direct request of senior Venezuelan liaison officers associated with Station Caracas. A general description of the situation, subject matter and identification of possible problem areas has been forwarded to you in the form of HVCA-16550, 9 May 1969.

3. Project CIFLUTE, under which this training will be conducted, was approved on 8 March 1963 and covers all liaison conducted by Station Caracas with the Venezuelan security services.

4. In this training program, we hope to attain several objectives. First, through training selected members of DIGEPOL and SDC we wish to present sound operational methods and techniques which will impress the trainees and serve as a guide to them in improving their operations. Secondly, it is desired to improve Station Caracas' liaison relationship with these services by presenting a highly professional training program. Third, we hope that through this good will, the Station will be able to develop potential unilateral agent recruits who will become penetrations of the Venezuelan services.

5. All of the trainee candidates (see attached list) are members of DIGEPOL and SDC. The first four individuals listed have extensive intelligence backgrounds and are experienced

operations personnel. The remaining six trainees may be assumed to have moderate experience - more in the field of law enforcement and police investigations rather than intelligence operations. 201 files are available at the desk on each individual and we will make these files available to the instructors to give them an idea of each individuals background.

6. Trainees will be available on a full time basis. A secure building has been obtained by the liaison services for exclusive use by instructors during the training cycle. Training will have to be conducted in Spanish.

7. Although evaluations on all trainees are desired, the last six individuals listed will require more attention since our relationship with these men is new and less is known about them. Station Caracas will provide guidance in this area. An additional point of interest would be any individual among this group who might have potential as an instructor.

8. Follow-up training and/or technical training will be based on instructor and Station recommendations. At this time we have no information on what, if any, technical skills the trainees have.

MEMORANDUM FOR THE RECORD	DATE 1[illegible] 1963
SUBJECT	FILE NUMBER 201-300985

I asked Jack Gower, WH/4, to come down and discuss his request for a POA/OA on AMCLEVE-15.

The latter (AM-15) is being handled as "in hostile", under CSI F 10-15 (Sec 19) as authorized by Frank Hughes, CI/Ops/WH, and [illegible], AC/WH/Four, with the restrictions that there be "no joint operations, nor requirements levied on him." (See [illegible] 71540).

I referred Gower to CSI F 10-5 (Sec 19) in which the HCP bars the processing of a POA/OA on such an individual (an agent of a foreign power) as meaningless since the decision is an operational one. Thus, we could not process his request. I called him down so that I could brief him orally and make sure that he understood. He said that he did now. I told him I would confirm this in writing.

I pointed out that the Station already had the approval to use him under Section 19, subject to the Division's (WH) and CI/Ops agreed restrictions. It looks as though the Station wants these restrictions eased; therefore, those who agreed to the original restrictions (WH Division and CI/Ops) should be appealed to.

Subject is being used in place of [illegible] of the [illegible] service.

Gower said that WH/4 had not been in touch with CI/Ops about easing or changing the restrictions since they were agreed on and levied on 1 Feb 1963.

MEMORANDUM FOR: CI/OA

SUBJECT : AMCLEVE-15 (201-300985)

1. Subject, a Cuban now living in Caracas, Venezuela, is a Station Caracas penetration of the Venezuelan General Directorate of Police and of the Special Group, a smaller, somewhat autonomous unit within DIGEPOL. A POA was requested on Subject on 25 January 1968, to use Subject as stated above. On 1 February 1967, WH/3/V requested cancellation of the POA request because of indications that Subject was involved in clandestine sabotage activity and there were suspicions that he had failed to report his activities to CIA or DIGEPOL. Station Caracas was directed to handle Subject as a "hostile". The Station was advised that they could maintain contact with Subject as a source of information on activities of DIGEPOL and the Special Group but that no requirements were to be levied on him. The Station was advised that they could make spot payments for information received from Subject. CI/OPS co-ordinated on these directions to Station Caracas.

2. The Station acknowledged their instructions but demurred on Headquarters' interpretation of AMCLEVE-15's activities. The Station stated, in effect, that assets are often unsavory individuals, who are never under complete control and who seldom disclose the complete range of their activities to their supervisors. The Station added that they were interested in Subject because of his position as a "trusted confidant" of certain highly placed Venezuelan security officials.

3. In the ensuing months the Station came to describe Subject as "an extremely valuable penetration" because of the intelligence information and operational reports he furnished. For example, he reported on the involvement of the Venezuelan military in a Cuban exile plan to attack Cuba. And, he also reported on a plan of Cuban exiles to ship arms from Venezuela

as part of an infiltration scheme. He has reported such operational information as a description of the capabilities, layout and equipment of DIGEPOL telephone tap operations. Included in this information was his report that, at least on paper, the U.S. Embassy was a target for tap operations. He has also reported on the personalities and workings of the organizations with which he is associated. At the same time the Station had an independent report that Subject was involved in a scheme to obtain "curare poison for approximately forty hypodermic needles". To avoid exposing the source of their information the Station did not query AMCLEVE-15 about the matter. The Station said that they disapproved of his involvement in wild Cuban exile schemes but that Headquarters restrictions in February 1968 prevented the Station from discussing this involvement with him.

4. In May 1968, the Station informed Headquarters that they believed that Subject was collaborating fully with CIA and, further, they believed that he would not expose, inform, or work against CIA. They added that Subject was still capable of engaging in independent Cuban exile activity without informing his Case Officer. The Station also requested a polygraph examination for Subject. √

5. Subject was given a polygraph examination to resolve specifically his bona fides, possible affiliation with Cuban Intelligence through relatives, unreported association with gangster elements, thefts from WOFIRM and other questions involving possible derogatory information on Subject. Subject's responses, described as substantially truthful by the examiners, appear to contain no information which would prevent CIA's operational use of Subject. On only one question, that involving Subject's association with an alleged racketeer, Lefty Rosenthal, did sensitivity persist. The examiner commented, "...In fairness to Subject this sensitivity is believed generated by genuine uncertainty over the amount of Para military items which he had been instrumental in getting for Rosenthal from Cuban exile arms supplies."

6. Station Caracas has requested that they be allowed to cease treating AMCLEVE-15 as a "hostile" and that he be processed for POA/OA to permit more effective utilization of this well placed penetration agent. WH Division endorses the Station's request.

1. ON 5 FEBRUARY 1968 GUSTAVO (ORTIZ) FAEZ CONTACTED AMSHADY-1 IN MIAMI. ORTIZ INTRODUCED HIMSELF AS EMPLOYED BY DIGEPOL. HE TOLD AMSHADY-1 THAT INSURGENCY IS NOW BUILDING UP IN URBAN AREAS AND WITHIN THE UNIVERSITIES IN VENEZUELA AND THAT CUBANS ARE INVOLVED. HE SAID THAT DIGEPOL HAS INFORMATION THAT CAPTAIN LESTER RODRIGUEZ AND COMANDANTE TONY CASTELLS, BOTH OF THE CUBAN REBEL ARMY, ARE IN VENEZUELA OR EN ROUTE THERE FROM CUBA. HE ADDED THAT THE PROBABLE COORDINATOR OF THE URBAN TERRORISM IS A VENEZUELAN WOMAN WHO IS USING THE WAR NAME SUSANA BUT THAT DIGEPOL HAS BEEN UNABLE TO IDENTIFY HER FURTHER.

AMCLEVE-15
201-300785

2. ORTIZ SAID THAT HE WAS TO BE IN MIAMI ONLY A SHORT WHILE AND HE WANTED FROM AMSHADY-1 WHATEVER INFO SHE HAD OR COULD GET ON CURRENT CUBAN INVOLVEMENT IN INSURGENCY IN VENEZUELA. HE ALSO SAID THAT DIGEPOL WAS PLANNING TO TRAIN SELECTED UNIVERSITY STUDENTS, INCLUDING FEMALES, AS PENETRATION AGENTS AND HE ASKED AMSHADY-1 IF SHE WOULD BE

PAGE-2 JMWAVE 1213 S E C R E T

INTERESTED IN GOING TO VENEZUELA, TEMPORARILY AT LEAST, AS A TRAINER.

3. AMSHADY-1 MADE IT CLEAR TO THE JMWAVE CASE OFFICER THAT SHE IS WILLING TO COOPERATE IN ANY WAY WITH LEGITIMATE EFFORTS TO THWART CUBAN SPONSORED INSURGENCY INCLUDING THE POSSIBILITY OF TRIPS TO VENEZUELA AND ELSEWHERE ON TRAINING MISSIONS. SHE REPORTED THAT SHE TOLD ORTIZ THAT SHE HAD NO NEW INFORMATION CONCERNING CUBANS IN VENEZUELA AND SAID SHE HAD NEITHER ACCEPTED NOR REJECTED THE TRAINING OFFER, WHICH SHE FELT TO BE MERELY TENTATIVE. SHE DID AGREE, HOWEVER, TO KEEP IN TOUCH WITH ORTIZ FOR WHICH PURPOSE HE GAVE AMSHADY-1 A POST OFFICE BOX NUMBER, HIS ADDRESS AND TELEPHONE NUMBER IN CARACAS.

4. JMWAVE REQUEST ADDEES COMMENTS ON THIS DEVELOPMENT AND ANY INDICATION OF OPS INTEREST IN AMSHADY-1 COLLABORATION WITH DIGEPOL ALONG THESE LINES.

MEMORANDUM FOR: Chief, CI/OA

SUBJECT : Luis Clemente POSADA Carriles 201-300985

1. It is requested that a Provisional Operation Approval be granted for the use of subject as a penetration agent into DIGEPOL and the Remberto UZCATEGUI Bruzual organization. The Caracas Station has requested that processing be expedited.

2. The Caracas Station has reviewed Subject's file and the documents sent by Headquarters and sees nothing that would preclude the use of Subject as a penetration of DIGEPOL. (copy attached)

3. Significant information in Subject's file concerns his two brothers who are currently in Cuba and his relations with a well known Miami gangster. One brother, Roberto POSADA Carriles, a suspect DSE official, is the Cuban Telephone Company supervisor for Area Norte, including Havana City. Subject has not seen either brother since he left Cuba in 1961. Subject has also been in contact with a well known gangster "Lefty" Rosenthal in the Miami area. Both JMWAVE and the FBI were aware of this contact which was maintained at the latter's request.

3. IT MAY BE NECESSARY FOR STATION TO WORK WITH FERNANDEZ IF HE APPOINTED CHIEF, DIGEPOL BUT FEEL THAT SENSITIVE OPS SHOULD CONTINUE BE HANDLED WITH CIWOODS OR UNILATERALLY. IT IS TRUE THAT FERNANDEZ COOPERATED WITH STATION DURING HIS PREVIOUS TOUR AND APPEARED NOT BE ANTI-WOFACT BUT HIS GENERAL GREEDINESS AND LACK OF SCRUPLES MAKE HIM AN UNSAVORY PARTNER TO DEAL WITH AT THAT LEVEL.

4. IF STATION DOES NOT HAVE ABOVE DOCUMENTATION HQS WILL FORWARD. WILL DISCUSS FERNANDEZ WITH COS ON HIS ARRIVAL HQS.

END OF MESSAGE

WH COMMENT: *COS, Minit and Erasto Fernandez Betancourt, for DC/Digepol met to discuss colaboration between Station and Digepol. Not clear if Fernandez to be new Chief. While F has bad rep not clear why. Fernandez was cooperative with Station previous time no clear indications he enriched himself by accepting bribes from left. Station would work slowly until full assessment acquired. Asked WAVE to work closely with AMCLEVE-15 during Fernendez stay in Miami to collect info on latter.

C. Cox, WH/3/V, called about status and what was needed to do for an approval.

Was told that last investigations were run in 1965, thus needed updating of all info + traces since 1965 and a POA/OA request.

His previous OA was cancelled in Aug. 1967; yet all negotiations etc. re Venezuela we have been carried on since then.

AMBASSADOR FREEMAN ATTACKED BY SIEMPRE FBIS No. 85, 30 Apr 64

Mexico City Correspondent's Dispatch in Spanish to PRENSA LATINA Havana 1910 GMT 25 April 1964--E (FOR OFFICIAL USE ONLY)

(Excerpt) Mexico City--In an article in the Mexico City magazine SIEMPRE on 25 April, Victor Rico Galan writes that U.S. Ambassador Fulton Freeman made a statement to the press about Cuba and Brazil. "In a violent style that seems to come from the caverns of the John Birch Society, he (criticized?) the constitutional government of Joao Goulart and the Cuban Revolution. He talked like a soapbox orator, as if issuing a political proclamation, forgetting that Mexico maintains friendly relations with the Cuban Government and did have very close relations with the deposed Brazilian President. Mr. Freeman behaved like a savage guest who spits on his host country.

"This is no great cause for surprise. U.S. ambassadors are constantly interfering in our domestic affairs as if it were the most natural thing. They feel as if they were on conquered ground, and act less like ambassadors than proconsuls who owe no consideration or explanation to anybody, as if this country belonged to them and they enjoyed boundless privileges.

"The surprising thing is that nobody has protested: the insult to Mexico has been passed over in absolute silence. Worse things will obviously come. No sooner does he arrive in Mexico than Mr. Freeman arrogates the right to shout anything he pleases, because Washington has become impatient with Mexico's independent policy, and the Texan style of the Johnson-Mann team (is?) alien to the relative tolerance of the Kennedy 'intellectuals.' Freeman comes to exert pressure violently and announces at the start that he is ready for anything. It is the policy of international gangsterism that requires the conduct of a bully in those who pursue it."

Further on, the writer says: "Either these saloon ruffians are stopped short or nobody will be able to stand them. That is why it is serious that nobody has raised his voice to teach Freeman some manners, and that, on the contrary, General Olachea, secretary of defense, should have paid him honors with all his general staff without daring to point out to him that this is an independent country and that proconsuls and viceroys are not allowed here.

"Every U.S. ambassador who comes to Mexico makes his predecessor look good by comparison, but at least in the beginning all try to make themselves liked. But not Fulton Freeman. He comes with sullen looks, raising his voice so nobody can be mistaken. He shows his hand right at the start and announces that he is not going to try to convince anybody but will give orders. This indicates quite clearly that the State Department thinks it has been too patient and feels circumstances are ripe for acting tough and violently."

HE ALSO MADE A SIMILAR APPROACH TO A NICARAGUAN GUERRILLA LEADER. (HEADQUARTERS COMMENT: IT IS UNCLEAR WHETHER RICO GALAN ACTUALLY VISITED NICARAGUA OR WHETHER HE SAW THIS PERSON IN ANOTHER COUNTRY.) IN COSTA RICA HE TALKED WITH ONE OF THE MORA BROTHERS. (HEADQUARTERS COMMENT: EDUARDO MORA IS PRESENTLY IN COSTA RICA. HIS BROTHER, MANUEL MORA, LEFT [illegible] THE USSR, VIA MEXICO, 29 SEPTEMBER 1963. BOTH ARE LEADERS OF THE COSTA RICAN COMMUNIST PARTY.) 3. IN PANAMA BETWEEN 20 -22 OCTOBER RICO GALAN CONTACTED HUGO VICTOR, PRESIDENT OF THE PARTIDO DEL PUEBLO (PDP - PEOPLE'S PARTY - COMMUNIST) AND DAVID TURNER, A LEADER OF THE VANGUARD OF NATIONAL ACTION (VAN - PRO-CUBAN, RADICAL REVOLUTIONARY ORGANIZATION). ON 24 OCTOBER A MEETING WAS HELD TO DISCUSS UNITY OF THE LEFT, COMMENCEMENT OF AGGRESSIVE ACTION, AND A MERGER OF LEFTIST UNITS TO GO TO THE ELECTIONS AS A BLOC SHOULD EFFORTS TO PREVENT THE ELECTIONS FAIL. THIS MEETING WAS ATTENDED BY VICTOR, CARLOS DEL CID, ALVARO MENENDEZ FRANCO, THELMA KING, RENATO PEREIRA, AND TWO UNIDENTIFIED STUDENTS. (HEADQUARTERS COMMENT: AN INDEPENDENT, USUALLY RELIABLE SOURCE, WITH GOOD CONTACTS IN THE PDP, REPORTED THE VISIT TO PANAMA OF "A CUBAN WRITER FOR SIEMPRE" WHO WAS ON A MISSION FOR THE CUBAN COMMUNIST PARTY. THE VISITOR WHOM SOURCE DID NOT IDENTIFY BY NAME URGED THE PDP AND THE VAN TO RESOLVE THEIR DIFFERENCES AND UNITE. HIS PROPOSAL WAS VIOLENTLY REJECTED BY THE PDP, WHICH INTENDS TO PROTEST THE PROPOSAL TO THE SOVIET EMBASSY IN MEXICO CITY.)

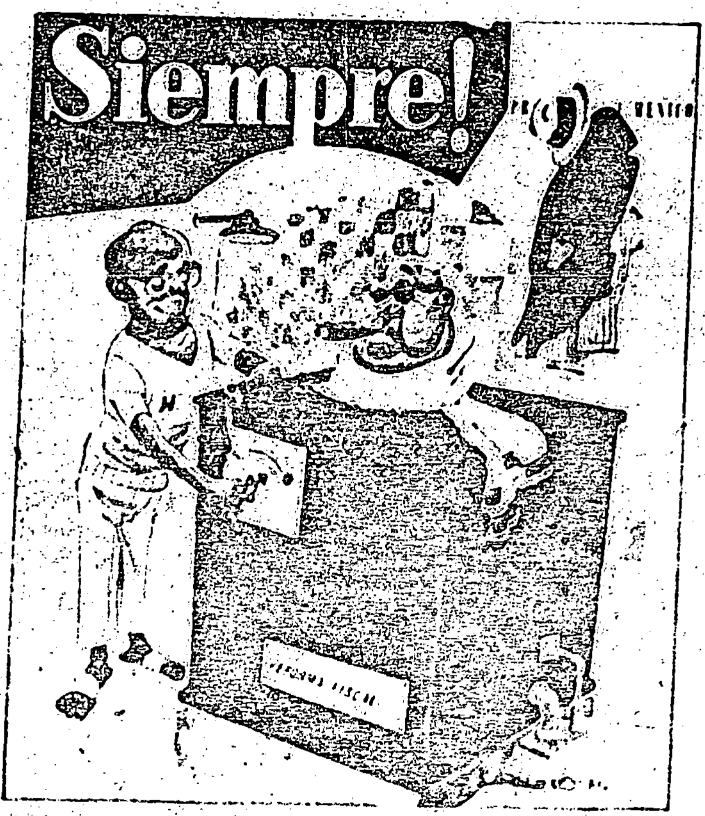
"A sus Ordenes, Jefazo-Pagés"

Por LEON GUZMAN

Nuevo Sirviente Oficial: Rico, Galán y con Librea

El señor Víctor Rico Galán, escritor de "Siempre", trata de comprar su libertad haciendo de sirviente cínico al gobierno y a su revista "mater et magister del confusionismo". Bueno que este "mártir" trate de salir y que atiborre a quien lo lea de la bazofia trotskista; bueno que utilice la comprobada vía de escritor de "Siempre" para labrarse su salida; bueno que acuse a los remotos imperialismos y a grupos innominados de todas las culpas, escondiendo así la muy presente culpa del gobierno y de la clase dominante mexicana. Bueno para sus muy mezquinos y pequeñitos "objetivos", pues sus desahogos palabreros nada tienen qué ver con la lucha revolucionaria de los trabajadores mexicanos.

Víctor Rico Galán, como otros ex-presos políticos de su calaña, se desenmascaró abiertamente como traidor.



Desde la revista "Siempre", vocero del gobierno, Rico Galán sirve ahora a su "jefazo pagés" y al gobierno.

Desde la crujía "N", Rico Galán había mantenido un silencio meticuloso, hasta que llegó el momento de "hacer cualquier servicio al enemigo" con tal de salir; hasta que llegó el momento de encontrar el camino de volver a escribir en "Siempre" para labrarse su excarcelación, como ya lo hicieron otros antes de él; hasta que llegó el momento de olvidarse de las pillerías del director de "Siempre" quien, cuando al gobierno convino, le dio un [illegible] en volu-

sea la parte, y ahora que al gobierno conviene, le abre las puertas de su revistita gubernamental, bien cebada por la clase dominante para pregonar la confusión de una supuesta "izquierda" y defender con toda el alma al gobierno, al presidente en turno y a la clase dominante.

Basta leer "Siempre" para

[illegible] 121 30/12/71

encontrar, desde "siempre", un solo derrotero: el más destacado servilismo a todos los gobiernos, sumado a poses izquierdizantes atribuibles a algunos de sus escritores. Caro han vendido los dueños de la revista "Siempre" este sistema de confusión y apoyo activo a los dueños del poder: mucho papel, muchísimas dádivas, una enorme fortuna para el vanidoso "pepe pagés", el supremo "jefe" de esa pequeña élite de engañadores oficiales, y sueldos, sueldilos y sueldotes a sus "redactores" y "escritores", que han ido desde el "maestro Lombardo" hasta el director suplente, Francisco de la Vega, consejero de la Presidencia de la República.

"Siempre" dio lugar a la novela rosa de la "apertura". Desde sus columnas hablan los aperturistas oficiales a voz en cuello. Junto a los artículos de Regis Debray, se mezclan homenajes a todos los virreyes gubernamentales, y al rey-presidente más que a ninguno. Se pelean entre sí las comadres del "Jefe Pagés" para dar "idea de libertad de opinión"; pleititos intrascendentes que ocupan páginas y páginas inacabables; al fin que el papel no se paga.

"Siempre" buscó el modo de justificar la matanza del 2 de Octubre y la del 10 de Junio. Hablando vagamente en contra de "quienes quieren torcer la política revolucionaria" de cada gobierno y gobernante, lanzando culpas a desmedrados fantasmas, la revista "Siempre" manipula a sus escritores para apoyar "sesudamente" y desde una aparente "izquierda" al propio gobierno. Por esa labor le pagaban a Lombardo y le han pagado y pagan a Pagés.

Desesperado está el gobierno para hacer creer en su "apertura", en las libertades para crear "nuevos partidos". Vociferan y desesperan los secretarios de Estado, diputados, senadores y el propio Presidente, para hacer creer a los mexicanos en su "democracia" burguesa a la mexicana, perfecta y buena, según ellos mismos. Piden, gimotean y suplican para que se desacredite a los que están luchando por todas las vías (léase otra vez: POR TODAS LAS VIAS) en contra de la situación que vive el país, en detrimento de millones y para beneficio de una ridícula minoría de burócratas y prestanombres intermediarios del capital extranjero.

Toda la propaganda oficial y sus publicitarias "reformas" tienden a lo mismo: desacreditar a los que están luchando como pueden y aprenden a hacerlo en la vida diaria. Llamar "impotentes, idiotas, desesperados y provocadores" a los guerrilleros, como lo hace en su último "artículo" el discípulo de Pagés, Rico Galán ("Siempre" Nº 965, páginas 24 y 25), es hacer exactamente lo que ordena la clase dominante a sus pajes (¿o pagés?).

Un hombre honesto puede y debe cambiar de criterio cuando reconoce un error. Pero tiene que decir y explicar su error, si es que hubo. El "honesto" Galán no se toma molestias, de furibundo "guerrillero" de lengua, saliva y papel, cuando así convenía a sus particulares intereses personales, pasa ahora a detractor de la guerrilla, a llamar "idiotas" e "impotentes" a los que hicieron lo que él fue impotente de hacer o, tal vez, podemos afirmar, simuló hacer.

De insultar a Genaro Vázquez, viperinamente, pues babea confusionismo el discípulo de Pagés, pasa a insultar a los guerrilleros del Brasil, llamándolos "terroristas", y los declara extinguidos, exterminados en unos pocos meses por la dictadura.

¡El Sr. Galán está muy bien informado en su celda de la desaparición de los luchadores revolucionarios del Brasil!; y los brasileños revolucionarios han de estar "sumamente preocupados" por tales calumnias.

Y adelante. Como la revista "Siempre" en su actividad duplex publicó un documento de Regis Debray sobre la lucha guerrillera de los Tupamaros, ¡qué mejor que ahora insultarlo por conducto de un "ente" de la falsa izquierda mexicana y en la misma revista confusionista, para que nadie vaya a creerle. La clase dominante agradece bien tales favores, señores de "Siempre", y los paga al contado.

Tras de todo, antes de todo, sobre todo, el ombligo de estos narcisistas. Porque la "revista" dijo, o porque mandó una cartita un pobre Galán, sólo por eso ocurren las cosas y por eso se lanza a la grandilocuencia ridícula, a hablar de los futuros amaneceres revolucionarios y de la "sangre" y la "vida" de los revolucionarios, atribuyéndose tal calidad el pobre escritor. Tiene que ganarse su paga. Tiene que presentarse como la revolución verdadera, para que nadie crea en los que están combatiendo a la dictadura de aquí y de cualquier allá. Tiene que descargar eructos insultantes sobre la limpieza de los luchadores, que a él, como al gobierno de México, como a nuestros verdugos, como a su "jefe", le interesa ensuciar sobre todas las cosas. Dice en su bazofia: "es preciso, urgente, construir la organización a toda prisa: el partido de la clase obrera y el frente nacional revolucionario antiimperialista". Eso, nada más eso. ¡De prisa, mañana temprano, a las nueve en punto, como el dios de Abraham hizo al mundo! Rápido, como lo quiere y necesita el poder público en México, como lo buscan afanosos las vedetes gubernamentales desde "Siempre", ¿o no Heberto Castillo? Un partidito de pega y paga, útil para su "revolucionista", para el engaño y la trapacería.

Una carta o "artículo" en busca afanosa del premio oficial, es este escrito vergonzante del vergonzante "guerrillero" Galán. De un hombre que no le pide nada a las veletas. Nada más ayer escribió a su "jefe pagés" esta carta-renuncia: "2 de septiembre de 1966. — En relación con mi carta aparecida en el número 689 de su revista, debo decirle que, después de leer el editorial del mismo número, queda retirado lo que a usted se refiere, y en particular mi propósito de seguir colaborando en 'Siempre' con una selección sobre libros. Sin entrar a discutir un editorial en el que, no sólo se me condena cuando no lo ha hecho un juez, sino que se me cuelga un nuevo delito al llamarme 'motinero', me limito a aclarar que de ningún modo puedo admitir la limosna de que se me publique 'por elementales razones humanas'. Buscaré el modo de contribuir desde mi encierro al sostenimiento de mis hijos; pero, en último extremo, prefiero que vivan dignamente

Lo mismo contra Genaro Vázquez, que contra Regis Debray o Mario Menéndez, el nuevo sirviente oficial babea su [illegible] alcohólica impotente.

de la solidaridad revolucionaria y no de la limosna infamante, otorgada por malas conciencias que buscan una precaria tranquilidad. Independientemente de que siga usted encontrando 'elementales razones humanas' o se le hayan agotado las que exhibió, esta carta tiene importancia para mi dignidad personal y por ello esperaré a que la publique hasta el jueves, pero reservándome copia y el derecho de hacerla pública por otros medios en caso necesario. — Atentamente, Victor Rico Galán".

Eso fue ayer, pero hoy ya todo cambió: la mala conciencia del "jefe Pagés" se volvió buena; el héroe que rechazaba la "limosna" pagesina, se vuelve limosnero; quien se negó a escribir en "Siempre" por elementales razones de dignidad, se ha vuelto indigno. Ese es el camino que enseña el colaborador de "Siempre".

Insulta a Genaro Vázquez desde "Siempre", ¡vaya dignidad!

Escupir rabioso sobre Debray, sobre los guerrilleros brasileños; mentir, desapareciéndolos del mundo de los vivos, es obra de sucios plumíferos, cuando se usa la tribunita confusionista de "Siempre".

Bien informado está el maniquí del "jefe Pagés". No sólo sabe lo que les ha pasado a todos en Brasil; no sólo califica de "idiota histórico" a Debray, sino que puede afirmar que el responsable del asesinato de Pablo Alvarado B., no es "su" general Arcaute, sino que hay más por allí que difaman las culpas. El señor Galán *personalmente* afirma: "Me consta que el Presidente de la República estaba informado". *Sólo él*, que tiene comunicación con tan poderosos sujetos, él, el sabelotodo informado, puede calumniar a cuenta de su patrón con tan ridículas "razones" como las de que si el secuestrado Castrejón es de la Coca-Cola y, por tanto, miembro del *Opus Dei*, es increíble que Genaro no tenga una choza en Guerrero, por lo que no se puede creer a Castrejón que lo trajeran a salto de mata, siguiendo el paso de los guerrilleros. ¡Vaya lógica ignara!

¿Y como trata al extinto Pablo Alvarado Barrera?, así con el nombre escueto, ya que muchas veces lanzó en contra del extinto su venenosa baba de calumniador, acusándolo de agente de la CIA. Lo único grato que dice de Pablo es llamarlo "rehén", para más adelante, en el penúltimo párrafo de su "artículo", citarlo indirectamente y llamarle uno de esos "desesperados, aventureros, terroristas... que se mueren . . .". Pero ya el revolucionario Pablo Alvarado Barrera no puede responderle, como tampoco puede hacerlo directamente Mario R. Menéndez Rodríguez, desterrado por el gobierno en La Habana, Cuba.

Pero podemos, los que día a día luchamos por sacar esta revista, exigir a este pobre Galán y a sus amos de "Siempre" y a los amos de ambos, a los gobernantes de México y a la clase dominante que los sostiene, lanzarles una exigencia clara y terminante:

Ustedes, bien informados polizontes, bien informados criados con o sin librea, prueben con sus elementos que la Revista POR QUE? está financiada por la CIA o por instrumentos de la CIA. Demuestren, señores gobernantes de México, servil instrumento de todos los gobernantes en turno, "jefe Pagés", demuestren lo que afirma Rico Galán por órdenes de ustedes.

Esperamos sus "pruebas", y nos reímos de la pobre mentalidad de todos ustedes al asignar a nuestra Revista apoyos que ustedes mismos distorsionan, por lo que ha dolido a sus patrones gubernamentales la denuncia presentada por diversos periodistas en todos los instrumentos de las Naciones Unidas y en todas las asociaciones internacionales de periodistas. Ahora, prueben su dicho o queden allí como calumniadores. Y ojalá que pronto liberen a su sirviente los señores que gobiernan a México, para que el "héroe" pueda volver a su basurero.

9. SUBVERSIVE ACTIVITIES: Subject was arrested in Aug 63 for participating in a pro-political prisoner demon- stration. Subject's pro-CASTRO/Communist writings as well as his contacts with known Soviet, Satellite and Cuban intelligence personnel in Mexico during the past few years leave no doubt as to his "~~CW~~ propaganda" role, under journalistic cover, on behalf of these interests. Subject visited Cuba during May-June 63 ostensibly to interview CASTRO after latter's return from the Soviet Union. During this contact with the Cuban government, however, he was given the mission of traveling through Central & South America to contact local Communist/guerrilla leaders for the purpose of persuading them to begin campaigns of violence and terror to take the pressure off the FALN in Venezuela. A secondary mission was to bring about greater unity among the various Communist and terrorist groups. Subject undertook this assignment during Oct - Dec 63, visited Caribbean and South American countries, and contacted key Communists in each. Subject visited the Dominican Republic in Jan 64, and as a result of the contacts made there with the AFCJ (militant, revolutionary, pro-CASTRO group) was able to serve during the Dominican crisis of May 65 as a relay point for material and instructions from Cuba to the AFCJ and also as a reporting channel from Juan [illegible]. MEJIA, an AFCJ leader, to the Cuban Intelligence Service and the AFCJ's CASTRO-Cuban leadership in Cuba. Subject ~~xxxxxxxx~~ returned to Mexico from a trip to Cuba on 11 February 1966.

1. Prepared for overall SWL program management purposes, the use of this form will reflect the SWL maintenance operations and periodic reviews concerning the individual in question.

2. This form will be fastened permanently inside the left cover of the 201 dossier when the designation of an individual for inclusion in the country SWL has been approved. Entries will thereafter consist of handwritten references, dates, and officer's initials only, reflecting administrative aspects of the SWL.

3. The form embodies a number of self-evident items against each of which will be recorded the following in appropriate columns:

   a. "Indicator Assigned" (item 3) - action taken via Form [illegible] 831, assigning the OI code "W" for the SWL individual. Preprinted Forms [illegible] are available from the Division SWL Officer for this purpose. All SWL individuals must have a 201 and must bear the OI code "W";

   b. "Reference" - document or cable reference if the action is reflected in a specific dispatch or cable;

   c. "Action" - initials of the analyst or officer responsible for the specific step, together with the date of action completed;

   d. "Validated" - initials of the responsible reviewing officer and date of such review action. Validation must always be recorded for items 6 and 7, which entails the approval of the final clean copy text of a listing for incorporation in the SWL Country Notebook.

   e. Items 10, 11, and 12 are reserved for possible future use.

4. Under the item "Periodic Review", the date when the next periodic review of the SWL listing will be made should appear immediately after the #. It is recommended that the officer responsible for the maintenance of the SWL for a specific country enter this date on the desk copy of the 201 print-out of all SWL personalities to use as a reminder. It is also recommended that the station copy of the SWL 201 print-out list carry, for each name, a "preliminary review" date at least one month earlier than the HQs review date. On the basis of this reminder the station can then undertake a final canvassing of available sources to bring entries on the individual up to date and transmit the results to HQs just prior to the periodic review in HQs.

While in Cuba (Oct-Nov 62) he contributed weekly articles to Siempre in which he sustained the thesis that Cuba is now the center of the world's socialist revolutionary movement. The Left in Mexico needs a "party of L. Cardenas" which....would stand for socialism in internal matters and for independence from any bloc in external affairs.)

Rico had an interview in late October 63 with David Turner (Leader of the Vanguard of National Action [VAN]--radical pro-Cuban revolutionary group in Panama), Thelma King (pro-Cuban deputy to the National Assembly) and Hugo Victor (president of the Peoples Party, PdP Communist) discussing an armed movement in Panama.

B-2
An Armando Conte, "a writer for Tiempos in Mexico" reported to have come to Panama and talked to Hugo Victor around 5 Nov 63. He said he had come to convince Victor of the need to support the Cuban line of armed revolution. Victor told Conte that the PdP would not be told what to do because it had its own line on the Panamanian revolution. (Field comment: travel records contain no information on the arrival of any person with the name Armando Conte during the period in question and the name is believed to be a pseudonym used by Rico.)

S/NF TDCS 3/569-940 14 Jan 64 B-2
Reports have identified Rico as an agent of Fidel Castro who in May 63 was assigned by Castro to visit Central and South American countries to confer with leading Communists in order to initiate programs of anti-US violence and sabotage. He reportedly arrived in Santo Domingo by air on 8 Jan 64 from Kingston, Jamaica to stay about a week.

Possibly in Chile. He met with members of the MPD while in the Dominican Republic.

CONF A-31 10 Feb 65 Merida
Visited Merida (had been there 28 Oct 64) and "[it] is quite certain that there will shortly appear in Siempre (Mexican leftist weekly) more articles on the henequen situation. It can be expected that Rico Galan will attempt to attribute all or a large portion of Yucatán's troubles to the 'imperialistic' US."

CONF CS 311/02173-65 15 Mar 65 "reporting so far accurate"
"Rico went to Merida during the first few days of February to make a personal investigation of the situation caused by the decrease in the price of henequen.." Rico wrote "Yucatan: Our leader is Hunger" in Issue #10, 3 Mar 65, of Siempre.

CONF A-1033 from Mexico 1 May 65
Re Dominican Republic: "Rico, writing in the ultra-left Diario de México favored Bosch's return, originally wishing him good luck, and later, after the apparent failure of pro-Bosch forces, complained that "the reactionaries always win out in Latin American coups, being supported by the US, or else the coups fail."

CONF/NF CS 311/07174-65 11 Jun 65
Veteran and trusted PPS member, prolific reporter of reliable information, described Rico as "member of the Peoples Electoral Front (FEP) and National Liberation Movement (MLN) [who] was one of those leaders who met in March or April 65 to draw up a letter of convocation to the National Congress (on the Liberty of the Political Prisoners and the Repeal of the Law of Social Dissolution)."

S/NF CS 311/04619-66 1 April 66 "source believed to have good access to the Guatemalan exile community"
Planning to investigate the disappearance of Victor Manuel GUTIERREZ Carbin, Guatemalan Communist Party (PGT) leader of the Guatemalan exile community in Mexico, who returned to Guatemala in late February. Source comment: "Rico could only enter Guatemala illegally since he was declared persona non grata by the Guatemalan Government in 1963 after he visited the country to interview President Peralta. While there, he also managed to talk with Marco Antonio YON Sosa, guerrilla leader. Upon his return to Mexico, Rico Galan wrote articles favorable to the rebels and most unflattering to the Peralta government."

CONF Incoming telegram 15986(?) 5 Apr 66
Alleged to have been one of two leaders (other was Jacinto Lopez UGOCM secgen) planned to lead mass meeting 6 April "to commemorate martyrs of September attack" (?? no further mention).

UNCL FPIR 0112/66 23 May 66
In February became involved in a verbal editorial battle on the pages of Granma with Franc BARBIERI of the Yugoslav newspaper Politika. No conclusion reached.

CONF A-727 from Mexico 22 Jan 66
Rico...has been one of the most prolific and ardent apologists for Castro's Cuba in Mexico. In an interview between an Embassy officer

and the writer, Elena Garro de Paz, the latter states: "the Cuban Embassy had severely chided Rico for writing an article favorable to the guerrilla leaders who were killed recently during their assault on the army barracks at Madera, Chihuahua.... Rico had been close to "Che" Guevarra rather than Castro, and that since Guevarra's disappearance he had grown noticeably cooler toward Cuba." She added that although he is a Marxist and is anti-American, Rico is also very hostile to the Mexican Communist Party (PCM).

S/NF TDCS 314/10379-66 17 Aug 66 highly placed police official, reporting believed reliable
"Sufficient legal evidence is available to prove that Rico, Raul Ugalde and others were a part of a conspiracy advocating and teaching the overthrow of the Mexican government by violent means."

CONF/NF TDCS 314/10419-66 18 Aug 66 presumed B-2
12-13 August, Rico arrested with 40 others; the PPS is pleased and will do nothing to help them. "According to Carlos Sanchez Cardenas of the PPS National Executive Directorate, it is almost impossible to believe that a man like Rico could be the leader of an armed rebel movement. He has always been considered a Marxist intellectual belonging to no party who has confined his battles to the pages of magazines like Politica Siempre, and Sucesos. Lombardo Toledano frankly thought of him as incapable of doing anything that involved a mass following."

Summary

1. Victor RICO Galan is a prominent pro-Castro Marxist journalist associated with Politica a pro-Communist bi-weekly news magazine and Siempre a Mexico City leftist news weekly. In 1961 he was reported to be a member of the Periodistas Mexicanos Amigos de Cuba and the Committee for Solidarity with the Cuban Revolution. As of June 1965 he was reported to be a member of the Frente Electoral del Pueblo (FEP). He was a founder of the Movimiento de Liberacion Nacional (MLN) of which he was the head of the national press and propaganda committee as of 1962. RICO acted as a Cuban agent in trips to Central and South America in late 1963 and early 1964. His pro-Castro communist writings as well as his contacts with known Soviet and Bloc intelligence personnel in Mexico during the past few years strongly suggest a propaganda role under journalistic cover on behalf of their interests.

2. Little is known of RICO's early life or education beyond what is listed in his basic biographic data. There is a possibility that he was active in communist affairs in Costa Rica and El Salvador in the period 1946-1948 and in Colombia in 1949-1950.

3. RICO Galan's prominence in Mexican leftist circles has been primarily intellectual. In an article in Siempre in March 1963 he advocated the foundation of a new political party reflecting the true ideology of Lazaro CARDENAS. RICO felt that this would provide the Mexican left with a political party truly responsive to the radical tendencies of the 1910 revolution. This was necessary, in RICO's view, because the MLN was an action organization rather than a political party, whose membership covered a political spectrum from the Partido Revolucionario Institucional (PRI) to the Partido Comunista de Mexico (PCM), and was therefore diluted in effectiveness. A new party would represent a "third position": Socialism in internal affairs and independence of any bloc in international affairs. With such a political action arm, wrote RICO, the MLN would develop naturally into a broad national movement such as the FRAP in Chile.

4. Victor RICO Galan is an ardent supporter of Fidel CASTRO and is reported to be a close friend of his. In order to gather material for a biography of CASTRO, RICO, later joined by his wife, visited Cuba in October 1962 for about two months. He visited Cuba again during part of May and most of June 1963 when he spent eight days with CASTRO, five of them at sea in CASTRO's boat, ostensibly to discuss CASTRO's recent trip to the Soviet Union and his talks with KHRUSCHEV. On this visit the Cuban Government gave RICO a mission to travel through Central and South America to contact local communists and guerrilla leaders and persuade them to begin immediately campaigns of violence and terror in order to take the pressure off the FALN in Venezuela. RICO was also charged to try to bring about greater unity among the various leftist groups.

SECRET

SECRET

5. In the Fall and Winter of 1963 and late 1964 undertook this mission. Even though a known leftist he possibly had some arrangement with the Mexican Government which may have gotten him special privileges and support from Mexican embassies in countries where he visited. In Guatemala RICO interviewed General Enrique PERALTA Azurdia the Chief of Government and then met Raul ALARCON Monsanto, military training leader of the Partido Guatemalteco de Trabajo (PGT), who took him to meet and interview Marco Antonio YON Sosa an anti regime guerrilla leader; RICO possibly also met a (fnu) GOMEZ Ayau also a guerrilla leader. In Nicaragua he met with Alvaca RAMIREZ Gonzales, Secretary General of the Mobilizacion Republicana (MR) and a member of the Central Committee of the Nicaraguan Socialist Party (PSN). In Costa Rica he met with one of the MORA brothers, a guerrilla leader. In Panama he met Hugo VICTOR, president of the Partido del Pueblo (PDP), and David TURNER, leader of the Vanguard of National Action (VAN), and attempted to reconcile them in their dispute for leadership of the revolution in Panama; he also urged an immediate program of sabotage and violence. RICO went on to Venezuela to meet Argelia LAYA; he was probably in contact with the MIR while there. He then went to Brazil where he contacted Paulo SCHILLING, coordinator of the Popular Mobilization Front. During this time he may have gone to Cuba briefly and returned directly to Brazil. After a few days back in Mexico RICO went to the Dominican Republic where he attempted unsuccessfully to obtain photographs of Dominican guerrillas killed the month before, probably to use them for propaganda purposes. As a result of his contact with the Agrupacion Politica Catorce Junio (APCJ) in the Dominican Republic he was able to serve during the Dominican Republic crisis of May 1965 as a relay point for material and instructions from Cuba to the APCJ and also as a reporting channel from Juan B. MEJIA and APCJ leaders to the Cuban Intelligence Service and the APCJ's CASTRO Cuban leadership in Cuba. After his return to Mexico City RICO visited Cuba again ostensibly to interview CASTRO on his most recent trip to the Soviet Union and probably to report on his mission.

6. RICO Galan continued his interest in the guerrilla struggle and was reported to have entered Guatemala clandestinely in August 1964 and possibly several times before then as well, to visit YON Sosa and his guerrillas. In March 1966, after having returned from Cuba the month before, he planned to travel again to Guatemala clandestinely in order to investigate the disappearance of Victor Manuel GUTIERREZ, leader of the PGT and of the Guatemalan exile community in Mexico, who had recently returned to Guatemala.

7. RICO's writings show an ardent support for the guerrillas in Latin America and for their method in achieving the revolution. In October 1964 the Guatemalan Armed Forces captured a number of tape recorders and tapes from the guerrillas including one by

SECRET

Victor RICO Galan. This tape consisted mainly of an exhortation for unity between the PGT and the 13 November Group, and counseled against letting doctrine replace action. RICO's talk to the guerrillas under YON Sosa reveals him as an intellectual radical with a pragmatic approach towards current situations. The text of the tapes indicate that they were made between February and mid-October 1964. On 13 January 1966 El Heraldo, a Mexico City newspaper published an article quoting RICO Galan's taped speech as evidence of his efforts to undermine the January 1966 visit of DIAZ Ordaz to Guatemala. The text of the tape was possibly passed to El Heraldo by the Mexican authorities in line with the Government's campaign to neutralize all potential and existing opposition to the impending visit.

In 20 Mar issue of Siempre he "advocated the creation of a new political party which would reflect the ideology of Former President Lazaro Cardenas.."(bio: he is a founding member of the pro-Communist MLN and an ardent supporter of Castro. While in Cuba (Oct-Nov 62) he contributed weekly articles to Siempre in which he sustained the thesis that Cuba is now the center of the world's socialist revolutionary movement. The Left in Mexico needs a "party of L. Cardenas" which....would stand for socialism in internal matters and for independence from any bloc in external affairs.)

TDCS 3/563-671 "reported that Rico had spent 8 days in Cuba with Castro and...was given an assignment to visit countries in Central and South America (Venezula, Costa Rica, Panama, Guatemala and Brazil) when he was to persuade Leftist parties to begin immediate acts of sabotage and violence to take the pressure off Venezuela."

S/NF CS 3/566-571 5 Dec 63 F-2
Rico had an interview in late October 63 with David Turner (leader of the Vanguard of National Action [VAN]--radical pro-Cuban revolutionary group in Panama), Thelma King (pro-Cuban deputy to the National Assembly) and Hugo Victor (president of the Peoples Party, PdP Communist) discussing an armed movement in Panama.

B-2
An Armando Conte, "a writer for Tiempos in Mexico" reported to have come to Panama and talked to Hugo Victor around 5 Nov 63. He said he had come to convince Victor of the need to support the Cuban line of armed revolution. Victor told Conte that the PdP would not be told what to do because it had its own line on the Panamanian revolution. (Field comment: travel records contain no information on the arrival of any person with the name Armando Conte during the period in question and the name is believed to be a pseudonym used by Rico.)

Visited Merida (had been there 28 Oct 64) and "[It] is quite certain that there will shortly appear in Siempre (Mexican leftist weekly) more articles on the henequen situation. It can be expected that Rico Galan will attempt to attribute all or a large portion of Yucatán's troubles to the 'imperialistic' US."

CONF CS 311/03173-65 15 Mar 65 "reporting so far accurate"
"Rico went to Merida during the first few days of February to make a personal investigation of the situation caused by the decrease in the price of henequen.." Rico wrote "Yucatan: Our leader is Hunger" in Issue #10, 3 Mar 65, of Siempre.

CONF A-1033 from Mexico 1 May 65
Re Dominican Republic: "Rico, writing in the ultra-left Diario de México favored Bosch's return, originally wishing him good luck, and later, after the apparent failure of pro-Bosch forces, complained that "the reactionaries always win out in Latin American coups, being supported by the US, or else the coups fail."

CONF/NF CS 311/07174-65 11 Jun 65
Veteran and trusted PPS member, prolific reporter of reliable information, described Rico as "member of the Peoples Electoral Front (FEP) and National Liberation Movement (MLN) [who] was one of those leaders who met in March or April 65 to draw up a letter of convocation to the National Congress (on the Liberty of the Political Prisoners and the Repeal of the Law of Social Dissolution)."

S/NF CS 311/04619-66 1 April 66 "source believed to have good access to the Guatemalan exile community"
Planning to investigate the disappearance of Victor Manuel GUTIERREZ Garcia, Guatemalan Communist Party (PGT) leader of the Guatemalan exile community in Mexico, who returned to Guatemala in late February. Source comment: "Rico could only enter Guatemala illegally since he was declared persona non grata by the Guatemalan Government in 1963 after he visited the country to interview President Peralta. While there, he also managed to talk with Marco Antonio YON Sosa, guerrilla leader. Upon his return to Mexico, Rico Galan wrote articles favorable to the rebels and most unflattering to the Peralta government."

In February became involved in a verbal editorial battle on the pages of Granma with Frane BARBIERI of the Yugoslav newspaper Politika. No conclusion reached.

CONF A-727 from Mexico 22 Jan 66
Rico...has been one of the most prolific and ardent apologists for Castro's Cuba in Mexico. In an interview between an Embassy officer

and the writer, Elena Garro de Paz, the latter states: "the Cuban Embassy had severely chided Rico for writing an article favorable to the guerrilla leaders who were killed recently during their assault on the army barracks at Madera, Chihuahua.... Rico had been close to "Che" Guevarra rather than Castro, and that since Guevarra's disappearance he had grown noticeably cooler toward Cuba." She added that although he is a Marxist and is anti-American, Rico is also very hostile to the Mexican Communist Party (PCM).

S/NF TDCS 314/10379-66 17 Aug 66 highly placed police official, reporting believed reliable
"Sufficient legal evidence is available to prove that Rico, Raul Ugaldo and others were a part of a conspiracy advocating and teaching the overthrow of the Mexican government by violent means."

CONF/NF TDCS 314/10419-66 18 Aug 66 presumed B-2
12-13 August, Rico arrested with 40 others; the PPS is pleased and will do nothing to help them. "According to Carlos Sanchez Cardenas of the PPS National Executive Directorate, it is almost impossible to believe that a man like Rico could be the leader of an armed rebel movement. He has always been considered a Marxist intellectual belonging to no party who has confined his battles to the pages of magazines like Politica Siempre, and Sucesos. Lombardo Toledano frankly thought of him as incapable of doing anything that involved a mass following."

PRO-CPR MARXISTS SENTENCED FOR SUBVERSION

Paris AFP in English 0006 GMT 25 Jan 69 C (FOR OFFICIAL USE ONLY)

[Text] Mexico City, Jan 25 (AFP)--Six pro-Chinese Marxists were jailed for 8 years each here today after being found guilty of trying to organise guerrilla activities in Mexico. Nine others were given less severe sentences.

All 15, who were arrested in 1966 and charged with conspiracy and illegal possession of arms, were preparing to make guerrilla attacks in various places in the interior, according to the authorities.

Among those jailed for 8 years was Marxist theorist Victor Rico Galan, described in the court judgement as one of the most dangerous men in the country.

Names of Accused

Havana PRENSA LATINA in Spanish 2105 GMT 25 Jan 69 C (FOR OFFICIAL USE ONLY)

[Text] Mexico City--Newspaperman and writer Victor Rico Galan was sentenced today to 8 years in prison and a fine of 10,000 pesos. The district judge also sentenced Gilberto Balam Pereira, Gumersindo Gomez Vuevas, Isaias Rojas Delgado, and Doctors Miguel Cruz and Rolf Meiners to similar terms. They were all arrested in 1966 and accused of subversive activities. Ana Maria Rico Galan, sister of Victor, was sentenced to 3 years and 6 months in jail and a fine of 4,000 pesos. Yesterday she was freed on a 10,000-peso bond.

BRIEFS

U.S. BOAT'S SEIZURE--Mexico City--A U.S. shrimp boat was seized for fishing in Mexican territorial waters. The boat, the Pan American, was captured shortly after other U.S. boats paid 30,000 pesos each for fishing illegally in Mexican waters. The captain of the boat and two sailors have confessed to fishing in Mexican territorial waters. (Havana PRENSA LATINA Spanish 1200 GMT 24 Jan 69 C) (FOR OFFICIAL USE ONLY)

LOAN REQUEST--Mexico City--Mexican Finance Minister Antonio Ortiz Mena has disclosed that Mexico is seeking a 500-million dollar loan from the World Bank to finance forestry exploitation, hydraulic projects, federal highway building, and rural electrification schemes. The main projects were for a rationalization of exploiting timber resources and improving infrastructure to benefit tourism, a major source of revenue. (Mexico City REUTERS English REUTERS Buenos Aires 1756 GMT 24 Jan 69 P) (FOR OFFICIAL USE ONLY)

RURAL DEVELOPMENT FUND--Mexico City--Mexican industrialists are studying a plan to come to the aid of the Mexican farmers by contributing part of their profits to a rural development fund, National Manufacturing Industries Chamber President Nazario Ortiz Garza said here. The chamber, with a membership of some 24,000 manufacturers throughout the country, has proposed that they contribute 1 percent of their annual profits to the fund, Ortiz Garza told the chamber's annual general meeting on 23 January. Details would be worked out later. (Mexico City REUTERS English REUTERS Buenos Aires 1756 GMT 24 Jan 69 P) (FOR OFFICIAL USE ONLY)

1. In reviewing Subject's file the Station has come across a surprisingly large number of reference to Guatemala, which are pulled together below. Please note, however, that some of the Guatemalan ties given below are hypothetical and that the Guatemalan side of the picture has been particularly stressed for the purposes of this dispatch.

201-248906

2. Lorenzo CARDENAS Barajas (P-5409). In April-May 1962 a Guatemalan Communist source was dealing with CARDENAS in procuring arms for Guatemala, and CARDENAS told the source that he had a great friend in the Soviet Embassy who was aware of CARDENAS' arms procurement activities (Source: LINLUCK). On 19 April 1963 Subject was observed holding a half-hour meeting in a restaurant under obviously clandestine circumstances with CARDENAS (Source: LIEMBRACE). On 31 May 1963 the Station placed an article in a Mexico City newspaper stating that Subject was working with CARDENAS on smuggling arms to Central American countries. On 21 February 1967 Subject's car was seen passing slowly by CARDENAS, who was standing on a street corner with a friend; Subject's wife was driving the car (Source: LIEMBRACE). On 30 March 1967 Subject, with his wife as passenger, drove twice within a few minutes past CARDENAS, who was sitting at an outdoor cafe with two friends (Source: LIEMBRACE).

3. Ricardo *MIRANDA Aldana (201-787306), Guatemalan Communist who received guerrilla training in Cuba February - October 1962. MIRANDA has said that he was in contact with Subject when he was in Mexico in January - February 1962 on his way to Cuba. MIRANDA also said that he had met Subject before when Subject was with Anastas MIKOYAN in Cuba (in February 1960). MIRANDA has said that Subject has been a close friend of Guatemalan Communist leader Bernardo LEMUS Mendoza (P-8023, 201-091675) since 1953 (when Subject first came to Mexico). (Source: captured documents). On 7 December 1966 a "friend from Guatemala" called Subject's office, saying that he already knew Subject but that Subject did not know that he was in Mexico and that he did not want to go to Subject's office or use the telephone. He was told to call back the next day. The next day "MIRANDA" (probably Ricardo MIRANDA Aldana) called Subject's office, and Subject asked him to come to his house (same as office) the following day at 1000 hours. (Source: LIFEAT).

4. Lilian JIMENEZ Consuegra de LEIVA (P-5169, 201-228386), Salvadoran Communist employed at the Imprenta Madero to proofread the Soviet Information Bulletin and paid by the Soviet Press Office. She is married to Raul LEIVA Munoz, a Guatemalan Communist writer. Lilian has been occasionally reported asking for an appointment with Subject in order to discuss unspecified matters. For example, on 22 September 1967 she said she had an urgent matter to discuss with Subject, and Subject agreed to see her at her house at 0900 hours on Monday, 25 September (Source: LIFEAT). [illegible]

5. Jose Maria ALVAREZ Posada (P-4415) is a Spanish Communist employed by the Soviet Press Office as an editor for their Bulletin. He seems to be very active among Spanish Communists in Mexico and also frequently sets up meetings between Subject and Juan REJANO Porras (P-1027, 201-109935). The latter is one of the leaders of the Spanish Communist Party in Mexico but also has close ties to other Communist groups, particularly the Cubans and Czechs as well as the Mexicans, and on at least one occasion he was seen going to the Cuban Embassy with one of the leaders of the Guatemalan Communist Party in Mexico. REJANO is in almost daily contact with ALVAREZ Posada, often says that he needs to see Subject urgently, has several times asked about scholarships to the USSR for unidentified persons. On 21 July 1967 it was reported that Subject had given ALVAREZ Posada a letter that was to be returned to REJANO, but often Subject arranges to see REJANO personally at the latter's house. (Source: LIFEAT).

6. In view of ALVAREZ Posada's apparent acting as a cut-out for Subject, as described above, the following item may also be connected with Subject. On 29 June 1967 "Max" told ALVAREZ Posada that there was a letter "there" from Guatemala that had been there since 22 June but "Max" had not been able to reach ALVAREZ Posada before. ALVAREZ Posada said he would be home after 1600 hours (so that "Max" could bring him the letter). (Source: LIFEAT). Although it is pure guesswork, the Station suggests that "Max" might be Maximiliano *SALAZAR Garcia (201-183293), a Guatemalan Communist living in Mexico. SALAZAR has been very quiet recently, but on 14 July 1965 he was reported in contact with Carlos ILLESCAS Aguirre (cf. below) about finding housing and a job for an unidentified boy, and it is entirely possible that he continues to be active behind the scenes in Guatemalan exile affairs.

7. Since June 1965 until as recently as March 1967 Subject has been reported receiving telephone calls from a "Carlos" with a non-Mexican accent. Normally Subject and "Carlos" simply agree to meet, without naming the place. Twice "Senor Jacobo" has been mentioned in an unclear context during their conversations. (Source: LIFEAT). Although "Carlos" as a name is not much of a lead, the Station suggests that he might be identical with Carlos ILLESCAS Aguirre (Hernandez) (P-1901, 201-764855), Guatemalan Communist living in Mexico. Although ILLESCAS has been very quiet since 1964, when the Mexican authorities clamped down on him, he is known to have been used by the Soviets in the past and probably still works with them. In 1953, when ILLESCAS was still working at the Guatemalan Embassy in Mexico, he reportedly was very active as a courier for the Soviets (Source: LINLUCK). In 1959 ILLESCAS was reported in contact with Nikolay Vasilyevich AKSENOV (201-106469), suspect KGB officer who was then Assistant Soviet Cultural Attache, a job later taken over by Subject (Source: LIFEAT). In 1961-62 ILLESCAS was reported to be still in contact with the Soviets in regard to guerrilla plans for Guatemala (Source: LINLUCK). On 23 August 1967 it was reported that ILLESCAS passed 22,000 Mexican pesos to one of the Guatemalan Communist leaders in Mexico. This money was described as a monthly subsidy from either the Cubans or the Soviets intended to help the Guatemalan Communists in jail in Mexico. (Source: LIREBEL-2). The above references to "Senor Jacobo" might possibly have meant Jacobo ARBENZ Guzman, former president of Guatemala; unfortunately the tapes of the conversations have been erased and the exact context in which this name was mentioned can no longer be reconstructed.

8. Hava (Eva) (P-11484), wife of Guatemalan Communist Sergio de la PENA, was reported to have met Subject in May 1965. On 29 May 1965 Subject invited Hava to dinner, apparently at the suggestion of Enrique SEMO Calev, Mexican Communist leader. Subject told Hava that he was interested in her contacts with other embassies and particularly asked her to put him in touch with Americans. Hava was subsequently reported having Subject and his wife to dinner on several occasions. (Source: LIFEAT). (It seems obvious that Subject was fishing for leads through Hava; however, Hava's Guatemalan contacts may well have been of no interest to Subject.)

9. Victor RICO Galan (P-7354, 201-336474), Spanish-born Mexican Communist journalist, agent of Cuban government known to have been sent by the Cubans to talk to Guatemalan guerrillas in 1963, in prison since August 1966 for subversive activities allegedly directed against the Mexican government was in frequent contact with Subject in 1965-66. They usually simply arranged to see each other to discuss undisclosed matters, and Subject apparently called RICO from a pay phone rather than from his office. (Source: LIFEAT) (Subject has apparently provided RICO with propaganda for news articles, but they appear to have had other common interests as well, one of which could well have been RICO's guerrilla activities.)

JMROD Operational/Transmittal of Letter for Rico Galan

ACTION REQUIRED - REFERENCES

ACTION REQUIRED: None; FYI

REFERENCE: HMMW-15207, dated 30 January 1967

Upon receipt of the letter sent via the reference above, the Mexico City Station officers concerned discussed the best method of delivering the letter to Rico Galan so the operation would appear natural and also to be sure the letter would be received by him. It was decided, finally, to have LIRICE-11 deliver the letter to Rico's wife with a short explanation of its background. Two weeks were spent in trying to locate Inge de Galan and the efforts were fruitless. The Station then decided to have LIRICE-11 deliver the letter to Elena Garro an old friend of Rico's. LIRICE-11 tried for a week and one half to find her at home with negative results. The Station then instructed him to leave the letter at her home with a request that it be passed to Rico. Attached is a copy of the covering letter LIRICE-11 left for Garro.

DOI LATE JANUARY 1967

[redacted]

SUBJECT VICTOR RICO GALAN'S VIEWS ON THE REVOLUTIONARY MOVEMENT IN LATIN AMERICA AND ON FIDEL CASTRO

ACQ 31 JANUARY 1967

FIELD NO.

SOURCE LEFTIST JOURNALIST WHO TALKED WITH VICTOR RICO GALAN IN THE LECUMBERRI PENITENTIARY IN MEXICO CITY. SOURCE IS A RELIABLE REPORTER.

1. (HEADQUARTERS COMMENT: VICTOR RICO GALAN, PRO-CUBAN JOURNALIST WAS ARRESTED ON 12 AUGUST 1966, TOGETHER WITH SOME FORTY OTHER MEMBERS OF THE POPULAR REVOLUTIONARY MOVEMENT (MRP). RICO GALAN WAS CHARGED WITH INCITING REBELLION, CONSPIRACY, AND ACCUMULATION OF ARMS. UNDER THESE CHARGES, HE IS NOT ELIGIBLE FOR BAIL.)

2. RICO GALAN BELIEVES THAT VIOLENT REVOLUTION THROUGHOUT LATIN AMERICA IS "INDISPENSABLE," SINCE THE PEACEFUL ROAD TO CHANGE IS BLOCKED EVERYWHERE. REVOLUTIONARY MOVEMENTS ARE ON THE RISE EVERYWHERE IN LATIN AMERICA, ACCORDING TO RICO GALAN. IN HIS OPINION, THESE MOVEMENTS ARE MARXIST, WITH LIBERAL TENDENCIES, AND ARE NOT AS RIGID AS THE INTERNATIONAL COMMUNIST [illegible] LINE. RICO GALAN STATED THAT CASTRO HAS THE DOMINANT INFLUENCE WITHIN THE

REVOLUTIONARY MOVEMENTS IN VENEZUZIA, GUATEMALA, COLOMBIA, AND ALL OF CENTRAL AMERICA. THE SOVIETS HAVE DOMINANT INFLUENCE IN CHILE, ARGENTINA, AND MEXICO. IN MEXICO, HOWEVER, CASTRO AND MOSCOW SEE EYE TO EYE, ACCORDING TO RICO GALAN, AND HAVE PARALLEL POLICIES; BUT THE SOVIET UNION IS THE PRIMARY POWER PROMOTING THESE POLICIES.

3. GUATEMALA AND VENEZUZIA ARE THE TWO COUNTRIES IN WHICH THE REVOLUTIONARY MOVEMENTS ARE THE MOST ADVANCED, IN RICO GALAN'S OPINION. HE HAD THE FOLLOWING COMMENTS TO MAKE ON THE SITUATION IN THESE TWO COUNTRIES:

A. GUATEMALA. IN GUATEMALA, UNLIKE VENEZUELA, THE COMMUNIST PARTY HAD NOT INITIATED THE ARMED STRUGGLE. THE TWO GROUPS INVOLVED IN THE ARMED STRUGGLE WERE THE 13 NOVEMBER GROUP LED BY MARCO ANTONIO YON SOSA AND THE REBEL ARMED FORCES (FAR) LED BY CESAR MONTES, SINCE THE DEATH OF LUIS AUGUSTO TURCIOS. THE 13 NOVEMBER GROUP HAS TROTSKYITE INFLUENCE, WHILE THE FAR IS "CASTRISTA INDEPENDENT" WITH TIES TO THE GUATEMALAN COMMUNIST PARTY (PGT). NINETY PERCENT OF THE PEOPLE ARE PEASANTS, AND THE MAJORITY OF THEM SYMPATHIZE WITH AND SUPPORT THE ARMED STRUGGLE.

B. VENEZUELA. BOTH THE COMMUNIST PARTY AND THE MOVEMENT OF THE REVOLUTIONARY LEFT (MIR) LAUNCHED THE ARMED STRUGGLE, BUT BOTH HAVE NOW ABANDONED IT. BOTH MOVEMENTS CONFINED THEIR EFFORTS MOSTLY TO THE CITIES AND ENGAGED MOSTLY IN TERRORIST ACTS. THESE

TACTICS DID NOT PROMOTE THE REVOLUTIONARY CAUSE AT ALL. THE ARMED STRUGGLE IS NOW DIRECTED BY THE ARMED FORCES OF NATIONAL LIBERATION (FALN) LED BY DOUGLAS BRAVO AND WILL NOW SUCCEED. (HEADQUARTERS COMMENT: RICO GALAN IS ECHOING THE LINE OF DOUGLAS BRAVO, LEADER OF THE DISSIDENT FALN, IN ACCUSING THE COMMUNIST PARTY OF VENEZUELA (PCV) AND THE MIR OF ABANDONING THE "ARMED STRUGGLE." BOTH THE PCV AND THE MIR HAVE HAD, AND CONTINUE TO HAVE, RURAL GUERRILLA FORCES AS WELL AS URBAN TERRORIST UNITS. ALTHOUGH A SOFT-LINE FACTION OF THE MIR RENOUNCED VIOLENCE EARLY IN 1964, THE MORE MILITANT WING CONTINUED THIS POLICY, AFTER FIRST OUSTING THE SOFT-LINERS.)

4. RICO GALAN DESCRIBED MEXICO AS AN APPARENT DEMOCRACY BUT A "POLICE STATE, TIGHTLY HELD." HE BELIEVED THAT POPULAR MOVEMENTS IN MEXICO AND ELSEWHERE IN LATIN AMERICA WERE ON THE RISE. SINCE THERE WERE NO LEADERS LIKE CASTRO AROUND, RICO GALAN BELIEVED THAT THE LEADERS OF THESE POPULAR MOVEMENTS WOULD COME FROM THE WRITERS, THE INTELLECTUALS, AND THE LAWYERS.

5. REGARDING FIDEL CASTRO, RICO GALAN SAYS THAT NO ONE KNOWS WHETHER CASTRO IS A COMMUNIST OR WHAT KIND OF COMMUNIST HE MIGHT BE. HE IS A GREAT REVOLUTIONARY LEADER AND A GREAT TACTICIAN, BUT HE CANNOT PLAY THE ROLE OF LIBERATOR OF LATIN AMERICA FOR HE IS TOO DEPENDENT ON THE SOVIET UNION, AND THE SOVIET UNION CONTROLS HIM TIGHTLY. REGARDING CUBA-SOVIET CONFLICTS, RICO GALAN SAID THEY WERE MORE APPARENT

THAN REAL.

6. (SOURCE COMMENT: RICO GALAN SPOKE LIKE A CONVINCED, UNREPENTENT, AND FERVENT REVOLUTIONARY. HE BELIEVES THAT HE IS ASSOCIATED WITH A WINNING CAUSE.)

7. FIELD DISSEM: NONE.

Egregio Dottore:

Sono il pubblicista italiano Luigi De Marchi che ebbe l'onore di una breve intervista con Lei il 13 gennaio u.s. Ho cercato, finora senza successo, di riunirmi con Lei di nuovo per continuare la nostra conversazione. Mi auguro la presente la trovi in buona salute. La affido ad un amico "de confianza" che si incaricherà di fargliela pervenire.

Sono tuttora in viaggio e farò tutto il possible rivederla presto. Nel frattempo gradirei moltissimo, Lei consenziente, avere una sua critica sul libro che le lasciai, UTILES DESPUES MUERTOS, per una eventuale pubblicazione sul periodico romano Corrispondenza Socialista. Resta inteso che Le rimetteremo prontamente l'onorario stabilito.

Con i miei più distinti saluti,

31 January 1967

Dear Sir:

I am the Italian journalist Luigi De Marchi who had the honor of a brief interview with you on the 13th of January. I have tried, up to now without success, to get together with you again to continue our conversation. I trust that this letter finds you in good health. I am entrusting it to a friend "de confianza" who will try to see to it that it reaches you.

I am still traveling and I'll do everything possible to see you again soon. Meanwhile I would be very pleased if you would agree to write a review of the book I left with you, UTILES DESPUES MUERTOS, for eventual publication in the Roman periodical, CORRISPONDENZA SOCIALISTA. Rest assured that you would be paid promptly the usual fee.

With best regards,

Luigi De Marchi

SUBJECT: Meeting with Victor RICO Galan

1. The writer had about a one-hour meeting with Victor RICO Galan at the Lecumberri penitentiary on 13 January 1967. The meeting was held at the central reception room with several armed guards present; my civilian escort also remained in the general area, and there were also some other civilians present from time to time (I think waiting to see other prisoners).

2. RICO Galan arrived at the meeting area at about the same time as I did. After an exchange of greetings and a warm handshake, I gave RICO Galan my letter of introduction (a copy is attached). He read it carefully and then told me how glad he was to see me. He inquired about his friend Carlo Coccioli; I replied simply that I had seen him in Rome before he left for Paris and he was fine. (At the end of the meeting, RICO Galan asked me to convey his greetings to Coccioli when I returned to Italy, and of course I said I would.) I also explained to RICO Galan that I had a bottle of whiskey for him, but the guards had refused to let me bring it in. I think he appreciated the thought.

3. Because of my connection with Coccioli, a pro-Communist journalist and a friend of RICO Galan in Mexico for several years, plus the name of my periodical, Corrispondenza Socialista, RICO Galan apparently assumed that I was (and accepted me as) a fellow Marxist. He expressed himself spontaneously and I believe he revealed his true thoughts during the discussion and in answer to questions. A friendly rapport was immediately established between us.

4. I explained at the outset that I was on a tour of Latin America to study conditions and revolutionary movements. If he were agreeable, I said I also wished to write a piece on him for Corrispondenza Socialista. RICO Galan was very agreeable. I also said that if he wished to write an article for my periodical, we would pay him. He also found this idea agreeable; but qualified his approval by saying he first wanted to take a look at the periodical to see its "line" and format.

5. My first substantive question was how he viewed the revolutionary situation in Latin America. I asked whether he thought "violent revolution" a necessary stage in the development of Latin America. He answered quickly and

att to HMMA-31105

CS COPY

201-336474

emphatically that "violent revolution" throughout Latin America was "indispensable" because the peaceful road to necessary change was "blocked everywhere". He saw revolutionary movements on the rise everywhere in Latin America. I asked for the ideological nature and affiliations of these revolutionary movements. He replied that they are Marxist, but with liberal tendencies, not as rigid as the international communist revolutionary line.

6. I asked in which countries the revolutionary movements were most advanced. He named Guatemala and Venezuela in a category by themselves; there the revolutions were certain to win power. Then he gave me a general briefing on these two countries.

a. Guatemala: In Guatemala, unlike Venezuela, the Communist Party had not initiated the armed struggle. The two groups involved in the armed struggle were the "13 November" group led by Marco Antonio Yon Sosa, and the "Fuerza Armada Rebelde (FAR)", led by Cesar Montes, now that Luis Augusto Turcios is dead. The "13 November" group, he said, had Trotskyite influences, while the "FAR" was "Castrista/Independent", and with ties to the Guatemalan CP but also having differences with the CP. He said 90% of the people in Guatemala are peasants and the majority sympathize and support the armed struggle.

b. Venezuela: Both the CP and the MIR launched the armed struggle, but they have now abandoned it. I asked why. He said both movements confined their efforts mostly to the cities and took the form of terroristic acts. These tactics did not get the revolution anywhere. Now the Frente de Liberacion Nacional (FLN) led by Douglas Bravo was directing the armed struggle, and this effort will succeed.

RICO Galan asked me to read a recent article on Venezuela by Mario Menendez Rodriguez, Director of Sucesos, who had recently been to Venezuela and had interviewed the FLN leaders. In answer to my question, RICO Galan described Menendez as a "periodista Castroista".

7. RICO Galan described Mexico as an apparent democracy but "police state, tightly held". Here the "popular movements" are on the rise. In answer to my question as to who was leading these "popular" and revolutionary movements in Mexico and Latin America, RICO Galan replied that there were no leaders like Castro around, and the leaders would come from the writers, intellectuals and lawyers.

SECRET

8. I asked RICO Galan for his appraisal and total evaluation of Fidel Castro Ruz. He said, first of all, if Castro is a Communist or what kind of a Communist he is, nobody knows. He is a great revolutionary leader and a great tactician, but he can not play the role of liberator of Latin America for he is too dependent upon Russia and Russia controls him tightly. I think RICO Galan meant to imply that Castro has become a tool of the Soviets. He said, Ernesto "Che" Guevara really wanted Cuba to break away from the Soviet chains, but Castro is not able to do this. As to the whereabouts of "Che", RICO Galan said that perhaps not even Fidel Castro knows where he is.

9. Regarding Cuban-Soviet conflicts, RICO Galan said they are more apparent than real. Then I asked him to name countries of primary Cuban or Soviet influence. He said Castro has dominant influence within the revolutionary movements in Venezuela, Guatemala, all of Central America, and Colombia. The Soviets have dominant influence in Chile, Argentina and Mexico. However, he added, in Mexico, Castro and Moscow see "eye to eye" and have parallel policies, but the primary power to push these policies is Russia.

10. RICO Galan said Communist Chinese influence in Latin America is negligible.

11. After about an hour, our meeting ended abruptly for a guard from the office of the prison director came to get RICO Galan, his lawyer was there to see him. I held him back for an extra minute and then we parted, reluctantly, with a warm handshake.

12. The foregoing clearly reveals RICO Galan to be an unrepentant, fervent revolutionary. He believes, on the basis of what he said, that he is associated with a winning cause. He was in high spirits and looked fine.

13. I returned to the Lecumberri Penitentiary at about 5:15 P.M. the same afternoon for another session with RICO Galan. The main door entrance was closed. I knocked and a guard opened a little window. I asked to see the Director, but the guard said he was not there. I explained who I was and what I wanted; when he heard the name of RICO Galan, the guard said it was impossible to see him and closed the window. A moment later I knocked again. I asked the guard if he would deliver a message to RICO Galan from me. He said that also was impossible, only the Director could do that. The guard certainly did his duty.

Egregio Signore:

Mi permetta di introdurmi - Luigi De Marchi, italiano, scrittore per il periodico "Corrispondenza Socialista" di Roma.

In breve, stò facendo un giro d'orizzonte per l'America Latina. Eccomi qui: Vorrei anche approfittare di questa visita per fare un cambio di punti di vista con Lei.

Prego tenga la gentilezza di darmi un po' del suo tempo.

ASUNTO: Reunión con VICTOR RICO GALAN

16 enero 1967

1.- El que esto escribe se reunió durante casi una hora con VICTOR RICO GALAN en la Penitenciaría de Lecumberri el [illegible] del actual. La reunión [illegible] en el salón [illegible] [illegible] varios [illegible] y los [illegible] civiles [illegible] en el área, y había de cuatro a cinco civiles presentes y que esperaban ver a algunos prisioneros.

2.- RICO GALAN y yo llegamos simultáneamente al lugar de la entrevista. Después de un intercambio de saludos y un entusiasta apretón de manos, le entregué a RICO GALAN mi carta de presentación, una copia de la cual adjunto. El la leyó cuidadosamente y entonces comentó que le daba gusto conocerme. Inquirió sobre su amigo C.[illegible] COCCIOLI, y simplemente le respondí que lo ví en Roma antes de su salida hacia París y que se encontraba bien. Al terminar nuestra reunión, RICO GALAN me pidió diera saludos a COCCIOLI cuando yo regresara a Italia, y desde luego le prometí que así lo haría. También le expliqué a RICO GALAN que le traía una botella de whiskey pero que los guardias no me permitieron introducirla. Creo que él apreció este gesto.

3.- Debido a mi asociación con COCCIOLI, que es un periodista pro-comunista y amigo de RICO GALAN desde hace muchos años, además de por el nombre de mi periódico, [illegible], RICO GALAN aparentemente asumió que yo soy un compañero marxista y me aceptó como tal. Se expresó en forma confidencial y creo que reveló sus pensamientos verdaderos durante nuestra discusión y al responder a mis preguntas. Inmediatamente se estableció entre nosotros una corriente de simpatía.

4.- Yo expliqué desde luego que estaba efectuando una gira por América Latina para estudiar las condiciones y los [illegible] [illegible]. Le pedí que si así lo deseaba podría escribir [illegible] a él para el periódico [illegible]. RICO GALAN aceptó. También le dije que le agradaría si deseaba escribir un artículo para mi periódico. Le pareció buena la idea, pero antes me dijo que quería ver un ejemplar del periódico para saber su línea y formato.

5.- El primer punto importante fué su opinión sobre la situación revolucionaria en América Latina. Le pregunté si pensaba que era necesaria una revolución violenta para el desarrollo de América Latina. Respondió rápida y enfáticamente que una revolución violenta es indispensable en todo

América Latina debido a que la vía pacífica a todo cambio necesario, está bloqueada. Predijo el surgimiento de movimientos revolucionarios en toda la América Latina. Le pregunté sobre la naturaleza ideológica y afiliaciones de estos movimientos revolucionarios. Me respondió que son marxistas, pero con tendencias liberales, no con la rigidez de la línea revolucionaria comunista internacional.

6.- Le pregunté que en cuales países están más avanzados los movimientos revolucionarios. Nombró en primer término a Guatemala y Venezuela, ya que allí las revoluciones ciertamente se harán del poder. Luego me hizo un resúmen general de esos dos países.

a.- Guatemala: en Guatemala, a diferencia de Venezuela, el Partido Comunista no inició la lucha armada. Los dos grupos involucrados en el levantamiento, fueron el grupo " 13 de Noviembre " dirigido por MARCO ANTONIO YON SOSA, y la " Fuerza Armada Rebelde ", dirigida por CESAR MONTES, ahora que LUIS AUGUSTO TURCIOS está muerto. El grupo 13 de Noviembre, según dijo, tenía influencia trotskista, mientras que el F.A.R. era castrista independiente pero con ligas al Partido Comunista Guatemalteco, a la vez que teniendo diferencias con el mismo. Dijo que el noventa por ciento de la población de Guatemala, son campesinos y que la mayoría simpatiza y apoya la lucha armada.

b.- Venezuela : Tanto el Partido Comunista como el MIR iniciaron la lucha armada, pero ahora la han abandonado. Pregunté la razón. RICO GALAN respondió que ambos movimientos confinaron sus esfuerzos principalmente a las ciudades y tomaron la forma de actos terroristas. Estas tácticas no llevaron la revolución a meta alguna. Que ahora el Frente de Liberación Nacional dirigido por DOUGLAS BRAVO está llevando a cabo la lucha armada, y que este esfuerzo sí tendrá éxito.

RICO GALAN me pidió que le leyese un reciente artículo sobre Venezuela escrito por MARIO MENENDEZ RODRIGUEZ, Director de Sucesos, quien hace poco estuvo en Venezuela y entrevistó a los líderes del FLN. Así lo hice, y a una pregunta mía, RICO GALAN describió a MENENDEZ como un periodista castrista.

7.- También hizo una descripción de México como una aparente democracia, siendo más bien un Estado Policíaco férreamente sostenido. Dijo que aquí se están comenzando a iniciar movimientos populares. También a una pregunta mía sobre quién dirije estos movimientos populares y revolucionarios en México y en América Latina, RICO GALAN replicó que ya no hay líderes como CASTRO y que los mismos surgirán de entre los escritores, intelectuales y licenciados.

8.- Pedí a RICO GALAN me diese su concepto y una total evolución de FIDEL CASTRO RUZ. Dijo, antes que nada, que si CASTRO RUZ es comunista o qué clase de comunista, nadie lo sabe. Que es un gran líder revolucionario y un gran táctico pero que no puede jugar el papel de libertador de Latinoamérica porque depende demasiado de Rusia y que esta nación lo controla estrechamente. Pienso que RICO GALAN quiso decir que CASTRO se ha convertido en un instrumento de los soviéticos. También dijo que ERNESTO "CHE" GUEVARA quería realmente que Cuba rompiera las cadenas soviéticas, pero que CASTRO no es capaz de hacerlo. Con respecto al paradero del CHE GUEVARA, dijo que tal vez ni el propio FIDEL CASTRO sabe dónde está.

9.- En relación con los conflictos Cubano-soviéticos, RICO GALAN dijo que son más aparentes que reales. Luego le pedí me nombrase países que principalmente tengan influencia cubana o soviética. Respondió que CASTRO tiene influencia dominante dentro de los movimientos revolucionarios en Venezuela, Guatemala, todo Centroamérica y Colombia. Que los soviéticos tienen influencia dominante en Chile, Argentina y México. Agregó sin embargo que en México CASTRO y Moscú se ven frente a frente y tienen políticas paralelas, pero que la fuerza principal que empuja estas políticas, es Rusia.

10.- RICO GALAN dijo que la influencia Chino-comunista en América Latina es insignificante.

11.- Después de aproximadamente una hora, nuestra entrevista terminó abruptamente, porque un guardia de la oficina del Director de la Prisión vino a llevarse a RICO GALAN pues que su abogado quería verlo. Sólo lo retuve un minuto más y muy a nuestro pesar nos despedimos con un fuerte apretón de manos

12.- Todo lo anterior revela claramente que RICO GALAN es un convencido y ferviente revolucionario. De acuerdo con lo que dijo, creo que está asociado a una causa victoriosa. Tenía muy alta la moral y muy buena apariencia.

13.- Regresé a la Penitenciaría de Lecumberri aproximadamente a las diecisiete quince horas de esa misma tarde para otra charla con RICO GALAN. La puerta principal estaba cerrada. Toqué y un guardia abrió una pequeña mirilla. Pedí ver al Director, pero el guardia me dijo que no se encontraba. Le expliqué quién era yo y qué era lo que deseaba, pero cuando el guardia oyó el nombre de RICO GALAN, dijo que era imposible verlo y cerró la mirilla. Un momento después toqué de nuevo. Le pregunté al guardia que si podía pasarle un mensaje a RICO

GALAN. Me respondió que éso era también imposible; que sólo el Director podía hacerlo. En realidad el guardia estaba cumpliendo con su deber.

Addenda, 17 January 1967, at Headquarters

1. My offer to Rico Galan (para 4) to pay him for an article he might write for CORRISPONDENZA SOCIALISTA was made at the suggestion of LIENVOY/2.

2. The only time Rico asked me not to quote him (in any article I might write) was after he had finished telling me that Castro was too dependent on the Russians (para 8). Of course, I agreed. Also, Rico qualified his comment that Castro was a great leader by saying Castro was unpredictable; he would say one thing one day and do something different the next day.

3. Regarding the abrupt ending of the meeting after just one hour (para 10) I think it is probable that this came about through an order coming down from LITEMPO/8.

4. General Comment: I was given a fairly rough time by the authorities at the Lecumberri penitentiary. The Director told me in no uncertain terms that I could not bring a bottle of whiskey to Rico which I had in my ALITALIA bag. On my way to the main reception area where the interview was held, I had to go through several offices and guards. At one point I was asked for my passport and the guards were quite indignant when I told them that I had left my passport at the hotel. When I showed them my Italian calling card instead, they were not at all satisfied but let me pass on to the next processing point. Then I was taken to a private cell for a body search. I also had to sign in and out, presumably like any other visitor to the penitentiary.

5. The above incidents, though unpleasant for me at the time, indicate that LITEMPO/8 had not made the Lecumberri authorities witting of my true mission.

Translation of letter of introduction to Rico Galan

12 January 1967

Dear Sir:

Permit me to introduce myself: Luigi De Marchi, an Italian writer for the periodical "CORRISPONDENZA SOCIALISTA" of Rome.

In brief, I am on a tour of Latin America. A friend of yours and a fellow journalist acquaintance of mine, Carlo Coccioli, whom I saw in Rome in December before he left for Paris and I left for Latin America, mentioned your name to me and asked me to pay you a visit. Here I am.I would also like to take advantage of this visit to have an exchange of views with you.

I beg you to have the kindness to give me a little of your time.

Respectfully,

MEMORANDUM FOR THE RECORD

SUBJECT : LEEHOLD'S Contacts with LIENVOY/2 on Rico Galan case, Mexico City, 11-13 January 67

REFERENCE: Mexico City 9890 (IN 75995), 11 Jan 67

1. Reference reported that the Mexico City Station put LIENVOY/2 in telephone contact with the undersigned on 11 January. Following is a full account of my subsequent contacts with LIENVOY/2 on 12-13 January on the Rico Galan case. L/2 served as cut-out between the Station and LITEMPO/8 in arranging my interview with Rico Galan at the Lecumberri penitentiary on 13 January.

2. The evening of 11 January L/2 phoned me at my hotel and asked to see me the next morning; he suggested having breakfast together at my hotel at 0830. He came on time and we spent about an hour together. He stated that his purpose was to find out for LITEMPO/8 what my cover story and detailed plan were for the interview with Rico. At the outset he wanted to know whether I was an American or Italian citizen. He must also have been curious about my exact relationship with the Agency, but did not probe at all, and of course I refrained from volunteering any info.

3. L/2 seemed satisfied with my cover as an Italian journalist on a tour of Latin America for the Rome periodical, CORRISPONDENZA SOCIALISTA. He approved also of the idea of my mentioning Carlo Coccioli to Rico as a fellow journalist who had asked me in Italy in December to pay Rico a visit during my forthcoming trip to Mexico. L/2 expressed the view, however, that it was rather unlikely that Rico would agree to see me. He said in Mexico prisoners in general and especially Rico, were very suspicious and rarely wanted to see strangers in prison. He then gave me a briefing on

Rico which painted Rico as an extremely evil and clever character, who did not possess one ounce of sincerity, and who would never cease being a Marxist revolutionary, for stripped of his Marxist propaganda weapons Rico was a nobody - and Rico did not want to be a nobody.

4. I told L/2 briefly of my successful experience with a similar case in the Philippines. He commented that it was easier to be successful in the Philippines "for the level of Culture there, perhaps, is not as high as here."

5. We parted with the understanding that L/2 would phone me at the COS's office later that morning after his meeting with LITEMPO/8. When he called, at about 11:00, L/2 said LITEMPO/8 liked the cover story and the plan but he wanted to increase the chances that Rico would see me through the following manouver. LI/8 wanted to send Elena Garro De PAZ (the same woman who had brought out Rico's signed statement of his willingness to tell all in return for his freedom) to Rico carrying my calling card and an issue of my periodical; she would then persuade Rico to see me.

6. During a later phone conversation with L/2 I pointed out the risk involved in bringing Elena Garro into the operation. (The Station's position was definitely against her involvement). Being wealthy, influential, unpredictable and uncontrollable, Elena Garro, I pointed out, might make a phone call to the periodical in Rome and expose our hand. L/2 reported back to LI/8, who agreed with our position. L/8 then came up with the idea of my writing a letter of introduction for Rico and requesting an interview. I agreed to this scheme. Later that evening I received instructions from L/2 that at 11:00 the next morning I should go to the office of the Director of Lecumberri penitentiary and request to see Rico. The previous day L/2 had stated that LITEMPO/8 wanted to go over the "whole agenda" with me before I went to see Rico, but plans apparantly changed and I did not have any contact with LITEMPO/8.

7. At the meeting with Rico I personally handed Rico the letter of introduction, and got it back from him after he had read it. In the middle of our interview Rico asked to have the letter again and I handed it to him. My plan had been not to have the letter end up in Rico's hands if possible, but the abrupt ending of the meeting prevented my getting it back. During the briefing of L/2 by the COS and

me after my meeting with Rico, we asked that LITEMPO/8 try to get this letter back from Rico through the penitentiary authorities. L/2 agreed that it would be a good idea to get the letter back and said he would discuss this matter with LITEMPO/8.

Estoy efectuando una gira por América Latina. Un amigo suyo y compañero mío de labores, CARLO COCCIOLI, a quien vi en Roma en diciembre antes de su partida para París y de la mía para América Latina, me habló de usted y me pidió hacerle una visita. Por lo tanto quisiera aprovechar esta visita para tener un cambio de puntos de vista con usted.

Le ruego tenga la gentileza de concederme un poco de su tiempo.

Respetuosamente

LUIGI DE MARCHI.

Questions to [illegible] during [illegible] interview", [illegible]
6 Jan 67

1. Do you think a violent Communist revolution is a necessary stage in the development of Latin America?

2. Do you agree with the view expressed by Fidel Castro that most Latin America countries are ripe for violent revolution?

3. In your view, which groups and leaders have the biggest potential for leading revolutionary movements in Latin America? Do you think guerrilla warfare can bring Communism to any L.A. Country?

4. In your view which ~~regimes~~ countries are most successful in coping with their internal problems.

5. In your view, what impact is Fidel Castro ~~having~~ ~~[illegible]~~ [illegible] revolution ~~on~~ Latin America?

6. Who is doing more to promote Communist revolutions in Latin America, Cuba, the Soviet Union or China. How do you see the role of each country?

7. How do the revolutionary theories of Cuba, Moscow and Peking differ from each other as applied to Latin America.

8. In your view, are the Soviets using Castro as an instrument to promote their revolutionary line and interests, or is Castro's line opposed to the Soviets in Latin America.

9. Is the Alliance for Progress having much effect in promoting economic development and political stability in Latin America?

10. Can Europe play more of a role in Latin America to promote economic development? How?

11. It is said in journalistic circles that the Soviets resent and oppose Castro's tactics in Latin America because they undermine the position of the orthodox Communist Parties loyal to Moscow. It is also said that the Soviets are plotting to eliminate Fidel Castro.
Is this information correct?
If so, do you think Castro is aware of the Soviet plans?
Did Castro ever discuss with you his conflicts with Moscow? What is his solution?

12. In your view how large is the Castro apparatus operating in Latin America to promote guerrilla warfare and revolutions. From what elements of society do the Cubans get their support?

13. Is China an obstacle to the expansion of Cuban and Soviet influence in Latin America?

14. How serious, in your opinion, is the discord between Havana and Moscow regarding revolution in Latin America?

15. The Italian Communist Party is believed to be the "directing" Party" for several Latin America Communist Parties. In your view, how influential is the role of the Italian CP in Latin America.

16. What is the effect in Latin America of the Sino-Soviet split and of the crisis in international Communism?

17. I would be interested in your observations and comments on the Red Guards and the Chinese "Cultural Revolution."

18. You may have heard that the Yougoslav ex-Communist leader, Djilas, was released from prison on New Year's Day. How do you view Djilas, what do you think of him?

MEMORANDUM FOR THE RECORD

SUBJECT : LEEHOLD'S Contacts with LIENVOY/2 on Rico Galan case, Mexico City, 11-13 January 67

REFERENCE: Mexico City 9890 (IN 75995), 11 Jan 67

1. Reference reported that the Mexico City Station put LIENVOY/2 in telephone contact with the undersigned on 11 January. Following is a full account of my subsequent contacts with LIENVOY/2 on 12-13 January on the Rico Galan case. L/2 served as out-out between the Station and LITEMPO/8 in arranging my interview with Rico Galan at the Lecumberri penitentiary on 13 January.

2. The evening of 11 January L/2 phoned me at my hotel and asked to see me the next morning; he suggested having breakfast together at my hotel at 0830. He came on time and we spent about an hour together. He stated that his purpose was to find out for LITEMPO/8 what my cover story and detailed plan were for the interview with Rico. At the outset he wanted to know whether I was an American or Italian citizen. He must also have been curious about my exact relationship with the Agency, but did not probe at all, and of course I refrained from volunteering any info.

3. L/2 seemed satisfied with my cover as an Italian journalist on a tour of Latin America for the Rome periodical, CORRISPONDENZA SOCIALISTA. He approved also of the idea of my mentioning Carlo Coccioli to Rico as a fellow journalist who had asked me in Italy in December to pay Rico a visit during my forthcoming trip to Mexico. L/2 expressed the view, however, that it was rather unlikely that Rico would agree to see me. He said in Mexico prisoners in general and especially Rico, were very suspicious and rarely wanted to see strangers in prison. He then gave me a briefing on

Rico which painted Rico as an extremely evil and clever character, who did not possess one ounce of sincerity, and who would never cease being a Marxist revolutionary, for stripped of his Marxist propaganda weapons Rico was a nobody - and Rico did not want to be a nobody.

4. I told L/2 briefly of my successful experience with a similar case in the Philippines. He commented that it was easier to be successful in the Philippines "for the level of Culture there, perhaps, is not as high as here."

5. We parted with the understanding that L/2 would phone me at the COS's office later that morning after his meeting with LITEMPO/8. When he called, at about 11:00, L/2 said LITEMPO/8 liked the cover story and the plan but he wanted to increase the chances that Rico would see me through the following maneuver. LI/8 wanted to send Elena Garro De PAZ (the same woman who had brought out Rico's signed statement of his willingness to tell all in return for his freedom) to Rico carrying my calling card and an issue of my periodical; she would then persuade Rico to see me.

6. During a later phone conversation with L/2 I pointed out the risk involved in bringing Elena Garro into the operation. (The Station's position was definitely against her involvement). Being wealthy, influential, unpredictable and uncontrollable, Elena Garro, I pointed out, might make a phone call to the periodical in Rome and expose our hand. L/2 reported back to LI/8, who agreed with our position. L/8 then came up with the idea of my writing a letter of introduction for Rico and requesting an interview. I agreed to this scheme. Later that evening I received instructions from L/2 that at 11:00 the next morning I should go to the office of the Director of Lecumberri penitentiary and request to see Rico. The previous day L/2 had stated that LITEMPO/8 wanted to go over the "whole agenda" with me before I went to see Rico, but plans apparantly changed and I did not have any contact with LITEMPO/8.

7. At the meeting with Rico I personally handed Rico the letter of introduction, and got it back from him after he had read it. In the middle of our interview Rico asked to have the letter again and I handed it to him. My plan had been not to have the letter end up in Rico's hands if possible, but the abrupt ending of the meeting prevented my getting it back. During the briefing of L/2 by the COS and

me after my meeting with Rico, we asked that LITEMPO/8 try to get this letter back from Rico through the penitentiary authorities. L/2 agreed that it would be a good idea to get the letter back and said he would discuss this matter with LITEMPO/8.

MEMORANDUM FOR: Chief, WH/COG

SUBJECT : Possible Re-Interview of Victor Rico Galan (201-336474).

REFERENCE : Mexico City 9925 (IN 77986), 14 Jan 67

1. Reference summarized the undersigned's first interview with Rico Galan at the Lecumberri penitentiary on 13 January. At that interview Rico apparantly assumed and accepted that I was a fellow Marxist journalist, on a tour of Latin America for the Italian periodical, CORRISPONDENZA SOCIALISTA. He talked freely as a revolutionary in general terms about revolutionary movements and leaders in Latin America, including the Cuba and Soviet roles.

2. My attempt to have a second interview with Rico was not successful, due to circumstances beyond my and Rico's control. The question now is whether we should plan to go through with a second interview. The purpose would be to obtain further information on revolutionary movements and leaders. (The requirements of the Mexican Government were satisfied with the first interview).

3. One possibility might be for me to see Rico in about 10-12 days, ostensibly after a return trip to Mexico from Panama (or Guatemala or some other country). I could mention to Rico the names of one or two Communist leaders of the country visited who had briefed me; I could also reveal some other deception or slanted information; including names of Castroite leaders; then wait for, or elicit, Rico's comments and observations.

4. As noted above, the purpose of a follow-up interview would be to obtain more detailed information from Rico on the Castro and Soviet roles in supporting revolutionary movements in Latin America, not merely to obtain further information on the country visited. The approval of the Mexican Government (LITEMPO/8) would again be necessary for such a follow-up interview.

1. DURING 17 DECEMBER CONFERENCE WITH DAINOLD, LITEMPO/8 STATED THAT VICTOR RICO GALAN, NOW BEING HELD IN JAIL UNDER CHARGE OF CONSPIRING TO OVERTHROW GOM, HAS PROCLAIMED HIMSELF DISAFFECTED WITH CASTRO RUZ AND WILLING TO DISCUSS HIS PREVIOUS CONNECTION WITH CUBANS IN DETAIL. PRICE, WHICH IS TOO HIGH FOR MEXICANS, IS HIS RELEASE FROM CONFINEMENT. LITEMPO/8 ADDED THAT ALTHOUGH HE HAD HAD SOME OF HIS BEST INTERROGATORS WORKING ON RICO GALAN, HE HAD NOT BEEN ABLE TO EXTRACT ANY INFORMATION OF SIGNIFICANCE FROM HIM.

2. DAINOLD COMMENTED THAT HE HAD AVAILABLE A LEFTIST ITALIAN JOURNALIST WHOM HE REGARDED HIGHLY AS INTERROGATOR, AND WHO HAD RECENTLY HAD CONSIDERABLE SUCCESS IN DEBRIEFING A TOP HUK LEADER IN PHILIPPINES. HE SUGGESTED THAT THIS PERSON MIGHT USEFULLY BE INTRODUCED INTO RICO GALAN INTERROGATION. LITEMPO/8 AGREED, AND NOW EXPECTS HIM NEAR FUTURE.

The newspaper, EL MEXICANO, published at San Luis, Sonora on November 19, 1966, carries an article captioned, "The Lot Owners Union Now Does Not Show Signs of Activity." The story indicates that the Mexican Supreme Court had ruled that the expropriation of the lands belonging to the Ejido San Luis was legal. (Reference is made to Nogales, Arizona Intelligence Report of August 5, 1966.) (UNCLASSIFIED)

The Partido Popular Socialista (PPS) has held infrequent meetings about twice a month in San Luis, Sonora recently, according to a reliable source. In February, they plan to hold meetings weekly in connection with stepped-up activities during the coming political campaign. The local committee from San Luis, Sonora, headed by LORENZO-MOLINA-VILLA, recently were successful in forming a bloc or group of the PPS at Camp 57, Sonora. The source states this group has been organized strictly for political purposes and that the membership have not so far been indoctrinated as regular members of the PPS. (CONFIDENTIAL)

This source also reported concerning stories brought back from PPS headquarters at Hermosillo, Sonora recently by LORENZO MOLINA-VILLA. One of these alleges that two Americans with United States

Victor Rico Galan

Communist's credentials (reference is made to Nogales, Arizona Intelligence Report of November 4, 1966) had been instrumental in the arrest of RICO-GALAN and associates a few months ago by Mexican authorities. They are said to have gained the confidence of this group, furnished money for arms, and then denounced them to the Mexican government. They are believed to be CIA agents. Another incident was the occasion when two Americans with United States Communist's credentials visited the president of the PPS at Culiacan, Sinaloa, Mexico, who then communicated with VICENTE LOMBARDO-TOLEDANO, who in turn arranged for photographs of the men to be sent to the United States to be identified to see if they were United States Communists. It was said that they could not be identified and, therefore, were believed to be CIA agents. (CONFIDENTIAL)

A plenum of the PPS was to be held at Hermosillo, Sonora on December 9, 1966. (CONFIDENTIAL)

1. Attached for your information is a copy of a piece written and signed by Victor RICO Galan (Attachment "A") which he gave to Elena Garro DE PAZ to pass to LNPURE. She handed it to IDENTITY who in turn gave it to Bernard A. Edgebrook. Attached also is a copy of the covering note written by Mrs. DE PAZ (Attachment "B") and rough translations of both pieces.

2. On 1 December COS gave LITEMPO-8 a photostatic copy of Attachment "A". LITEMPO-8 said that he too had received a copy of the piece which he had given to LITEMPO-4 who sent one of his officers to interview RICO. RICO readily admitted that the signature was his, that he and Mrs. DE PAZ had discussed the matter, that Mrs. DE PAZ had typed out the copy and had brought it to him in prison where he had signed it. LITEMPO-8 said also that RICO Galan had said that he was eager to talk to a WOFACT representative. LITEMPO-8 said that he had no objection to such an interview.

3. In the opinion of LITEMPO-8 the RICO Galan statement is merely a maneuver by which RICO Galan hopes to get out of jail by promising to supply information and to oppose Fidel CASTRO.'

4. On 5 December, LITEMPO-4 told COS that RICO Galan is "almost crazy" for several reasons; confinement of course; his fear that his "friends" are going to kill him or that the Mexican Government will "arrange his death" and because he has learned that his wife, Inge, is sleeping with Manuel MARCUE Pardinas, editor of POLITICA. (NOTE: According to Mrs. DE PAZ, Rosendo Gomez Lorenzo of SUCESOS is pursuing Mrs. RICO Galan.) LITEMPO-4 commented that right now RICO Galan is willing to do almost anything to get out of jail.

Habiendo tomado parte en las graves discusiones surgidas entre Fidel Castro y Che Guevara antes del conflicto de Santo Domingo, a proposito de las tácticas, lineas y pactos a seguir en America Latina y que ocasionaron la desaparición del Che Guevara me considero autorizado a escribir un testimonio politico que desenmascare a Fidel Castro ante los revolucionarios de la America Latina como a un agente del stalinismo. La derrota de Caamaño, el asesinato de Uceda el líder peruano, el crimen de Turcios etc. han sido ejecutados por agentes castristas, encargados de asesinar y destruir a todo aquel que difiera de la linea castrista. Meneses, Cruz y yo mismo hemos sido entregados por agentes tales como Lizalde, Menendez y otros, para callar una verdad que debe ser conocida por los latinoamericanos. La próxima víctima es Yon Sosa y muchos más que en estos momentos se esconden de los asesinos. Mi testimonio sería politico e ideologico ya que yo mismo escribí muchos de los articulos de Guevara, sin escatimar todos los nombres y detalles necesarios para desenmascarar a Fidel Castro y sus agentes.

SOURCE: Medium-level member of the Mexican Communist Party in the Laguna area whose Party position requires attendance at policy-making meetings. His reporting on Communist activities has been reliable.

1. On 19-21 August 1966 the Union of Local Societies of Collective Farm Credit 40-66 (USCE 40-66 - Union de Sociedades de Credito Ejidal 40-66), a Mexican Communist Party (PCM - Partido Comunista Mexicano) peasant front, held its 8th Regional Congress at the USCE 40-66 headquarters in Torreon, Coahuila, with an attendance of 800 to 1,000 people. Every state in Mexico was represented. The meeting was presided over by Arturo Orona Gamez, member of the PCM Central Committee and Secretary for Peasant Affairs of the PCM Coahuila State Committee, and Ramon Danzos Palomino, also a member of the PCM Central Committee and head of the Independent Peasants' Central (CCI - Central Campesina Independiente), another PCM controlled group in the Laguna area. In addition to these two who spoke, the speakers were Arnoldo Martinez Verdugo, First Secretary of the PCM Central Committee, and Agustin Borrual Gomez, Secretary of Organization of the PCM Coahuila State Committee. Conspicuous by their absence were Antonio Morin Rodriguez, member of the PCM Presidium with special interest in PCM political affairs in the Laguna area, and Juan de los Reyes, member of the PCM Central Committee who lives in the Torreon area. The main theme of the Congress was the aim of the USCE 40-66 to promote the nationalization of all privately held agricultural land in the Laguna area. It wants to divide all land in the Laguna area into communal farms and completely do away with small private land holding. Martinez said that the Mexican Government was trying to plot against the PCM and gave as an example the 12-13 August 1966 arrest of Victor Rico Galan and some 40 others of the Popular Revolutionary Movement (MRP-Movimiento Revolucionario del Pueblo). He said that the PCM did not espouse the armed revolutionary policies of Galan, and that the Party was pacifist.1

Manager	Arturo Orona Gamez
Assistant Manager, in charge of Commerce and Insurance	Agustin Borroel Gomez
Social Services	Alberto Loera Juarez
Machinery Manager	Alberto Munoz
Agricultural Livestock	Jesus Cedillo

Fruit Growers	Juan Francisco Espino
Agrarian Organization	J. Cruz Chacon Sifuentes 2

3. Also present at the USCE 40-66 Congress was Oscar Guajardo Gutierrez, Secretary of Organization of the PCM Nuevo Leon State Committee. He was trying to organize an interchange of ideas between the Nuevo Leon and Coahuila PCM State Committees, especially in the field of organizing new cells. Guajardo said that he had organized various neighborhoods of Monterrey against the police and the government. He was especially interested in contacting Orona and Jose Luna Ortiz, First Secretary of the PCM Coahuila State Committee.

1. Source Comment: Martinez Verdugo was trying to get the support of the crowd.

   Headquarters Comment: A report on this Congress and the speech made by Martinez Verdugo on 21 August 1966, the closing day, appears in issues nos. 1845 and 1846, dated 28 August and 4 September 1966, respectively, of La Voz de Mexico, official newspaper of the PCM. The second part of the speech in no. 1846 is extremely interesting in that Martinez Verdugo takes issue with the manner in which General Lazaro Cardenas del Rio, leftist former President of Mexico (1934-1940), proposes to achieve agrarian reform. Further, Martinez Verdugo decries Cardenas' again giving his political support to President Diaz Ordaz, as he did on 11 August at Ciudad Altamirano, Guerrero, when he also expressed his views on agrarian reform (Cf. Airgram no. 161, Joint Weeks no. 32, dated 12 August 1966, from the American Embassy, Mexico City).

2. Field Comment: All of the members of this USCE 40-66 Administrative Council are members of the PCM.

On 5 September 1966, Fernando Rico Galan, one of those arrested, but later released, in the roundup of a group of subversives headed by his brother, Victor Rico Galan, and Raul Ugalde Alvarez, visited the offices of the Mexican Society of Friendship with People's China (SMACP - Sociedad Mexicana de Amistad con China Popular). Rico held a closed-door meeting with Luis Torres Ordonez and Juan Larios Tolentino, both officers of the SMACP, for an hour and fifteen minutes. The subject matter of the discussion is not known.

SOURCE: A ranking member of the Mexican Communist Party in Nuevo Leon who has access to Party plans. He has reported reliable information on the Party for about six years.

1. The plenum of the Central Committee of the Mexican Communist Party (PCM - Partido Comunista Mexicano) will take place in Mexico City on 25, 26, and 27 September 1966.

2. The Campesino Congress of Torreon was attended by Oscar Guajardo Gutierrez of the Nuevo Leon State Committee. Guajardo will remain in Torreon until 24 August to attend the national plenum of the Independent Peasants' Central (CCI - Central Campesina Independiente) which is being held concurrently with the Campesino Congress.

3. Lino Medina Salazar, in his capacity as member of the Central Committee and member of the National Trade Union Commission, was in Monterrey from 17 to 19 August to participate in a meeting of the State Committee to discuss the Party's trade union activities, because so little has been done in this field which the Party has had difficulty in penetrating. It was agreed that the publication of Accion Sindical, which has been dormant for some time, would be resumed as an initial step in planning trade union activity and that a study of the labor situation should be undertaken. Medina, who was not pleased with the outcome of the meeting, promised to return and to personally follow the progress of the trade union program since he is the Central Committee member responsible for supervising the activities of the Party in Nuevo Leon.

4. A meeting of members of the Independent Central of People's Organizations (CIOP - Central Independiente de Organizaciones del Pueblo) was held on 10 August to discuss plans to carry out agitational activities early in September in support of busdrivers and other unionized groups.

5. The campaign in support of political prisoners has been suspended until 25 September. The situation has become more complicated because of the recent increase in the number of prisoners, although in Nuevo Leon there have been no repercussions because of the roundup of the Ugalde-Rico Galan group.

6. With regard to the national meeting of university students, it cannot be said that it was successful since only three delegations were present - those from Nuevo Leon, Chihuahua, and Jalisco. Arnoldo Martinez Verdugo, Jose Encarnacion Perez Gaytan and other members of the Party Presidium were present, which suggests that the Party attaches considerable importance to its program for university action. This meeting was considered to be the first stage, to be followed by others. It is assumed within the Party that the Nuevo Leon State Committee is experienced in university matters since it organized the University of Nuevo Leon Union (STUNL - Sindicato de la Universidad de Nuevo Leon).[2]

7. With respect to the PCM's electoral campaign, as yet no candidates have been agreed upon, and it is clear that among those under consideration none is of impressive stature.

8. Of interest are the efforts of Porfirio Diaz, head of the National Youth Institute in Monterrey, who is departing from the Party line in attempting to form a youth group in which the Institutional Revolutionary Party (PRI - government party) would participate along with the PCM and other leftist organizations. Diaz has held meetings attended by Octavio Leal Moncada of the CIOP, Javier Rojas Sandoval of the PCM, Jose Luis Sustaita of the National Democratic Students' Central (CNED - Central Nacional de Estudiantes Democraticos), other members of the PCM, and representatives of the PRI.

1. Headquarters Comment: Issue No. 1845, dated 28 August 1966, of La Voz de Mexico, official newspaper of the PCM, reported that the Union de Sociedades de Credito Ejidal de la Comarca Lagunera 1940-1965 (USCECL-1940-1966), headed by Arturo Orona Gomez, held its VIII Ordinary Congress in its headquarters at Torreon, Coahuila. Issue No. 1846, dated 4 September 1966, contained an article dated Torreon, Coahuila, August 1966, saying that the national plenum of the CCI had resolved to disassociate itself from the National Liberation Movement (MLN-Movimiento de Liberacion Nacional), because of the latter's divisionist activities.

2. Source Comment: In fact, the STUNL was not formed by the Party since, when it was organized, there were no Communists among the teachers and other university workers. The union came into being as a result principally of the activities of a group of teachers from Preparatory School N . 1, and it had the support of the then acting Rector, Alfonso Rangel Guerra, who saw in the union possibilities for creating problems for Eduardo Livas Villarreal, the Governor of Nuevo Leon. It was almost a year later that Rolando Guzman, Tomas Gonzalez de Luna, and Horacio Salazar joined the PCM, but their influence in the union cannot be attributed to this fact. The union has continued to exist because it has maintained its activities within legal bounds, demanding minimum wages and improved working conditions. PCM influence in the union is negligible since, in addition to Guzman, Gonzalez, and Salazar, there are only four or five other PCM members. The possibilities of forming a national university union would appear to be remote, and it is doubtful that present plans in this direction will ever materialize.

SOURCE Mexican intellectual who is a personal friend of Victor Rico Galan although they disagree politically. Source has reported infrequently but reliably on Rico Galan's activities. The reported information was obtained from Mrs. Rico Galan and from a journalist.

Field Comment: The 7 September 1966 issue of Siempre! magazine, which appeared on the stands on 1 September, carried on pages 10 and 11 a letter written from prison by Victor Rico Galan explaining and defending his position and accusing the Mexican Government of being the real violators of the Constitution. On the following pages an editorial titled "Mexico No Es Una Insula de Gorilas" (Mexico Is Not A Police State), which rejected the points put forth by Rico Galan, defended Mexican institutions and concluded that because of the magazine's devotion to freedom of expression, time and space had been devoted to what should properly be recorded as a minor police incident.

1. Inge de Rico Galan, wife of Siempre! writer Victor Rico Galan, said on 2 September 1966 that her husband was resigning from Siempre! because of the harsh editorial against him and his ideas which appeared in the 7 September issue of the magazine. Mrs. Rico Galan said that the editorial was far harsher than even President Gustavo Diaz Ordaz' comments on the matter which he included in his 1 September State of the Union message.

2. If Siempre! refuses to publish her husband's letter of resignation, and she seemed to feel that this might be the case, Manuel Marcue Pardinas of the leftist newsmagazine Politica, has assured Rico that he will publish it.[1]

3. On 6 September, the journalist Froilan Manjarrez told Antonio Caram, of the Cuban news agency Prensa Latina, that Eduardo de los Rios (Rius), the political cartoonist, had resigned from Siempre! in protest over the magazine's treatment of Rico Galan. Since it was doubtful that Siempre! will publish Rius' letter of resignation, arrangements have already been made with Marcue Pardinas to publish it in Politica.

4. Manjarrez remarked that Siempre! publisher Jose Pages Llergo had blundered badly in his handling of the Rico Galan affair and that people who had never been especially sympathetic to Rico Galan were nonetheless totally disgusted with Pages. Rico is being spoken of as a brave man and Pages as a contemptible one, according to Manjarrez, as a result of the editorial.[2]

[1] Field Comment: CS-311/12195-66 reported that it was uncertain that Politica would continue to publish after the 15 August 1966 issue.

[2] Headquarters Comment: The 14 September 1966 issue of Siempre carried a letter to the editor written by Rico Galan, in which he expressed his intense displeasure with the publication's editorial of the previous week. He asked that Siempre consider withdrawn his intention to continue collaborating with it on a book section, saying that he would seek means of support for his family despite his confinement, that they may live in a manner worthy of revolutionary solidarity, not from alms granted by evil consciences seeking precarious tranquility. In a note of reply Siempre reiterated its disagreement with Rico Galan's viewpoints but added that it claimed neither to qualify nor to judge the personal conduct of a friend with whom the magazine was permanently bound.

SOURCE Guatemalan professional man, former member of a guerrilla organization in Guatemala, who is believed to have good access to Guatemalan exiles in Mexico.

1. Rolando Collado Ardon, leader of the Guatemalan exile community in Mexico and a member of the Guatemalan Communist Party (PGT - Partido Guatemalteco del Trabajo), said that the arrest of Victor Rico Galan on charges of subversion was a good thing for the PGT. Collado was referring to Rico Galan's influence on Guatemalan guerrilla leader Marco Antonio Yon Sosa. According to Collado, Rico Galan prevented the PGT from persuading Yon Sosa to join the Party in 1963 because of Rico's Trotskyist interference and the aid he gave to Yon Sosa at the time.[1]

2. Medical doctors Miguel Cruz Ruiz and Rolf Meiner Huebner, two of those arrested with Rico Galan, have been associated with Rico since early 1965. Both were very much involved in the medical doctors' strikes of late 1964 which continued into 1965. When the strikes were finally settled both Cruz Ruiz and Meiner Heubner were dismissed from their jobs at the Social Security Hospital at Cuauhtemoc 330. They went directly to Rico Galan who put them to work, mainly writing medical articles for the magazine Sucesos for which Rico Galan worked.[2]

3. Rico Galan sent both Cruz Ruiz and Meiner Huebner to Cuba in 1965 and both are well indoctrinated Communists.[3] However, neither belongs to any Communist Party or organization. Both, as well as Dr. Jorge Velez Trejo, also very active during the medical strikes, have traveled through Latin America making

contact with medical groups and attempting to inspire them to anti-government activity in their respective countries.[4] Also, while Cruz Ruiz and Meiner Huebner were working for Rico Galan at Sucesos they were giving classes in revolutionary activities to groups organized by Rico Galan.

Field Comments

1. In October-November 1963, Rico Galan, ostensibly as a purely journalistic exercise, went to Guatemala where he interviewed Yon Sosa in the guerrilla leader's camp.

2. CS-311/12133-65, 4 October 1965, presents an over-all picture of the medical strike situation.

3. TDCS-314/02438-66, 22 February 1966, reported that Rico Galan arranged passages for Mexican doctors who attended a medical congress in Havana in February 1966.

   Headquarters Comment: This report, however, does not give the names of Drs. Cruz and Meiner as having been invited to attend the XI Medical Congress and the VII National Stomatology Congress but states that Rico Galan, who was making ticket arrangements, had names of others invited to the Congresses.

4. TDCS-314/02464-66, 22 February 1966, reports on the Central American activities of Drs. Meiner and Velez.

SOURCE: Mexican security officer with access to information derived from investigative activities. His reporting is believed to be reliable.

1. At a meeting of leaders of the Mexican Communist Party (PCM - Partido Comunista Mexicano), attended by Arnoldo Martinez Verdugo, Fernando Granados Cortes, Manuel Terrazas Guerrero, Gerardo Unzueta Lorenzana, and Marcos Leonel Posadas Segura, there was some discussion of the status of members of the group, headed by Victor Rico Galan and Raul Ugalde Alvarez, which was recently arrested for engaging in subversive activities. It was revealed at this meeting that Ugalde had submitted an application for membership in the PCM but that he had not been accepted.[1] He is not, therefore, considered to be a member of the Party. The same is true of Guillermo Balam Pereyra.[2] It is true that Venancio Garay Zuniga and Artemio Garay Zuniga are PCM members, but they aligned themselves with the Rico Galan "guerrilla" group on instructions from the Party to serve as spies in order to keep the Party informed on the group's activities.[3]

2. At a meeting of the Permanent Committee of the National Assembly for the Freedom of Political Prisoners, Filomeno Mata Alatorre stated that he was completely removed from the subversive group and that he had had nothing whatsoever to do with it. Guillermo Calderon Ita raised the question of the most recent group of prisoners (the Rico Galan group), and it was agreed that that group had chosen the easy path - that of taking up arms; that such a movement would come about eventually, but that now is not the time; there is no chance for success of an armed movement. It was agreed that even though the Committee

was not in accord with the tactics, or even the ideology, of the Rico Galan group, the latter group should be defended in the same way as are other political prisoners. The Rico Galan group has engaged the same lawyers used by the Committee. In fact, the campaign in behalf of political prisoners must be pursued with even greater vigor because under the present Mexican Government policy the PCM or the Popular Socialist Party (PPS - Partido Popular Socialista) could be accused of operating schools for training of subversives. At the close of the meeting it was reported that a message had been received from the Fourth Latin American Students' Congress (CLAE) in Havana advising that as part of the Campaign for the Release of Political Prisoners, which will be highlighted during the period 25 September to 2 October 1966, telegrams will be sent to the President of Mexico from all countries in Latin America.

Field Comments

1. While there does not appear to be any firm evidence of Ugalde's membership in the PCM, his activities as a leading figure in the People's Electoral Front (FEP-Frente Electoral del Pueblo), which is controlled by the PCM, have been well reported.

2. In a document seized by Mexican police during a raid on PCM headquarters on 12 April 1965, Dr. Balam Pereyra was listed as a member of the Dr. Angel Martinez Villarreal cell, having joined the Party in August 1964.

3. According to the Mexico City daily, El Dia, of 30 August 1966, the office of the Attorney General for the Federal District protested against the action of a Federal District judge in releasing the Garay Zuniga brothers from custody on 22 August.

SOURCE: Mexican intellectual who is a personal friend of Victor Rico Galan, although he disagrees with him politically. Source has reported infrequently on Rico Galan's activities. The reported information was obtained from his wife.

1. According to Inge de Rico,[1] wife of Victor Rico Galan who was arrested on 12 August and who has been charged with conspiring against the Mexican Government, her husband is quite well. She said that she is allowed to see him every day and to take him food, clothing, books, papers, and other things which he has requested. She also said that friends have been very kind. In fact, her husband has told her that he wants the money which has been offered to him to be shared among the other prisoners who have none and who are trying to get bond.[2]

2. As to her husband's chances for being released on bail, she said that a number of legal experts on this type of case have been consulted and their opinions have been rather pessimistic.

3. Sra. de Rico has been asked to have her husband prepare a message for students at the University and in some of the Preparatory Schools who are urging that he be freed. Many of Rico's readers are young students who greatly admire him.

SOURCE: Veteran and trusted member of the Popular Socialist Party who has close, personal connections with ranking members of the Party. He has been a prolific reporter of reliable information. The reported information was obtained directly from leaders of both the PPS and the General Union of Workers and Peasants of Mexico. The substance of these persons' comments is believed to be accurately reported; its validity, however, cannot be assessed.

1. (Summary: Popular Socialist Party (PPS) attitudes toward the arrest of Victor Rico Galan and others on charges of conspiring against the Government remain unsympathetic. The Party intends to stay outside the entire matter, although PPS Secretary General Vicente Lombardo Toledano may seize the opportunity to strike back at some of his enemies by issuing a statement condemning the plans attributed to Rico Galan as Trotskyist. Within the Party there is considerable skepticism about the truth of the published charges. While several Party leaders do not doubt that there is some truth to the charges, they are quite convinced that there was no danger of imminent rebellion and that Mexican institutions stood in no peril from Rico Galan and his friends. The suspicion exists that Rico Galan's case is a Government maneuver, successfully used in the past. Also, it is believed in the PPS that police accounts of their role in the matter have been exaggerated to enhance the reputation of the police both with the President and with the public. The rumor that the Guatemalan Government may have asked the Mexican Government to silence Rico Galan because of his violent attacks against the new Guatemalan administration is generally discounted since the complaints of Guatemalan officials are certainly of no concern to Mexico.)

2. Victor Rico Galan and his associates can expect neither sympathy nor help from the Popular Socialist Party (PPS - Partido Popular Socialista). Although no official decision has yet been made by the Party, PPS leaders who have commented unofficially on the matter have said that for the moment the Party will no doubt stay completely outside the whole affair, thus proving its total lack of interest in this type of revolutionary activity. It is of course possible that PPS Secretary General Vicente Lombardo Toledano will seize the opportunity to issue a statement condemning the entire affair as Trotskyist, criminal, and utopian. Lombardo may decide to use this opportunity to strike back at the National Liberation Movement (MLN - Movimiento de Liberacion Nacional) and others who have attacked him.

3. Among leaders of both the PPS and the General Union of Workers and Peasants of Mexico (UGOCM - Union General de Obreros y Campesinos de Mexico), there is a certain skepticism about the truth of the matter as it has been presented in the press. It is probably true that arms and materials for manufacturing explosives were confiscated. It is probably true that indoctrination sessions on political and revolutionary matters ,were held in the houses where the arrests were made. And probably the group did have some kind of plan for action. But, it is simply not true that there was the slightest danger of immediate and formidable rebellion from Rico Galan and his friends.

4. This latter conclusion is based on the fact that Rico Galan is no guerrilla leader. He is an aggressive intellectual, a radical, but he is not in jail for what he has done but for his ideas. As for Raul Ugalde Alvarez, named with Rico Galan as one of the leaders of the group, he has the reputation of being fuzzy-minded, a leftist adventurer and certainly neither brave nor dedicated. Further, and Rico Galan is well aware of this, popular support is essential to the success of rebellion; it does not exist. The peasants are divided. The workers are controlled by the Government, and the middle class is content with the way things are. Also, there is the formidable precedent of Government action against any kind of rebellion, trade union, armed, and particularly any sort of activity which is Cuban-connected. The Government has always moved with energy, speed, and efficiency to combat such threats as, for example, during the Railway Workers Strike of 1959. Several leaders of that strike are still in jail and likely to remain there. Another example is the September 1965 attack on a military camp at Ciudad Madera, Chihuahua. While the Government did not feel that this incident posed any real threat to it, it did not want the bad international publicity, so vigilance was increased, activities of would-be guerrillas were blocked, some were bought off with money, others with promises, and the matter was promptly and efficiently controlled.

5. There no doubt is a degree of truth to police charges, but the melodramatic, almost childish character given to the Rico Galan movement, the lack of any proven connection between the movement and leftist/Communist organizations, Rico Galan's open and well-known connections with Guatemalan guerrilla leaders and his public support of the Cuban revolution, make it very hard to discount the suspicion that this is simply a Government maneuver. Also, while the police no doubt did confiscate arms and other materials, the suspicion exists that the police have inflated their role in order to make themselves look good both to the President and to public opinion.

6. There is even a rumor that because of Rico Galan's harsh attacks on the new Guatemalan administration, the Guatemalan Government asked the Mexican Government to deal with Rico Galan. This rumor, however, is regarded as rather ridiculous, since the Mexican Government certainly cares nothing for the opinion of Guatemalan officials.[1]

---

[1] Field Comment: TDCS-314/10419-66, 18 August 1966, reported earlier PPS reaction to the arrests.

Headquarters Comment: In his inaugural address in December 1964, President Diaz Ordaz made a point of stressing his desire for harmonious relations with Mexico's neighbors both to the north and to the south. His Central American trip in mid-January 1966 was, among other things, to promote such relations. Guatemalan friendship has lately been said to be a cardinal objective of Mexican foreign policy (Cf. State telegram no. 1245, dated 30 August 1966, from the American Embassy in Mexico City).

SOURCE: Mexican intellectual who is a personal friend of Victor Rico Galan although they disagree politically. Source has reported infrequently but reliably on Rico Galan's activities. The reported information was obtained from Mrs. Rico Galan and from a journalist.

Field Comment: The 7 September 1966 issue of Siempre! magazine (which appeared on the stands on 1 September) carried on pages 10 and 11 a letter written from prison by Victor Rico Galan explaining and defending his position and accusing the Mexican Government of being the real violators of the Constitution. On the following pages an editorial titled Mexico No Es Una Insula de Gorilas (Mexico Is Not a Police State) which rejected all of the points put forth by Rico Galan, defended Mexican institutions and concluded with the observation that time and space had been devoted to what history would properly record as a minor incident because of the magazine's devotion to freedom of expression.

1. Inge de Rico Galan, wife of Siempre! writer Victor Rico Galan, said on 2 September 1966, that her husband was resigning from Siempre! because of the harsh editorial against him and his ideas which appeared in the 7 September issue of the magazine. Mrs. Rico Galan said that the editorial was far harsher than even President Gustavo Diaz Ordaz's comments on the matter which he included in his 1 September State of the Union message.

2. If Siempre! refuses to publish her husband's letter of resignation, and she seemed to feel that this might be the case, Manuel Marcue Pardinas of the Communist newsmagazine Politica has assured Rico that he will publish it in Politica.[1]

3. On 6 September, the journalist Froilan Manjarrez told Antonio Caram of the Cuban news agency Prensa Latina that Eduardo de los Rios (Rius), the political cartoonist, had resigned from Siempre! in protest over the magazine's treatment of Rico Galan. Since it was doubtful that Siempre! will publish Rius' letter of resignation, arrangements have already been made with Marcue Pardinas to publish it in Politica.

4. Manjarrez remarked that Siempre! publisher Jose Pages Llergo had blundered badly in his handling of the Rico Galan affair and that people who had never been especially sympathetic to Rico Galan were none-the-less totally disgusted with Pages. Rico is being spoken of as a brave man and Pages as a contemptible one, according to Manjarrez, as a result of the editorial.

1. Field Comment: HMM-10,625 reported that it was uncertain whether Politica would continue to publish after the 15 August issue.

She said that she is allowed to see him every day and to take him food, clothing, books, papers, and other things that he has asked for. She said also that friends have been very kind. In fact, her husband has told her that he wants the money which has been offered to him to be shared among the other prisoners who have none and who are trying to get bond.[1]

2. As to her husband's chances for being released on bail, Mrs. Rico Galan said that a number of legal experts on this kind of case have been consulted and their opinions have been rather pessimistic.

3. Mrs. Rico Galan was also asked to have her husband prepare a message for students at the University and in some of the Preparatory Schools who are urging that he be freed. Many of Rico's readers are young students who greatly admire him.

Tapes Confiscated by the GOG Military

ACTION REQUIRED - REFERENCES

ACTION: FYI

REFERENCE: GUAT-4326

1. GENERAL

Transmitted herewith please find copies of three tapes confiscated by the GOG military from the guerrillas in operations subsequent to the guerrilla attack on the small garrison at Panzos (GUAT-4309, paragraph 4). The tapes were received by the Station from ODIBEX in mid-November. The Station made copies to pass to the Guatemalan Army and to ODIBEX and kept one copy for study. The originals were returned to the Guatemalan Army after a master copy was made.

2. THE TAPES

The original tapes were small and were eight in number and were recorded by the guerrillas at the speed of 1 and 7/8ths. According to information taken from the tapes, the recording was done on a Philips recorder. Judging from the sounds it is felt that the tapes were made indoors by inexperienced personnel. This belief is supported by one of the documents captured which went into detail on the problems the guerrillas were having with the recorder and on how to correct them. The master copy made by the Station (transmitted herewith) was recorded at the same speed on three tapes which total about 16 hours of poor listening.

3. INFORMATION FROM TAPES

A. Tape 1 side 1. A speech made by Victor Rico Galan (Mexican newspaperman who is very leftist) to guerrillas under the command of Marco Antonio Yon Sosa. Generally, he informs the guerrillas that the revolution in Guatemala is the revolution of Latin America. He reports that persons in Latin America and Europe are keenly interested in the Guatemalan revolution and send letters to Galan affirming their support of it. He then goes into the problems of the apparent split between the 13 November Movement and the PCT leadership. He states that the PCT has not given the guerrillas the proper support and has taken too soft a line in the revolutionary struggle. He talked to the PGT leadership and asked that personal feelings be set aside and suggested complete cooperation with the guerrillas to overthrow the present government. At the end of the tape the guerrilla theme song is sung by a group of guerrillas.

B. Tape 1 side 2. This side discusses (voice unidentified) the interview Yon Sosa had with newspapermen in the Sierra de las Minas. The speaker explains how the interview was disseminated throughout Guatemala by Supplement # 1 of the Revolucion Socialista. The interview will soon be translated into German, French and other languages and will be sent to Mexico, Latin America and countries in Europe. The speaker then goes on to explain how the guerrilla publication, Revolucion Socialista, has created great enthusiasm (does not say where) and how it will make people aware of the role the guerrillas play in Guatemala. Its main object is to attack imperialism and the Guatemalan Government.

C. Tape 2 side 1. This side deals with generalities on the revolution going on in Guatemala. It discusses the need for a new government to represent the people. It states that the guerrilla movement is the vanguard of the masses of workers and campesinos. At the end of the tape it salutes the workers of the world.

D. Tape 2 side 2. An unidentified voice discusses, in very general terms, the problems of the guerrillas in shipping various articles (weapons, literature and tapes) to different parts of the country. The major obstacles to smooth movements of the articles throughout the country are police and military check points on the major roads and the fact that large truck shipments cannot be mounted, forcing the guerrillas to hand carry most of the material. Through negligence, many guerrillas have been captured with compromising material in their possession. Pseudonyms are repeatedly mentioned on this side - Rolando, Rudy, Adan, and Mateo - which cannot be identified by the Station.

E. Tape 3 side 1. This side is taken up by an unidentified person reading passages out of Revolucion Socialista and Marxist literature.

F. Tape 3 side 2. On this side there are discussions of the problems faced by the guerrillas The first problem is the trouble the Mando General was having with the Guatemalan Communist Party (the Party tended to isolate itself from the guerrillas). Other problems included communications between guerrilla units throughout the country; problems with the recording machine; and the problem of putting out propaganda which can be understood by the campesinos. All these problems were discussed in very general terms omitting names, places and dates.

4 CONCLUSIONS DRAWN FROM TAPES

The information found on the tapes is of no operational value to the Station since it deals with propaganda and guerrilla problems already known by the Station What is of interest is the apparent effort by the guerrilla leadership to use tapes as a means of operational communications and to reach the illiterate campesinos and workers with spoken instead of written propaganda. The operational use of tapes would obviate the need for printed internal communiques which are bulky and easily compromised. A guerrilla can hide a tape on his person and travel through police and military check points without being detected. Since the people in whom the guerrillas are interested are for the most part illiterate (campesinos and workers) the spoken word would mean much more to them than would printed propaganda. The Station has not based these conclusions solely on the three tapes transmitted with this report. Two days ago, ESDEW-1 informed DOSCHER that the police recently confiscated 24 tapes from the guerrillas (raids on 8 and 9 December, HOGA-7612) and that these tapes consist of operational problems faced by the guerrilla leadership and propaganda. The Station will attempt to make copies of the tapes mentioned by ESDEW-1 if they can be obtained. If the tapes cannot be acquired the Station will receive copies of the scripts taken from the tapes (police are doing this now).

5. Since the tapes are not of operational value the Station feels it is not necessary to retain a copy for the files and is passing to Headquarters the master copy from which reproductions were made for ODIBEX and the Guatemalan Government.

[illegible] - Conference Given by Victor RICO Galan in Merida

1. Attached are copies of press coverage of a conference given in Merida on 29 October 1964 by Victor RICO Galan, described in reference as a Mexican Marxist journalist and CASTRO agent. In summary, RICO reportedly sketched the Hispanoamerican situation briefly and spent an hour or more replying to questions from the audience; his eternal theme was North American imperialism.

2. It will be noted that RICO was invited by the Centro de Removacion Cultural and presented by journalist Mario [illegible] Rodriguez, who said that one might or might not agree with what RICO said but that he had a right to be heard. The Centro is of very recent unknown origin [illegible] is said to be sponsoring the visit each week of a journalist to Merida for similar conferences. Where the money is coming from has not yet been determined. [illegible] contacts have said that [illegible] himself paid for RICO's air travel, and that the hotel bill at the Panamericana was paid by the [illegible] tourist agency. However a hotel contact has stated that the bill was paid by the "State Government". LIRACK indicates that the Cuban Consul in Merida, Mariano GARCIA Perez, is in contact with [illegible], and, when it is recalled that the Cuban-Mexican Institute in Merida sponsored RICO's trip to Merida in 196[illegible], there would seem to be more than one possibility as to the source of funds for the new Centro. If the Centro plans are carried out as reported, annual expenditures might run as high as [illegible],000., a not inconsiderable sum.

3. [illegible] is a close [illegible] Merida contact and a personal contact of COS as well. He is a young, crusader-type member of the [illegible] family complex which owns and operates the Yucatan Peninsula's principal daily newspaper Diario de Yucatan. In 196[illegible], he spearheaded an expose accusing local [illegible] de Agrario officials of fraud. He seems to be on strained terms with his family and to have taken up with the extreme left. [illegible] for 26 [illegible] at 1[illegible], carries a letter from him accusing certain federal ministers and high officials of a new fraud involving some $45 millions of pesos

4. Since MENENDEZ was Number 1 on the list of the ODACID "Coming Young Men" program, the above information is being forwarded on an interim basis until the return of the local ODACID chief, which is expected around 7 November. Anoche, en el Teatro del Seguro Social

Visión de Hispanoamérica

CONFERENCIA DE VICTOR RICO GALAN

[illegible]ado por el Centro de Renovación Cultural, desarrolló [illegible] interesante conferencia sobre el tema Visión de Hispanoamérica, el distinguido periodista Víctor Rico Galán. La concurrencia —profesionales, estudiantes, hombres de empresa, el público que se interesa en los problemas de mayor proyección— llenó casi literalmente el cupo de la sala del Seguro Social.

Después de breve presentación del conferenciante por el Sr. Mario Menéndez Rodríguez, en que advirtió que se podía estar o no de acuerdo con el Sr. Rico Galán, pero que el Centro defendía el derecho de todos a expresar sus opiniones libremente, inició su disertación el intelectual visitante.

x X x

Más que el desarrollo de una lección literaria, científica o política, que es lo que propiamente se entiende por conferencia, la del Sr. Rico Galán fue en realidad un diálogo ágil, sencillo, fecundo, con el auditorio. Lástima que tan interesante conversación se viera mutilada desde el principio, pues el conferenciante advirtió que debido a cierto artículo del reglamento del Teatro del Seguro Social, en la mencionada sala no podía debatirse el tema de la política mexicana. Esa condición no sólo obligó a presentar una América Latina incompleta, de la cual era cierre nada provisionalmente nuestra patria, sino puso de manifiesto también que el Centro de Renovación Cultural tendrá que procurarse otro local para sus actividades, donde no se ponga ningún tropiezo, dentro de la ley, a la libre manifestación de las ideas.

Luego de una síntesis expositiva de las condiciones que privan en Hispanoamérica, el Sr. Rico Galán subrayó que la amplitud y diversidad del tema lo hacían inasequible para una sola conferencia, por lo que prefería desarrollarlo por medio de preguntas y respuestas. Esta modalidad comunicó insospechada serie de matices a la velada, máxime que el intelectual visitante, para enfocar mejor los tópicos, recordó que la suerte y el trato que se dispensaba a Latinoamérica cambiaron radicalmente desde el momento mismo en que Fidel Castro rompe con el tutelaje de los Estados Unidos. Entonces se nos empieza a enamorar de muy diversos modos "hasta con la Alianza para el Progreso".

x X x

A partir de esa delimitación, hábilmente practicada por el conferenciante, la plática giró siempre o casi siempre sobre el mismo eje: el imperialismo de los Estados Unidos como causa fundamental y generadora de todos nuestros males. Las preguntas surgían en ocasiones, por la espontaneidad con que eran formuladas, con el propósito de hallar una esperanza emancipadora en Cuba, en la Argentina, en el Perú, en Venezuela, en Colombia, en Panamá, en algún sitio de "esta América de sangre caliente", pero las respuestas, manipuladas por el Sr. Rico Galán con argumentos de primera mano y a veces hasta con anécdotas personales, [illegible] con el mismo diagnóstico [illegible] el imperialismo norteamericano.

Nadie [illegible] llegó a suponer [illegible] mente [illegible] diagnóstico [illegible] en que se perfilaron [illegible] actuales se había convertido ya el Sr. Rico Galán, encontrara en la terapéutica un remedio heroico para Hispanoamérica: otro imperialismo, por ejemplo, el de la Unión Soviética.

Pero no. Con la misma sencillez, con la misma agilidad, hasta con la misma modestia que fueron los denominadores comunes de su charla, el Sr. Rico Galán sugirió, sin dogmatizar, que la salvación de Hispanoamérica no está en emanciparse del imperialismo de los Estados Unidos por medio del tutelaje de la Unión Soviética o de la Francia del Gral. De Gaulle, sino aprovechando inteligentemente todos aquellos recursos o maniobras que se opongan o limiten, o suavicen la influencia material de Norteamérica en Hispanoamérica. "Y desde luego con limpia política de autodeterminación, como lo ha hecho el gobierno de México".

Hubo un instante —sólo un instante— en que el flujo y reflujo de la charla, en que el juego de las preguntas y las respuestas pareció perder agilidad, hacerse [illegible], hasta un punto obscuro y vacilante cuando una interrogación puso sobre el tapete el caso del imperialismo ruso en Hungría: el brutal sometimiento de esa pobre víctima del implacable oso moscovita. Pero al Sr. Rico Galán le bastó encender un cigarro y volver a esa actitud de modestia que le es habitual para desenredar el caso y conducir de nuevo la plática al tema inagotable del imperialismo yanqui. Reconoció también que a Rusia se le pasó la mano en el caso de Hungría.

x X x

Maestro del arte conversacional, el periodista visitante supo medir la atención del auditorio. El límite de una conferencia es la hora y cuarto, la hora y media. [illegible] Rebasó el tiempo en [illegible] minutos [illegible] cuando el Sr. Rico Galán escuchó la última pregunta [illegible] absolvió satisfactoriamente y en medio de [illegible] aplausos del [illegible].

1. MEXI 7695 (DOI 7 January 1964) reported that Victor Rico Galan, Mexican Marxist journalist and agent of Fidel Castro Ruz, Prime Minister ofCuba, was making preparations to go to the Dominican Republic. SDOM 2610 reported that Victor Rico arrived in the Dominican Republic from Kingston, Jamaica, on 8 January 1964 aboard Pan American flight 431.

2. SDOM 2619 reported that Victor Rico left the Dominican Republic for Mexico via Miami on 15 January aboard Pan American flight 432. SDOM 2622 reported that Victor Rico left the Dominican Republic for Kingston on 15 January 1964 by Pan American airlines. Station Mexico City does not have the airlist in question. In order to keep an accurate record of Rico Galan's travel, Station Mexico City requests Station Santo Domingo and the Merida Base if possible to furnish specific and accurate information on Rico's return trip from the Dominican Republic to Mexico.

3. For the information of Merida Base, Rico Galan, a member of the propaganda committee of the Movimiento de Liberacion Nacional (MLN - National Liberation Movement), pro-Cuba, anti-United States Communist front, and a writer for Siempre, Mexican leftist magazine, visited Panama, Guatemala, Nicaragua, Costa Rica, Venezuela, and Brazil between mid-October and mid-December 1963. According to a number of earlier reports furnished by usually reliable sources in Mexico, Panama, and other Latin American stations, Rico Galan spent eight days in Cuba during late May and early June 1963 interviewing Castro on the latter's stay in the USSR. During this period, Rico Galan was given an assignment to visit countries in Central and South America where he was to confer with Communist leaders and instruct them to begin immediate acts of sabotage and violence to take the pressure off Venezuela. He was also instructed to persuade competing leftist factions in the countries visited to unite so that their work would have greater impact. In all of the countries he visited, Rico Galan conferred with leading Communists and leftists. Rico Galan's trip to the Dominican Republic was ostensibly to collect material for newspaper articles. According to SDOM 2626 during his visit there, Rico Galan attempted to get photographs of Dominican guerrilla leaders killed at Las

SOURCE: Para. 1: Leader (F) of the Vanguard of National Action who was present when Turner made his remarks.
Para. 2,3: Leaders (B) of the Partido del Pueblo to whom Souza and Thomas made their remarks.
Appraisal of Content: 2.

1. On 23 October 1963 David Turner, leader of the Vanguard of National Action (VAN - radical pro-Cuban revolutionary group), informed members of the VAN directorate that he had received a call from Thelma King, pro-Cuban deputy to the National Assembly, a few days earlier. Turner said that the purpose of the call was to arrange for Turner to meet Victor Rico Galan, a Mexican newspaperman who works for Fidel Castro.[1] Turner said that the interview took place in Rico's room at the Hotel International, and was attended by King, Turner, and Hugo Alejandro Victor, president of the Partido del Pueblo (PDP, People's Party-Communist), with which the VAN is disputing leadership of the revolution in Panama. Turner said that Rico questioned his guests about unity among the leftwing groups in Panama, and Victor oddly informed him only that effats were being made to reach an understanding. Turner refrained frommking any comment at that time. Rico invited his visitors to have lunch with him; however, Victor declined, and King went in search of copies of newspapers which had reproduced statements of Panamanian students warning against plans of the National Guard to stage a coup d'etat in Panama. Rico had specifically asked for those publications. This gave Turner an opportunity to talk alone with Rico, and he informed him of VAN activities and of the steps being taken by the VAN to bring about an armed movement in Panama, since conditions were ripe for such action.

2. Around 26 October 1963 Ruben Dario Souza Batista, national secretary-general of the PDP, said that a Cuban agent had recently visited Panama to urge the VAN and the PDP to resolve their differences and unite. The PDP, however, violently rejected the suggestion. Souza

said that PDP leaders planned to ascertain the correct name of the agent and submit a written protest concerning his activities to the Soviet Embassy in Mexico.

3. Around 5 November 1963 Ruperto Luther Thomas, national secretary of propaganda of the PDP, informed regional-level PDP leaders that Armando Conte, a writer for Tiempos in Mexico, recently came to Panama and spoke with Victor.2 He said that he was an emissary of the Cubans, and had come to Panama to convince Victor of the need to support the Cuban line of armed revolution. Victor told Conte that the PDP would not be told what to do, because it had its own line on the Panamanian Revolution.

Field Comments

1. Rico arrived in Panama from San Jose, Costa Rica, on 20 October 1963, at which time he provided the following personal date on his landing card:

Born on 6 February 1928 at El Ferrol /presumably in Mexico/
Citizen of Mexico, bearer of passport No. 16897
Occupation - newspaperman
Permanent Address - Providencia 930, Mexico, D. F.

Rico left Panama for Venezuela on 22 October 1963.

2. Travel records contain no information on the arrival of any person with the name Armando Conte during the period in question, and the name is believed to be a pseudonym used by Rico. It is interesting to note that two VAN sources identified the visiting Mexican journalist by the name of Rico or Risco; however, no PDP source has reported that name, and Souza's comments as reported in paragraph 2 tend to indicate that the visitor concealed his identity from the PDP.

Headquarters Comment. TDCS-3/563,671, of 31 October 1963, described Rico Galan's visit to Mexico in the same general terms.

ENTREVISTA HECHA EL DIA 24 DE OCTUBRE DE 1963 AL SR. ALVARO RAMIREZ GONZALEZ, [illegible] ACERCA DE CIERTOS CARGOS QUE SE LE HAN FORMULADO A TRAVES DE LA PRENSA Y LA RADIO NACIONAL CON RELACION A ASPECTOS DE LA POLITICA ACTUAL.-

NOT SUITABLE FOR MICROFILM

P.- Sr. ALVARO RAMIREZ GONZALEZ, qué hay de cierto con los cargos, graves por cierto, que se le han formulado a través de emisoras y a través de Radio Periódico, ciertos elementos políticos ?

R.- Bueno, eh, los cargos son absolutamente falsos, una vez que Ud. me pregunte concretamente acerca de cada uno de ellos, yo iré desvirtuándolos, eh, con dar a conocer la verdad, sin embargo me interesaría, eh, anticipar la opinión de mi Partido acerca de por qué se ha desatado en los últimos días una campaña tan intensa de difamación contra el Partido Movilización Republicana, nosotros entendemos que ésta campaña se debe a la incómoda posición en que ha quedado la reacción nacional por la adopción por parte de los jóvenes de la Universidad Católica de un programa revolucionario, en efecto, tanto la declaración de principios de los jóvenes de la UCA como sus réplicas contundentes a Don PABLO ANTONIO CUADRA, al propio rector de la UCA, el Dr. [illegible] RIVAS, hacen creer en la justeza de su planteamiento.- Ahora bien, el hecho de que esta juventud que ha sido acogida en un alero propiciado por los señores Somoza y los señores de la reacción nacional, esté levantando su voz adoptando un lenguaje revolucionario como el de todos los pueblos de América Latina y el hecho de que esa declaración de principios de los jóvenes de la Católica, tengan alguna similitud real con el programa político del Partido Movilización Republicana, es la causa verdadera para que se haya levantado toda esta tempestad contra el Partido, sin embargo, eh, no podemos nosotros evitar que por una necesidad histórica del desarrollo social de los pueblos Latinoamericanos, como por razones de juventud, los jóvenes de la Católica vayan despreciando lo viejo, lo que ya murió en la sociedad nicaragüense y vayan solidarizando con los Partidos que como Movilización Republicana, representan lo nuevo, lo progresista, el fenómeno moderno y revolucionario dentro de nuestro país.-

P.- Sr. ALVARO RAMIREZ GONZALEZ, quiero informarle que Radio Informaciones dió un amplio reportaje sobre lo que ya se ha dado en llamar una grave crisis entre los [illegible] y también una acusación grave contra el [illegible], en primer lugar, qué hay con respecto al caso del joven [illegible] VILLA ?

R.- Lo que se ha llamado el caso del amigo [illegible] VILLA, no es más que su renuncia de la dirección del semanario MR. así como de la dirección nacional del Partido Movilización Republicana, por causas puramente particulares debido a las ocupaciones personales del Sr. [illegible], jamás ha existido con ALBERTO [illegible] VILLA ninguna pugna o discusión ideológica dentro del Partido Movilización Republicana, es una especulación totalmente [illegible] decir que [illegible] VILLA, se vá porque tiene una postura nacionalista porque todo el Partido MR. tiene una postura nacionalista, es absurdo decir que [illegible] VILLA se vá porque sostiene que el MR. no debe sujetarse a Moscú ni a Pekín, porque el Partido Movilización Republicana jamás aceptaría sujeciones a ninguna potencia extranjera, el Partido Movilización Republicana traza su política dentro de las fronteras nacionales, nosotros nos dirigimos por nosotros mismos, ahora bien, para demostrar lo [illegible] falsos de las discusiones [illegible] que según la Prensa tuvo [illegible] VILLA con ciertos miembros del Partido Movilización Republicana en la Asamblea del domingo próximo pasado, es hecho simple, [illegible] VILLA no concurrió, no asistió a esa reunión, de manera que jamás pudo tener esas supuestas discusiones cuando no asistió siquiera a dicha reunión.-

[illegible] HMMA-3233 IW 201-336474

P.- Paso a hacerle otra pregunta Sr. ALVARO RAMIREZ GONZALEZ, pero antes quiero decirle, como previsto quiero informarle a Ud. si es que usted está mal informado de que esa información aparecida en varias informaciones, la cubrí yo y la cubrí en una parte tan cierta como que Ud. se llama Alvaro Ramírez Gonzalez, de esta cuestión de [illegible] incluso se me dijo los detalles que acerca de la polémica que había sostenido con varios miembros del MR. el cual, en el cual existía de que debía de tener el Partido MR. una posición nacionalista sin China Roja y sin Moscú y sin otra influencia, pero Ud. ya explicó esta pregunta y ahora paso a la siguiente.- Se dijo también de que había graves cargos contra los dirigentes del MR. por haber dejado en las montañas abandonados a los jóvenes que habían ido a luchar allí con las armas en las manos, qué hay de estos cargos, graves por cierto ?

R.- El Partido MR. no ha tenido jamás alianza, acuerdos o pactos alguno con el Frente Sandinista de Liberación Nacional, autor de las guerrillas en el Norte del País, por manera que no tenemos ningún compromiso con los guerrilleros, mal podría culpársele de haber abandonado a nadie en una empresa por la cual nosotros jamás hemos participado.-

P.- También como la anterior pregunta Sr. ALVARO RAMIREZ GONZALEZ quiero advertirle de que en entrevista que dió el Lic. [illegible] dijo que muchachos que formaban parte de Movilización Republicana se habían ido con el FLN. ahora también se tuvo conocimiento de que aquí había venido un señor llamado RICO GALAN representante de la revista o de la publicación "SIEMPRE" y la revista también o publicación llamada "POLITICA" considerada eminentemente en México como izquierdista, también se dijo que Ud. se había entrevistado en el cuarto #427
d del Gran Hotel con este señor RICO GALAN, privadamente, le advierto que esta información la obtuve Radio Informaciones en fuente de tanto crédito como le merece su palabra.-

R.- Bueno, le ya, sobre la cuestión anterior que Ud. insiste en vincular al MR. con movimientos guerrilleros, las cosas [illegible] no son, el hecho es que el MR. jamás ha tenido participación en ninguna insurrección en Nicaragua, no la ha tenido ese es un hecho cierto, el hecho de que algunos miembros jóvenes del MR. hayan participado en alguna actividad guerrillera es un hecho que escapa al control oficial del Partido.- En cuanto a la visita del periodista VICTOR RICO GALAN debo decirles que es otra de las truculencias que se han inventado en estos últimos días, VICTOR RICO GALAN es un periodista de envergadura continental muy reconocido en su país, México, él como otros muchos periodistas extranjeros que visitan Nicaragua, llegó a mi oficina a hacerme una entrevista, supe por él mismo que había tratado de entrevistar al presidente Schick, que había logrado entrevistar a los funcionarios de la Secretaría de Información y Prensa, que había recibido un homenaje de parte del embajador de México en Managua y que se había visto finalmente con diversas personalidades políticas que a él le interesaban para oir su opinión y formarse un juicio acerca acerca de la situación política de Nicaragua, por otra parte el mismo diario La Nación le hizo una entrevista a VICTOR RICO GALAN sobre los últimos acontecimientos acaecidos en la República de Honduras, de manera que sus pasos por Nicaragua no tiene nada de clandestino ni de extraordinario, la revista "SIEMPRE" de la cual él es representante es una revista que solo por ignorancia o por mala fé, se puede calificar de un órgano izquierdista, cualquiera persona que haya estado en México y que haya ido ahí, pués con uso de razón, podrá darse cuenta de que "SIEMPRE" es una publicación completamente equilibrada, quiero decir con esto, de que en esa revista se publica tanto tesis de derecha como tesis de izquierda y que frecuentemente en esa revista VICTOR RICO GALAN ha expresado el pensamiento oficial del Gobierno Mexicano, en la revista "POLITICA", en, de la cual tengo aquí un número, puedo mostrarle que aparece precisamente un artículo de VICTOR RICO GALAN en que defiende la política exterior del presidente LOPEZ MATEOS, de manera...

R.- [illegible] que a este periodista se le puede calificar de cualquier cosa [illegible] de agente extranjero, ahora que él me entrevistó es un hecho que tuvimos intercambio de impresiones acerca de la situación nacional sin que éstas tengan nada de secreto y sin que tengan carácter de un convenio político que venía a pedir cuentas al Partido PP. como lo ha dicho algún periódico, esto es un absurdo que no tiene ninguna base cierta.-

P.- Le agradezco Sr. [illegible] contestación, pero antes de formularle la última pregunta quisiera que me contestara categóricamente, lo visitó Ud. en el Gran Hotel o no lo visitó, además quiero advertirle que no somos ni Radio Informaciones ni los periodistas nacionales los que hemos dado el [illegible] de extrema izquierda a las publicaciones que hace el Sr. [illegible], sino que son los diarios periódicos de México los que han dicho tal cosa, quisiera Ud. que me contestara la pregunta que me acaba de formular.-

R.- Como le dejo, el Sr. éste periodista me pidió una entrevista y me accedí a ella, resulta que él vino [illegible] tuvo conmigo pero su desconocimiento de la ciudad no podía localizar mi oficina y yo me ofrecí para pasar a buscarlo al Gran Hotel, así, simplemente lo fuí a buscar, él se vino conmigo a mi oficina, aquí estuvo alrededor de una hora y media y eso es todo lo que ha acontecido.-

P.- Es cierto [illegible] ha confirmado la noticia de que habló con él, por eso no nos da derecho a nosotros de especular en ninguna forma, está claro, pero en esa parte sí fué exacta Radio Informaciones.- Con respecto a la pregunta última, es lo siguiente. En la entrevista del día domingo realizada en algún punto de [illegible], que ignoraron periodistas y la ciudadanía en general, [illegible], o mejor dicho sus dirigentes políticos, tomaron una serie de acuerdos y resoluciones que no son del conocimiento público, en esa entrevista yo le ruego a mi estimado caballero, que tenga la gentileza de explicarnos a grosso modo cuáles son esas resoluciones ?

R.- La reunión que realizó el Partido [illegible] en un lugar de [illegible] se realizó en forma privada como ya es sabido por razones que nosotros lamentamos, porque nosotros habíamos pensado primitivamente realizar esa reunión nacional del Partido PP. en la misma forma en que se han realizado las anteriores, es decir en forma pública con acceso a los periodistas, ésa es nuestra conducta tradicional porque no tenemos nada que ocultar al pueblo [illegible], sin embargo en días pasados, la noche anterior de la fecha fijada para esta reunión que se iba a verificar hace poco más de un mes, la noche anterior como digo, a la realización de la reunión de [illegible] se había fijado como punto de reunión [illegible] nosotros interpretamos este hecho como una amenaza de enemigos del Partido [illegible] el desarrollo de la reunión, como nosotros no disponemos de medios para impedir esa clase de agresiones, decidimos dos cosas, en primer lugar postergar la fecha de la reunión y en segundo lugar realizarla en forma privada por una cuestión de elemental prudencia, no es [illegible] como se ha dicho de que nosotros quisiéramos ocultar [illegible] de las decisiones o la forma con que se ha especulado, porque [illegible] no existe, la reunión [illegible] la situación política nacional [illegible] así como examinar la situación crítica [illegible] por la [illegible] de una serie [illegible] su relación con este [illegible] la situación nacional [illegible] política ya [illegible] es decir [illegible] frente [illegible] nacional [illegible]

8.- ...para abrir pláticas en tal sentido en los demás partidos opositores, por otra parte se trataron asuntos rutinarios de organización interna del Partido y de financiamientos de nuestro semanario ... que había pasado dificultades económicas, pero que con el aporte que ofrecieron los Delegados de todos los Departamentos se han solucionado y volverá aparecer el sábado próximo.

Carta del Dr. Alvaro Ramírez sobre la crisis en su Partido

Señor
Don Róger Mendieta Alfaro,
Director del Diario
LA NACION,
Managua, D.N.

Estimado señor Director:

Con pena he leído en el Diario que usted dirige, en la edición de hoy, la información falsa que bajo las ocho columnas de "grave cisma en el MR" ofrece a sus lectores, toda vez que sus reporteros me habían entrevistado y en lugar de publicar la realidad de las cosas le dieron un folletín falso y tendencioso.

Digo con pena, porque hasta la presente ocasión, el Diario LA NACION había mantenido respecto a nuestro Partido actitud de respeto y tolerancia seguramente recíproca a nuestra posición frente al agüerismo y porque para romper tal statu quo no era necesario recurrir a la calumnia y a la injuria.

Mi partido no puede dejar sin respuesta negativa y enfática la aseveración que en dicho escrito hace LA NACION en el sentido de que algunos miembros de "MR" habrían lanzado la acusación contra nuestra dirigencia de ser responsable de la muerte de los guerrilleros en Río Bocay por haberles cortado la ayuda de nuestro Partido. Cuando se sabe muy bien los nombres y apellidos de los autores de esas muertes, resulta una infamia acusar al Partido Movilización Republicana de actos por los cuales no puede responder, ni por acción, ni por omisión. Es lo cierto que "MR" jamás ha prestado ninguna ayuda al movimiento insurreccional que actualmente se "bate desesperadamente en las montañas de Jinotega y otros sectores del Norte", según "LA NACION", debido a que no tenemos ni hemos tenido jamás ningún acuerdo con el "Frente Sandinista de Liberación Nacional". El MR sostiene una postura muy clara respecto del problema insurreccional, pues considera que como partido político no tiene capacidad actualmente para mezclarse en una lucha de esa naturaleza, y no ve perspectivas de éxito a tal clase de lucha en las actuales circunstancias. Esto no significa que neguemos el derecho de los guerrilleros a emprender la clase de lucha que estimen conveniente, ni mucho menos que no nos duela la muerte de varios estudiantes universitarios y otros jóvenes en circunstancias que habían sido hecho prisioneros, lo que nos llena de indignación y nos mueve a solidarizarnos con la protesta enérgica de los estudiantes de Nicaragua y otros sectores democráticos del país. En consecuencia, es completamente absurdo suponer, como lo hace LA NACION, que el periodista mexicano Víctor Rico Galán, haya venido a pedirnos rendición de cuentas a nosotros sobre las guerrillas del Norte, pues somos ajenos a tal movimiento y nuestra política la trazamos nosotros mismos y jamás dependemos de ninguna influencia extranjera. Una Revolución no podrá importarse de ninguna parte, y solamente será posible cuando el pueblo nicaragüense decida hacerla, entonces y solamente entonces "MR" ocupará el sitio que le señale su deber patriótico.

El periodista Rico Galán me entrevistó en mi Oficina; es cosa frecuente que hacen numerosos periodistas extranjeros que visitan el país, y las respuestas que di a sus preguntas periodísticas sobre la realidad nacional no tienen nada de secretas ni de clandestinas, bien pudieran ser dichas en una plaza pública. La Revista "Siempre" que él representa no corresponde a la realidad. Cualquiera, que no sea un ignorante sobre el periodismo mexicano podrá saber que "Siempre" es vehículo de información [illegible] de izquierda a [illegible] por tanto al Lic. Emilio Portes Gil como a Lombardo Toledano. Sé, porque así me lo relató él mismo, que cuando pasó por Managua Rico Galán trató de entrevistar, sin fortuna, al Presidente Schick y logró entrevistar a varias personalidades políticas cuya opinión le interesaba para formarse un criterio sobre la situación de Nicaragua, inclusive recibió alguna atención del Señor Embajador de México, y departió con los funcionarios de la Secretaría de Información [illegible] finalmente la [illegible] LA NACION le [illegible] [illegible] [illegible] sobre las últimas [illegible]

[illegible] cesa de Honduras. ¿Qué de misteriosa tiene el paso por Nicaragua? ¿A qué puede hacer creer a LA NACION que ese señor haya venido a regañar al MR?

Todo lo aseverado respecto del "caso" de Everts Vélez no pasa de ser producto de la mente calenturienta de sus reporteros. Jamás ha existido discusión alguna con el amigo Everts sobre la "pugna chino-soviética" pues hemos considerado en MR que tal problema es de la incumbencia exclusiva de los partidos comunistas, y si nos interesa, como a cualquier ser humano, es por el impacto que la política de dichos partidos tiene en todos los países del mundo. La verdad al respecto es que Evertz se ha retirado de la Dirección del semanario MR así como de la Dirección Nacional de nuestro Partido debido a sus ocupaciones personales.

Es lamentable que el diario LA NACION haya tomado parte en la campaña difamatoria levantada en los últimos días contra el Partido Movilización Republicana, pues la causa eficiente de esta campaña que no ha trepidado en utilizar medios vedados por la ética periodística, no es otra que la [illegible] de la reacción ante la posición ideológica adoptada por los jóvenes estudiantes de la Universidad Católica. Tanto la Declaración de Principios de estos jóvenes como sus réplicas al señor Rector de dicha Universidad a don Pablo Antonio Cuadra, al Dr. [illegible] Rivas y a cuantos han osado contrade

círculos han impuesto un silencio tan sepulcral que obliga a reconocer la justeza de su tesis, y como estas tesis revolucionarias de los jóvenes estudiantes de la UCA están emparentadas con los objetivos del Partido Movilización Republicana por coincidencia biológica y por necesidad histórica, la reacción ha creído necesario arremeter contra nuestro partido, sabedora de que las nuevas generaciones le han dado las espaldas definitivamente a lo viejo y caduco de nuestra sociedad, y hacen causa común con los partidos que como "MR" representan lo nuevo y lo progresista. No se escapa a nuestra comprensión que la desmesurada campaña de desprestigio trazada en torno al Partido Movilización Republicana, está vinculada a los esfuerzos de ciertos círculos conservadores, ultraderechistas que deseando opacar al Dr. Agüero y truncar su trayectoria política, desean llevar al Partido Conservador hacia un colaboracionismo servil con el régimen gobernante, ellos se dan cuenta y el pueblo nicaragüense lo sabe, que el Partido Movilización Republicana es un [illegible] contra la política [illegible] y por eso nos agreden.

Suplico a usted la publicación íntegra de la presente en LA NACION periódico [illegible] objetividad y espíritu democrático, quisiéramos [illegible] inalterable.

Agradeciendo de antemano la publicación de la presente me es grato suscribir.

Atto. y S. S.

Dr. ALVARO RAMIREZ GONZALEZ.

Secretario General del Partido Movilización Republicana.

Golpe contra Villeda Morales fue propinado por la Misión Militar

Declara un periodista mexicano

"El golpe de Estado que dió al traste con el Gobierno del Dr. Villeda Morales en Honduras, no fue producto del Ejército hondureño, sino que fue una acción directa de la Misión Militar Norteamericana residente en Tegucigalpa, obedeciendo órdenes del Pentágono", dijo ayer martes el periodista mexicano Victor Rico Galán, Redactor de la Revista [illegible] pre y quien [illegible] [illegible] por [illegible] [illegible] escala en la República de Venezuela.

El periodista Rico Galán expresó [illegible] [illegible] te la República de Honduras, donde pudo observar que [illegible] [illegible] al Presidente Villeda, el Coronel [illegible] [illegible] Arellano tuvo [illegible] [illegible] en conferencias con los demás Ejércitos Centroamericanos donde se decidieron las medidas militares encaminadas a presionar a los Gobiernos Civiles".

Luego dijo [illegible] la República de El Salvador actualmente no hay necesidad de un golpe de Estado, para el Presidente Coronel Julio A. Rivera [illegible] bajo la presión militar de los Jefes de la Guardia Civil y de Policía.

Luego refiriéndose a la política de su patria México, dijo: "Desde luego en México no existe el latifundismo como existe en Centroamérica, ni mucho menos, pero hay grandes problemas fundamentalmente en el campo, sobre todo en lo relativo a la organización adecuada de la explotación, del crédito y de la Comercialización, que una buena parte está en manos de empresas norteamericanas, como las algodoneras y otras".

El periodista Rico Galán manifestó: "El caso de los campesinos en México es, que éstos tienen tierras para trabajar, pero no son dueños de su producción, y las más de las veces tienen que vender sus cosechas por adelantado a precios explotadores".

Sin embargo, el periodista Rico Galán calificó al Presidente López Mateos como perteneciente en política a "centro izquierdismo" descalificándolo de reaccionario, como lo han tildado en otros países".

El señor Víctor Rico Galán concluyó diciendo en su entrevista al redactor Cole Chamorro que el "Tapadismo en México consiste esencialmente en la designación de un candidato presidencial, escogido en secreto o totalmente por los [illegible] del único partido actualmente permitido, por lo que la elección presidencial no se efectúa a través de un movimiento electoral popular [illegible]

A. GALAN, CONTRARY TO HYSAGE EARLIER STATEMENTS, RECENTLY SPENT EIGHT DAYS PBRUMEN ON "VACATION" WITH AMTHUR-1, DURING WHICH TIME HE RECEIVED OPERATIONAL ASSIGNMENT ON WHICH HE NOW TRAVELING THROUGH CENTRAL AND SOUTH AMERICA. TO INSTRUCT HYSAGE THAT SHE IS TO WITHDRAW FROM THE NATIONAL COALITION PARTY AND OVERTLY JOIN ONE OF THE LEFTIST PARTIES, OR TRY TO FORM NEW ONE. THE INSTRUCTION IS CLEAR THAT THE LEFT IS TO GET TOGETHER. HYSAGE WAS ALSO AGAIN ENJOINED TO GET HER SON OUT OF PBPRIME. AFTER HEARING THE INSTRUCTIONS THAT GALAN HAD RE UNITY, HYSAGE TOLD GALAN THAT SHE, AS A WOMAN, COULD NOT ACCOMPLISH ALL THIS AND SHE DID IN FACT DECIDE TO BRING TOGETHER HUGO ALEJANDRO VICTOR, HER CLOSEST FRIEND IN PARTIDO DEL PUEBLO (PDP, PEOPLES PARTY COMMUNIST) AND DAVID TURNER, LEADER OF VANGUARD OF NATIONAL ACTION (VAN). (COMMENT: HER REMARKS INDICATED THAT SHE DID NOT INCLUDE JORGE TURNER BECAUSE HE IS APPARENTLY SERIOUSLY ILL). GALAN URGED VICTOR AND TURNER, AS REPRESENTATIVES THEIR RESPECTIVE ORGANIZATIONS, TO MAKE NEW EFFORT TO SETTLE DIFFERENCES TO BRING ABOUT A MORE COORDINATED EFFORT. AS RESULT OF GALANS VISIT, MEETING TOOK PLACE AT NOON ON 24 OCTOBER FOR THE PURPOSE OF DISCUSSING UNITY, AGGRESSIVE ACTION, AND MERGER OF ALL LEFTIST UNITS TO GO TO ELECTIONS AS A BLOC IF ATTEMPTS TO STOP ELECTIONS SHOULD FAIL. THIS MEETING ATTENDED BY VICTOR, CARLOS DEL CID, RENATO PEREIRA, THELMA KING, ALVARO MENENDEZ, AND TWO UNIDENTIFIED STUDENTS. ALSO DURING MEETING "NEGRO" MARTINEZ, A PROFESSOR OF SPANISH AT UNIVERSITY, WHOM HYSAGE IDENTIFIED AS MEMBER OF COMMUNIST PARTY SECRET APARAT, CALLED VICTOR ASIDE FOR SHORT CONVERSATION. (COMMENT: BELIEVE THIS MAY BE JOSE DE JESUS MARTINEZ, PHILOSOPHY PROFESSOR UNIVERSITY). HYSAGE HEARD PART OF CONVERSATION WHICH WAS TO EFFECT THAT, AS REGARDS COORDINATION AND NEW DEVELOPMENTS, A MEETING BETWEEN THE SECRET APARAT AND CENTRAL

COMMITTEE WOULD HAVE TO TAKE PLACE ON 29 OCTOBER AT A PLACE ON THIRTEENTH STREET. HYSAGE SAID THAT, REALIZING IMPORTANCE OF MEETING, SHE TRIED TO GET ADDRESS AND WENT SO FAR AS TO ASK VICTOR IF SHE COULD BE INVITED ATTEND. VICTOR TOLD HER THAT, ALTHOUGH THEY ARE FRIENDS, SHE IS NOT MEMBER OF PARTY AND CANNOT EXPECT ATTEND HIGH LEVEL SECRET SESSIONS THIS SORT.

C. AS RESULT THIS MEETING, DECISION WAS TAKEN, APPARENTLY BY HYSAGE, TO BEGIN ACTS OF VIOLENCE IMMEDIATELY. (COMMENT: THIS WAS EXTRACTED FROM HER AFTER FIVE HOURS OF INTENSIVE INTERROGATION WHICH BROUGHT HER PRACTICALLY TO POINT OF TEARS. LEADING UP TO THIS SHE KEPT SAYING THAT IT WAS TO LATE FOR HER TO DO THE THINGS SHE WANTED FOR POPULAR REFORM. PONCHAY KEPT IT ON THIS POINT AND SHE FINALLY BROKE DOWN AND ADMITTED SHE HAD GIVEN THIS ORDER AND THAT AT THE MOMENT THEY WERE TALKING, MENENDEZ, ONE VICTOR (COMMENT: POSSIBLY VAUGHAN), AND SEVERAL OTHERS WERE ENGAGED IN MAKING MOLOTOV COCKTAILS AND HOMEMADE BOMBS OF SOME SORT. SHE SAID TARGETS STARTING THE NIGHT OF 24 OCTOBER THROUGH THE NEXT WEEK WERE SUPPOSED TO BE PBPRIME EMBASSY, PBPRIME INDUSTRIES, CANAL ZONE, PBPRIME CONSULATE IN COLON, AND THE VENEZUELAN CONSULATE IN COLON. PONCHAY TOLD HER HE ACCEPTED THE FACT THAT SHE WAS REALLY IN CHARGE OF THESE MATTERS BECAUSE OF OTHER THINGS HE KNEW, BUT GAVE HER A SEVERE VERBAL LASHING FOR PERMITTING THIS TO GET THIS FAR WITHOUT TELLING HIM. HE EXTRACTED PROMISE FROM HER THAT SHE WOULD DO EVERYTHING HER POWER TO PREVENT ACTION AGAINST PBPRIME INSTALLATIONS. SHE SAID, AND AGAIN APPEARED TO BE TELLING THE TRUTH BECAUSE SHE WAS UNDER THE MOST INTENSIVE PRESSURE PONCHAY HAS EVER SUBJECTED HER TO, THAT SHE WOULD TRY TO HOLD OFF ACTION AGAINST PBPRIME EMBASSIES AND CONSULATES. SHE SAID SHE WAS CERTAIN SHE COULD NOT STOP THE ACTION AGAINST THE VENEZUELAN CONSULATE WHICH WAS TENTATIVELY SCHEDULED FOR NIGHT 24 OCTOBER, AND PONCHAY TOLD HER NOT TO TRY TO STOP THAT ACTION. (COMMENT: THIS PORTION OF INFO RE PLANS FOR VIOLENCE WAS DISSEMINATED VERBALLY TO LOCAL AGENCIES. ODTEST CONFIRMS THAT MOLOTOV COCKTAIL WAS THROWN AT VENEZUELAN CONSULATE COLON AT 0040 ON 25 OCTOBER.)

D. GALAN WAS ALSO TOLD TO GET FROM HYSAGE FOR DELIVERY TO AMTHUG-1 IMMEDIATELY, A STATEMENT IN HER OWN HANDWRITING SIGNED BY HER THAT SHE WILL ACCEPT NO FURTHER ASSISTANCE FROM THE OLIGARCHY.

E. IN HIS DISCUSSION WITH HYSAGE, GALAN GAVE HIS ITINERARY AS FOLLOWS, HOWEVER, HYSAGE DOES NOT KNOW DATES:

FROM MEXICO HE TRAVELED GUATEMALA WHERE HE MET WITH GUERRILLA LEADER GOMEZ AYAU (FNU). HE GAVE HIM THE PITCH FOR ACTION.

HE HAD SIMILAR MEETING WITH NICARAGUAN GUERRILLA LEADER WHOSE NAME HYSAGE TRIED FOR TEN MINUTES RECALL WITHOUT SUCCESS.

GALAN THEN TRAVELED COSTA RICA AND MET WITH ONE OF THE MORA BROTHERS. FROM PANAMA HE INTEDED TRAVEL VENEZUELA WHERE HIS CONTACT WAS TO BE ARGELIA LAYA. HYSAGE DID NOT BELIEVE HE INTENDED GO COLOMBIA, BUT SAID HE WOULD PROCEED BRAZIL WHERE HE PLANNED MEET WITH PRESTES AND JULIAO. HYSAGE COMMENTED THAT GALAN POINTED OUT TO HER JULIAOS PRIME ADVANTAGE IN THE REVOLUTION, I.E., FACT THAT JULIAOS WIFE AND FAMILY IN CUBA WHERE THEY SAVE. GALAN INDICATED THAT HYSAGE WOULD BE WISE DO THE SAME THING. (COMMENT: HYKICK-2 AND HYJADE-1 HAVE BOTH REPORTED ON RECENT VISIT OF UNIDENTIFIED FOREIGNER.)

2. HYSAGE IDENTIFIED THE FOLLOWING ADDITIONAL PEOPLE AS IMPORTANT IN PANAMA COMMUNIST PARTY APARAT:

CAMILO PEREZ, A LAWYER (COMMENT: PEREZ REPORTED HZP-4384 AS MEMBER SUSPECTED PDP FRONT GROUP. HAS ALSO VISITED PBRUMEN). ~~KVX~~NUNEZ ZARZAVILLA OF THE FILY LA HORA. (COMMENT: PROBABLY RAUL NUNEZ ZARAVILLA MENTIONED HZPA-11329 AND HZP-4169).

3. HYSAGE SAID SHE HAD REASON BELIEVE THAT SHE NOW KNEW SUCCESSOR OF DIOGENES ALBERTO PINO. AS IN THE PAST, SHE SAID COULD NOT MENTION HIS NAME BUT WOULD PROVIDE ENOUGH LEADS TO PERMIT PONCHAY FIGURE OUT HIS IDENTIFY. OVER A PERIOD OF AN HOUR, SHE PROVIDED THE FOLLOWING LEADS: THAT HE WORKS FOR CHIARI FAMILY, HAD BEEN A CLOSE FRIEND OF PINOS IN HIS YOUTH AND HAD BEEN PHOTOGRAPHED WITH A PROMINENT MEXICAN JOURNALIST WHO HAD BEEN PHOTOGRAPHED LEAVING AIRPORT IN PANAMA SOME MONTHS AGO AFTER MAKING SOME PRO CASTRO STATEMENTS. THINKING THIS OVER, PONCHAY SAID HE THOUGHT SHE MUST BE TALKING ABOUT SOMEONE CONNECTED WITH CHIARI RADIO AND TELEVISION NETWORKS. SHE CONCEEDED THIS WAS CORRECT, AND MENTIONED VARIOUS PEOPLE CONNECTED WITH TELEVISION STATION IN SUCH MANNER THAT IT APPEARS MOST PROBABLY SHE WAS TALKING ABOUT RODOLFO GARCIA DE PAREDES OR LUIS ESTRIBI. STATION IS CHECKING FURTHER.

On 27 June 1963, Victor Rico Galan, Mexican Marxist journalist and head of the National Press and Propaganda Committee of the Movimiento de Liberacion Nacional (MLN - National Liberation Movement) rabidly anti-United States, pro-Cuba, Communist front organization, said that during his recent visit to Cuba he noticed the morale among Cuban intellectuals was very low. Rico Galan said that certain Cuban intellectuals do not understand the problems which exist for them, and others are not well informed. Rico Galan further said that although this problem is not openly discussed, there have been certain newspapers and magazines published in Cuba which pointed out lack of curiosity on the party of the Cuban intellectuals and called for a greater realization of the problems confronting them.

1. Field Comment:

Rico Galan went to Cuba on 25 May 1963 to interview Fidel Castro Ruz, Communist Prime Minister of Cuba, on Castro's trip to the Soviet Union. Rico Galan returned to Mexico on 22 June 1963. (Cf. HMM-7326, HMM-7466)

Appraisal of Content: 2.

1. Victor Rico Galan, Mexican Marxist journalist and head of the National Press and Propaganda Committee of the Movimiento de Liberacion Nacional (MLN - National Liberation Movement), rabidly anti-United States, pro-Cuba, Communist front, returned to Mexico from Cuba on 22 June 1963.[1]

2. Rico Galan said that while in Cuba he spent eight days with Fidel Castro Ruz, Communist Prime Minister, and also spoke with the following Cuban Government officials: Osvaldo Dorticos Torrado, President,
Ernesto ("Che") Guevara Serna, Minister of Industries,
Raul Roa Garcia, Minister of Foreign Relations,
Francisco Wilfredo Blas Roca Calderio, Secretary-general of the Partido Socialista Popular (PSP - Cuban Communist Party),
Regino Boti Leon, Minister of National Economy,
Jose Llanusa Gobel, director of the National Institute of Sports, Physical Education and Recreation.

According to Rico Galan, he spent five of the eight days with Castro at sea and Castro discussed his visit to the Soviet Union and his talks with Nikita Khruchchev, Premier of the Soviet Union. Rico Galan further said that the Cuban Government is now making an effort to improve its relations with the Mexican Government, which, according to Rico Galan have been neglected. These efforts by the Cuban Government will be made not only at the diplomatic level but also "at higher levels." Cuba will also try to improve its relations with Brazil, now that the Brazilian political situation is calmer.

3. Rico Galan said that he received the impression upon his arrival at the Mexico City airport, that passengers returning from Cuba were being treated with more courtesy. Rico Galan returned to Mexico on the same flight as Joaquin Hernandez de Armas, now Cuban Ambassador to Mexico. He said that the international room at the airport was opened to Hernandez, and that he was met by Joaquin Bernal, Assistant Chief of Protocol of the Mexican Ministry of Foreign Relations and received certain other considerations which are uncommon for an arriving ambassador.

4. Rico Galan also said that while in Cuba he saw Dr. Enrique Cabrera Cosio, prominent leftist Mexican cardiologist.[2] Rico Galan said that Cabrera was happy in Cuba, that he enjoyed prestige and the esteem of the Cubans, and that he was doing his best with the means available to him.

5. Rico Galan said he planned to write a series of four or five articles. His articles will deal with subjects of "theoretical interest" and of the problems the Cuban Government is having carrying out the purposes of its revolution.

Field Comments:

1. It was reported previously that Rico Galan had agreed to go to Cuba to interview Castro concerning his trip to the Soviet Union. He left Mexico on 25 May. (Cf. HMM-7326).

2. It was also reported previously that Cabrera went to Cuba in October 1962 as a guest of the Cuban Government, Cabrera was dismissed from the Mexican National Cardiological Institute in July 1962 because of his leftist activities. (CF. HMM-6902).

C. Mexico to Czechoslovakia

There is a good chance that Mexico may participate in the Fifth Industrial Fair in Brno, Czechoslovakia, in September 1963. The announcement was made by Dr Emilio Vera Blanco, president of the National Chamber of Industry of Mexico, upon his arrival in Mexico City from Europe on 30 September 1962. While in Europe, Dr Vera Blanco had interviews with European industrialists and government officials, among them the Assistant Trade Minister of Czechoslovakia, who showed great interest in Mexico. (Mexico City, La Prensa, 1 Oct 62)

D. Mexico -- Contacts with Cuba

1. Soviet Couriers to Cuba

Russian diplomatic couriers Sergey Kulikov and Ivan Filitov left Mexico City for Havana recently in a Cubana de Aviacion airline plane on a special and very secret mission. They were carrying several bulky briefcases, which the Russian diplomats marked diplomatic pouch , and which weighed 120 kilos. Four special guards accompanied the couriers and their briefcases. The arrivals of Cubana de Aviacion airline planes in Mexico heretofore have caused incidents, as their passengers tried to smuggle Communist propaganda which the Mexican federal agents confiscated. Among the other passengers in the flight to Havana, in addition to the Russians, were the Mexican Communists [illegible] Orlando, a music composer, and Victor Rico Galan, a journalist. (Mexico City, El Universal, 3 Oct 62)

2. Cuban and Communist Propaganda Confiscated

Agents of the Federal Judicial Police at the airport in Mexico City, under the command of Maj Alberto Madrigal Nieto, confiscated Communist propaganda pamphlets from three Argentine citizens who arrived in the city from Havana on their way to Uruguay. The Argentines are Antonio Ricardo [illegible], Jose Ramon [illegible], and Margarita Grotsner Kreimer de Rodriguez. Among the propaganda materials are Fidel Castro's book La Historia me Absolvera (History Will Absolve Me), several Soviet and Cuban periodicals, and Patria o Muerte (Fatherland or Death) emblems. Comunistas Guatemaltecos y sus Enlaces en México Quisieron Sabotear la Visita de DO

GUATEMALA, Guatemala, C. A., [illegible]—Exclusivo para EL HERALDO DE MEXICO.—Mediante plagios y constantes actos de terrorismo, las fuerzas rebeldes que operan en las zonas montañosas del país, tratan de alcanzar sus fines, no importa que a diario sufran terribles reveses. Tanto para poner en entredicho al gobierno de la República, como para evitar que la influencia de México en la América Central supere a la que ellos piensan que tiene Cuba, planearon sabotear la visita del mandatario de la nación vecina, Gustavo Díaz Ordaz, a estas tierras del quetzal.

Para tal objeto contaron, sin duda, con la ayuda de diversos agentes en el mismo México. Uno de ellos es el periodista español Víctor Rico Galán, redactor de las revistas mexicanas "Siempre", "Política" y "Sucesos para Todos", que se ufana de haber cruzado varias veces la frontera guatemalteco-mexicana subrepticiamente, con el propósito de estrechar lazos con dichos rebeldes.

Hace poco, en suelo guatemalteco, tras de haber cruzado ilegalmente la línea divisoria, Víctor Rico Galán grabó una declaración dirigida al grupo de rebeldes que comanda Yon Sosa.

La grabación cayó en poder de fuerzas leales al gobierno de Guatemala y de la fiel reproducción que se hizo por escrito de la misma se ofrecen en seguida sus párrafos más importantes:

Compañeros, aquí he llegado con el comandante [illegible], después de una serie de vicisitudes y muchos retrasos; yo y [illegible] hemos tenido una serie de razones que él les puede explicar a ustedes mejor que yo.

"Yo he venido [illegible]

[illegible] todos se les ocurra. Todo esto se los digo, quizá con cierta prolijidad, pues creo que ustedes, [illegible] aquí en la montaña, no se percatan del papel histórico que están jugando en este momento. Y también quiero decirles que aquí, en Guatemala, he podido ver, pues, el interés, la devoción, el entusiasmo con que se sigue la lucha de guerrillas. Mi opinión es que el movimiento guerrillero en Guatemala ha prendido definitivamente y que sólo terminará con el día del triunfo.

"Quiero decirles, también, que el comandante Guevara piensa exactamente lo mismo. Un compañero del Partido Comunista Mexicano, miembro del Comité Central, [illegible], periodista, jefe de redacción de la revista "Sucesos para Todos", visitó Cuba y, en una entrevista con el "Che" sobre cuestiones económicas, acompañado por otros periodistas mexicanos, el "Che" les hizo una serie de preguntas sobre México y, después, ellos le preguntaron sobre los movimientos de liberación de América Latina. El "Che" les dijo que, en su opinión, los dos países donde el movimiento es más sólido y más firme —a pesar de todas las dificultades—, eran Guatemala y Venezuela.

"Quiero decirles, también, algo: yo nunca he sido partidario de esa actitud, generalizada en América Latina, consiste en decir, bueno, ya ven lo que hizo Fidel, pues esto no lo hizo Fidel, pues esto sí lo hizo Fidel. Creo que esto es un error estratégico, porque, lo que hizo Fidel, lo hizo en circunstancias históricas muy [illegible] y lo que [illegible] es muy distinto y tiene que ser distinto.

"Se [illegible]

cuestiones que no tiene objeto discutir aquí, y no es que yo sea un campeón del abandono de la ideología, no; yo creo que ustedes, los dirigentes, las personas del núcleo central, deben estudiar, deben leer, deben leer a los clásicos. Por otra parte, en relación con este mismo tema, no es lo mismo tener el problema de derrotar a una burguesía como la francesa, con ideólogos, con gobernantes de la categoría de un De Gaulle, que tener el problema de derrotar a una burguesía idiota, como la guatemalteca. A Peralta se le puede tirar, casi, casi de una pedrada. Esto, todo esto tiende a indicar, pues, que el exagerar las cuestiones ideológicas ante las masas no nos conduce a nada.

"En este punto, esto lo digo más para el compañero Rolando, ya traduciendo estas ideas un poco teóricamente: habría que releer y estudiar aquel famoso escrito de Mao Tse Tung sobre la contradicción: cuando él explica cómo las contradicciones se van desplazando en la evolución de las sociedades y, particularmente, en una evolución, como la contradicción básica va desplazándose a otras contradicciones que, muchas veces, son las más aparentes y las que más se manifiestan ante las masas."

"Yo, para venir aquí, he sido ayudado por pequeños burgueses de la región, esos pequeños burgueses no son la burguesía nacional de que se habla en el programa del PGT, pero ellos se sienten burgueses. ¿Por qué vamos a enajenarnos esas colaboraciones? [illegible] yo le señalaba [illegible] como el de Pancho Villa [illegible]; no cabe duda que es un burgués, ideólogo burgués, político burgués, y [illegible]

SAN SALVADOR, [illegible]—Durante el banquete ofrecido al presidente de México y a su esposa, por el presidente de El Salvador, en la residencia presidencial, el presidente de El Salvador coronel Julio Adalberto Rivera pronunció un conceptuoso discurso de ofrecimiento, que fue contestado con trascendentales palabras por el presidente mexicano licenciado Gustavo Díaz Ordaz.

El texto de los discursos es el siguiente:

PALABRAS DEL LIC. GUSTAVO DIAZ ORDAZ

Hace media centuria, un salvadoreño escribió en frases que tienen la unción de las [illegible]: "Parece que entre los dos pueblos reviven, a través del tiempo y la distancia, los sentimientos solidarios del origen común, que no se destruyen en la historia ni se debilitan separados por la desvinculación política. El Salvador es Tolteca, pertenece a la rama de los pipiles, es decir "los muchachos" de aquella brava raza que descendió de las altas mesetas aztecas para venir a poblar la región occidental de Centroamérica. Hay en las arterias salvadoreñas glóbulos de aquella sangre heroica que asombró al [illegible] y que siguen alumbrando al alma con su fiera energía para defender el propio patrimonio y las glorias eternas de la raza".

Evoco respetuosamente los afanes, las glorias y los sacrificios de quienes nos precedieron en nuestros respectivos suelos; los evoco sólo como una ineludible obligación de poner empeñosamente el esfuerzo en el presente para conquistar un futuro mejor.

LAS VIRTUDES SOBREPASAN A LAS FALLAS

Nos sorprende la más extraordinaria revolución tecnológica de todos los tiempos, con el conocimiento pleno de lo que somos, con la certeza de que los [illegible]

[illegible] desplazar a ustedes mejor que yo.

"Yo he venido pasando secretamente y sin visa, porque el compañero En[illegible] parece que no me quería mucho...

"Les aclaro esto porque se ha especulado por [illegible] la idea de que yo venía enviado por los compañeros cubanos e incluso que estas opiniones no eran mías, sino la expresión de las opiniones de ellos. [illegible] algunos compañeros me insinuaron la conveniencia de que yo, pues, esto, mencionara esto aquí. Naturalmente, me negué por una razón fundamental: porque no es cierto. Yo no vine aquí en representación de los compañeros cubanos... De modo, pues, que desconozco todas sus opiniones al respecto; lo único que yo puedo hacer son especulaciones respecto de cuál pueda ser su pensamiento en la medida que conozco, pues son ideas generales y entonces, como sé lo que piensan de los movimientos de liberación que accionan en la América Latina, me puedo imaginar lo que puedan opinar respecto a este problema; pero eso también se lo pueden imaginar ustedes, que saben también qué es lo que ellos piensan. De modo que no tendría ningún sentido mi viaje, si éste tuviera por objeto manifestarles algo que ustedes pueden saber perfectamente.

"Lo que yo he expresado aquí ha sido bajo mi exclusiva responsabilidad y producto de mi cerebrito, trabajando solo.

"Yo he visto en el plan internacional la importancia que tiene el Movimiento 13 de Noviembre, como un símbolo de la lucha de liberación nacional, no sólo de Guatemala, sino de América Latina, y la importancia que tiene el comandante Adán como jefe, como cabeza de ese núcleo.

"En México, casi, yo les he hecho la broma de que parece que me consideraran el dueño de la revolución guatemalteca, porque cada vez que llega por allá una noticia, en un periódico, algún rumor, pues todas las personas revolucionarias me hablan por teléfono, me van a buscar para ver qué es lo que yo opino, como si yo tuviera un hilo directo con la S[illegible] de [illegible], para estar enterado de todas las cosas que a ustedes [illegible] país muy especial, y lo que usted está planteando es muy distinto y tiene que ser distinto.

"Sé muy bien que el plantear estos problemas [illegible] que estoy metido en lo que no quiero comprometerme, [illegible] no es eso. Les voy a [illegible] explicar la idea lo más claramente que yo pueda. Mi idea es esta: cuando se está luchando en un país altamente desarrollado, muy complicado, muy politizado, con una clase obrera con una gran experiencia, con conocimientos políticos, con militancia, donde incluso los propios campesinos tienen una aguda conciencia de los problemas y sus necesidades, vamos a decir, en Francia; vamos a decir, en Italia, todos esos análisis rigurosos sobre la composición de la burguesía, a los que ustedes son afectos; distinciones entre diversos sectores de la burguesía, análisis sobre las necesidades de la clase obrera, sobre el papel internacional de la lucha de los pueblos semicoloniales o coloniales, etc., son allá necesarias; y son necesarias, porque, para que un partido, para que un grupo tenga autoridad, necesita convencer a masas altamente politizadas.

"En nuestros países, no se nos plantea ese problema, porque las masas nuestras son suficientemente inconscientes de nuestro punto de vista político; o mejor dicho, en términos mejores, más claros, más exactos: tienen una conciencia muy elemental de sus problemas: la conciencia del campesino es por la tierra, y creo que no va más allá por el momento. Creo que si al campesino se le ofrece tierra, se le ofrecen escuelas para sus hijos y atención médica, etc., no pide más explicaciones, porque a él no se le plantean más problemas. Entonces, cuando yo leo "revolución socialista"; todas esas cosas que las masas bolivianas, que las milicias armadas, piensan que es una confusión verdaderamente espantosa, y yo lo digo, porque conozco y he estado allá y he visto cuáles son los problemas grandes. Cuando veo todo eso sobre [illegible] que las masas [illegible] voluntad. [illegible] Es un país [illegible] [illegible] verdade[illegible] parece [illegible]

[illegible] como el [illegible] Villagrán Kramer; no cabe duda que es un burgués, [illegible] burgués, podría ser burgués; y, sin embargo, pues ha prestado colaboración a ustedes y puede volver a prestarla, si la necesidad hay de pensar con él.

"Ahora quisiera decir algunas palabras para el compañero [illegible] que está en Cuba. No quería irse y me costó bastante trabajo convencerla; finalmente, lo logré. Le hice ver que, en todo caso, el compañero Rolando tenía que dedicar algún tiempo a su curación y que fuera que esto se hiciera en México, en Cuba o en Checoslovaquia, que ella estaría en condiciones de acompañarlo en el momento en que él quisiera. Se le avisaría, naturalmente, a La Habana o donde ella pudiera conectarse. Yo quiero, en todo caso, si el compañero Rolando decide salir por México, darle mi número de teléfono, para que pueda localizarme de inmediato y me pueda hablar, con el mismo nombre de Rolando. Allí me encuentra hasta las diez de la mañana o a eso de las tres y media de la tarde, que es el almuerzo en México.

"Les envío un abrazo cordial, a los que, además, conozco mucho a través de una serie de testimonios orales de cintas grabadas; este sistema de las cintas grabadas es muy útil, podría haberse implantado en Chihuahua. Me horrorizo bastante y veo que se han olvidado algunas cosas: en primer lugar, para Rolando, lo siguiente: el niño, su hijo, está naturalmente con su madre. Fue con ella en el viaje, iba en buenas condiciones. Yo lo vi unos días antes de mi salida de México, con motivo del cumpleaños de mi hija menor.

"Bueno, un saludo muy cordial otra vez, ahora sí ya definitivo, al comandante Herbert. Me divirtió mucho su grabación, y, además la recordé mucho la otra noche cuando venía yo subiendo para acá; aquella frase de él, donde dice que [illegible] no es bajo, pero es una montaña baja de... Supongo que se refería a una montaña mucho más baja de la que está, pero está para [illegible] porque [illegible] cansado arriba de [illegible] a veinte minutos [illegible]

Mexicanos y salvadoreños, han coincidido en su fervor por la libertad y en la lucha por conquistarla. Si hemos coincidido en el pasado con mayor razón debemos estar unidos en el porvenir para acrecentar la solidaridad y la cooperación entre ambos pueblos.

AYUDA EN LO CULTURAL

Solidaridad y cooperación son precisamente nuestras más altas aspiraciones en el desenvolvimiento de nuestras relaciones sociales, políticas, culturales y económicas.

En lo político, queremos una América justa, democrática, humanitaria, donde las personas y las ideas tengan desarrollo [illegible] cabalmente, sin violencia interna, sin presiones del exterior.

En lo cultural tratamos de ayudarnos crecientemente, sabiendo que el de la cultura es el ámbito en el que los hombres pueden entenderse mejor.

En lo económico podemos hacer mucho más de lo que hasta ahora hemos hecho para fortalecer nuestra necesaria industrialización e intensificar el comercio de nuestros países.

Necesitamos urgentemente elevar el nivel de vida de nuestros pueblos, que con justicia reclaman pan y libertad; cultura y bienestar, salud y seguridad. Disponemos de recursos propios, de tierras generosas, de voluntad dispuesta a labrar un porvenir más justo para todos.

¡Ha llegado la hora del esfuerzo conjunto y de la cooperación honrada!

EL VALOR DE LA AMISTAD

Confío en que mi estancia en este país hermano resulte propicia para afianzar la cordialidad de nuestras Repúblicas y avivar, mediante actos prácticos y fecundos, la fe que depositamos en el valor de nuestra amistad.

Sé que interpreto a todos los mexicanos al desear al intrépido pueblo salvadoreño prosperidad en el trabajo, seguridad en la justicia y paz en la libertad.

Excelentísimo señor Presidente: La señora de Díaz Ordaz y yo, así como los miembros del gobierno mexicano que me acompañan, agradecemos a usted profundamente las palabras tan deferentes y amables que nos ha tributado como bienvenida y cordialidad con que el gobierno y el pueblo de El Salvador nos han ofrecido la hospitalidad que disfrutamos en [illegible] momento.

Momentos antes, al descender el mandatario mexicano del avión que lo puso en suelo salvadoreño, el Presidente Rivera rompió el protocolo y se dirigió hasta la escalerilla del avión para recibir con un abrazo al jefe del gobierno mexicano. La multitud concentrada en el aeropuerto rompió en aclamaciones que fueron apagadas momentáneamente por los honores de ordenanza y 21 salvas en honor del ilustre visitante.

Antes de abandonar el aeropuerto, el mandatario mexicano y sus acompañantes remembraron el suelo patrio al escuchar las mexicanísimas canciones interpretadas por un grupo de mariachis.

El Presidente Díaz Ordaz había arribado a las 10.00 horas.

Durante su recorrido por las calles salvadoreñas, el pueblo se reunió a lo largo del trayecto para aplaudir al paso de la comitiva. Los dos mandatarios saludaban de pie a bordo de un automóvil negro descubierto. Las serpentinas y el papel picado caían de los edificios en lluvia de simbólica amistad y cariño entre los dos pueblos. El cruce de las calles de esa capital centroamericana, los postes, ventanas y escaparates de los comercios, lucían nuestros colores patrios y grandes y pequeñas fotografías del Presidente Díaz Ordaz y de su señora esposa.

"Bueno, ahora sí ya me despido definitivamente. ¡Viva el gran Mao, viva la revolución socialista de América! ¡Hasta luego, compañeros!"

La labor subversiva y de agitación del comunista Víctor Rico Galán se patentizó también en México con agresivos escritos suyos, publicados en las revistas donde trabaja, y en los cuales censuró acremente la visita del Presidente de México, país en el que Rico Galán vive asilado. Reproducciones de sus artículos circularon entre los rebeldes guatemaltecos, con los cuales, mediante el periodista mencionado y otros agentes, mantiene estrecho contacto el Partido Comunista de México.

Por todo esto, el Gobierno de Guatemala creyó pertinente tomar todas las medidas necesarias que garantizaron la seguridad del mandatario mexicano y de los miembros de su comitiva, durante su visita a nuestra nación.

SAN SALVADOR, enero 12 de 1966.- El Alcalde de San Salvador, ingeniero José Napoleón Duarte, entregó esta mañana al Presidente Díaz Ordaz, las llaves de la ciudad, momentos después de que en el aeropuerto de Ilopango el Presidente Julio Adalberto Rivera le había dado la bienvenida.

Al agradecer esta distinción el Mandatario Mexicano expresó:

The following pages contain a translation of a talk by Mexican journalist Victor Rico Galan. The talk was recorded on a small portable tape recorder and was then taken to the hills and played to the Guatemalan guerrillas. This taped talk and seven other small rolls of taped propaganda and discussion were captured in mid October 1964 by the Guatemalan Army in a raid against guerrillas in the Panzos area of Alta Verapaz. The identities of some of the names used in the talk are as follows:

Commandente Adan: Marco Antonio YON Sosa, leader of the "13th of November" guerrilla movement. This is the first time we have heard of YON Sosa referred to by this name.

Companero Enrique: a mockingly respectful reference to Guatemalan Chief of Government Col. Enrique PERALTA.

The arrest of Galvan: Felipe Galvan Bartoluchi, Mexican courier to Guatemala was arrested in Guatemala City in March 1964. He was carrying two suitcases of communist literature and records at the time, and was himself documented as "Isidro Alfaro Ramos".

Sierra de las Minas: Mountain area north west of Zacapa; guerrilla safe area.

PGT: Partido Guatemalteco del Trabajo, the Guatemalan Communist Party.

Luis Turcios Lima: Second in command of the "13th of November" guerrillas.

Comrade Rolando: Obviously a pseudonym. We have been unable to establish this man's true identity.

Pancho Villagran Kramer: Francisco Villagran Kramer, leftist Guatemalan political leader; head of the URD Party.

Alfredo Guerra Borges: Central Committee member of the PGT.

Phone No. 23 07 92: Mexico City phone directories for 1962 and 1964 list this number as follows: DIENER, Tilli Pichler

PUR: A Guatemalan revolutionary party, now rather inactive. [illegible]
A number of PGT members also belong to the PUR.

Compañeros:

I have arrived here together with Comandante Adan after a series of hardships and of many delays owing to a number of reasons which he can explain in detail even better perhaps than I could.

I have been making these trips without a visa because the compañero Enrique seems not be overly fond of me, and motivated by two reasons. One of them is to try to put my shoulder a little to the wonderful struggle you are carrying on, by a reportage on the guerrillas. The other reason was my concern over a number of circumstances, and basically the arrest of Galvan in Guatemala.

So I came with the wish primarily of giving you the items of information I had, and particularly to Comandante Adan. I make this clear because there has been considerable speculation to the effect that I was being sent by the Cuban comrades and even that my opinions were not mine at all but the expression of their opinions. In fact, some comrades suggested to me the advisability that I should mention this here.

I refused, of course, for a basic reason: because it is not so. I did not come here as a representative of the Cuban comrades, whom I have not seen since February 64, when none of these problems had arisen, or if they had arisen they were not acquainted with them, or if they were acquainted with them they did not tell me about them. So, I have no idea what their opinion on the subject may be. Consequently, all I can do is speculate on what might be their thinking to the limit that I am aware of their general ideas; and then, since I know what they think about the liberation movements in Latin America, I can imagine what they might think with regard to these problems.

But you also can imagine that, since you also know what they think. So there would be no sense to my trip here if its purpose were to tell you something that you may know perfectly well. What I have stated here has been on my own exclusive responsibility and as a result of my [word unintelligible] working alone.

I have told the Comandante that in my opinion there have arisen here a number of problems which have objective roots but which have become somewhat complicated and distorted to the extent of leading to a situation that may be dangerous in the future, that may convert the Trece de Noviembre into just another group, another sect, that may therefore isolate slightly from the masses in general or at least from a number of strata of the people whose support in the struggle is important.

On the international plane I have seen the importance of the Trece de Noviembre as a symbol of the struggle for national liberation not only of Guatemala but also of Latin America, and the importance of Comandante Adan as the chief or head of that nucleus. The reportage I wrote on it just a year ago 2.1.63 was successful partly owing to the collaboration of the Cuban comrades and partly because of the natural curiosity aroused by the subject. It was reproduced by newspapers in the United States, in Europe--for instance, L'Estrelle de Paris reprinted it; it was reprinted by the New Statesman of London; newspapers of a broad but important left wing in Europe--I even have a magazine from New Zealand which reprinted the reportage.

By that I convey to you the importance which was attributed to the movement. I have not mentioned Cuba or China, of course. You know that the interview was published by Hoy, the organ of the PURS, and in China it was reprinted by the Party organ, People's Daily.

I have also received a series of letters from various countries, and in my travels I have noticed how people would ask me with enormous interest about your struggle. In Mexico I pretty nearly told them in jest that it seems. that they regard me as the owner of the Guatemalan revolution because every time that some news item or rumor reaches them all the revolutionary people come and talk to me on the telephone or send for me to find out what my opinion is, as though I had a direct wire to the Sierra de las Minas there to be informed of every last thing that occurs to you.

I tell you all this in somewhat prolix detail because I am afraid that you, buried to some extent here in the mountains, may not be aware of the historic role you are playing at this moment. And I also want to tell you that here in Guatemala, where I have been for two weeks--although I was here covertly and that, of course, limited my activity--I have nevertheless been able to see the interest, devotion, and enthusiasm with which the guerrilla struggle is being followed.

My opinion is that the guerrilla movement in Guatemala has definitely taken hold and that it will end only on the day of victory. I want to tell you also recently I found out that Comandante Guevara thinks exactly the same. A comrade in the Mexican Communist Party, a member of the Central Committee and newsman, visited Cuba. A close personal friend of mine, he visited Cuba and had an interview with Che mainly on economic matters, together with other Mexican newsmen. They talked for a long time, and when they finished Che asked them a number of questions about Mexico and then they asked him about the liberation movements in Latin America. Che told them that in his opinion the two countries in which the movement was most solid and firm despite every difficulty were Guatemala and Venezuela.

I think for this reason that you must view your problems not as another group carrying on polemics with other groups but to some extent from the height in which you are placed, even physically. You must realise that the difficulties there have been are due basically to the fact that the comrades in the PGT have long delayed turning into deeds their own ideas on the struggle. They have set forth a line to the effect that aspects may not be discussed but that [phrase unintelligible] correct. The 11-point resolution of December which places the armed struggle and especially the guerrilla phase at the core of the revolutionary struggle seems to me to be correct in general. But they have had many difficulties because there have been debates, obscurities, some of them perhaps did not understand that or were opposed--I do not know, I do not have many details. But of course it has not been possible; they have not found it possible or else have lacked the capability to devote their activity to the armed struggle. Consequently their participation, which there has been--we cannot deny it; I think it would be unjust to deny the participation of the PGT--has been the participation of a rearguard, of support. They have lost cadres here in [Ixtabal?] and elsewhere , suffered the consequences of the struggle; some comrades of the PGT are actively persecuted--but always in connection with support activities.

I believe your role is to drag them into a more active participation in the struggle--not to fight them or fight them only to the extent that such a fight may lead them into the battle and not occasion a split. In my opinion this is going to be much easier from now on because, altough what happened with the publication of the newspaper is dangerous in my opinion--and it is dangerous because it poses a number of things which are not understood, you see? and in the second place they cause a state of confusion, especially among a people which is not politically sophisticated, as in Guatemala--, I think that despite those --- those negative things this has been the clang of a bell; has shown the comrades in the PGT the extent to which they had committed errors and abandoned a number of possibilities of struggle.

About that I have talked to them at considerable length and have talked to them in utter loyalty and clarity, and they admit that all that is taking place is not the product of error on the part of the Trece or a bad line of the Trece exclusively but a product of their very own errors also. They do assume their share of responsibility and I think it is important that you know and appreciate that fact--important for this reason, that there might arise in some comrades, and I am referring particularly to Rolando, a certain lowering of morale: that he might think that he erred in some things and might allow himself to be destroyed politically. I think this would be a serious error, do you not? and I think it would be false attitude. We must start from the premise that everybody has committed errors and that these errors have been commonplace everywhere. Let us remember, for instance, that in Cuba there was in the organisation of that famous strike, the one that failed, of April 1959, none other than a David Salvador, who was a Falangista, and there was none other than a [Bill DeWalt?] who was an imperialist agent; and that in Cuba there were public statements of the 26 July movement which Fidel Castro had to disown later, and there was constant misunderstanding between the people who were in the sierras and the militants in the cities; and there were very serious conflicts between the PC? and the 26 July movement; and there were all those parasites from the Escambray Second Front who were good for nothing. In short, a series of problems, which did not prevent attaining victory because the position they always maintained was that the fundamental nucleus of the 26 July organisation was an agent of cohesion of the revolutionaby forces, and they succeeded in polarising those revolutionary forces and succeeded in avoiding problems, and this in the end led the revolutionary forces to victory.

With regard to this, I would like to tell you something else: I have never been in favor of that attitude, very widely generalized in Latin America, which is to say: "Well, you can see what Fidel did. This was *not* done by Fidel; this *was* done by Fidel." I think this is abysmal error, because what Fidel did he did under very special historical circumstances, and what you are doing is different and has to be different. You have no reason at all to follow the Cuban or any other experience, but I do think it is advisable to learn from international experience and take advantage of it to the extent that it may be useful.

I say this because it seems to me that there has been here a certain idealistic tendency to take a position above the masses. I am referring to the debates on the character of the revolution, on the participation of the bourgeoisie, whether the Chinese or the Soviets are right, and a number of questions like that. I realise very well that when I say this you may say that I am half out of my mind or that I am unwilling to commit myself to a position. That is not so: I shall try to explain my idea as clearly as I can.

My idea is this: When you are struggling in a country which is highly developed, very complicated, politically very sophisticated, where there is a working class of great experience, politically informed, militant, where even the peasants themselves are acutely aware of their problems, their needs --let us say France, let us say Italy--all those rigorous analyses of the composition of the bourgeoisie, distinctions among various aspects of that bourgeoisie, analyses of the needs of the working class, of the international role of the struggle of semicolonial or colonial peoples, and so forth, are necessary. They are necessary because for a party, for a group to have authority it has to persuade masses which have high political sophistication. In our countries we face no such problems. We do not face such problems because our masses are thoroughly unconcerned from a political standpoint.

In another --- rather, stated in better terms, more clearly and more accurately, they have a very elementary understanding of their problems. The concern of the peasant is for the soil; I do not think it goes beyond that at the moment. I believe that if the peasant is offered land, is offered schooling for his children, medical care, and so forth, he will not demand any more explanations. He sees no other problems.

So, when I read in Revolucion Socialista all these things, about the Bolivian masses, the armed militias, it is a truly shocking confusion. And I say this because I know Bolivia, I have been there, I have seen their real problems. When I see all this about Peru, where the masses are said to be doing their will, with a semifeudal government, it is truly --- it seems to me that we are falling into a number of questions which there is no purpose in discussing here.

And it is not that I champion the abandonment of ideology. No, I think that you, the leaders, the people of the central nucleus, must study, must read, must read the classics. The other day I heard a recording by our comrade [Surcio?] with reference to this, and I think the attitude is very proper. You must have the clearest possible view, but I think it would be mistaken on your part not to realize that if you advance too far ahead you will isolate yourselves from the masses.

Also, and in connection with this same subject, it is not the same thing to face the problem of defeating a bourgeoisie such as the French bourgeoisie, which has ideologists and has rulers of the caliber of a De Gaulle, and to face the problem of defeating an idiotic bourgeoisie such as the Guatemalan bourgeoisie, with a ruler like comrade Enrique, is it? In other words, the weapon needed to shoot down De Gaulle--to state it thus in very simple and personal terms--has to be much more long-range and much more perfect than the weapon required to shoot down Peralta. Peralta can be brought down just about by pitching a rock at him, can he not?

This, all this tends to indicate that to exaggerate ideological questions to the masses will lead us nowhere. I have been able to observe that the following has happened with the newspaper--and I told Comandante Adan yesterday--: that those who understand it do not approve of it. And I am not referring to the people of the PGT but to many well-meaning people: for instance, to Rodrigo Asturias, who is in Mexico, a survivor of the [Cumquat?], a wholesome fellow, studious, concerned, who is very anxious to come here to join the struggle--he was really dumbfounded at the document. The same for honorable people like Carlos [Barquesada]. On the other hand, most of the people, the masses that do not understand it, cannot understand all that complicated terminology, all that obscurity, all those generalisations of concepts that do not stimulate anybody to the struggle, that do not pose actual and concrete objectives.

That is my opinion. I believe that on this point you must establish a very skilful, very intelligent balance between your own political training and your daily contact with the masses, and you will gradually be told [sic] what the masses must be told.

On this point--I say this rather to comrade Rolando--, putting those ideas into slightly theoretical form, it would be necessary to reread and study that famous document by Mao Tse-tung on contradiction, where he explains how contradictions are gradually displaced in the evolution of society and particularly, in a revolution, how the basic contradiction gradually displaces other contradictions which often are the most apparent ones and are most manifest to the masses and which all express the basic or fundamental contradiction but express it in different ways.

So we have no reason to propose the destruction of the bourgeoisie and alienate the support of a number of people who feel bourgeois. I myself, to come here, was helped by petty bourgeois of this area itself. These petty bourgeois, of course, are not the national bourgeoisie to which the program of the PGT refers, but they feel they are bourgeois. They cannot distinguish, when you condemn the national bourgeoisie in the newspaper, they cannot distinguish between themselves and whether they are or are not the national bourgeoisie. They feel affected. Why should we alienate their collaboration?

I even pointed out to the Comandante cases such as that of Pancho Villagran Kramer: there is no doubt that he is bourgeois, a bourgeois ideologist and a bourgeois politician, yet he has given you his collaboration and may give it again. What need is there to have a fight with him? One must maintain the firmness of principles, as Comandante Adan did in the interview, specify clearly the disagreements, but not picture him as an enemy. It seems to me that on this point Comandante Adan expressed the true policy, which consisted not in saying, "Villagran is our enemy because he is bourgeois"--which would be the logical consequence of what has been published in the newspaper--but to say, "He is my friend but I think that he is mistaken; that he is not going to accomplish anything." This seems to me the right thing to do. Also, the movement is at a stage where what it needs is friends.

Well, I think I have talked a good deal and rather haphazardly, but--I wish you had arrived; I was clinging to that hope, although I knew it was very unlikely, since you have already delayed too long. Unfortunately it has not been that way, has it? So I wanted to leave my greeting to you and some of the impressions I have of the situation.

I can add something to what I have already told you. The comrades of the PGT asked me after I had been here for quite a few days and they had shown me a number of things--I even think that they wanted to be sincere because they also showed me tapes in which they were harshly criticized, in which their own cadres criticised them--they arranged interviews for me with persons within the party who are in disagreement with the leadership--in short, I was able to get a considerably more objective picture--they asked me for my observations and criticisms, which I gave them in all loyalty.

The basic criticism I believe continues to be the lack of more active participation in the armed struggle and of the channeling of cadres to the armed struggle. This I think continues to be the main problem; they admit it. In general I must tell you that most of my criticisms were well received by them.

I even asked for a talk with Guerra Borges because I thought that his article in the International [i.e. World Marxist] Review contained some expressions of opinion which were not correct, although in others it was on the right track. We discussed it and he had a receptive attitude, and in the end admitted that there was some error, owing to the need to make the article too condensed.

On the point, which I think has been posed here rather insistently, of whether the bourgeoisie participates, the famous thesis of the four classes, in other words, they were telling me--I am referring particularly to the comrades of the political commission, with whom I had a lengthy meeting--they have applied it somewhat mechanically, somewhat as convention dictates, as has been done by a majority of the parties in countries such as this one, but without actually having a clear notion on the subject, and among them there were arguments, struggles, and disagreements with regard to the role of the bourgeoisie.

So I think that it is perfectly possible to debate on this point. I do not think that the policy should be to set out a public thesis, and even less a public polemic. I do not think that it is particularly important to the struggle that the theory of the four classes be uphold publicly. I do not think that anyone will be disappointed to see that in this country there is a peasantry or a proletariat so radical and so enlightened that it will refuse to cooperate with the national bourgeoisie. So I think it is a somewhat unproductive polemic.

I am also fully convinced that the national bourgeoisie has no revolutionary role to play at this time in Latin America and much less in Guatemala. And that it does not depend on the theories proposed or the thinking of Guerra Borges, or the thinking of Rubio or the thinking of anyone else. I believe that is a fact, and facts are above all else. And I think that the moment that the struggle grows up, that the revolutionary power grows strong and is established on a free territory, this will be seen still more clearly. But I see no reason why this should be announced a priori; that is, I do not see why we should make the revolution in the newspapers, if it is being carried on in the mountains.

Now I would like to say a few words for our comrade Rolando. They are nothing secret, but they are things which interest him personally.

Isabel is in Cuba. I left 15 days ago today; that is, yesterday, Saturday, it was two weeks. The day after my departure she was to leave for Cuba, by way of Europe, of course, so she would be able to return. The trip had already been set up by Comandante Guevara, and Isabel had been invited, but it had not been made definite because the Cubans move very slowly in some things. Just after the trip of [woman's name] and the letter Rolando sent me, and in view of what he was requesting of me in that letter--and the difficult situation that she was in, obviously, from every viewpoint, including the economic one, and the my difficulties in any attempt to give any help--I of course tried to activate the matter of her trip, went at it in a direct manner, and arrangements were made right away. She did not want to go. First of all she was very interested in knowing how the situation would come out here and what I would propose on my return, etc. In addition she was very concerned about the health and the morale of comrade Rolando. So she did not want to go, and I had a rather hard time persuading her. At last I succeeded; I showed her that in any event Rolando in my opinion would have to devote some time to his treatment. Whether this was done in Cuba, or Mexico, or Czechoslovakia, she would be in a position to accompany him; when he left she of course would be notified in Havana, and [from there] she could get in touch.

In any event, if comrade Rolando decides to go via Mexico, I want to give him my telephone number so he can locate me right away. He can use the name Rolando. My number is 23 07 92. He will find me the up to 1000 or about 1930 hours [several words unintelligible]. So if he goes clandestinely and has any problem he can talk to me, carefully, of course, as the phone is under surveillance. He can use the name Rolando and address me in the familiar form ["tú"], as an old friend who has come in from the provinces. Then I shall look for him and try to find a way to solve the problems he may have.

As to this matter of Rolando's health I think it is very important to discard the "theory" that it is nothing serious, etc., which he himself is spreading about. I do not think this situation can be allowed to remain indefinitely, with him in poor health. I have talked about this to the comrades in the PGT here, although it looks as though they are not very fond of him for the time being--and of course that makes sense--and they have promised to take care of the matter. I have also asked Comandante Adan as commander-in-chief to do something about the problem. I think it would be useful, do you not? [phrase blurred].

Well, that is all for the time being. I hope your meeting will be successful. I hope that the difficulties will be overcome, and that this situation will be taken advantage of to reshape all things and to give new drive to the struggle. I think the experiences acquired can be very useful--for instance the experience here of Comandante Adan and the boys with the peasants and the plan to organise them and occupy lands. I think it can be developed into ever more perfect forms. Of course that directive of occupying lands, given here in practice, is a provocation which can result in the peasants' being massacred, but when it is done in a planned manner, in a way that the guerrilla can offer them protection and in which they can be taught to protect themselves, as in the case that has happened here--I think it can be a first-rate revolutionary factor.

I think you ought to give special attention to these things--and above all else is the problem of unity. If on the one hand you do not feel you are in possession of the truth but on the other hand you do not feel you are victims of the possessors of the truth--I say this for comrade Rolando--I think you can accomplish a great change in the outlook and give a great push to the struggle. You have to know, be aware of, have a clear idea that the situation in the PCT is at this time rather good. A number of factors have contritbuted to this, including, for example, people who are attacked in Revolucion Socialista, such as the PUR. The PUR has had a very clear and well-defined attitude, very positive, consisting in declaring to the PCT that they were for unity at all times, but on the basis of its being real unity; that is, on the basis that they would, in every way possible, continue collaborating with the guerrillas at every moment. I think that in the base organizations of the PCT this attitude has been brought forth.

So, there is nowhere that I can see any real reason for a break nor the desire for a break on the part of anybody. The problems that have come up can be discussed as between equals, clearly, and they can be a positive factor, become a positive factor of impetus for the struggle, eliminating everything that is a burden or an error or a provocation.

I am sending a cordial greeting to both, those I know well as a result of oral expressions and recorded tapes--this employment of tape recorders is extremely useful--and whom I would have liked very much to hug personally. So long.

[Same man who recorded the above continues after a blank space on the tape.] ...in the first place ... Rolando ... said that he is of course ... trip ... Mexico ... in excellent health ... I saw him ... departure from Mexico ... very few days, 3 days ... took some photographs of both but I was unable to bring them because I left for here ... he was afraid I might have difficulties with .... I traveled with a lady who posed as my wife ... photos ... I could not bring them ... Rolando ... also I was delayed seriously the other night when I was coming ... the way is long but it is ... .

There is something else you might like to know ... I have had many contacts with him ... of course his attitude is still ... feels very bad ... also this becomes more serious owing to the situation ... that worries him very much because ... a letter to his wife ... some psychological trouble, nerves ... I have tried ... he did not send greetings because ... I remember all of you ... his attitude on the entire struggle, but I think he is ... it was then advisable ... send him a message by this same means of recorded tape. I have a Phillips tape recorder of standard size, not portable ... if you prepare a tape recording to tell him clearly and definitely ... decision, you can send it to me ... [Voice trails off.]

[Recording is now of conversation among several men.]

... they all sent letters asking that S.O.B. to ....

... in the morning, and that Pirulin was here as resident ...

... are agreed, that there are tactless people ... minimum salary to give the person enough to live on, pay for housing, eat, pay for his children's education ... sliding scale of wages ... money ... if life is inexpensive ... wages of 80 centavos for the peasant ... or 50 ... plantains ... she understands about that ... that BS ... hunger ... children's education...

... sliding wage scale ... minimum wages ... talked about "salario vital minimo," which is what a famility needs to support itself at today's cost of living levels. That, I can discuss as minimum wage.... Those are slogans for the struggle against capitalism. Capitalism is incapable of solving the problems of the masses. That is the basic problem.

... the worker gets 1.74 a day ... does not pay for housing. That has to be assured because ... workers of the "frutera" [UFCO, United Fruit Company] do not pay for housing, or electricity; that is, the only thing that he pays for is ... they give him food cards ... the only thing that the peasant ... "frutera" ... retirement is ... or else they give him nothing, blackball him ... lost his indemnity ... ... the peasant struggling for better wages ...

[Etc. One man does most of the talking, about the relative situation of the worker with regard to the UFCO, the union, and independent farming as to earnings, benefits, etc. They engage in an argumentative comparison of the treatment of the worker by the UFCO and the railroad company. Toward the end the discussion leads into the potential for revolution among the former and present workers of the UFCO.]

[After a blank space there is a lecture on the Guatemalan situation from its origins, starting with a detailed account of Columbus' voyages, Spain's exploitation, the plunder of the gold and riches of America, and the enslavement of the natives. The lecturer then shifts to present tasks of revolution. The intelligible points to be gleaned on this are as follows:]

"The main function of the guerrilla is to disrupt the regime, the capitalist system of private ownership." [The "disrupt the system" point is made also at the end as the gist of the lecture.] We must keep digging at the roots while shaking the trunk to cause it to fall. The newspapers declare that they are not allowed to publish interviews with guerrilla fighters, etc. Strikes are more frequent. The spirit of rebellion and disregard of law is spreading. We must encourage and exploit it.

Many people still think that the guerrillas are only supposed to kill soldiers. That is mistaken. We must get to the people and encourage their rebelliousness and opposition to the government, which is everywhere evident. The situation is deteriorating. The government of Peralta is not operating well. The guerrillas are playing an important role because they are [feeding] the people. They are not simply fighting; their role also is to solve problems for the people, to solve social difficulties for the people.

We must find out why the peasants do not respond the way they should to the guerrillas. There is strength for us and for the people in a close relationship. Thousands are watching us and what we do. In the villages we are welcomed because they realize we are fighting to solve their problems.

[End tape 1 - begin tape 2]

When the revolution is over, we are all going to solve our problems, the problems of all, not just of a few.

The struggle is going well; the government must be kept sharply conscious of us. Sometimes it seems no progress is being made, but from the standpoint of the revolutionary struggle it is being made. The thing is not to be discouraged but to be steadfast. For every 20 that the enemy kills, 100 will rise up.

[Quality of recording deteriorates so badly for a long stretch after this that summary is not feasible, as all crucial names (if any) and words are unintelligible. Then:] Strikes must be encouraged, because strikes go against the capitalist system, and what we want is to destroy, to replace the capitalist system. We want the means of production to be in the hands of the state controlled by the workers, for the benefit of all. The function of the guerrilla is to disrupt the regime, the social system. The revolution will continue for a long time. There is no way to stop it short of victory. [Occasional comments by the other two or three participants had been heard. More comments follow, all unintelligible as above.]

[A period of silence is followed by a series of recorded greetings, letters, other messages, short speeches, and songs, including mention of names and identities which are unintelligible.* The recording is poor, distorted, full of echoes. Upon the conclusion of this special section, there is a notable improvement in the tape quality, as reflected in the following pages.]

* except for Marcantonio or Marco Antonio. Yon

Here ends the tape [recorded] by comrade [Calani]. [We appreciate] the material aid, the songs, the greetings, all of which make us firmer in the struggle and demonstrate that we are going well, that if the struggle was somewhat limited in the beginning it was because of lack of a clear program, of a line and of a program [several words] for which we are fighting. [The] last few words of comrade Rolando refer to [word], ~~is~~ to the takeover of power, although he does not make clear yet, at this time, the power for whom, to do what, but comrade Rolando [has a clearness] which we took to be emotion [toward?] the opening of the struggles for the socialist revolution. I can make no comment in this regard from the content of this tape, but [several words].

Before I say farewell, there are two points I was forgetting. By this courier we are sending No. 29 of [one word] Interno,* containing an article about the false Communism of the Russians and its historic lessons to the world. It is very important that the article be read, studied, and discussed there, because it will be material not only for our meeting but for further strengthening us in this line and in this program. Rich experiences [can] be gotten from it, so that we [words] some of the things pointed out here by the Chinese [words] the decay of the Russian Revolution represented by Khrushchev as the inheritor [continuador] of Stalin's bureaucratic line.

Also, I would like to read this note to you; I do not know whether you have received it. We, after my return from [word] [decided] to call a meeting of the [FAR]. We sent a message to comrade [Erlindo], to [Juan Chacon], and to [Mauricio]. Nobody showed up then. After eight days we again waited at the meeting place and [Mauricio] showed up. Before Mauricio arrived [Dondomita?] took this note to us, which I would like to read. It is dated 21 September 1964. It is a note which [Juan Chacon] sends to comrade Adan, and it reads as follows:

---

* The [illegible] Peking [illegible]

> Compañero Comandante: I reiterate to you and the comrades our fraternal greeting and our wishes that you will [word] in a revolutionary manner for the good of the country. This is to ask you to issue instructions for a meeting of the titular leadership of the [FAR]. For that I shall go the place to which you may call me. I make this request because here the substitute command that had been operating since the event at [Simpa] ceased to operate at all for the last thirty days or longer. Also because since you, comrades of the Trece de Noviembre organization, publicly expressed your [word] toward us Communists, there have arisen problems which must be solved if unity is to continue. At a meeting of the titular command, with you in attendance, it shall be seen whether the problems arisen can be overcome or whether they are going to leave us disjointed [desarticulados], as we are now, with reference to the matters of major importance in our movement. Incidentally, the tasks assigned to the comrades as special responsibilities, are being carried out, so that the [FAR] [has been] operating in practice. However, it is not enough for each to carry his immediate tactical responsibilities. Matters [in prospect, or of perspective] have to be attended to, and these in the last few months, as I have said, have not been attended to with the proper authority and have been completely abandoned during the last month.
>
> Fraternal greeting.
>
> [Abencero Morit Kan?]

Copy to Armando and to Zona 3

That is all we got as their reply. So in effect they refuse to attend the meetings of the substitute command but want a meeting of the titular command. In that regard, the [several words] a meeting to [take up] the points, this note must be answered. The line that we conclude from this is the same line that they have tried to follow, that everything has been done by a small group, which is the group that is in the [city], that is directly with [Rudy], and that [it is Rudy] who has "disjointed", as they put it, all functioning of [words]. But now with the conversation held by comrade Adan the whole thing has been clarified and we are strong once more. In any event we have not failed to [ask them], including [several words] with comrade [Luz], so that in case of a meeting [they] would attend. We are ready to attend any meeting to which we are called; [we have] called them three times, and they have failed to attend in all three cases. Therefore we propose that this remain the way it is until we have met there, since [phrase].

These are the only --- the latest news; this courier has to leave. Before we close I shall save up some of the tape for a message comrade Jenaro has asked to be allowed to record. Since I have been working on this he came over and wants to send a greeting. So we shall listen to comrade Jenaro.

One more thing before Jenaro's message. In the event you wish to reply to the memorandum sent by [Juan Chacon], there will no objection on our part. We are at your service there, although [several words] the concrete statement of opinion that [several words]. What they are trying to do is [leave] us alone to see whether we are capable or incapable of continuing. They imagine that we going to be unable to get out even a bulletin or even less circulate anything, and that we would have to go looking for them. With these tactics of delay and of not attending the meetings they are trying to pressure us, to see --- to make us feel, they think, the need we have of them.

That is not the way the revolution is carried on; that is not the way the process can be advanced. But this we shall discuss up there. However, any decision you up there may want to make after discussion will be acceded to and respected by us.

Again I say farewell, with a fraternal, combative greeting to comrades Adan, Mateo, Marinero, [Sosa], and all the others who are there. Forward, comrades. Good health and good work.. Listen now to comrade [name].

[Another man:]

I greet you warmly, Mateo. I got your affectionate greeting, and we accepted it with love. It is actually [word], the manner, the assurance with which you express yourself, and we are working rather hard here, with great synchronisation and [word] and understanding of comrade [Rudy] and [pushing forward every task]. We are here to give impetus to the process, as you say, and we realise it.

Give my warm greeting to comrade Adan. I got his greeting also on the other recording. Greetings [grandes felicidades; probably congratulations intended] on the ~~sp~~ statement and the interview with the newsmen. Really, the statement and interview reveal great political maturity and demonstrate also the work being done by comrade Mateo with regard to the sharpening up [maduracion] of a team up there among the guerrillas.

To conclude: "abrazos" to both, comrades Mateo and Adan, although I do not have the pleasure of your personal acquaintance, but we are involved in the same enterprise, in the same great task of carrying out the socialist revolution in Guatemala. Forward, comrades. We shall soon see each other.

POR VICTOR RICO GALAN

En un editorial reciente, Siempre censuró con energía la conducta de nuestras autoridades policíacas en el aeropuerto, por los malos tratos y las vejaciones a que son sometidos los viajeros procedentes de ciertos países, sobre todo de Cuba y de España. Aceptaba nuestra revista como cosa normal la vigilancia sobre visitantes potencialmente peligrosos, pero acusaba a las innúmeras policías que el mexicano padece de realizar mal esa función o no realizarla en absoluto, a cambio de actuar con una insolencia y una prepotencia intolerables

Como por encargo, los acontecimientos posteriores han venido a darle a nuestro editorial más razón incluso de la que pretendía tener. El pasado día 7, un norteamericano que responde al nombre de Henry Agüeros Garcés, lanzó una granada de mano contra los talleres del periódico El Día, con intenciones verdaderamente siniestras: la granada fue lanzada en un lugar tal, que sólo la rápida intervención de los trabajadores del diario pudo evitar una catástrofe de *incalculables proporciones, de la que no estaría excluida* **la pérdida de muchas vidas humanas, tanto en el edificio del periódico, como en la zona aledaña.**

No se trataba, por otra parte, de un hecho único ni aislado. En fecha anterior, aunque reciente, el Instituto Mexicano-Ruso de Relaciones Culturales sufrió una agresión análoga, y el arma utilizada resultó ser idéntica —según la policía— a la que explotó en el patio de **El Día.** *Casi simultáneamente fue ametrallado el departamento que habitaba el corresponsal de la agencia yugoeslava* **Tanjug**, *y sólo la circunstancia de encontrarse en un quinto piso salvó la vida de su esposa, que bañaba a su hijita recién nacida, pues varios proyectiles de grueso calibre entraron por las ventanas y se alojaron en el techo de la habitación. En ambos casos, la lenidad y la indiferencia de la policía fueron evidentes. Ni aparecieron los culpables ni se hicieron investigaciones serias.*

Además, somos muchos los mexicanos que, por ocuparnos de cuestiones políticas nacionales e internacionales con un criterio opuesto al del Gobierno de los Estados Unidos, recibimos un alud de amenazas y anónimos injuriosos, tanto por escrito como telefónicamente. La redacción de los anónimos y el lenguaje utilizado indica con claridad que son extranjeros quienes los hacen, y probablemente cubanos contrarrevolucionarios. Por [illegible] son del dominio público, es indiscutible que decir contrarrevolucionarios cubanos equivale a decir Agencia Central de Inteligencia (CIA) de los Estados Unidos.

La ola de violencia, espionaje y amenazas ha llegado a un punto tal, que motivó una carta del director de la revista **Política** a las autoridades responsables, exigiendo que se aplique la ley a los autores de tales hechos delictuosos y denunciando los catastróficos efectos que para el país puede tener el tolerarlos. Sin embargo nada se había hecho hasta que se produjo el atentado contra **El Día** y fue capturado su autor.

Capturado, no como resultado de investigaciones policíacas, sino gracias a la diligencia de un joven obrero de los talleres de El Día, que lo persiguió y le dio alcance. Porque Henry Agüeros Garcés entró en México como Pedro por su casa, no fue molestado por policía alguno, no fue fotografiado en frontera ni aeropuerto, y pudo incluso utilizar un nombre falso para obtener alojamiento en un hotel. ¿Y cómo no? Las vejaciones a ciudadanos extranjeros que nos visitan tienen un reverso: el trato obsequioso y hasta abyecto que se da a los ciudadanos norteamericanos. Esos mismos polizontes que tan groseros y bestiales se muestran con quienes vienen de Cuba o de España son la imagen misma de la amabilidad y la obsecuencia cuando el que llega tiene una tarjeta de turista que lo acredita como norteamericano.

Ser norteamericano es, en México, una patente de corso. Y eso, a pesar de que por la frontera norte o en los vuelos internacionales que del norte proceden llega a México la peor gentuza. Hágase una estadística de los delitos cometidos en nuestro país por extranjeros, y se verá que los yanquis se llevan la palma, con cifras imposibles de igualar, y con crímenes cuya degradación moral es también inigualable. Todo lo cual prueba hasta qué punto era justa la censura a la policía que hacía SIEMPRE! *en su editorial ya citado: es una policía que injuria, humilla y veja, pero que no investiga los delitos reales y mucho menos es capaz de prevenirlos.*

Queda por aclarar hasta dónde esas innumerables policías mexicanas —ilegales y por eso imposibles de controlar legalmente— están penetradas por la CIA, la FBI, y otras agencias extranjeras dedicadas al terrorismo, al espionaje y a sembrar la zozobra en todas partes. Queda por aclarar hasta dónde de ese norte revuelto y brutal que nos desprecia, como decía Martí, es el que verdaderamente dirige a polizontes cuyos sueldos legales difícilmente justifican el derroche y el lujo en el que viven. Quedan por aclarar muchas cosas, si de verdad se quiere cumplir la prome- [illegible]

ACTION REQUIRED - REFERENCES

ACTION REQUIRED: As stated.

Attached for both addressees are copies of a brief biographic sketch on Victor RICO Galan. As can be seen from the sketch, Headquarters knows something of his activities, but next to nothing about the man himself. During the discussion of the problem of RICO Galan at the recent CP Operations Seminar in Mexico City it was mentioned that both LICOOKY-1 and LITAMIL-9 were personally acquainted with him; perhaps these two sources could provide some impressions of RICO Galan that would flesh out this skeleton sketch.

VICTOR RICO GALAN (201-336474)

1. DPOB: 6 February 1928; El Ferrol, Spain. Subject, Spanish by birth, became a Mexican citizen by naturalization on 15 March 1949.

2. CIVIL STATUS: Subject is married to Ingeborg DIENER de Rico.

3. ADDRESS: Providencia 930, Mexico City, D. F. Telephone number as of September 1964: 23 07 92. This phone is registered in the name of his mother-in-law, Tilli PICHIER viuda de Diener, whose address is also Providencia 930.

4. OCCUPATION: Writer for Siempre and Politica magazines in Mexico City; both are effective Communist-lining magazines and have large circulation.

5. PHOTOGRAPH: Available in Subject's 201 file (date of photograph October 1963).

6. POLITICAL AFFILIATIONS AND INCLINATIONS: As of 1962 Subject was the head of the National Press and Propaganda Committee of the National Liberation Movement (MLN) in Mexico City, a rabidly anti-U.S. and pro-Castro organization. Subject is close to Fidel Castro and company, and is considered as a Cuban "agent" (degree of Cuban control unknown). Subject was a founding member of the MLN. In an article in Siempre in March 1963 he advocated the foundation of a new political party reflecting the ideology of General Lazaro Cardenas, leftist former President of Mexico. This would have provided, in his belief, the Mexican left a political organization truly responsive to the radical tendencies of the 1910 revolution. This was necessary because the MLN, whose membership covers the spectrum of Mexican Communist Party to PRI, could not take open political stands without antagonizing some of the membership. The new party would have represented a "third position", socialism in internal affairs and independence of any bloc in international affairs. With a party such as this as its political action arm, the MLN would have developed naturally into a broad national movement such as the FRAP in Chile. (Some specious reasoning here.)

Ingeborg Diener de RICO Galan, Subject's wife, traveled from Mexico to Cuba in November 1962. Subject was at that time in Cuba.

8. PASSPORT: Subject formerly carried Mexican passport number 57115, with Cuban courtesy visas. On 9 September 1963 Subject was issued Mexican passport number 56341 (or 53641).

9. ACTIVITIES: The reason for the October 1962 trip to Cuba was ostensibly to gather material for a political biography of Fidel Castro. The May/June 1963 trip was to interview Fidel Castro after his return from the Soviet Union. Subject claimed that he had spent eight days with Fidel during that visit, five of those aboard ship.

On 24 October 1963 HYSAGE-1 in Panama City reported that Subject had received an operational assignment from Castro (during the May/June 1963 visit to Habana) on which to travel through Central and South America. His mission was to persuade leftist parties to immediately begin acts of sabotage and violence, and to try to maintain these in order to take pressure off Venezuela. Subject was also instructed to bring about better unity among competing leftist factions to ensure greater impact for their work. Subject did, in fact, contact many Communist Party and leftist leaders during his Central and South America travel during the period October 1963 - January 1964. From the (fragmentary) reporting on Subject from October 1963 through January 1964 it appears that he did discuss the question of leftist unity.

10. In October 1964 the Guatemalan authorities captured a number of tape recordings from the guerrillas in operations subsequent to a guerrilla attack on a garrison in Panzos, Alta Verapaz. Included in those tapes was one made by RICO Galan for delivery to the guerrillas. It consists mainly of an exhortation for unity (among the PGT and the 13 November Group)

and counsel against letting doctrine replace action. The tape clearly reveals RICO to be at once a very intellectual leftist who also has his feet planted quite firmly on the ground. His approach is pragmatic, not theoretical. The text of the tape indicates that it was made sometime after February and before mid-October 1964.

11. There is little at hand to indicate what manner of man is RICO Galan. His 201 file reflects facts but not impressions. He apparently is known personally by LICOOKY-1 and LITAMIL-9 in Mexico City, and these two sources should be queried.

Victor
Rico Galán

TODAVIA, LA OSCURIDAD

Rico Galán, incomunicación.

Hasta el sábado 20, la situación fue muy confusa en torno a las detenciones efectuadas por la policía del DF —el viernes 12— bajo los cargos de subversión y acopio de armas, entonces aún no configurados como delitos específicos. El paso del asunto a la Procuraduría General de la República y la consignación de ésta al juez segundo de Distrito del DF en Materia Penal, puso en claro, por ejemplo cuántos y quiénes son exactamente los detenidos. Las versiones atribuían números variables de acusados, quienes por fin, ante el juez, resultaron 46 por lo que se refiere a los que permanecieron más de una semana en los separos de la Jefatura de Policía.

A medida que pasaban los días —cada jornada salpicada por un amplio boletín de prensa de la Jefatura de la Policía— se fueron conociendo detalles, siempre pasados por el tamiz de los órganos policíacos, para quienes su actividad había de fundarse en el mayor acopio de hechos y declaraciones. Se vio entonces que las tendencias y actividades expuestas incluso en las informaciones policíacas no eran igualmente graves ni reprimibles, en el mismo grado desde el momento en que 17 de los apresados quedaron en libertad el sábado 20; otros 20 serían juzgados por el único delito de conspiración, con derecho a obtener inmediatamente la libertad, mediante fianzas variables; y 9, los consignados por tres delitos: conspiración, incitación a la conspiración y acopio de armas, quedarían presos a disposición del juez que dictaría el auto de formal prisión, sin el beneficio de la libertad provisional en ningún caso.

Las informaciones de la Policía resumían las impugnaciones a la existencia de un grupo llamado Movimiento Revolucionario del Pueblo, que, en dos casas alquiladas —llamadas una "escuela Hidalgo", la otra "escuela Morelos"—, en las cuáles —decía— se hablaba de la organización de la lucha armada para el derrocamiento del gobierno de México. Nuestro colaborador Víctor Rico Galán y el Lic. Raúl Ugalde —quien fue dirigente del Frente Electoral del Pueblo— eran señalados como los dirigentes y principales responsables. La policía hablaba también de prácticas de tiro, y con alarde de su eficacia, daba cuenta de que tenía en sus manos el asunto y a los participantes, desde hacía 5 meses. A no pocos de los detenidos se les mencionaba como declarantes contra Rico Galán, al indicárselo por ellos como responsable principal. Incluso se dijo que la hermana de nuestro colaborador, la señora Ana María Rico Galán, había declarado contra éste inculpándolo de ser quien le explicó el manejo de armas.

Un amparo interpuesto por el abogado Juan Manuel Gómez Gutiérrez, mediante el cual un juez dictó la suspensión provisional de los actos, determinando que los detenidos quedaran a su disposición embrolló momentáneamente las cosas desde el punto de vista jurídico, por cuanto los retenía en los separos de la Jefatura, adonde hubieron de acudir los funcionarios y actuarios de la Procuraduría. Sólo el desistimiento del amparo podía encaminar a los 9 consignados sin derecho a libertad provisional, y a los 20 que no hubieran presentado las fianzas, a la cárcel preventiva de la ciudad.

El juez segundo de Distrito, Lic. Rafael Pérez Miravete, con apoyo en la consignación y en las respectivas tipificaciones de delitos hechas por la Procuraduría General, comenzó a despachar la fase de declaraciones preparatorias. La mayoría de los indicados no aceptaron como suyas las declaraciones presentadas por la Policía, aunque estaban calzadas con las respectivas firmas. Habían rendido esas declaraciones en condiciones morales terribles, bajo incomunicación, en diligencias que duraron toda una semana. El Lic. Ugalde aceptó toda la responsabilidad. él era el fundador del Movimiento Revolucionario del Pueblo, su dirigente principal, y había comenzado por elaborar documentos que abordan los problemas económicos y sociales del país. Ugalde había invitado a nuestro colaborador Víctor Rico Galán, a su hermana y a otras personas, a formar parte de esas discusiones que se hacían en las mencionadas "escuelas". Ugalde afirmó que el MRP es "una organización lícita, creada en ejercicio de derechos constitucionales irrenunciables".

Nuestro colega Rico Galán se negó a declarar el sábado 20. No lo haría hasta que no pudiera hablar con su abogado, y le fuera totalmente levantada la incomunicación. Rico dijo: "He estado 8 días incomunicado, salvo algunos minutos en que por un amparo dictado por el juez primero de Distrito, se me permitió hablar con mi esposa, pero con un testigo, un agente de la Jefatura de Policía; por tanto, no estoy en condiciones de declarar hasta poder hablar con mis abogados". Víctor se quejó también de haber estado 36 horas sin comer en un separo sin agua; de haber sido víctima de presiones morales, como la detención de su hermano Fernando —enfermo del corazón— quien, por cierto, estaba ya entre los 17 que habían puesto en libertad. Esta comunicación de Rico Galán con el exterior produjo en él emociones naturales, al conocer, por primera vez, qué otras personas estaban detenidas y por qué. Rico Galán no fue detenido en las "escuelas" donde según la policía había armas y una bomba, sino en el aeropuerto cuando iba a despedir a su hermano Fernando, quien viajaba a Cuba, para residir allí definitivamente.

El lunes 22 de agosto, los consignados debían pasar a la cárcel preventiva. Al entrar el proceso en términos de mayor normalidad, y cauces de ley, la opinión pública esperaba conocer mejor qué había, en realidad, en el fondo de lo que fue considerado como una "conspiración" por la policía, y hasta qué punto se estaban o no violando derechos individuales y constitucionales.

THEME:

A. RICO GALAN HAS BEEN EXPOSED AS ONE OF CASTRO'S MOST IMPORTANT AGENTS AND CHANNELS FOR FORMENTING REVOLUTION AGAINST DEMOCRATIC INSTITUTIONS IN LATIN AMERICA. HIS PAST ACTIVITIES INDICATE HE REGARDED MEXICO ONLY AS A BASE OF OPS, A SPRINGBOARD, FOR LARGER HEMISPHERE OPERATIONS ON BEHALF CASTRO.

B. ALTHOUGH RICO GALAN AND HIS GROUP HAVE BEEN DESCRIBED VARIOUSLY AS CASTROITE, TROTSKYITE AND PRO-CHICOM, HIS CLOSE AND INTIMATE CONTACTS WITH LOCAL CUBAN EMBASSY AND INTELLIGENCE OFFICIALS INDICATE HIS CONTINUING LOYALTY AND ADHERANCE TO CASTRO IN THIS CONNECTION A CURRENT MEXICAN NEWSPAPER ITEM DISCLOSED THAT RICO GALAN WAS IN CLOSE CONTACT WITH CASTRO AS FAR BACK AS 1956, WHEN CASTRO AND HIS FOLLOWERS WERE HIDING OUT IN MEXICO AND UNDERGOING TRAINING IN GUERRILLA TACTICS AT A RANCH NEAR AYOTZINGO IN MEXICO. SOURCE: Mexican intellectual who is a personal friend of Victor Rico Galan, with whom he disagrees politically. Source has reported infrequently on Rico Galan's activities. The reported information was obtained both from Mrs. Rico Galan and from Francisco Martinez de la Vega.

1. Francisco Martinez de la Vega, writer for Siempre, Mexican leftist magazine, said that Colonel Eduardo Estrada Ojeda, in the police headquarters where Victor Rico Galan and others were being held after their arrest on charges of subversion, had been instructed to permit Rico Galan to receive packages from his wife.

2. Elena Garro,[1] writer, told Mrs. Rico Galan that she was going to speak to Minister of Interior Luis Echeverria to persuade him to ensure that Rico Galan would not be manhandled by the police during the interrogation.

3. She, also, expressed scepticism about the whole affair, saying that it was a farce and that she believed that many of those arrested with Victor had been paid to make the statements attributed to them.

Field Comment: An unsigned article titled "New Conspiracy?" appeared on page 8 of Siempre. It presented briefly an account of the arrest of and charges against Rico Galan; belittled what it termed the periodic paroxysms of patriotism which seize the Mexican police and lead to such arrests; then went on to suggest that Rico Galan, a political journalist accustomed to expressing his ideas in signed articles, could hardly be thought of as a conspirator. The article concluded with a plea for respect both for Rico Galan's constitutional rights and for the rights of a free journalism.

Headquarters Comment: This article appeared in issue no. 687, dated 24 August 1966, of Siempre.

[1] Elena Garro, Mexican playwright and novelist, was formerly married to Octavio Paz Lozano, prominent Mexican poet.

✓ 1. Rolando Collado Ardon, leader of the Guatemalan exile community in Mexico and a member of the Guatemalan Communist Party (PGT - Partido Guatemalteco del Trabajo) said that the arrest of Victor Rico Galan on charges of subversion was a good thing for the PGT. Collado was referring to Rico Galan's influence on Guatemalan guerrilla leader Marco Antonio Yon Sosa. According to Collado, Rico Galan prevented the PGT from persuading Yon Sosa to join the Party in 1963 because of Rico's Trotskyist interference and the aid he gave to Yon Sosa at the time.[1]

✓ 2. Medical doctors Miguel Cruz Ruiz and Rolf Meiner Huebner, two of those arrested with Rico Galan, have been associated with Rico since early 1965. Both were very much involved in the medical doctors' strikes of late 1964 which continued into 1965. When the strikes were finally settled both Cruz Ruiz and Meiner Heubner were dismissed from their jobs at the Social Security Hospital at Cuauhtemoc 330. They went directly to Rico Galan who put them to work, mainly writing medical articles for the magazine Sucesos for which Rico Galan worked.[2] OCC: Doctor

Field Comments

1. In October-November 1963, Rico Galan, ostensibly as a purely journalistic exercise, went to Guatemala where he interviewed Yon Sosa in the guerrilla leader's camp.
2. HMM-9896 presents an overall picture of the medical strike situation.
3. HMM-10,163 reported that Rico Galan arranged passages for Mexican doctors who attended a medical congress in Havana in February 1966.

REPORT NO HMM-10,628

SUBJECT Popular Socialist Party Skepticism Concerning the Arrest of Victor Rico Galan And Others

DATE OF REPORT 24 August 1966

NO PAGES 3

REFERENCES

DATE OF INFO 17 August 1966

PLACE & DATE ACQ Mexico, Mexico City (19 August 1966)

THIS IS UNEVALUATED INFORMATION. SOURCE GRADINGS ARE DEFINITIVE. APPRAISAL OF CONTENT IS TENTATIVE.

SOURCE Veteran and trusted member of the Popular Socialist Party who has close personal connections with ranking members of the Party. He has been a prolific reporter of reliable information. The reported information was obtained directly from leaders of both the PPS and the General Union of Workers and Peasants of Mexico. The substance of these persons' comments are believed to be accurately reported; their validity however cannot be assessed.

1. (Summary: Popular Socialist Party (PPS) attitudes toward the arrest of Victor Rico Galan and others on charges of conspiring against the Government remain unsympathetic and the Party intends to stay outside the entire matter although PPS Secretary General Vicente Lombardo Toledano may seize the opportunity to strike back at some of his enemies by issuing a statement condemning the plans attributed to Rico Galan. Within the Party there is considerable skepticism about the truth of the published charges. While several Party leaders do not doubt that there is some truth to the charges they are quite convinced that there was no danger of imminent rebellion and that Mexican institutions stood in no peril from Rico Galan and his friends. Given the energy and efficiency with which the Mexican Government has dealt with less melodramatic threats in the past, one cannot but suspect that it is merely a tried and true Government maneuver. Also, it is believed in the PPS that police accounts of their role in the matter have been exaggerated to enhance the reputation of the police both with the President and with the public. The rumor that the Guatemalan Government may have asked the Mexican Government to silence Rico Galan because of his violent attacks against the new Guatemalan administration is generally discounted since the complaints of Guatemalan officials are certainly of no concern to Mexico.)

2. Victor Rico Galan and his associates can expect neither sympathy nor help from the Popular Socialist Party (PPS - Partido Popular Socialista). Although no official decision has yet been made by the Party, PPS leaders who have commented unofficially on the matter have said that for the moment the Party will no doubt stay completely outside the whole affair, thus proving its total lack of interest in this type of revolutionary activity. It is of course possible that PPS Secretary General Vicente Lombardo Toledano will seize the opportunity to issue a statement condemning the entire affair as Trotskyist, criminal, and utopian. Lombardo may decide to use this opportunity to strike back at the National Liberation Movement (MLN - Movimiento de Liberacion Nacional) and others who have attacked him.

3. Among leaders of both the PPS and the General Union of Workers and Peasants of Mexico (UGOCM - Union General de Obreros y Campesinos de Mexico), there is a certain skepticism about the truth of the matter as it has been presented in the press. It is probably true that arms and materials for manufacturing explosives were confiscated. It is probably true that indoctrination sessions on political and revolutionary matters probably were held in the houses where the arrests were made. And probably the group did have some kind of plan for action. But, it is simply not true that there was the slightest danger of immediate and formidable rebellion from Rico Galan and his friends.

201

4. This latter conclusion is based on the fact that Rico Galan is no guerrilla leader. He is an aggressive intellectual, a radical, but he is not in jail for what he has done but for his ideas. As for Raul Ugalde Alvarez, named with Rico Galan as one of the leaders of the group, he has the reputation of being fuzzy-minded, a leftist adventurer and certainly neither brave nor dedicated. Further, and Rico Galan is well aware of this, popular support is essential to the success of rebellion. None exists. The peasants are divided. The workers are controlled by the Government, and the middle-class is content with the way things are. Also, there is the formidable precedent of Government action against any kind of rebellion, trade union, armed, and particularly any sort of activity which is Cuban-connected. The Government has always moved with energy, speed, and efficiency to combat such threats as, for example, during the Railway Workers Strike of 1959. Several leaders of that strike are still in jail and likely to remain there. Another example is the September 1965 attack on a military camp at Ciudad Madera, Chihuahua. While the Government did not feel that his incident posed any real threat to it, it did not want the bad international publicity, so vigilance was increased, activities of would-be guerrillas were blocked, some were bought off with money, others with promises and the matter was promptly and efficiently controlled.

5. There no doubt is a degree of truth to police charges, but the melodramatic, almost childish character given to the Rico Galan movement, the lack of any proven connection between the movement and leftist/Communist organizations, Rico Galan's open and well-known connections with Guatemalan guerrilla leaders and his public support of the Cuban revolution, make it very hard to discount the suspicion that this is simply a Government maneuver. Also, while the police no doubt did confiscate arms and other materials, the suspicion exists that the police have inflated their role in order to make themselves look good both to the President and to public opinion.

6. There is even a rumor that because of Rico Galan's harsh attacks on the new Guatemalan administration, the Guatemalan Government asked the Mexican Government to deal with Rico Galan. This rumor however is regarded as rather ridiculous since the Mexican Government certainly cares nothing for the opinion of Guatemalan officials.

Field Comment: HMM-10,614 reported earlier PPS reaction to the arrests.

SUBJECT EVIDENCE OF CONFLICT IN THE CUBAN EMBASSY IN MEXICO CONCERNING THE CASE OF VICTOR RICO GALAN

ACQ MEXICO, MEXICO CITY (20 AUGUST 1966) FIELD NO.

SOURCE A MEXICAN INTELLECTUAL WHO IS A NEW, UNWITTING REPORTING ASSET. SOURCE HAS CULTURAL AND FAMILY TIES IN CUBA. HE OBTAINED THIS INFORMATION DURING CONFIDENTIAL DISCUSSIONS WITH OFFICIALS OF THE CUBAN EMBASSY IN MEXICO.

1. HEADQUARTERS COMMENT: ACCORDING TO PRESS ACCOUNTS, VICTOR RICO GALAN, A SPANISH-BORN JOURNALIST RESIDING IN MEXICO CITY, WAS ARRESTED BY THE MEXICAN POLICE ON 12 AUGUST WITH 27 MEN AND 5 WOMEN AND CHARGED WITH "CONSPIRACY ON A NATIONAL SCALE". THE GROUP WAS ALLEGED TO HAVE HELD MEETINGS TO PLAN SUBVERSIVE TACTICS AND ACTIVITIES AGAINST THE NATION'S INTERNAL SECURITY. POLICE ALSO CLAIMED THAT THE MEMBERS HAD BEEN IN RADIO CONTACT WITH ORGANIZATIONS IN CUBA. THE 17 AUGUST EDITION OF EL UNIVERSAL GRAFICO NOTED THAT THE POLICE WERE INVESTIGATING THE POSSIBILITY

OF "FOREIGN INVOLVEMENT" IN VIEW OF THE FACT THAT RICO GALAN WAS READY TO BOARD A CUBANA FLIGHT WHEN HE WAS ARRESTED. FURTHER REPORTS CLAIMED THAT 48 PERSONS WERE DETAINED AS A RESULT OF THE ROUNDUP. FOR EARLIER REPORTING ON THIS CASE, SEE TDCS-314/10486-66, 20 AUGUST 1966, TDCS-314/10419-66, 18 AUGUST 1966, AND TDCS-314/10347-66, 15 AUGUST 1966.

2. ON 18 AUGUST ABELARDO CURBELO PADRON, CUBAN CONSUL IN MEXICO CITY, SAID THAT THE SENDING OF AN OLD DC-4 AIRCRAFT TO MEXICO FROM CUBA ON 16 AUGUST WAS OSTENSIBLY A SPECIAL SERVICE PROVIDED FOR JOSEPHINE BAKER TO TRANSPORT HER AND HER 16 CHILDREN !! Orphans TO MEXICO. ACCORDING TO CURBELO, HOWEVER, THIS PLANE ALSO GAVE THE CUBANS AN EXCUSE FOR NOT EVACUATING THE MEXICANS IMPLICATED IN THE RICO GALAN CASE WHO WERE PRESSING THE CUBAN EMBASSY FOR SANCTUARY IN CUBA TO AVOID ARREST. CURBELO INDICATED THAT THE CUBANS WERE VERY FEARFUL FOR CUBAN-MEXICAN RELATIONS IN VIEW OF THE RICO GALAN CASE AND DID NOT WANT TO BE ACCUSED BY THE MEXICANS OF GRANTING ASYLUM TO GUILTY PARTIES.

3. ON 15 AUGUST JULIAN LOPEZ DIAZ, CUBAN PRESS AND CULTURAL ATTACHÉ, HAD ADVISED A FRIEND NOT TO TAKE THE 16 AUGUST PLANE TO CUBA BECAUSE THERE WERE GOING TO BE SEVERAL MEXICANS ABOARD TO ESCAPE ARREST IN THE RICO GALAN CASE. AS IT TURNED OUT, HOWEVER,

S-E-C-R-E-T NO FOREIGN DISSEM
(classification) (dissem controls)

ONLY FIVE PERSONS FLEW TO CUBA IN THE DC-4 AND NO MEXICANS WERE AMONG THEM. (SOURCE COMMENT: IT IS VERY UNUSUAL FOR CUBANA TO CARRY ONLY FIVE PASSENGERS ON ITS MEXICO-TO-HAVANA RUN.) WHEN ASKED WHY HE DID NOT DO MORE IN CULTURAL PRESS WORK FOR CUBA, LOPEZ REPLIED THAT IT WAS NOT IMPORTANT, BUT WHAT WAS IMPORTANT WAS ASSISTING THE REVOLUTIONARY FORCES IN MEXICO. (SOURCE COMMENT: LOPEZ IS PROBABLY A SECURITY OR INTELLIGENCE REPRESENTATIVE AT THE CUBAN EMBASSY, SINCE HE IS VERY CLOSE TO RICO GALAN AND APPEARED TO FEEL THAT THE MEXICANS CONNECTED WITH THE CASE WHO HAD NOT YET BEEN ARRESTED SHOULD HAVE BEEN GIVEN PASSAGE TO CUBA.)

4. ON 12 AUGUST FERNANDO RICO GALAN, VICTOR'S BROTHER, WAS OBSERVED IN THE CUBANA OFFICE IN MEXICO CITY ATTEMPTING TO ARRANGE FOR A FLIGHT TO HAVANA. THE FLIGHT DID NOT COME TO MEXICO CITY THAT DAY AND FERNANDO WAS LATER ARRESTED IN THE ROUNDUP. ALSO ON 12 AUGUST ONE NOEL BARRA ZENIL WAS OBSERVED ATTEMPTING TO ARRANGE PASSAGE TO CUBA. (SOURCE COMMENT: BARRA IS A RABID COMMUNIST REVOLUTIONARY WHO IS CLOSE TO RICO GALAN AND UNTIL RECENTLY WAS A LONG-TIME RESIDENT OF HAVANA.) (HEADQUARTERS COMMENT: A USUALLY RELIABLE SOURCE REPORTED THAT IN MAY 1956 ALVAR NOEL BARRA ZENIL WAS LISTED AMONG PERSONS CONSIDERED TO BE THE MOST ACTIVE MEMBERS OF THE PARTIDO OBRERO-CAMPESINO MEXICANO (POCM, MEXICAN WORKER-PEASANT PARTY), A SMALL MARXIST SPLINTER GROUP. SEE CS-P02909, 18 SEPTEMBER 1956.)

2. THE CONDITION OF THE SECTION OF THE GAS TRANSMISSION LINE WHERE THE FIRST EXPLOSION OCCURED INDICATES THAT THE LINE WAS RUPTURED BY AN OUTSIDE EXPLOSION SINCE THE EDGES OF THE PIPE AT THE POINT OF RUPTURE WERE TURNED INWARD.

3. THE EXPLOSION OCCURED AT A TIME WHEN MAXIMUM PROPERTY DAMAGE AND MINIMUM LOSS OF LIFE WERE ASSURED. (SOURCE COMMENT: HAD THE BLAST AND FIRE OCCURED DURING THE WORK WEEK IT IS PROBABLE THAT AT LEAST THREE HUNDRED PERSONS WOULD HAVE BEEN KILLED.)

4. (SOURCE COMMENT: THE CONDITION OF THE PIPE LINE AND THE TIMING OF THE EXPLOSION STRONGLY SUGGEST SABOTAGE. ALSO, THE DAMAGE IS MUCH MORE EXTENSIVE THAN THE PRESS HAS INDICATED AND IT WILL PROBABLY TAKE MUCH LONGER TO GET THE REFINERY BACK IN OPERATION THAN HAS BEEN ESTIMATED. RESERVES ARE BEING USED NOW TO PREVENT A GASOLINE SHORTAGE.)

EXCEPT FOR STRAIGHT NEWS ACCOUNTS OF "DECLARACIONES" AND LEGAL INDICTMENTS OF RICO GALAN AND FILOW-CONSPIRATORS, VERY LITTLE EDITORIAL COMMENTARY HAS BEEN NOTED ON RICO GALAN CASE SINCE REF, INDICATING TIGHT LID IMPOSED BY GOVERNMENT STILL IN EFFECT. WHAT LITTLE EDITORIAL COMMENTARY HAS APPEARED HAS EXPRESSED EITHER MILD CONCERN OVER CONSTITUTIONAL RIGHTS OF ARRESTEES (E.G., 24 AUGUST SIEMPRE EDITORIAL ARTICLE), OR HAS RELATED ALLEGED ~~ALLEGED~~ CONSPIRACY TO LARGER SPECULATION ABOUT MEXICO AS TARGET FOR STEPPED-UP CASTRO AND/OR CHICOM SUBVERSION.

2. DEFENSIVE TYPE COMMENTARY HAS BEEN NOTED FROM LEFTIST QUARTERS BUT HAS BEEN MINIMAL. AT END OF 19 AUGUST ACCOUNT OF LEGAL DEVELOPMENTS IN RICO GALAN CASE, EL DIA COUPLED BRIEF ANNOUNCEMENT OF PARM PRESIDENT JUAN BARRAGAN CONDEMNATION OF RICO GALAN ATTITUDE WITH "NUEVO COMUNICADO" FROM THE MLN, REITERATING THAT CONSTITUTIONAL GUARANTEES (OF ARRESTEES) HAVE BEEN VIOLATED. Victor Rico Galan was born 6 February 1928 at El Ferrol, Spain, and came to Mexico as a Spanish "niño" (year unknown). He became a Mexican citizen and is now a prominent leftist journalist for Siempre and Politica. He lives at Providencia 930, Mexico City. He is head of the National Press and Propaganda Committee of the Movimiento de Liberacion Nacional (MLN). He was a member of the Committee for Solidarity with the Cuban Revolution and of the Periodistas Amigos de Cuba in 1961.

Victor Rico Galan is a close friend of Fidel Castro Ruz. He went to Cuba in October 1962 to write a political biography of Castro. He went to Cuba again in May 1963 and interviewed Castro in June 1963 upon the latter's return from the USSR.

Between mid-October and mid-December 1963, he traveled to Panama, Guatemala, Nicaragua, Costa Rica, Venezuela, and Brazil and conferred with leading Communists and leftists in each of these countries. In early January 1964 he visited the Dominican Republic and on 28 January 1964 again traveled to Cuba, presumably to interview Fidel Castro who had just returned from another trip to the USSR.

In September 1964, Rico Galan had several contacts with Armando Hart Davalos, Cuban Minister of Education and Antonio Nuñez Jimenez, President of the Commission of the Academy of Sciences of Cuba, who were visiting in Mexico.

In November 1964, he published an interview he had with Guatemalan guerrilla leader Marco Antonio Yon Sosa.

Rico Galan has very frequent contact with Rogelio Rodriguez Lopez, Second Secretary of the Cuban Embassy in Mexico and identified member of the Cuban Intelligence Service (DGI). He is also in contact with Oldrich Novicky, Second Secretary and Press Attache of the Czech Embassy who is an intelligence officer, and with Ivan Gavrilovich Alferiev, Pravda correspondent in Mexico who is a Soviet intelligence officer.

Rico Galan, according to a number of unimpeachable sources, is a professional paid agent for the Cuban government. He has acted as a courier, carrying large sums of money to pro-Cuban groups in several Latin American countries. He supports the Cuban Embassy in Mexico City in its propaganda activities, often using Siempre magazine in this work. His principal assignment, however, is to act as

Fidel Castro's chief political subversion agent in Latin America. During a recent trip to Guatemala, for instance, he attempted to orient politically the split Communist factions striving to overthrow the Guatemalan Government. A tape recording exists of a speech he made which was later distributed to Guatemalan guerrillas. In the speech Rico Galan claimed he was speaking as an individual, rather than as a representative of the Cuban government. In fact, he was acting on behalf of Castro, as he was instructed to do by members of the Cuban intelligence service in the Cuban Embassy in Mexico City, with whom he has been in very frequent contact for the past several years.

Attached find a copy of the tape recording mentioned above.

Victor Rico Galan's membership in the following organizations:

MLN - members subscribe to an active campaign to oust U.S. business interests from Mexico and all Latin America, and to fight against U.S. interests and influence in Mexico and throughout Latin America. Members support the Cuban revolution, the Mexican Government's policy of non-intervention and auto-determination and pledge themselves to participate in activities which will bring greater economic, personal and social freedom to the people of Mexico.

There is no indication (at least in public/official MLN documents) that the MLN or its members owe allegiance to any foreign power. It has, however, until 1965, been controlled and dominated by the Mexican Communist Party which DOES give allegiance to the Soviet Union. The MLN and the other Communist groups with which Rico Galan has been associated, support Soviet foreign policy objectives, usually without any reservations.

The Mexican Journalists Friends of Cuba and the Committee for Solidarity with Cuba follow the same lines as the MLN - with emphasis placed on the distribution of propaganda glorifying the Cuban revolution, and advocating the Cuban Government as the ideal for all Latin American countries.

Mexican-Cuban Institute of Cultural Relations - emphasizes exchange of cultural and economic information, exhibits materials, artists, etc., always, of course, extolling glorious Cuba and urging Mexico to follow Cuba's lead.

Arnaldo Orfila Reynal

His only known organizational affiliation is his membership in the Argentine Socialist Party.

One source reported that Orfila was a naturalized Mexican citizen - however we have no record of his having been granted Mexican citizenship, and as late as April 19[illegible], he was reported by Cubana Airlines as an Argentine citizen. It is reported that Cubana lists their passengers by-Citizenship.

THIS IS UNEVALUATED INFORMATION. SOURCE GRADINGS ARE DEFINITIVE. APPRAISAL OF CONTENT IS TENTATIVE.

SOURCE: Mexican intellectual who is a personal friend of Victor Rico Galan, with whom he disagrees politically. Source has reported infrequently on Rico Galan's activities. The reported information was obtained both from Mrs. Rico Galan and from Francisco Martinez de la Vega.

1. According to Francisco Martinez de la Vega of the magazine Siempre, Colonel Eduardo Estrada Ojeda at Police Headquarters where Victor Rico Galan and others were being held after their arrest on charges of subversion had been instructed to permit packages from Mrs. Rico Galan to be delivered to her husband.

2. Elena Garro, writer, told Mrs. Rico Galan that she was going to speak to Minister of Interior Luis Echeverria to try to get him to ensure that Rico Galan would not be manhandled by the police during the interrogation.

3. Miss Garro expressed a scepticism about the whole affair, saying that it was a farce and that she believed that many of those arrested with Victor had been paid to make the statements that they had.

Source Comment: On 17 August Francisco Galindo Ochoa, Press Secretary in the Presidencia, complimented Martinez de la Vega on the piece on Rico Galan's arrest which appeared in the most recent issue of Siempre.

Field Comment: A short, unsigned article titled New Conspiracy? appeared on page 8 of Siempre. It presented briefly an account of the arrest of and charges against Rico Galan; took a swipe at what it termed the periodic paroxysms of patriotism which seize the Mexican police; and then went on to suggest that

Rico Galan, a political journalist accustomed to expressing his ideas in signed articles, could hardly be thought of as a conspirator, and concluded by pleading for respect both for Rico Galan's constitutional rights and for the rights of a free journalism.

SUBJECT: COMMENT IN THE POPULAR SOCIALIST PARTY ON THE ARREST OF VICTOR RICO GALAN AND OTHERS ON CHARGES OF SUBVERSION

ACQ: MEXICO, MEXICO CITY (16 AUG 66) FIELD NO. HMM-10,614

SOURCE: VETERAN AND TRUSTED MEMBER OF THE POPULAR SOCIALIST PARTY (PPS) WHO HAS CLOSE PERSONAL CONNECTIONS AMONG RANKING MEMBERS OF THE PARTY. HE HAS BEEN A PROLIFIC REPORTER OF RELIABLE INFORMATION. THE REPORTED INFORMATION WAS OBTAINED FROM CARLOS SANCHEZ CARDENAS OF THE NATIONAL EXECUTIVE DIRECTORATE OF THE PPS.

1. THE POPULAR SOCIALIST PARTY (PPS) HAS NOT FORMULATED AN OPINION ON THE 12 AND 13 AUGUST 1966 ARRESTS OF VICTOR RICO GALAN AND SOME FORTY OTHER PERSONS ON CHARGES OF SUBVERSION. HOWEVER, CERTAIN MEMBERS OF THE NATIONAL EXECUTIVE DIRECTORATE OF THE PPS HAVE SAID THAT THE PPS WILL DO NOTHING TO HELP THEM

AND IN FACT IS PLEASED TO SEE PEOPLE OF RICO GALAN'S STAMP ARRESTED BECAUSE THUS ARE ELIMINATED ENEMIES OF THE PPS AND OF ITS SECRETARY GENERAL VICENTE LOMBARDO TOLEDANO.

2. ACCORDING TO CARLOS SANCHEZ CARDENAS OF THE NATIONAL EXECUTIVE DIRECTORATE OF THE PPS, IT IS ALMOST IMPOSSIBLE TO BELIEVE THAT A MAN LIKE RICO GALAN COULD BE THE LEADER OF AN ARMED REBEL MOVEMENT. HE HAS ALWAYS BEEN CONSIDERED A MARXIST INTELLECTUAL BELONGING TO NO PARTY WHO HAS CONFINED HIS BATTLES TO THE PAGES OF MAGAZINES LIKE POLITICA, SIEMPRE, AND SUCESOS. LOMBARDO TOLEDANO FRANKLY THOUGHT OF HIM AS INCAPABLE OF DOING ANYTHING THAT INVOLVED A MASS FOLLOWING.

3. AS FOR RAUL UGALDE ALVAREZ WHO IS ACCUSED TOGETHER WITH RICO GALAN OF BEING A LEADER OF THE GROUP, SANCHEZ CARDENAS SAID THAT HE IS KNOWN TO HAVE ONCE BEEN A MEMBER OF THE YOUTH ORGANIZATION OF THE RIGHTIST NATIONAL ACTION PARTY (PAN) WHO THEN WENT TO THE EXTREME LEFT AND BECAME A MEMBER OF THE PEOPLE'S ELECTORAL FRONT (FEP). HE WAS AN FEP CANDIDATE DURING THE LAST ELECTION, SANCHEZ CARDENAS SAID.

4. THE PPS ASSUMES, ALTHOUGH IT IS NOT CERTAIN, THAT THE MAJORITY OF THOSE ARRESTED ARE MEMBERS OF THE NATIONAL LIBERA-

CONFIDENTIAL NO FOREIGN DISSEM
(classification) (dissem controls)

TION MOVEMENT (MLN) AND BELONG TO THE RADICAL SECTOR OF THE MLN WHICH WANTS TO CONVERT THE GROUP INTO A MARXIST-LENINIST PRO-CASTRO POLITICAL PARTY.

5. SANCHEZ CARDENAS OFFERED THE OPINION THAT THOSE ARRESTED ARE OBVIOUSLY MORE IN TUNE WITH THE CHINESE THAN THE SOVIET VERSION OF MARXIST-LENINIST DOCTRINE. RICO GALAN AND POSSIBLY OTHERS HAVE MAINTAINED CLOSE CONTACT WITH THE CUBAN EMBASSY IN MEXICO CITY AS WELL AS WITH THE SOVIET, POLISH, AND CZECHOSLOVAKIAN EMBASSIES. BECAUSE THEIR ALLEGED PROPOSALS FOR ARMED AND IMMEDIATE REBELLION ARE USELESS, PROVOCATIVE AND CRIMINAL THEY SHOULD BE CONDEMNED BY THE LEFT IN MEXICO BECAUSE THEY HAVE NOT ONLY IMPERILED OTHER LEFTIST ORGANIZATIONS IN MEXICO BUT THEY HAVE ALSO ENDANGERED THE SOCIALIST BLOC EMBASSIES WITH WHOM THEY HAVE BEEN IN TOUCH. CONDITIONS IN MEXICO ARE NOT PROPER FOR LAUNCHING AN ARMED REBELLION. THE PROXIMITY OF THE UNITED STATES WOULD DOOM TO FAILURE ANY SUCH ATTEMPT. IN THE FACE OF SUCH NEGATIVE CONDITIONS ARMED REBELLION SHOULD BE CONDEMNED AS ANTI-MARXIST.

6. HOWEVER, DESPITE THE ABOVE STATEMENTS, SANCHEZ CARDENAS SAID THAT IT WAS BY NO MEANS CERTAIN THAT ARMED REBELLION WAS

IN FACT PLANNED BY RICO GALAN AND HIS ASSOCIATES. IT IS INCREDIBLE THAT REASONABLY RATIONAL PEOPLE COULD ACTUALLY PLAN SO UNEQUAL A BATTLE WHOSE OUTCOME COULD ONLY BE TOTAL DEFEAT FOR THEM.

SOURCE: HIGHLY PLACED POLICE OFFICIAL WITH GOOD ACCESS TO INFORMATION ON SECURITY MATTERS. HIS REPORTING IS BELIEVED TO BE RELIABLE.

1. PRESIDENT GUSTAVO DIAZ ORDAZ HAS ORDERED THAT PUBLICITY ON THE ARRESTS OF VICTOR RICO GALAN AND SOME FORTY OTHER SUBVERSIVES ON 13 AUGUST 1966 BE PLAYED DOWN AND THAT THE PRESS [illegible] INFORMED THAT THE ROUNDUP DEVELOPED FROM INVESTIGATIONS WHICH HAD BEEN UNDER WAY FOR A LONG TIME. 3. THE TIMING OF THESE ARRESTS IS VERY FORTUITOUS SINCE IT PAVES THE WAY FOR THE INCLUSION OF A POLICY STATEMENT IN THE PRESIDENT'S ANNUAL REPORT TO THE NATION ON 1 SEPTEMBER. DIAZ ORDAZ WILL CITE THE ARRESTS TO SHOW THAT THE MEXICAN GOVERNMENT WILL NOT TOLERATE SUBVERSIVE ACTIVITIES OR INTERFERENCE BY EXTREME LEFTISTS.

4. ALTHOUGH PROOF IS STILL LACKING, THERE IS SUSPICION ON THE PART OF OFFICIALS IN THE MINISTRY OF GOVERNMENT AND ELSEWHERE THAT THE EXPLOSIONS IN THE PEMEX REFINERY IN POZA RICA, VERACRUZ, WAS AN ACT OF SABOTAGE AND WAS CONNECTED WITH THE ARRESTS OF RICO GALAN AND HIS GROUP.

5. (SOURCE COMMENT: IT IS HOPED THAT SUFFICIENT EVIDENCE OF CONNECTIONS BETWEEN THIS GROUP AND CUBA, PRIMARILY VIA RICO GALAN, CAN BE DISCOVERED TO WARRANT A WARNING FROM DIAZ ORDAZ TO CUBA AND TO THE LATIN AMERICAN SOLIDARITY ORGANIZATION TO KEEP HANDS OFF MEXICO.)

SUBJECT: ARREST OF SUBVERSIVES HEADED BY VICTOR RICO GALAN: PEMEX EXPLOSION IN POZA RICA, VERACRUZ

ACQ: MEXICO, MEXICO CITY (14 AUG 66) FIELD NO. HMM-10,602

SOURCE: HIGHLY PLACED POLICE OFFICIAL WITH GOOD ACCESS TO INFORMATION ON SECURITY MATTERS. HIS REPORTING IS BELIEVED TO BE RELIABLE.

1. FIELD COMMENT: THE CHIEF OF POLICE OF THE FEDERAL DISTRICT ANNOUNCED ON 12 AUGUST 1966 THAT INVESTIGATIONS OF THE ACTIVITIES OF SOME GROUPS WHICH HAD BEEN CONDUCTED OVER THE PAST SEVERAL MONTHS HAD PROVEN THAT THESE GROUPS WERE PLANNING CLEARLY SUBVERSIVE ACTS WHICH THREATENED THE NATIONAL SECURITY OF MEXICO. COORDINATED RAIDS ON THREE HOMES IN MEXICO CITY BY THE MEXICAN JUDICIAL POLICE AND SECRET SERVICE FORCES RESULTED IN THE ARREST OF THIRTY-THREE PERSONS AND THE CONFISCATION OF QUANTITIES OF ARMS, AMMUNITION, RADIO TRANSMITTERS AND MAGNETIC

TAPES. VICTOR RICO GALAN, WELL KNOWN COMMUNIST WRITER WHO HAS BEEN LINKED WITH TROTSKYIST GROUPS IN MEXICO , AND RAUL UGALDE ALVAREZ WERE IDENTIFIED AS THE LEADERS OF THE ORGANIZATION WHOSE NAME IS REPORTED TO BE THE POPULAR REVOLUTIONARY MOVEMENT (MRP - MOVIMIENTO REVOLUCIONARIO DEL PUEBLO). ALSO INCLUDED AMONG THOSE ARRESTED WERE RICO GALAN'S BROTHER FERNANDO (ALSO REPORTED AS VICENTE RICO GALAN) AND (RICO GALAN'S SISTER, ANA MARIA RICO GALAN, WHOSE HOME REPORTEDLY WAS USED BY THE MRP AS A TRAINING CENTER.) RICO GALAN AND HIS BROTHER AND SISTER WERE IDENTIFIED AS THE INSTIGATORS AND FINANCIAL BACKERS OF THE MRP'S SUBVERSIVE ACTIVITES. THE PRESS OF 14 AUGUST REPORTED MORE ARRESTS, RAISING THE TOTAL TO ABOUT FIFTY PERSONS. ACCORDING TO A BULLETIN ISSUED BY THE MEXICAN POLICE MANY OF THE PERSONS ARRESTED HAD BEEN INVITED TO MEXICO CITY BY THE LEADERS OF THE MRP WITH PROMISES THAT THEY WOULD BE PREPARED FOR HIGHLY PAID JOBS. ONCE IN MEXICO CITY, THEY WERE SUBJECTED TO TRAINING IN SUBVERSIVE TECHNIQUES, WERE HELD VIRTUAL PRISONERS, AND WERE THREATENED WITH DEATH IF THEY ATTEMPTED TO LEAVE THE HOUSES IN WHICH THEY WERE BEING TRAINED. A FURTHER ITEM IN THE POLICE STATEMENT REPORTED THAT GUMERSINDO GOMEZ CUEVAS HAD

BEEN ARRESTED. GOMEZ REPORTEDLY WAS IN CHARGE OF DRAWING UP PLANS OF ESSENTIAL INDUSTRIAL CENTERS IN MEXICO, INCLUDING RAILHEADS, POWER PLANTS AND PETROLEUM CONCENTRATIONS. GOMEZ CUEVAS WAS ALSO SAID TO BE RESPONSIBLE FOR THE MANUFACTURE OF BOMBS AND SIMILAR DEVICES. FINALLY, ON 15 AUGUST THE ENGLISH LANGUAGE DAILY THE NEWS REPORTED THAT SEMI-OFFICIAL SOURCES LINKED BOTH THE CUBAN EMBASSY AND CZECH COMMERCIAL COUNSUL AND INTELLIGENCE OFFICER EMIL HRADECKY WITH THE MRP'S ACTIVITIES. HRADECKY, WHO EARLIER IN THE YEAR HAD BEEN ACCUSED OF INTERFERING IN THE TOBACCO INDUSTRY IN NARAYIT STATE AND OF MEDDLING IN THE DISTURBANCES AT THE CERRO DEL MERCADO IRON MINES IN DURANGO STATE, WAS RECALLED BY HIS GOVERNMENT THIS WEEK.

2. FIELD COMMENT CONTINUED: ON 14 AUGUST THE EXPLOSION OF A TANK OF NATURAL GAS LOCATED NEAR THE PETROLEOS MEXICANOS (PEMEX) REFINERY IN POZA RICA, VERACRUZ, TOUCHED OFF TWO EXPLOSIONS OF TANKS OF DIESEL FUEL. SIXTY NINE PERSONS WERE WOUNDED, SIX HOSPITALIZED, FOUR OR FIVE ARE DEAD AND TWO ARE MISSING. DAMAGES WERE ESTIMATED AT SOME SIXTY FIVE MILLION PESOS. CAUSE OF THE EXPLOSIONS IS NOT KNOWN, ACCORDING TO A PEMEX OFFICIAL.

3. THE ARREST OF VICTOR RICO GALAN, RAUL UGALDE ALVAREZ

AND SOME THIRTY FIVE OR FORTY OTHER MEMBERS OF THE POPULAR REVOLUTIONARY MOVEMENT (MRP) IS A FOLLOW UP TO THE ARRESTS IN APRIL 1966 OF EIGHT TROTSKYISTS. (FIELD COMMENT. THESE APRIL ARRESTS WERE EXTENSIVELY REPORTED. PLEASE SEE HMM-10,293/ (TDCS-314/05258-66) AND HMM-10,307/) THE ARRESTS WERE TIMED FOR LATE FRIDAY, EARLY SATURDAY TO PREVENT THOSE ARRESTED FROM OBTAINING BONDS OR AMPAROS AT LEAST UNTIL MONDAY, 15 AUGUST.

4. ALSO, AN INVESTIGATIVE GROUP FROM THE FEDERAL SECURITY POLICE IN MEXICO CITY WAS SENT TO INVESTIGATE THE 14 AUGUST EXPLOSION IN THE PEMEX REFINERY IN POZA RICA, VERACRUZ. (SOURCE COMMENT: THERE IS DEFINITELY BELIEVED TO BE A CONNECTION BETWEEN THE ARRESTS OF THE MRP MEMBERS AND THE PEMEX EXPLOSION.) (FIELD COMMENT: SOURCE REFERRED TO THE MRP GROUP AS TROTSKYISTS AND NOTED THAT MEXICAN SECURITY AUTHORITIES HAVE BEEN AWARE OF TROTSKYIST ACTIVITY IN POZA RICA FOR SOME TIME. HMM-12,551 OF 27 JULY 1966 REPORTED THAT SENIOR MEXICAN GOVERNMENT SECURITY OFFICIALS BELIEVE POZA RICA TO BE OF KEY IMPORTANCE TO THE NATIONAL SECURITY OF MEXICO BECAUSE IT IS THE CHANNEL THROUGH WHICH MEXICO CITY IS SUPPLIED WITH GASOLINE. FOR THIS REASON THE ACTIVITIES OF THE REVOLUTIONARY WORKERS'

PARTY/TROTSKYIST (POR/T) ARE BEING CLOSELY MONITORED IN POZA RICA. TROTSKYIST ACTIVITY IN POZA RICA WAS ALSO REPORTED IN HMM-10,316, HMM-10,367, HMM-10,384, AND HMM-10,400).

SOURCE See below.

1. Source of paragraphs 2 and 3: Latin American with good contacts among members of the staff of the Cuban Embassy in Mexico. He has reported reliably for a number of years.

2. On 26 May 1966 Professor Juan Mascaro Neves, a Spanish national who had acquired "Inmigrado" status in Mexico and who had been active in connection with affairs of the Cuban Consulate in Tampico, was picked up by three unidentified men who requested that he show them his identification documents. There was no information available through official Mexican Government services in Tampico on the detention of Mascaro. Since it seemed possible that the detention was not the work of Mexican officials, the Cuban Embassy protested to the Mexican Foreign Office orally. The Embassy was later informed that Mascaro had been deported to Venezuela for violations of the Mexican immigration law.

3. Mascaro was a key contact of Victor Rico Galan, Spanish-born Mexican Marxist journalist, during the latter's visit to Tampico and Ciudad Mante from 4-6 April 1966. Mascaro's wife, Carmen Garcia de Mascaro, has also been a close contact of the Cubans in Tampico.

4. Source of paragraph 5: Mexican security officer with access to information derived from investigative activities. His reporting is believed to be reliable.

8. Mascaro Neves was picked up on 26 May by agents of the DFS (Direccion Federal de Seguridad) and was brought to Mexico City from Tampico. He was immediately deported to Venezuela. The basic reason for Mascaro's deportation was his close association with Rico Galan.[1]

SOURCE: Mexican security officer with access to information derived from investigative activities. His reporting is believed to be reliable.

1. On 25 April 1966 the National Liberation Movement (MLN - Movimiento de Liberacion Nacional) held a meeting in its offices at Republica de El Salvador No. 30-301 in observance of the Week of Solidarity with the Dominican Republic. Only about 35 persons attended the meeting which was chaired by Luis Cordova Ortiz and Guillermo Calderon Ita, in the absence of leftist journalist Victor Rico Galan who could not attend because of illness.

2. Cordova devoted his speech to a denunciation of the United States' "armed invasion" of the Dominican Republic, calling it an act which has aroused the indignation of the entire world. On behalf of the MLN he demanded the withdrawal of U.S. troops from that country.

3. Guillermo Calderon spoke briefly about the U.S. presence in the Dominican Republic, but devoted the better part of his speech to a criticism of the visit to Mexico of President Johnson on 14 April 1966. He accused the Mexican and United States governments of having kept secret until the very last minute the fact of an official visit which was falsely described as a courtesy visit. The visit was made on the pretext of unveiling the Lincoln statue, he said, but the fact that President Johnson brought with him all the members of his cabinet and his principal advisors, notwithstanding their

preoccupation with problems in Vietnam, the Dominican Republic and elsewhere, proved that Johnson had come to deal with matters of great importance to him and to Mexican President Gustavo Diaz Ordaz. Or, he added, was it that Johnson had come to give instructions, or orders, to continue his policy of oppression of the people, in this instance, Mexico.

4. Calderon criticized sharply the Mexican Government for its methods in organizing the elaborate reception for President Johnson. The system of herding together the populace is accomplished, among other means, through threats made by union leaders to workers that they will lose a day's pay or suffer other losses if they do not participate in welcoming ceremonies. Calderon denounced officials of the Ministry of Foreign Relations for having remained silent in the face of a proposal by Secretary of State Dean Rusk for the creation of an international police force - "the type of security force that has in the past protected countries from North American aggression".

5. Again on 28 April the MLN held a meeting in observance of Dominican Week, this one attended by approximately twenty-five persons. It was announced at the last moment that the journalist Alberto Domingo, who was to have attended the meeting, would not be present because of a more pressing engagement. In his absence Armando Castillejos Ortiz and the poetess Norma Carrasco improvised a program. Castillejos expressed regret that the MLN does not possess adequate publishing facilities to keep the Mexican public informed of the existing situation in the Dominican Republic. He recommended that those present take advantage of every opportunity, in their places of work and at gatherings elsewhere, to disseminate by word of mouth the facts of North American domination over the weaker nations of the world. He noted that ninety percent of the citizens of the United States are not in accord with U.S. foreign policy.

6. Norma Carrasco's contribution to the meeting consisted of the reading of poetry which she had composed depicting the United States' invasion of the Dominican Republic.

2. TAMAYO TOLD RICO GALAN THAT SOME YEARS AGO WHEN THEN-PRESIDENT ADOLFO LOPEZ MATEOS WAS THE GUEST OF THEN-PRESIDENT EISENHOWER AT A DINNER AT THE WHITE HOUSE, PRESIDENT EISENHOWER PROPOSED A TOAST TO THE HUNDRED YEAR FRIENDSHIP BETWEEN MEXICO AND THE UNITED STATES DURING WHICH THE UNITED STATES HELPED MEXICO EXPEL THE FRENCH INVADERS. TAMAYO SAID THAT THE TOAST WAS PUBLISHED AND THAT HE THEN PREPARED A RATHER LONG ARTICLE WHICH INCLUDED THE TEXTS OF LETTERS WRITTEN BY JUAREZ WHICH DENIED THAT THE UNITED STATES HAD HELPED MEXICO AGAINST THE FRENCH. THE PIECE WAS PUBLISHED IN THE LEFTIST WEEKLY SIEMPRE. TAMAYO SAID THAT THE MEXICO CITY DAILY EXCELSIOR ALSO PUBLISHED ALMOST THE ENTIRE TEXT OF THIS REBUTTAL.

3. TAMAYO SUGGESTED TO RICO GALAN THAT THIS SUBJECT BE MADE THE THEME OF RICO'S NEXT ARTICLE FOR SIEMPRE. RICO GALAN SAID THAT HIS NEXT ARTICLE HAD ALREADY BEEN TURNED IN BUT THAT THE EDITORIAL HAD NOT YET BEEN WRITTEN AND THAT HE WOULD SUGGEST THE IDEA TO JOSE PAGES LLERGO, SIEMPRE PUBLISHER, BECAUSE HE BELIEVED THAT PAGES WOULD BE INTERESTED. (FIELD COMMENT: SIEMPRE APPEARS ON THURSDAYS.)

SOURCE: Guatemalan professional man, former member of a guerrilla group in Guatemala who is living in exile in Mexico. He is believed to have good access to the Guatemalan exile community.

Victor Rico Galan, leftist journalist who writes for both Siempre and Politica, is planning to visit Guatemala clandestinely to investigate the disappearance of Victor Manuel Gutierrez Garbin, Guatemalan Communist Party (PGT) leader of the Guatemalan exile community in Mexico, who returned to Guatemala in late February.

Field Comment: TDCS-314/03186-66 reported that Gutierrez Garbin and three other Guatemalan leftists were arrested and executed by the Guatemalan authorities on 6 March 1966.

Source Comment: Rico Galan could only enter Guatemala illegally since he was declared persona non grata by the Guatemalan Government in 1963 after he visited the country to interview President Peralta. While there, he also managed to talk with Marco Antonio Yon Sosa, guerrilla leader. Upon his return to Mexico, Rico Galan wrote articles favorable to the rebels and most unflattering to the Peralta government. Rico Galan's interview with Yon Sosa was arranged through Adolfo Mijangos Lopez who is now living in exile in Mexico.

ACTION REQUIRED: FYI

1. On 13 January 1966 a Mexico City newspaper, El Heraldo, published an article which cited a taped speech by Victor Rico Galan to Yon Sosa's guerrillas as evidence of Rico Galan's efforts to undermine the January 1966 visit of Mexican President Diaz Ordaz to Guatemala. A copy of this article is attached. The taped speech mentioned in the article is obviously that which Guatemalan authorities captured from Yon Sosa's guerrillas in October 1964 following a guerrilla attack on a Guatemalan military garrison. This tape was subsequently made available to KUBARK and was passed via the Guatemala Station to Mexico City Station for possible exploitation in Mexico. The content of the taped speech was later passed to President Diaz Ordaz by COS, Mexico City, with a view to stimulating pressure toward Rico Galan's expulsion from Mexico as an undesirable alien. How El Heraldo obtained or got word of the taped speech is not known. Since the El Heraldo article was pegged to the current trip to Guatemala of President Diaz Ordaz, it is very probable that the expose was stimulated directly by the Presidency, in line with a GOM campaign to neutralize all existing and potential opposition locally to the Presidential trip.

2. In a sharp rebuttal in the 26 January 1966 issue of the prominent Mexican leftist magazine Siempre, for which he writes regularly, Victor Rico Galan

denounces the El Heraldo accusations against him, denies any involvement on his part in subversive activities in Guatemala, attacks Guatemalan President Peralta Azurdia as weak and fearful about his personal safety, and insists (quite correctly) that the speech he taped for delivery to Yon Sosa's guerrillas in October 1964 could not possibly have had anything to do with President Diaz Ordaz' trip in January 1966. POR VICTOR RICO GALAN

Sr José Pagés Llergo,
Director de SIEMPRE!
Admirado y [redacted]go:

Tengo ho[redacted]me a un asunto que me concierne personalmente, y uso por ello el estilo epistolar. Como el asunto involucra cosas que le importan al país, confío en que esta carta sea de interés público, aunque para seguir un orden lógico me vea obligado a empezar por el aspecto personal que hay en él.

Como usted sabe, **El Heraldo de México** publicó el pasado día 13 un cintillo que decía "Fracasó la conjura comunista", bajo el cual se afirmaba que los guerrilleros guatemaltecos, en connivencia con malos mexicanos, preparaban una algarada o atentado —esto no se especificaba— contra el Presidente Díaz Ordaz, con motivo de su viaje a Guatemala. Según la nota "informativa", que llevaba las misteriosas siglas SNG (¿Servicio de Noticias de Guatemala?), el principal agente en esa conjura sería yo, y como prueba se ofrecía la supuesta versión taquigráfica de una cinta magnetofónica grabada por mí. Como existió, en efecto, una cinta que yo grabé, y como en el "pastiche" publicado por **El Heraldo** se utilizan frases que pronuncié realmente, creo necesario explicar la historia de todo ello.

Visité por primera vez Guatemala en octubre de 1963. En el número de **SIEMPRE!** del 30 de ese mes y año, apareció publicada una entrevista mía con el coronel Enrique Peralta Azurdia, que se iniciaba con esta descripción de su persona: "El coronel Enrique Peralta Azurdia, "hombre fuerte" de Guatemala, no da de ninguna manera la impresión de ser fuerte. Por el contrario, es oscuro, de hablar premioso, con una constante actitud tímida y sin brillantez alguna. No tiene ese tono decidido de los militares guatemaltecos que, digan cosas inteligentes o tontas, lo hacen con un énfasis de cuestión sancionada. En los pocos minutos de conversación con él, me expliqué muy bien por qué —pese a mi insistencia en contrario— aceptó sólo contestar mis preguntas por escrito. La transacción final consistió en que, una vez satisfecho el cuestionario en esa forma, hablaríamos brevemente en su despacho, sobre todo con el objeto de obtener una fotografía".

Esa discreta sugerencia de su tartamudez mental enfureció al coronel. Y más aun, cuanto que en el mismo número de SIEMPRE! apareció otra entrevista, también mía, con el entonces líder del movimiento guerrillero guatemalteco. El coronel Peralta Azurdia le dijo a un colega chileno que lo entrevistó días después que yo, que se vengaría de mí donde quiera que me encontrase. ¡Y me imagino, no sin humor, el coraje que debe haber hecho cuando el colega chileno publicó su propio reportaje... y coincidió conmigo en lo de la tartamudez mental del señor coronel!

Lo cierto es que el hombre intentó en reiteradas ocasiones cumplir su promesa. Con motivo de su informe de gobierno, transmitido por radio y televisión a toda Guatemala, me acusó de haber ido a ese país a organizar "grupos de choque", y la AP y la UPI se encargaron de difundir la noticia, que la patriota, nacionalista y solidaria prensa mexicana publicó profusamente. El coronel "se vengaba", y yo callé por no dar importancia a la irritación de un personaje tan menor, irritación que, por otra parte, me explicaba perfectamente.

Regresé a Guatemala un año después, precisamente en octubre de 1964. Y, efectivamente, grabé un mensaje en cinta magnetofónica, destinados a varios guerrilleros a los que no pude ver. Nada tenía de misterioso ese mensaje. Contenía un saludo, algunas apreciaciones sobre el movimiento guerrillero hechas sobre el terreno por el observador, por el periodista, y noticias para los que tenían familiares en México. Ni una sola palabra que fuera necesario ocultar, ni una sola idea que no haya publicado, no una, sino mil veces. ¿Acaso es un misterio mi solidaridad abierta y pública con quienes luchan por la libertad de su patria? Mucho menos que misterio es delito, y yo me enorgullezco de esa solidaridad.

Lo cierto es, sin embargo, que esa cinta no llegó a sus destinatarios, porque fue capturada por el ejército guatemalteco. Y el coronel Peralta Azurdia encontró en ella la fórmula perfecta para una serie de maniobras que por un lado, satisfacían su tripe al o honor m.., y por la otra, [illegible] la única, ni mucho menos. Antes hubo rumores, acusaciones y chismes contra muchas personas, a las que se acusaba de ser mencionadas en la cinta y de colaborar conmigo en mis tenebrosas conspiraciones. En mayo de 1965, el diario guatemalteco **Prensa Libre** —el de mayor circulación en su país— hizo pública una de esas "versiones". ¿De dónde la había obtenido? De un boletín enviado por la oficina de prensa del coronel Peralta Azurdia. Y esa "versión" tenía por objeto justificar la expulsión —entonces reciente— del distinguido intelectual y político guatemalteco Francisco Villagrán Kramer, mencionado en la cinta, lo cual era "prueba" de que conspiraba conmigo.

¿Y por qué sólo **Prensa Libre** publicó la versión? Pues por la razón simple de que provenía de un boletín oficial, y los otros periódicos de Guatemala se negaron a aceptarlo si no se les permitía oír la famosa cinta. Y claro que no se les permitió. Bajo una dictadura militar, los periódicos guatemaltecos tuvieron más ética profesional que **El Heraldo** en un régimen de libertad de prensa. Pero así son las cosas. Y algo que es también importante hacer notar: **Prensa Libre**, tan oficialista que acogió la sucia calumnia, es el periódico que ha hecho la campaña más grosera y negativa contra la visita del Presidente Díaz Ordaz a Guatemala.

La "versión" de El Heraldo tiene por objeto acusarme, a mí y a otras personas, de conspirar para echar a perder la visita del Presidente Díaz Ordaz a Guatemala. Yo fui a ese país por última vez —repito— en octubre de 1964, cuando el licenciado Díaz Ordaz era Presidente Electo. ¿Cómo iba a saber que se proponía visitar Guatemala? ¿Cómo iba a hablar de los asaltantes del cuartel de Ciudad Madera, en Chihuahua, si eso sucedió a fines de 1965, y en octubre de 1964 nada sucedía en Chihuahua? Eso, para mencionar sólo dos de las más abultadas falsedades de la "versión". Se utilizan unas cuantas frases auténticas, y se adoba una supuesta grabación para cada caso. Sencillo y sin problemas.

Pero, además, el coronel Peralta Azurdia se propone otra cosa con la "versión" de **El Heraldo.** Se propone justificar las extremadas precauciones policíacas que tomó para preservar su vida —no la del Presidente Díaz Ordaz— y la mala impresión que eso, y la falta de asistencia popular a la recepción, tuvo que causar al huésped y a su comitiva. Pese a que la tartamudez mental del coronel Peralta Azurdia y la de sus colaboradores mexicanos en el sucio adobo de la cinta no les permitió siquiera relacionar ésta con el viaje presidencial, la noticia termina diciendo: "Por todo esto **(¿por qué?)**, el gobierno de Guatemala creyó pertinente tomar todas las medidas necesarias que garantizaron la seguridad del mandatario mexicano y de los miembros de su comitiva, durante su visita a nuestra nación".

Pero la verdad es que tales precauciones se tomaron para garantizar la seguridad del coronel Peralta Azurdia —esa sí muy amenazada—, y no la del Presidente Díaz Ordaz, contra el cual no tenía nada el pueblo de Guatemala, y al que sólo los periódicos reaccionarios —en particular **Prensa Libre**— atacaron. Tan es así, que si bien en la capital el Presidente mexicano fue encerrado en un automóvil blindado —para proteger a Peralta Azurdia—, y si bien en la capital acudió poco público —para no aplaudir a Peralta Azurdia—, en La Antigua, a donde el licenciado Díaz Ordaz fue solo, sí hubo recepción popular entusiasta y sobraron las precauciones policíacas. ¡Claro, no estaba Peralta Azurdia!

Y, en relación con esto, hay algo que el público mexicano debe saber. La Universidad de San Carlos de Guatemala la consideró seriamente la idea de otorgarle al Presidente Díaz Ordaz el grado de doctor **honoris causa.** El asunto se debatió extraoficialmente en el Consejo Universitario, y varios maestros propusieron la idea, porque significaba el reconocimiento a un mandatario civil y universitario, e indirectamente una bofetada a los gorilas de uniforme que gobiernan Guatemala. Y los consejeros alumnos estuvieron de acuerdo en que la tendencia era buena, pero objetaron el propósito por una sola razón: porque, por motivos de protocolo, la Universidad se vería obligada a invitar y recibir en su recinto al coronel Peralta Azurdia. En tal caso —dijeron— los estudiantes no acudirían. Y, ante este peligro, que desvirtuaba el verdadero objetivo político del proyecto, la Universidad no otorgó el grado. Está claro que no lo otorgó por una sola razón: por no recibir a Peralta Azurdia, no obstante las buenas intenciones para el Presidente Díaz Ordaz.

Así son los hechos, esa es la verdad. Y si el coronel Peralta Azurdia cree de verdad que me puede echar a mí la culpa de todo eso... [illegible]

Notes for

A Portrait of a Castro-Communist Agent

Victor Rico Galan was born 6 February 1928 in El Ferrol, Spain. He is Spanish by birth, became a Mexican citizen by naturalization in March 1949. He is married to Ingeborg Diener de Rico Galan, born 11 May 1929 in Mexico City. He resides at Ernestina Larrainzar 19-B, Col. del Valle in Mexico City. He writes for both Siempre, Mexico City leftist news-weekly, and Politica, pro-Communist bi-weekly newsmagazine.

VRG reportedly talked to Fidel Castro and Che Guevara in 1961 regarding the formation of the Movimiento de Liberacion Nacional (MLN) in Mexico. With their approval he became one of the founding members of the MLN and later headed the MLN Press and Propaganda Committee. In a speech to the MLN in April 1962 he stated, "The government must be made to understand that only the people have the right to violence." (This was in reference to the Mexican government repression of the Communist Party and its arrest of David Alvaro Siquieros.)

In an article in Siempre in March 1963 VRG advocated the formation of a new political party reflecting the ideology of General Lazaro Cardenas, former President of Mexico. VRG said this new political party was needed to truly represent the radical tendencies of the 1910 revolution. VRG conceived this new party as the political arm of the recently-formed MLN, which could thus develop into a broad national pro-Communist movement like the FRAP in Chile.

VRG has always been very close and sympathetic to the Castro-Cuban revolution. In 1961 he was a member of the Periodistas Mexicanos Amigos de Cuba. Also in 1961 he was reported to be a member of the Committee for Solidarity with the Cuban Revolution. In March 1962 he was reportedly a member of a group of four pro-Castroites who made an abortive physical attack on Emilio Uranga, writer for Siempre who has written anti-Castro items. As the group converged on Uranga other members of the Siempre staff intervened and the matter was settled without violence.

From October to December 1962 VRG was in Cuba, as a correspondent for Siempre and also reportedly to gather material for a political biography

of Fidel Castro. In an article written for Siempre while he was in Cuba (Siempre 31 Oct 62) he extols the great Cuban revolution and the advantages Castroism has brought to the lower classes. In a later article (Siempre 14 Nov 62) he attacks the Soviet Union and Khrushchev for their weakness during the Cuban missile crisis. He refers to Fidel Castro as being the vanguard of the revolution against Colonialism.

From late May to mid June 1963 VRG was again in Cuba, this time to interview Fidel Castro following the latter's return from the Soviet Union. VRG reportedly spent 8 days with Fidel Castro, five of them aboard the Cuban leader's yacht, and also interviewed other Cuban leaders, including Blas Roca, Secretary-General of the Partido Socialista Popular (PSP - Cuban Communist Party); Ernesto "Che" Guevara Serna, Minister of Industries; Oswaldo Dorticos Torrado, Cuban President; and Raul Roa Garcia, Minister of Foreign Relations.

It was during this May-June 1963 contact with Fidel Castro and other Cuban leaders that VRG received a major operational assignment. He was given the mission of traveling through Central and South America to contact local Communist and guerrilla leaders. His job was to persuade these groups to begin campaigns of violence and terror immediately in order to take the pressure off the FALN in Venezuela, whose program of terror, heavily subsidized by Castro, was beginning to run into increased resistance from the Venezuelan government forces. On this trip VRG also had the mission of bringing about greater unity among the various Communist and terroristic groups.

In late 1963 VRG undertook his assigned mission. He traveled to Panama, Guatemala, Costa Rica, Venezuela, Nicaragua and Brasil and contacted key Communists in each of these countries.

Among the Communist leaders which VRG contacted on this trip were Hugo Victor, President of the Partido del Pueblo (PDP - People's Party, a Communist group) and David Turner, a leader of the Vanguard of National Action (VAN - a pro-Cuban, radical revolutionary organization) in Panama; Gomez Ayay, a guerrilla leader in Guatemala; and Francisco Juliao, the revolutionary peasant leader, in Brazil.

In Nicaragua VRG met several times with Alvaro Ramirez Gonzalez, Secretary-General of the Movilizacion Republicana (MR - Communist Political Front) who was also a member of the Central Committee of the Partido Socialista in Nicaragua (PSN), the Nicaraguan Communist Party. VRG's visit with

Ramirez was given considerable radio and press publicity in Nicaragua. The press referred to "secret meetings" in VRG's hotel room between Ramirez and VRG. Ramirez answered by writing letters to the newspapers, saying he met VRG quite openly in his office and that VRG had called on him because he (VRG) was a legitimate journalist who was seeking interviews with various political figures. On 24 October Ramirez was interviewed on radio and finally reluctantly admitted that he had gone to VRG's hotel room. He said his purpose in going there was to take VRG to his (Ramirez's) office.

In Panama VRG stayed at the Hotel International. While in Panama he visited US installations and was seen taking many pictures. His talks with Hugo Victor and David Turner were aimed at getting the VAN and the PDP to resolve their differences and to unite. Turner briefed VRG on VAN's preparations to establish an armed movement in Panama. Victor, on the other hand, spurned VRG's to unify the two groups.

Following this trip in late 1963, VRG returned to Cuba (in January 1964) and visited Fidel Castro again and to report on the results of his contacts with Central and Latin American Communist leaders.

In late March 1965 VRG (with his wife) again traveled to Cuba to report to Cuban leaders. He returned to Mexico in early April 1965.

In May 1964 VRG was invited to visit Red China, ostensibly as a guest of the All-China Journalists Association, which indicated it would be willing to pay all costs, including transportation. Because of other pressing work in connection with his assignments on behalf of Castro, VRG did not accept this invitation.

Over the years 1961 to 1965 VRG's contacts with the Cuban Embassy in Mexico City have increased steadily. He meets frequently and regularly with various officials of the Cuban Embassy, usually at his home, at the Siempre offices or at the homes of the Cuban officials in Mexico City.

His most frequent contact is with Manuel Eugenio Vega Perez, Third Secretary of the Cuban Embassy and chief representative of the Dirrecion General de Inteligencia (DGI - Cuban Intelligence Service) in Mexico. Obese and outwardly jolly, Vega Perez was the driver of a beer truck in Havana prior to the Cuban Revolution which launched him on his intelligence career.

Another VRG Cuban intelligence contact is Ramon Sinobas Casado, Counselor of the Cuban Embassy. Sinobas is Vega's assistant in "handling" VRG. It is apparent that these contacts are primarily for the purpose of channeling VRG's reports and instructions to and from Cuba. In the course of his work as an agent for Castro and the DGI, VRG is known to have acted as a courier, carrying material and large sums of money to pro-Cuban groups in Central and Latin American countries.

In October 1964 VRG received another important assignment from his Cuban masters. VRG was requested to travel to Guatemala to make a personal survey of the strength and weaknesses of Marco Antonio Yon Sosa's guerrilla forces and to lay the basis for a more energetic implementation in Guatemala of the tactical principles for guerrilla warfare laid down by "Che" Guevara. This was, in effect, a follow-up to his earlier visit to Yon Sosa during his swing through Central American countries in late 1963. At that time, VRG attempted to persuade Yon Sosa to align himself more closely with Castro's objectives in Latin America. The results of this visit to Guatemala were written up by VRG in a special report to Castro. VRG's conclusions at that time were not completely favorable to Castro.

Yon Sosa is known to be a forceful and independent guerrilla leader who prides himself on his ability to maintain himself and his followers independently of ideological guidance from either Havana, Peking or Moscow, although he is quite willing to accept arms and financial support from any of these Communist capitals. In the past Castro's efforts to bring Yon Sosa to heel have been thwarted mainly by the influence the Chinese Communists have been able to exert over the Guatemalan guerrilla leader. In addition to the direct aid provided by Peking to Yon Sosa and his guerrillas in Northeastern Guatemala, there is the fact of Yon Sosa's Chinese background (Yon Sosa's father was Chinese) which has served to tie him emotionally to the Red Chinese.

It was the continuing recalcitrant attitude of Yon Sosa which apparently prompted VRG's second mission to Guatemala in October of 1964. VRG was instructed not only to talk to Yon Sosa but also to try to influence Yon Sosa's guerrilla forces directly in line with Castro's objectives. In addition to prepared material which VRG used for lecturing the guerrillas he brought with him special propaganda films for indoctrination purposes.

In late October 1964 the Guatemalan authorities captured a number of tape recordings from Yon Sosa's guerrillas following a guerrilla attack on a government garrison. Included in these tapes was one made by VRG for delivery to the guerrillas during his early October visit with them. A copy of this tape is attached. The tape consists mainly of an exhortation by VRG for unity (between the Partido Guatemalteco del Trabajo (PGT) and the 13 November Group) and a plea not to permit ideological arguments to replace action. In this speech VRG reveals himself to be a hard-headed revolutionary activist, not merely an intellectual leftist. His approach to revolution is completely practical, not theoretical.

To cover his mission as a Castro political action agent to Yon Sosa, VRG later published an "interview" with the latter (in Siempre No. 593, 4 November 1964).

VRG's involvement in the recent Dominican crisis is the latest example of his work on behalf of Castro. In early January 1964 VRG travelled to Santo Domingo, returning a week later to Mexico. Ostensibly this trip was to report on Dominican Republic affairs for Siempre. Actually this was merely a cover for a Communist propaganda assignment. Shortly after VRG left Santo Domingo, thousands of copies of a pro-Castro brochure, entitled "Siempre visita la Dominicana" and signed VRG, were distributed among Communists and Communist sympathizers in the Dominican Republic. A copy of this brochure is attached.

During his January 1964 trip VRG contacted both the Movimiento Popular Dominicano (MPD), a terroristic revolutionary Marxist-Leninist and strong pro-Chicom group, and the 14th of June Movement, the Agrupacion Politica Catorce de Junio (APCJ), a militant, revolutionary pro-Castro group. His contact with the MPD resulted in his furnishing material to the subversive MPD publication, Libertad. But his principal contact, one that developed rapidly into a very active relationship in the period preceding the Dominican crisis, was with Juan B. Mejia, leader of the APCJ. These two have maintained close and frequent contact over the past year. During the Dominican crisis VRG served as a relay point for material and instructions from Cuba to the APCJ and also acted as a reporting channel from Mejia to the DGI and the APCJ's Castro-Cuban leadership in Cuba.

As in previous operations of this kind, VRG cloaked his relationship with Mejia under a journalistic cover. An "interview" he conducted with Mejia appeared in the 2 May 1965 issue of the Cuban newspaper Hoy. A copy of the text of that article is attached.

In mid-May 1965 a gaffe by Mejia's and VRG's Cuban superiors exposed the Mejia-VRG-Cuba channel publicly. In an article carried by Porto Alegre (Brazil) newspaper Correio do Povo on 20 May, datelined New York 19 May by Louis Wisniser, a Radio Havana broadcast of 18 May was reported to have mentioned a declaration by Juan Mejia sent from Santo Domingo to VRG in Mexico, who then sent the declaration to Radio Havana. After citing this channel by which it received the Mejia statement, Radio Havana proceeded to broadcast the following excerpts from the declaration: "Numerous leaders of the 14 June Party have disappeared but I (Mejia) know that they are now in the mountains leading guerrillas. The 14 June Party has control of the situation in Santo Domingo." The Correio do Povo noted editorially that the Radio Havana broadcast seems to negate the Castro effort to deny that the 14th June Movement in the Dominican Republic is tied to him. The article concludes by noting that Mejia was one of the 58 Communists listed by the Americans, and that this confession by Havana puts new light on the question of American intervention in the Dominican Republic. Not noted in the article is the fact that VRG's role as an intermediary between Mejia and Castro is clearly exposed by the Radio Havana broadcast. A copy of the Correio do Povo article is attached.

When the Dominican rebellion erupted VRG began to agitate with the Siempre staff for outright and total support to the pro-Castro forces in the rebel camp. These efforts began to bear fruit when VRG was allowed to personally brief and dispatch a Siempre correspondent-photographer team to the Dominican Republic in early May 1965 to report on the crisis. The correspondent was Luis Suarez Lopez; the photographer was Luis Rodrigo Moya Moreno. The resulting articles in Siempre produced by this VRG-Suarez-Moya team were violently anti-US and pro-Castro Communist in their interpretation of the crisis -- so much so that they apparently touched off a bitter dispute between VRG and Jose Pages Llergo, Siempre director, who prefers to stick to the traditional Siempre role of a pseudo-independent outlet for a variety of leftist causes. VRG's efforts to reorient Siempre along more militant pro-Communist lines has long been known in journalistic circles in Mexico and the Suarez-Moya incident appears to have precipitated an open fight between the two. VRG is apparently aiming for a showdown with Pages Llergo over this issue, since several Siempre writers are known to have been individually approached by VRG over the past weeks to enlist their support against the present Siempre editorial policy, which VRG regards as too "opportunistic."

A. RICO TO COCCIOLI. LATTER STATED THAT ORENGO (PHONETIC-PRESUMABLY SARLER ORENGO OF REF) RECEIVED TELEGRAM FROM ACHIETIERI (POSSIBLY AGET CO.) YESTERDAY AUTHORIZING AND PRESSURING HIM TO GO TO CUBA TO "PRESENT THIS MATTER...IN THIS QUESTION IN WHICH YOU ARE HELPING US, I WOULD LIKE YOU (RICO) TO GET MAXIMUM MORAL BENEFIT. ORENGO NEEDS A VISA; HE IS APOLITICAL, ON NEITHER SIDE. HE WILL NEED A VISA TO GO TO TALK TO WHOMEVER YOU SAY". COCCIOLI WOULD RECOMMEND THAT ORENGO TALK TO ALEJO CARPENTIER BUT "THIS IS SIMPLY A POLITICAL QUESTION". RICO SAYS HE TOOK UP THIS MATTER AND "THEY TOLD ME THAT IN CASE THIS MAN INSISTS IN THIS MATTER I SHOULD PUT HIM IN CONTACT WITH THE AMBASSADOR. HE IS STAYING AT HOTEL MARIA CRISTINA. COCCIOLI SAYS HE IS A VERY GOOD FRIEND, HAS BEEN ONE FOR MANY YEARS. B. RICO TO COCCIOLI: RICO HAD TO GO BY (CUBAN) EMBASSY BECAUSE PHONES WERE BLOCKED. TALKED WITH AMBASSADOR AND WILL EXPECT THEM ON FRIDAY (15 JUNE) AT 1700. RICO AND COCCIOLI DISCUSS CUBANA SCHEDULES AND NEED FOR VISA WHICH RICO EXPLAINS HAS TO BE REQUESTED FROM HAVANA. COCCIOLI SAYS ORENGO HAS LITTLE TIME, WAS TO LEAVE FOR PARIS ON SUNDAY BUT MEANWHILE HAD RECEIVED THIS TELEGRAM TO GO HAVANA. RICO SAYS AMBASSADOR WANTS COCCIOLI AND RICO TO ACCOMPANY ORENGO. VICTOR RICO GONZALEZ.
Calle de Madrid 30.
México D.F.

Lisboa Portugal 15-12-40 2302

Como ampliación a la instancia que elevé el 26 de Enero último al Sr. Director de Inmigración, Secretaría de Gobernación y a fin de cumplir todos los trámites exigidos para que la esposa é hijos del que suscribe Victor Rico González puedan entrar en México, me permito informar a Vd. que mi estancia en esta República tiene estado legal por estar en posesión de la forma 5, nº 118,220 expedida en Veracruz el día de mi llegada 6 de Novbre. de 1939, y de la forma 14, nº [illegible] expedida en México D.F. el 14 de Novbre de 1939.

Mis hijos Victor Rico Galán, Fernando Rico Galán, y Ana María Rico Galán, han nacido en la ciudad del Ferrol - España - el 8 de Febrero de 1928, el 9 de Abril de 1929 y el 14 de Septbre de 1930, respectivamente contando en la actualidad, con 11, 10, y 9 años.

La forma en que por las trágicas vicisitudes de la guerra me ví obligado a abandonar a España, no me han permitido el tener en mi poder la partida de casamiento que acredite oficialmente mi matrimonio con mi esposa Fernanda Galán Guerra ya que además desde el comienzo de la guerra estuve separado de mi familia y del lugar donde me casado - Galicia -. Entre la actual Colonia Española existen muchos compatriotas con quienes me unen antiguos vínculos de amistad y a quienes les consta de manera indudable mi matrimonio, y por ello uno a este escrito una certificación que así lo acredita, ya que es el único medio hábil de que dispongo para probar esta verdad.

También adjunto al presente escrito, una certificación de la razón social "Trigueros y Gilard", con quienes trabajo por la que se vé que efectivamente dispongo de los medios económicos suficientes para el sostenimiento de mi familia cuando llegue aquí. A mayor abundamiento presento otro documento de garantía suscrito por propietario del restaurant Milagros, Sr. Ramón Prieto.

Espero de su recto proceder que con los informes y documentos que se aportan juntamente con el presente escrito habrá de resolverse mi instancia favorablemente.

C. Lic. Fernando López Arias,
Procurador General de la República
México, D.F.

Ante la magnitud de los problemas nacionales, se ha hecho pesar su serenidad e inteligente política, y ha demostrado que, independiente del ejercicio de su calidad moral, y de su grande condición de amigo, es usted el revolucionario que cumple sus compromisos con el pueblo mexicano y ejerce el poder con la seguridad de su propia responsabilidad, haciendo pesar el Derecho como inviolable principio y como condición irrenunciable de los magníficos preceptos de la Ley.

Usted se debe a México, señor Procurador y por él trabaja y piensa, desentendiéndose de cobardes artículos que circulan plenos de insultos y comentarios de quienes no creen en la relevancia de su actuación, partiendo esta crítica de los emboscados que por sistema hacen de la murmuración una arma innoble y descastada para volcar sus amarguras.

La ayuda y dinero ajeno y la propaganda habilidosa ha permitido que personas tan descalificadas, moral e intelectualmente, como Víctor Rico Galán y otros tantos [illegible] llegado a destacar como articulistas de fondo en prestigiadas revistas capitalinas para vergüenza de la intelectualidad mexicana. No obstante su condición de extranjero Rico Galán ha demostrado su desacato hacia nuestras leyes e instituciones, y su desprecio a la tradicional hospitalidad mexicana, escribe deliberadamente pretendiendo engañar a sus lectores como lo hace al consignar que el [illegible] del Pte. Lic. Adolfo López Mateos, es enemigo de la clase trabajadora. Por lo que se deduce que Víctor es uno de los tantos extranjeros que sobran en el País.

Lo que ha hecho usted es que se respete nuestra soberanía y simultáneamente ha defendido y dejado incólumes todos los derechos de los trabajadores mexicanos, por lo que sería un error imperdonable confundir su digna y patriótica actitud como una claudicación de los ideales y principios que siempre ha sostenido y defendido.

C. PRESIDENTE MUNICIPAL,
PAPANTLA DE OLARTE, VER.

En escrito de 20 de abril del año en curso, dirigido al C. Procurador General de la República y turnado a esta Dependencia el 5 de octubre anterior, se dice lo siguiente:

"Tanto la magnitud de los problemas nacionales, se ha hecho pesar su serenidad e inteligente política, y ha demostrado que, independiente del ejercicio de su calidad moral, y de su grande condición de amigo, es usted el revolucionario que cumple sus compromisos con el pueblo mexicano y ejerce el poder con la seguridad de su propia responsabilidad, haciendo pesar el Derecho como inviolable principio y como condición irrenunciable de los magníficos preceptos de la Ley. Usted se debe a México, señor Procurador y por El Trabajo y [illegible], desentendiéndose de cobardes artículos que circulan llenos de insultos y comentarios de quienes no creen en la relevancia de su actuación, partiendo esta crítica de los elementos que por sistema hacen de la murmuración una arma innoble y desgastada para volcar sus amarguras.- La ayuda y dinero ajeno y la propaganda habilidosa ha permitido que personas tan descalificadas, moral e intelectualmente, como Victor Rico Galán y otros tantos más hayan llegado a destacar como articulistas de fondo en prestigiosas revistas capitalinas para vergüenza de la intelectualidad mexicana. No obstante su condición de extranjero Rico Galán ha demostrado su desacato hacia nuestras Leyes e instituciones, y su desprecio a la tradicional hospitalidad mexicana. Escribe deliberadamente pretendiendo engañar a sus lectores de que lleguen a considerar que el Régimen del Sr. Lic. Adolfo López Mateos, es enemigo de la clase trabajadora. Por lo que se deduce que Victor es uno de los tantos extranjeros que sobran en el País. Lo que ha hecho usted es que se respete nuestra soberanía y simultáneamente ha defendido y dejado incolumes todos los derechos de los trabajadores mexicanos, por lo que sería un error imperdonable confundir su digna y patriótica actitud con una claudicación de los ideales y principios que siempre ha sostenido y defendido."

Lo que me permito transcribir a usted, con la atenta súplica de que se sirva girar sus respetables órdenes, a efecto de que se haga una minuciosa investigación sobre lo anterior, así como la calidad migratoria de que es titular dicho extranjero, su domicilio y las actividades a que se encuentra dedicado, informando oportunamente a este Departamento.

RESPETO A MEXICO

La conducta del señor Victor Galán participando en el último alboroto de agitadores extremistas, plantea ante la opinión pública la necesidad de conocer a fondo cuál es y cuál debe ser la actitud de las autoridades con individuos que, si bien poseen la calidad de mexicanos por habérseles concedido la naturalización, su misma situación les impone observar ciertas normas de respeto y consideración hacia su nuevo país y sus instituciones.

Las leyes mexicanas, por su esencia democrática, son de igual aplicación para todos los habitantes del país, y únicamente ciertas esferas de acción se consideran reservadas para los mexicanos. Especialmente en el terreno de la acción política, nuestras leyes señalan discriminaciones en favor de los mexicanos que reúnan ciertos requisitos respecto a su nacimiento y a su ascendencia. No nos corresponde analizar la justificación de estas normas, o desaprobarlas, porque evidentemente responden a necesidades de nuestro desenvolvimiento histórico, aceptadas y puestas en práctica por la nación y sus gobiernos.

El señor Rico Galán y todos los que como él poseen la calidad de mexicanos por naturalización, gozan de todas las prerrogativas y derechos concedidos por las leyes del país, y también poseen todas las obligaciones y deberes por ellas señalados. En cambio a un extranjero como el norteamericanos Barry Bernard Primus, quien tomó parte en el escándalo del domingo último, inmediatamente se le expulsó del país, porque a ningún extranjero se le permite inmiscuirse en nuestros asuntos políticos y no por su parentesco con una respetable familia mexicana como es la del pintor Alfaro Siqueiros.

Pero las garantías y las prerrogativas de que es titular el señor Victor Rico Galán, a pesar de su calidad de auténtico pandillero de la pluma, no quieren significar que las autoridades policíacas y migratorias investiguen a fondo cuáles son sus actividades y cuál su verdadera situación migratoria. No nos refiramos al término gratitud, que debía ser suficiente para quienes como Rico Galán han sido aceptados por México como sus hijos, porque esa palabra es desconocida en el léxico de individuos afectos a considerarse como la máxima expresión de la sabiduría y a ostentarse en el extranjero como "la pluma

Víctor Rico Galán

1. ESLIME-1 met Galán in the latter part of August 1964 in Guatemala. He was assigned to help bring Galán to Yon Sosa. He met Galán on Kilometer 17 of the "Highway to the Atlantic", at the village of ~~Sixxhag~~ El Chato, and drove him to Kilometer 189, where others were waiting to guide him from there.

2. Galán told E-1 that he was a reporter ~~x~~and was coming to interview Yon Sosa. He said that he had come before and that he crossed the border clandestinely. Someone ? from the group that met them at Kilometer 189 told E-1 that this was the fifth time that Galán had come to see Yon Sosa and that he carried messages and money to Yon Sosa.

3. After E-1 arrived in Mexico City, Galán asked the party for permission to interview him for an article for Siempre. He wanted to interview E-1 about his arrest, torture by the police, and expulsion from Guatemala. Victor Manuel Gutierrez told E-1 to grant the interview and to give Galán all the details he needed. E-1 talked to Galán, in the offices of Siempre, on three occasiones, twice in March and once in April. However, he did not give him the interview as at that time he had not yet obtained papers permitting him to remain in Mexico and did not want to ~~[illegible]~~ jeopardize his chances of obtaining them. He promised to send Galán a card when his papers were obtained and give him the interview then.

4. E-1 does not like the idea of giving this interview to Galán and has not contacted him even though he now has his papers. He plans to do nothing unless Galán contacts him again. Then he will have to give the interview since Gutierrez told him to and he has no reasonable excuse for refusing.

5. E-1 said Galán has also made propaganda films which were shown to the guerrillas in Guatemala. They were simple films which could be made in the home, generally just consisting of someone giving a talk or lecture. They were made both in Spanish and in the local Indian language. E-1 said that the last film Galán made was confiscated by the police. He didn't know if it was the Guatemalan or the Mexican police.

El Partido me dijo que le proporcionara una informacion detallada dando nombres de los jefes de Policia donde habia estado detenido y a que clases de torturas habia sdo sometido. Todo esta informacion no la pasé anteriormente debido a mi situacion migratoria que en ese entonces no se habia definio totalmente.

D. Rico to Dr. Emilio Cordero, Dominican exile in Mexico City: Rico complains to Cordero that he was supposed to call and that the other (Nikolay) has already called twice. Cordero says that he called yesterday but there was no one in, they told him they had gone out together. Is the friend there? Victor says no, that he said he would be busy between 1630 and 1700 hours and Victor will be busy until 1900 hours. Cordero asks to let it go until tomorrow, as he himself is very busy. He suggests coming to Victor's at 1600 hours. Victor prefers to call before that at 1530 hours. Cordero congratulates him on his article in Siempre. A foolish thing, Victor says. Cordero asks him if he has seen Luis Suarez' article and what did he think of it? Rico says it is written in first person, very superficial, very much a personal adventure. Very journalistic, Cordero comments. Yes, but journalistic like Serer's (Station comment: Probably Julio Sherer Garcia, writer for daily Excelsior) and to Victor it appears to be more...Cordero says that the situation there grows worse. Victor asks if he saw Mayobre's thing. Cordero says yes, very good. Well, comments Victor, that of Mayobre was not expected but it is that the thing is so obvious. Cordero will call tomorrow at 1500 hours.

E. Saul (lnu) to Rico: Saul tells Rico that a friend arrived from New York yesterday. Would he like to talk with him? Rico says of course. They decide on Monday at Rico's home. When Rico says he does not speak English Saul says that since he doesn't either they will have to have another person.

3. May 21: 0615 to 2400 hours:

A. Leonov to Rico: Leonov greets Rico in a very friendly way. Rico says that yesterday he talked with The Man, he had a lot of work and preferred to leave it for today. He asks Leonov to call again at 1600 hours. Leonov will call.

B. Luis Suarez and Rico Galan: Suarez sent a very strong article against the United States on the Dominican situation which was published yesterday. He did not want to lose the chance no matter what they thought and they said that he had abandoned the work, never having had a contact with "them". Suarez and Rico discuss the articles on the Dominican situation published by both Suarez and Sherer Garcia of Excelsior. Rico says that Sherer's article was the first to give the Latin American point of view on the Dominican situation. Suarez agrees but says, "the interview with Caamano, no." Victor comments that Sherer did a good job. Suarez does not known what happened with Sherer. He published one thing that he showed him in Santo Domingo, after he published the thing about the OAS the following day, and no more, he dried up, they have not published him anymore. Suarez comments that the President received him. Why? It seems unbelieveable that they have made this effort in order to publish only two days. Rico terminates the conversation with congratulations to Suarez.

C. Cordero to Rico: Victor is waiting for a call from The Man (Leonov?) at 1600 hours to make a date at 1700 hours at home. Emilio accepts and will be there at 1700 hours.

D. Leonov to Rico: Victor sets the meeting for 1700 hours at his home. Leonov agrees.

4. 22 May: 0715 - 1730 hours:

A. Emilio to Rico: Emilio asks pardon for waking Rico who replies, calling Emilio Maestro, that he was already up. Emilio wants to see him today at 1000 hours about something urgent. If it is urgent, Rico will wait for him.

B. Rico to Cordero: Rico tells Cordero that he will be waiting for him between 1530 and 1600 hours and asks him to bring all the data that he has. Cordero asks if he wants economic data or...All that you have, Rico says. Cordero will come.

C. Leonov to Rico: Rico tells Leonov that he has been waiting for "the man" (Cordero?), he was calling him. Leonov says he went for a long walk and has just got back. He'll come in twenty minutes. Victor will be waiting for him.

1. Attached is a Contact Report of a meeting with WUINDICO/1 on 18 May 1965. As indicated, W/1 approached Mauro LUCENTINI and persuaded him to send a modified version of the 2 May Havana broadcast via ANSA channels to Buenos Aires. In an effort to supplement this coverage, Subject also prepared a longer version for the paper Correio do Povo in Porto Alegre, Brazil.

2. As shown in the Contact Report, Lucentini apparently has at least a social relationship with Gregory KALINKIN. W/1 stated that Lucentini, a friend, is a conservative and, to his knowledge, does not have any leanings toward communism.

3. For DO: Base would appreciate traces on Lucentini in order to determine his political leanings and connections.

4. The Base should be advised if either of the two stories mentioned in paragraph 1 is published.

CONTACT REPORT

SUBJECT: Meeting with WUINDIGO, 18 May 1965

1. RUTHERFORD met W/1 at the latter's apartment on 18 May 1965.

2. The following information was obtained:

a. Dominican Republic. During the briefing by the WH representative on 14 May, it was agreed that W/1 would attempt to have the Havana broadcast of 2 May replayed through his friend Mauro LUCENTINI of ANSA, New York. It was felt that this approach would be more desirable than using W/1 directly, in view of his efforts to appear as a liberal journalist. During the meeting W/1 attempted to contact Lucentini, but ascertained that he had gone off on a holiday for the weekend. Upon learning that Lucentini would return to New York City during the evening of 16 May, it was agreed that W/1 would contact him at that time in an effort to have the story transmitted on 17 May. In addition to the major capitals in Latin America, W/1 also thought that the story would be sent to Rome.

b. Following a 'phone call from the WH Desk, RUTHERFORD subsequently briefed W/1 on the fact that the same story had been carried in the 2 May edition of Hoy in Havana. (COMMENT: RUTHERFORD pointed out to the Headquarters rep that, in his opinion, it might not be advisable to inform Lucentini of the Hoy article as it might raise an objection in his mind concerning the current value of the news.)

c. Briefed on both the radio broadcast and the Hoy article, W/1 was disinclined to mention the Hoy article to Lucentini for the same objection noted above. He was instructed to use his own discretion.

d. On the evening of 16 May W/1 contacted Lucentini and outlined his request. He explained to Lucentini that this was a good opportunity for a scoop on a hot item. W/1, in order to offset any objections on the part of Lucentini, told him that the radio broadcast had occurred on 13 May. He did not mention the Hoy article. According to W/1, Lucentini was less than enthusiastic about transmitting the story through his facilities, pointing out that it was no longer news. After some persuasion, according to W/1, Lucentini finally agreed to send the following abbreviated story to Buenos Aires either the evening of 16 May or early 17 May:

'On Friday, May 13, Radio-Havana cited Juan B. Mejia leader of Dominican '14 of June' party who had given an interview to Mexican journalist Victor Rico Galan in which he declared over the telephone that 'many leaders of the June 14 movement have disappeared, but at the same time numerous contingents of insurgents are reported in the mountains of the region' and that 'the 14 of June movement has much control of the situation.''

e. In order to supplement the Lucentini effort, W/1 prepared a more detailed version of the radio broadcast and cabled it to Correio do Povo in Porto Alegre, Brazil. He paid for the cable in New York ($40.70) and signed it with his first and last initials and "our NY correspondent." The cabled article in Spanish is forwarded herewith as attachment #2.

f. O. Kalinkin. On 17 May W/1 was invited to a cocktail party at the home of Lucentini, 305 East 56th Street, NYC. The reception was on the occasion of the departure of Ricardo Berla, Vice President of Olivetti Underwood in New York. W/1 was surprised to find that Kalinkin, the Soviet employed in the UN Secretariat, was present. It will be recalled that W/1 originally met Kalinkin at the home of Faubion Bowers in Manhattan in June 1964. Lucentini was also present on that occasion. W/1 could not comment on whether Lucentini met Kalinkin for the first time at the Bowers affair. W/1 is not aware of any close relationship between Kalinkin and Lucentini.

3. Finances:

Rutherford paid W/1 the following:

a. Cable to Brazil------------------------$40.70

b. Round-trip cab fare to ANSA-------- 2.00

TOTAL--------------------------------$42.70

A signed receipt was obtained.

4. Next Meeting: Friday, 21 May, at 1100.

Acaba de ocorrer um fato curioso.Radio-Havana,numa transmissao de ontem, citou umas declaracoes do senhor juan mejia,lider do partido revolucionario dominicano "14 de junho".Estas declaracoes,segundo radio-havana,foram feitas pelo senhor mejia,de santo-domingo,pelo telefono,ao jornalista mexicano de esquerda victor rico galan.E verdade que a central telefonica esta na mao dos "constitucionalistas" e que por isso podem conversar diretamente com o mexico sem passar pela zona ou pelo controle dos norte-americanos.Por sua vez,victor rico galan transmitiu as declaracoes de juan mejia a radio-havana.Entre outras coisas,mejia,citado por radio-havana,disse "numerosos lideres do partido 14 de junho desapareceram-nos e que eles estao agora nas montanhas encabecando contingentes de guerrilheiros".Mais adiante ele acrescentou "o partido 14 de junho tem xxxxxxxx o controle da situacao em santo-domingo".Sabe-se que o controle da revolucao dominicana pelos comunistas serviu de pretexto aos norte-americanos para sua intervencao.Os comunistas dominicanos das tres tendencias tudo fizeram para desmentir esta presuncao norte-americana e ficaram,o mais possivel,na escuridao,nos bastidores.O partido "14 de junho" e diretamente ligado a Fidel Castro e tanto seus chefes quanto Fidel Castro tem interesse,na hora presente,em desmentir a these americana,em demonstrar que em santo-domingo nao ha comunismo,nem guerrilha nem fidelismo.Por isso nao se entende o erro,ou a "gaffe" do radio-havana citando nominalmente juan mejia -que consta na famosa lista norte-americana dos 58 comunistas- cuja lealdade para fidel castro e conhecida e xx reconhecendo que seus homens estao encabecando a guerrilha nas sierras dominicanas. Sem justific nem criticar a intervencao norte-americana,seus alvos e seus metodos, temos que reconhecer que esta "confissao" cubana joga uma luz nova, inesperada,sobre o assunto todo.do nosso enviado especial a novayork

From 0620 to 1210, 29 April (Thursday) 1965

2.0 In. MO asks Inge(bord) Rico (v), who answers, for Victor Rico Galan (VRG). He is asleep. MO is Emilio Cordero, a Dominican. When will he be up? Around 0900 or 0930. MO will phone back

3.2 Out to 27-13-84. Sra. Diener with Sr. Gonzales, who answers. About a napkin ring she ordered....About her papers...they have lost the ones she left with Sr. Gonzales for his signature. She always leaves one copy at the factory and the third is for jewelery shop while the second one is her copy....She likes to know what her prices are and how much she owes exactly...

3.5 Out to 03. Time is 0821 (29 April).

3.7 In. Camilo (not Emilio) Cordero, Dominican, with VRG, who answers. Jose Luis talked to VRG last night. Yes. They would like to talk to VRG today. Come by in an hour - at 1045. Come by VRG's house. Camilo with come with Max. VRG knows him. Camilo and Max and some others (will come to see him).

4.2 Out to 42-15-65. VRG with MO, who answers. MO has anew car. A new Chvelle. Asks to speak to MO's husband. Will be in "Siempre" offices. Went there about an hour ago.

4.5 Out to 46-43-24. VRG with MO, who answers "Siempre," & for Alberto.

Alberto takes the phone. Has the Director returned? No, will be back until tomorrow. VRG is writing a bombshell on Santo Domingo, "as is natural." VRG says that he has some very useful data in the article, reporting, he did there. Would like Joaquin to look for it and send it to him? This was published in 1963 (in "Siempre") when VRG went to Santo Domingo. Should have come out in January or February of 1964, not 1963. It came out in the Second Division. It has a photo of Tavarez and may have one photo of Bosch. But one of funeral of Tavarez. Alberto will send it to him.

VRG asks if Alberto has seen the golden road that the PRI is giving. They should keep todays (copy) of "El Dia" because "we can use it for many years."

Some Dominican fridds are coming to visit VRG now. He will prepare some very good article.

6.0 Out to 46-66-93, 3 times. Busy. Complete. VRG with Sr. Deschamps (ph). D. has seen the matter of the (U.S.) marines. Yes. VRG is with some Dominican friends who want to give a press conference today at 1600. VRG asked for something like this - when the Guatemalan affair took place - VRG called Julio and Julio gave the matter to the Head of Information. Probably due to the civil war they have there (where Deschamps works). The Head of Information sent Carlos Jimenez who came drunk. This conference will take place at 1600 at the house of Dr. Marcio Mejia Ricart, Ave. Valerio Trujano 323, Apt. B-3, Colonia Florida. He does not have a phone. MO would like Lopez Azuara to go talk to them so they could publish something ahead of time in the "Extra." They are now with VRG. Perhaps MO can locate Lopez Azuara and have him phone VRG. VRG gives MO his phone.

6.0 contd.
MO can't locate Lopez Azuara until 1300. LA could go to same address around 1430. The Dominicans can go by "Excelsior." That would be fine. Call ~~MO~~ anyway at 1330. MO is Eduardo (Deschamps).

VRG would like to talk to Eduardo. E. is at home sick in bed. VRG can visit him. ED's address is Reforma 10-504. VRG will call before he goes by and will probably go today. VRG hopes that the "beast" (MO's wife) won't be there. No, she has gone to France. Then, there is no problem.

After 1100, 29 April

9.2 Out to 25-80-32. MI (Dominican probably) with WO, whom he calls "Chinita." MI identifies himself as Tobias (?). Did Ramon Grullo (ph) phone back again? (During wait, MMR tells VRG that the first act of Bosch's govt, and this is in his (Bosch's) book which was just published, and he asked this of President Kennedy - was to take away from Standard Oil Co. of New Jersey the oil refining company. That was the first obstacle he ran into to..)

6.5 Out to 35-61-97. Marcio Mejia Ricart asks MO, who answers "El Dia," for Hernandez Ramirez. Not in. And Muzquiz (or Muzquin)? Not there. Tell them about their press conference....

7.0 Out to 24-23-15 ~~22X18420~~. Marcio Mejia Ricart asks WO, who answers, for Dr.Bauer (??ph) or where they can locate him. At 20 de Noviembre Hospital. His wife is not there. He will come home around 1400 and then goes to ~~Saxxtaxxm~~ Laboratorio Midi (ph).

7.5 Out to 22-18-20. Marcio Mejia Ricart asks for Sr. Arnedo (ph). Won't bethere until in the afternoon.

7.7 In. MO asks Sra. Diener, who answers, for Casta (maid). Casta takes the phone...her boyfriend...about visiting her... where she is working...

After 1235, 29 April

8.5 In. MO with VRG, who answers. MO has sent VRG (his article on Santo Domingo). Did VRG say anything to Renato? Renato did not phone VRG yesterday. They will (their talk) until Saturday. They don't too much discussion. MO thinks they will all get together to collect (money). Can talk tomorrow then.

9.0 In. MO with VRG, who answers. MO tells VRG that he is at Teatro de la Paz arranging an performance of "Historia del Zoologico (?)." Can VRG wait a little more for him to get there. VRG says he is going out now. Can meet tomorrow at 1300 at "Siempre." All right.

9.2 In. Rojas with Inga (Rico), who answers, for VRG. Call back in 30 minutes. Will he be there a while? She thinks so. MO will come by then.

9.5 In. Miric with Inge (Rico), who answers, for VRG, who called him. He just went to corner and will be right back. Is Miric at home? Yes. She will have VRG phone him.

10.0 In. Sr. Suarez asks maid, who answers, for VRG. Will be back in 20 minutes.

10.5 In. MO asks VRG, who answers, for Sra. Rico. Sra. Rico takes the phone. Asks to speak with Casta. MO is her brother...Maid takes the phone...about bringing her clothes... Will go for it now...

11.0 Out to 31-06-06, twice. Busy.

11.5 In. Sr. Miric with VRG, who answers. VRG tells him about the press conference of Dominicans (exiles) at 1600...Miric knows Marcio Mejia Ricart. Will MMR give the press conference alone? No, there "are more serious persons" there (to talk).

11.5 contd.
Miric called VRG last night, about 3 times. From 2000 to 2300. They went out to dinner. Miric wanted VRG's opinion on what happened. VRG thinks this is normal. The disembarkation of the (U.S.) marines "is normal. It is within all the a calcuations, analyses of the reality. You understand that if they can bomb a Socialist country, logically in their backyard, they (U.S.) can do what they want." Will VRG go to conference? No. Miric would like to talk to VRG about 15 minutes. Come by VRG's before the conference. Miric has car problem. Or Miric can come by after the press conference. Thinks he will do that.

12.2 Out to 45-40-4-Incomplete.
Out to 45-40-04. VRG (v) asks WO, who answers, for Sr. Suarez. Who is calling? VRG says he has wrong number.

12.5 Out to 45-91-36. VRG with Pepita, who answers. Greetings. Asks if VRG knows where Luis is. No, VRG is calling him. Pepita is waiting for him. Luis called when VRG went to barber shop... She can have him phone VRG. VRG explains about the press conference of Dominican exiles and he should be interested in this...

13.5 In. Luis with VRG, who answers. A group of Dominican exiles came to see VRG - among them Marcio Mejia Ricart, Luis' friend. There are "more serious" people in this (than MMR). They are going to give a press conference today at 1600. Luis is interested. Luis saw VRG's article today in "El Dia" and Luis follows VRG's line (against U.S.). VRG is also writing an article for "Siempre." Gives Luis the address where conference will take place. VRG also called Doidov (ph) or Cuchevov (ph), but not there. Did not find Leonov in either. Left a message for them to call VRG. Because when the conference of Mary Brack (ph), they did not appear either. They came by VRG all one afternoon getting the declarations from VRG. Luis will also go. More than news, what they have is idea to understand the problem.
Has VRG read "Ultimas Noticias" today? No. All are declarations of things going on there "since they have don't been able to dominate (Bosch movement). They say it is a Communist sbuversion, Czech arms and there is an O.E.A. meeting. They don't mention Bosch." VRG is not surprised and would not be surprised if they did not get another Cuban crisis out of this same situation (another pretext, he means, to invade Cuba?). "Ultimas Noticias" only makes mention of Communism and Cuba. VRG says that since 1927 they (American) haven't landed in America. Very grave situation and precedent.
Does Luis have Marcio's phone? No. About where Valerio Trujano is located...

15.2 In. Leonov with VRG, who answers. Greetings. VRG says Leonov has a Catalan accent. VRG looked for TASS and PRAVDA correspondents. Thought they might be with Leonov...Explains about the press conference. They might be interested. Leonov just saw them. Gives details about where conference will be...These exiles may have information - to understand the problem. L. says it looks confusing now. VRG won't go. VRG is now working on this, and has already worked with them. VRG has been in Santo Domingo. Luis will also go. Miric will also go. Leonov will advise TASS and PRAVDA correspondents.

When can they have coffee? Tomorrow morning? Best in the afternoon. Call VRG around this same time tomorrow to arrange time. Fine

16.0 In. Luis with VRG, who answers. Asks if he knows about the conference of Dominicans...Of course, they occupied (his house) like the marines and VRG even helped them organize this conference. VRG is not going to conference.

Luis saw VRG's article. Yes, but they did not put on the signature. It is best that way. With a signature it would have been Luis' article. Without signature, it appears more editorial. Luis prefers it this way politically. This was just an error, since VRG talked to Alberto about this. It was an error in the shop. Luis is happier abot this. When Luis sends this to Puerto Rico is carries more weight this way. Luis asks if he charges for this. VRG thinks so, but will ask. Ask~~xx~~ with discretion. What most interested him was that it ~~x~~ came out. VRG will call MO on Saturday or Sunday so they can get together.

After 1440, 29 April

16.7 In. Luis with Inge (Rico), who answers, for VRG.

VRG takes phone. Greetings. Luis saw Noe a while ago. Noe will probably arrange Luis' matter. Good! Sent greetings to VRG. Asks if there is nothing new. No. Hasn't Efrain called VRG? No. Then, there is nothing to be done. Asks VRG to pick up tickets. Yes, he will do this tomorrow.

17.0 Out to 46-60-15. VRG ~~xxxxxxxx~~ with Jardon, who answers. Greetings. What is new in Santo Domingo? Quite a bit. Just a moment.

The last message they received came from San Juan, Puerto Rico. They have obtained complete control of City of Santo Domingo. In ~~xxxx~~the morning, they had heard that the insurgents had obtained control of all radio systems (stations) of the capital and started attack on base of San Isidro. France Presse told VRG about the attack of San Isidro. The last heard is that they are in control of Santo Domingo city. They have taken 4 tanks, destroyed another 2 in capital. They will see if they can take over San Isidro. That is the air base. And the (U.S.) marines? VRG heard a radio bulletin that they disembarked another 100 marines. They had said yesterday that, in case it were necessary, they would disembark 1,000 not 100 ~~xxx~~ marines. And reactions? Hasn't anyone protested? No, besides Cuba and USSR, no one. What did USSR say? Doesn't say. MO goes on that the total amount of men fighting for Bosch is 15,000 - civil and military men. The major part is civil because, apart from Camagno (ph) and Montes/ who refused to accept transaction, the rest of the officers backed out (of revolution)...

There is a quite well founded rumor that ~~xxxxxxxx~~ it is not remote that the marines, "are made to feel the need, to protect liberty and democracy, to intervene categorically and to find proofs of the Castro-Communist intervention. There is also speculation that there will be a change of 180° in the Latin American situation and that the O.A.S. meeting may not ~~xx~~ result as planned (to protest against intervention in Santo Domingo)." Jardon says this is possible. Did VRG notice yesterday in Johnson's message, at the end, "the disembarkation of marines will not only take place in Santo Domingo, but this (group) will be lent to citizens of other countries, some of which have already asked for "our" (U.S.) help." VRG says that he is referring to citizens of other countries living in Santo Domingo. Jardon disagrees, then says, yes, it can be interpreted in the ~~x~~ two ways. VRG asks Jardon to send a cable with this rumor. It can be true or false. Jardon will do so. He will include it in the message he sends out at 1800.

VRG asks Jardon to call him if anything important comes up. Yes.

17.0 contd.
Will Jardon have Fidel's speech on Sunday? He is sure he will, but thinks the complete text will be sent on Sudday. Should have it complete around 1800.

18.5 In. Sra. Rico with VRG, who answers. Greetings..VRG has been very busy with the Dominican affair. Some Dominican friends were at his house this morning and phoned a lot. Sra. R. says Bosch won't get in. She read it. The ~~XXx~~ last news is that they (insurgents) have taken the whole capital, Santo Domingo, and the Americans were disembarked. Bosch won't go. That is the agreement made but people did not accept this agreement and fighting has continued...

18.0 In. Edmundo (Jardon) with VRG, who answers. There is some news. The ~~Cha~~ Peruvian Chancellor criticized the disembarkation of U.S. marines, stating that this was grave blow to inter-American relations...Washington states that Mexico ~~xxxxxxx~~ criticized the disembarkation of U.S., troops, in the secret session celebrated today in O.E.A. Colombia, Chile, Venezuela and Costa Rica protested that this unilateral action, and requested legal measures so this action would be a combined action. VRG asks for the form in which Mexico criticized this action. Nothing specific in this message. Should have it later. The bombarding of San Isidro has started - an hour ago. Informex should have text of Mexico by now. It would be good to ask for it. Call him if there is anything new. VRG is writing up this for "Siempre."

19.0 In. Miric with VRG, who answers. The marines have entered action Yes. Two civils have been killed. Miric says there is a new element. ...60 marines around the Embassy. They have opened fire against U.S. Embassy. They tried to enter 4 or 5 Embassies. VRG thinks that these are pretexts (for U.S. action). Miric thinks so. But thinks are more grave. Miric says that there are at least 2 Communist groups and one Pro-Castro group, called the 14 de Junio. They don't know whether they are the ones directing the rebellion or whether they just joined it, but there is great insistence that these areCommunists, trained in Cuba and Czech. On ther otherw hand, the 6th float of Caribbean is lined along the Dominican coast and a carrier. The Dominican Amb. in Washington continues to insist that this is a Communist attempt to take over Santo Domingo. Does Miric know that this Amb. is not a Dominican? Bonilla Atiles is a U.S. citizen - legally.

Ambss of Mexico, Venezuela, Argentina, Costa Rica, and Colombia spoke in O.E.A. meeting - all protesting the intervention and that this is a violation of inter-American rights. Radio Habana only said that Mexico had censured this, VRGsays, but says O.E.A. is trying to cover the intervention. Yes, there is a petition to this effect by Venezuela, that O.E.A. should intervene. Does not say to legalize but means this. The Voice of America says that it is not true that insurgents are not in control the city, that the troops are trying to encircle some points which they hold in Santo Domingo and does not mention the attack of San Isidro. VRG says that UP says that - in cables from San Juan - that insurgents hold the city, attacked San Isidro, destroyed 2 tanks and took 4 tanks. There are marines [illegible] Supposedly defending Embassy and Americm property/ [illegible] U.S. citizens. There is a protest of Red Cross. Marines must be at

19.0 contd.
Hotel Ambassador. There is protest by U.S. Red Cross stating that there are at least 400 dead and about 1,200 wounded. The Americans are distributing milk, etc. Both heard this over Voice of U.S. VRG comments (ironically) that "they are very nice people" (buenas gen~~s~~tes). ~~There is~~ also a dedlaration of Dept. of Defense that since marines are there, this does not mean U.S. supports one or another side.

VRG asks if Miric has called...No, not yet. Not there yet. It is nearly 1900. Yes, but he goes to work at 1800.

"These young people" brought their bulletin and a copy for Miric. It is long but does not state anything - saying that it is not true that they are Communists, that this a country fighting against oppression. VRG says this is habitual rhetoric of Latin Americans. Keep it for Miric.

Call VRG if Miric finds out anything about Mexico's position or statements in this.

23.2 In. MO asks VRG, who answers, if they took the declarations by (of exiles). How was the conference? It took place during a terrible rain...Reporters from "Excelsior," "Novedades," and "El Dia." Had declarations all written out for President, Cardenas and PRI. Not really a conference, just a few commentaries. MO gave the men the addresses of press agencies which did not appear. They were going to deliver this declaration. VRG says these people are worthwhile. Declarations were good, according to MO.

VRG asks if MO knew that marines have started to kill people. Read in "Ultimas Noticias" that first exchange of fire took place - with 70 marines at the U.S. Embassy. MO just got xx home. Mexico also protested in O.E.A. meeting. Yes, and a lot of countries. Yes, but they wanted to make it a united effort. VRG has not heard the terms in whichxxx Mexico censured this action of U.S.

Has VRG written this yet? He is preparing material. Wants to write it for tomorrow. VRG says it would be best to give this to "Siempre" on Monday. VRG will phone Pajes tomorrow early. Pajes will arrive on the train around 0900 or 1000. Should be at office around 1100. Would like to hand in his article on Monday.

About San Isidro being attacked...There is no foreign correspondent in x Santo Domingo. All information is coming from San Juan. The ones sending out information are Dominican reporters and this is probably being censured. They found out about the marine disembarking through Washington. MO sent a cable in detail when he got home found a cable from Adrede (?) in Berlin - that he wanted info on disembarkation. MO sent info to Berlin.

They will talk tomorrow. MO is Luis (Spanish extraction).

23.5 In. Valentin Cucherov (ph) of TASS with VRG, who answers. It was shame he could not attend the press conference of Dominicans. Would like to see these men. Does VC have the address? Leonov gave it to him. Go to see Mejia Ricart there. VRG can give him the address. C. makes note of Mejia's name...address...He can go tomorrow morning to see Mejia Ricart. They have a bulletin written up and some copies of telegrams they have made up (sent). VC will go by there around 1200 or 1300. Call MR on his University xphone. MR is a research man at the University. Phone 48-63-60, xxxx 48-63-00, exts. 100, 432, 162.

Are there a lot of interesting things on this? Some. VC thinks this is

25.5 contd.
confusing situation in Dominican Republic. What does VRG thinks? It is complex (side-steps him). Dominican exiles were going to try the Embassy to find out where they could locate Valentin Cucherov.

When can they meet one another? When VC likes. Perhaps on Monday. Call VRG on Monday to arrange a time. Will phone Monday morning.

After 2120, 29 April

26.5 In. Miric (v) with VRG, who answers. Cucherov just phoned. He just found out about the press conference. Miric says that that correspondents of News Agencies he likes very much (ironic?). Cucherov asked VRG what he thought about the situation. VRG replied that he thought the situation was confusing.

They say that they (Bosch men) have 50,000 men ready to enter the fight. Continue to attack in mass San Isidro. Is this from Informex? Yes.

There is an official deddaration (of Mexico) essentially disapproving the marines. President is still very worried about situation in sister Republic and that the govt. thinks it is ~~shameful~~ very sad that U.S. took this action. It is only 20 or 30 lines. Doesn't it mention the O.E.A.? No, but the sense is the same, with an accent of a little more worry. There is news that the Mexican Embassy has also been attacked in Dominican Republic. Have attacked Salvadoran, Peruvian, Mexican, Ecuadoran and U.S. Embassies. VRG doubts this. Thinks these may have been provacateurs. Why would they attack~~s~~ the Embassies? The Mexican Amb. is in almost constant communication with Mexico - informing what is going on. And it is not sure yet that there are any victims among the U.S. citizens. But there has been further disembarkation. VRG thinks they will occupy the territory. This will be a repetition of 1916. Miric says it won't be the same exactly. No, it was then to form the empire and it is now to defend.

As to the O.E.A., things are not going well. There was a 5 hour meeting which did not resolve anything. VRG heard about this. They are back in meeting.

VRG is going to ask Pajes to let him turn his story in on Monday. Everything is too contradicaory yet.

Miric has taken his position and is now writing his story. Mirici would like to have text (of Fidel). Call Jardon. If VRG has any news, he will phone Miric.

28.5 Out to 45-60-15. VRG asks MO, who answers, for Jardon (or Pardon)
Jardon takesthe phone. Asks if he has the declaration of Mexico. Yes. Asks him to read it. Reads it - summarizing that President Diaz Ordaz has been fraternally and deeply worried about situation in Dominican Republic...that the Mexican Amb. has been in constant telephone contact with Dept. of Foreign Affairs here. Amb. is Lic. Ramon Ruiz Vasconcelos. Amb. has given refuge and asylum to Mexicans and Dominicans. Situation is confusing to norm Mexican conduct with their international principals, especially with respect to American problems. They can state that they deplore the blood being shed, as stated in the O.E.A., and sufferings of Dominican Republic and sorry that U.S. govt. has had to act in such a manner which reminds them of such sad memories of several countries in the hemisphere and hope that marine force occupation will be the shortest time as possible...that Dominican Republic can resolve their problems without any direct or indirect exterior influence. VRG thinks that it is quite good within what can be expected.

28.5 contd.
They are expecting another disembarkation of more marines. VRG has heard that this has already taken place. And also said that they (Bosch) have 50,000 armed civil people and attacking San Isidro. VRG thinks 50,000 is too much. It was said in Santo Domingo that there were 15,000 (pro-Bosch). MO thinks there is not enough arms. Yes, there is enough arms because the army of theirs is bestial.

30.7 Out to 31-06-06. Busy.

After 2130, 29 April

31.0 Out to 31-06-06, twice. Busy, complete. VRG with MO, who answers. MO is Miric.
VRG has the complete text (of Mexico) and summarizes this for Miric. Reads the text to Miric. (One of two - VRG takes good shorthand, recorded it or has received a written copy.) Miric says that this is a positive declaration. No other govt. has declared in this form. Also does not mention the O.E.A. but mentions that hopes that Dominican Republic can resolve its problems without indirect or direct influence (so don't approve of united attacked).
There is a report that a group of General Bening of 1,500 men [illegible] has changed to insurgents. All these items are very different points. Most of them are from San Juan. Bosch probably has the phone in his hand there and perhaps thinks are too optimistic. Miric says that the popular rebellion is winning. They, the marines, are supposed to be forming a cordon - for evacuating of Americans - so this must be several thousands. If this is to airport, the airport is 20 miles from city, the defense line must be quite long.

Reel off at RT 32.2, 2140, 29 April 1965

From 2140, 29 April (Thursday) to 0620, 30 April 1965

2.0 In. Emilio Cordero with Victor Rico Galan (VRG), who answers. EC talked to VRG this afternoon about the attempt(ed coup d'etat) of 8 May 1962. Yes. EC just got a cable..American intervention is covered by Agreement with the U.S. of 1962. That is the Treaty that EC showed VRG.

Did VRG give those persons a copy of bulletin? No, but he read it to them over the phone.

Did EC see that Mexico made a declaration? Yes, but not strong. It's essence is a help. Yes, but in comparison to the one made by De Leon (it is weak). Yes, but De Leon's attaches a proposal that O.E.A. joined (in united effort with U.S.) EC says that Uruguay's declaration is also very good. VRG has not seen it. EC saw it at UP. It was coming in on teletype.

Did VRG read the report? Yes, but it refers to a very special aspect. EC says it refers basically to the death of Trujillo and the counte coup. This is not very necessary to show in the case of Santo Domingo.

From 0620, 30 April (Friday) to 0700, 1 May 1965

After 0915, 30 April

Cocheli (ph) wants to talk to them (Dominicans) and is going to send some things to his newspaper in Italy. VRG does not have this phone at hand. When Cocheli phones VRG, VRG can give it to him.
Carlos (Cocheli) takes the phone. Carlos had a lot of things to talk to VRG. Yes, but he never calls. When can he see VRG today? VRG will be there at 1730. VRG is going out right now. VRG will be there between 1730 and 1800. Fine.

After 1900, 30 April

15.2 In. MO asks VRG, who answers, why he didn't submit his material. He is writing on Dominican affair and will turn it in on Monday. It would be stupid to write this without knowing what O.E.A. says. VRG told him (Pajes) he would turn it on Monday. He (Pajes) said no and if he did turn it in on Monday, it should only be one page. VRG will submit 10 cuartillas on Monday and they can publish this if they like. No one will work tomorrow

13.2 contd.
MO reads VRG Bosch's declarations - announced that the Fortaleza de Ozama, that is, the police! constituted a great victory!...manifested the fact that probably a few Communists are fighting for constitutional rights, but pointed out that these ~~x~~ forces were armed by the Army (?) and trained in the U.S. and not by the Communists. He assured that U.S. govt. and people that the forces were not being directed by "turbas" (Communists?). Bosch stated~~s~~ that it would be impossible to establish in the Dominican Republic a regime similar to the one in Cuba. He pointed out that had the Cubans done what the Dominicans are doing now, Fidel Castro would never have been converted into ...~~fmd~~ feudal lord (?) of the Cuban revolution... (MO comments - that this is terrible.) VRG asks what did MO expect from Bosch. Nothing from Bosch. He fell for some reason, MO says. VRG comments that least important thing is his stupidity, the worst part is his reactionary attitude.

Julian came by and wanted MO to go (somewhere), but MO told him (Julian) to tell this to Pajes so he would have some permission (to go). But didn't do anything...

MO suggests that VRG attack Bosch.

Pajes was in a bad mood. He did not even say hello to VRG. And turned his back on VRG when talking about Dominican Republic...VRG will write all necessary and Pajes can do what he likes.

After 1900, 30 April

16.7 In. Sra. Rico with VRG, who answers. About how everyone is... VRG fought with Pajes about turning his article in on Dominican Republic...

17.2 In. MO with VRG, who answers. The PRI Convention approved by acclamation a protest against Dominican affair. How good! They are supporting the govt's (President's) attitude. Does not mention U.S. but talks about beginnings of PRI, Juarez, etc. ~~xxxxx~~ It was read by Senator ~~M~~ Bolaños Cacho. PRI can't be indifferent to problems, a danger of Dominican Republic's losing its liberty, the internal problem can't be resolved by foreign influence nor armed forces which converts into a factor which is against the will of the country. It is quite well done. A good protest.

Dominican Amb. has resigned his post. Can't consent to the fact that his country has been invaded.

VRG has a lot of things or rather a package for doña Aurora (MO's wife). Will take it by.

VRG went by to see Cocheli. VRG told him (C.) that he did not need to talk to Dominican exiles, that VRG can give him a copy of what they said.

MO would like to give this news to Julian, but doesn't know where to call him.

18.0 In. Inge Rico (v) answers. Operator speaks but she does not hear.

After 2130, 30 April

18.2 In. Wrong number.
In, twice. No answer.
In, 5 times. No answer, complete. VRG (v) answers. Long distance is calling. Habana, Cuba is calling.

22.5 Call goes through. MO identifies himself as Niña. Greetings. MO will send VRG some books on Sunday. However, they want to talk to him about another matter, but one moment.

Sr. Undora (?ph) takes the phone. News there in Habana mention ....Santo Domingo...VRG says nothing is known about this. They have heard that there have been 1,000 killed. There is nothing on cease fire. The PRI protested against the invasion into Santo Domingo today. MO says that they called from Santo Domingo that the people called the Cubans to try to achieve Cease Fire...? VRG will try to phone "him" (?) now. They are sending out special transmission...(Connection poor) VRG will phone now and then call MO back.

23.2 Out to ~~BRX~~ 25-80-32. VRG asks WO, who answers, for Dr. Cordero.

Dr. Cordero takes the phone. Greetings. Habana just phoned and they are sending out a special transmission. They just received the news of Cease Fire and would like to know whether this is true or not. Asked VRG to call Santo Domingo to find out ~~th~~ whether it is true since they can't. Where can VRG call there? One moment. But give him a number of one that works (that is, a number of a Communist who will give them the picture)...Dr. C. suggests his wife's phone. Couldn't he give him another phone? No, does not have any phone there. Couldn't he let him know where VRG could locate Camagno. Dr. C's wife's phone is 9-66-02. And Tamagno (not Camagno)? Where could he be located? Or any other person who could give him a clear idea of the situation. Mejia would be a good person, but MO does not have his phone. Mejia phoned MO this morning. Doesn't anyone know his phone here? What is C's wife's name? Josefina de Cordero. Josefina Painado de Cordero. Would she know? Yes, she must know phone of Juan B. (Mejia) or the phone of Elsa Justo. VRG knows Elsa. Fine. Radio Habana called VRG and they are going to send out a special program. Would to check on Cease Fire. Bosch talked about this today. They have been working on this. An American Amb. has been dealing about this.

26.0 Out to 09. VRG with Long Distance. Requests a call to Santo Domingo. They have not had communication for 2 or 3 days. VRG says there has been constant communication there. He says he talked to Santo Domingo this afternoon. She checks and says it will be 3 or 4 weeks before there is communication. That is what the N.Y. operator says.

VRG asks to talk to Radio Habana in Cuba. With Orlando ~~XXXXXXXXXX~~ Fundora (not Undora). MO says Habana is calling VRG right now. Fine. Call goes through.

VRG with Fundora. VRG called and was told he could talk in 2 or 3 weeks. They can't call Santo Domingo....connection very bad... VRG can't hear...MO comes on line and explains that they can hear him in Habana. VRG repeats the matter of PRI. The PRI is having a National Assembly. They protested the invasion in Dominican Republic. About the call to Santo Domingo, it is via New York and the operator in N.Y. answered that communication has been suspended for 2 or 3 weeks. This is false because two friends of VRG, Dominicans, talked to people in Santo Domingo. VRG is going to call these friends to get them to call back. Then, VRG should report back in when he has news from Santo Domingo.

32.2 Out to 25-80-32. VRG asks WO, who answers, for Sr. Cordero.

Sr. Cordero takes the phone. VRG just talked to Habana. Was told he could not talk to Santo Domingo. Habana asked VRG to try to talk to Santo Domingo. If Cordero was able to talk to his wife, VRG

32.2 contd.
would like Cordero to call for him. C. has a call in. He placed his call last Saturday and they gave him his call yesterday. C. placed another call today and he was told they could put his call through on 4 May. There are thousands of calls. Habana has heard about Cease Fire and they want to prove whether this is true or not. Santo Domingo can call here easily. They could send a cable to C's wife and have her call. They could have Radio Habana broadcast for them to call Dr. Cordero here in Mexico. That is dangerous. Or they could say for Santo Domingo to call VRC. The easiest thing would be to send a cable. Yes, but this is very urgent. Could have Radio Habana ask Elsa to phone him. Or just say - anyone to call him. Juan B. could hear this. VRC will do this. MO will phone VRC tomorrow.

33.5 Out to 09, twice. VRG requests a long distance call to Habana, Cuba...reel runs out...

Reel off at RT 33.7, 0700, 30 April 1965

From 0700 to 2330, 1 May (Saturday) 1965

2.0 Out to 23-88-20. Sra. Diener asks Josefina (maid), who answers, if the young girl is up yet. Thinks no.
Out to 23-88-20. Busy.

2.2 In. Rosita with Sra. Diener, who answers. Sra. D. phoned Rosita. Asks if she has heard anything from young man (husband). Yes, he called last night. Had not phoned for a week but he had been in small towns and could not phone. Sra. D. said that phone rang a lot from 2330 to 0100 and she was somewhat worried...Max is Rosita's husband...

3.0 Out to 03. Time is 0940 (1 May).
After 1115, 1 May

3.2 Out to 13-91-27. Victor Rico Galan (VRG) with MO, who answers. Greetings...How did things go there (in Cuba)? Fine. VRG needs to see MO. Arrange to get together tomorrow afternoon. VRG will phone MO tomorrow to set time. May go by MO's. MO has been working with, apple polishing Madrazo. Alberto Domingo reprimanded MO and MO replied that this is just exactly what AD with Alvarez Amezquita.

4.5 Out to 03. Time is 1145, 1 May.

4.7 Out to 39-32-48. VRG asks for Sr. Luis Lizaldi. He does not live there. Will he go by there today? Not sure. If he goes by, what time would he come? Not sure. He may come but since his mother is not there (in town), he may not come.

5.0 Out to 45-40-04. Sra. Rico asks MO, who answers, for Sr. Has gone to market (with wife). Ask him to phone her at his brother's house.

5.2 In. Cordero with VRG, who answers. How did VRG arrange things last night? Nothing, VRG could not talk. C VRG cursed the N.Y. operator because she said that the press calls had preference when they originated in U.S. VRG could not talk to Radio Habana because Habana line went out. What did Juan B. say? Didn't C. says that Juan B. talk to Marcio? No, talked to Cordero. Juan B. Mejia, a member of the Party. VRG knows him. He said that the fight was continuing and wanted them to make a campaign of protest against what they are saying- that the Dominican movement is Communist, that they are attacking the Embassies, that there is absolute order in the capital, that is, within combat. They are not sacking house or attacking Embassies. He said there was more ~~xx~~ order there than in the Trujillo ~~x~~ rebellion. MO asked what control they had on the situation and he replied they had a lot.

Marcio talked to Bosch and will put Marcio on with VRG.

There was a Cease Fire, but they have not respected the Cease Fire of O.E.A. There has been combat with the U.S. troops. Who gave this out? UP cable. No, AP cable. There are some Americans dead. VRG says - How good! There are 3 dead, 24 wounded and 3 in coma. VRG says that one should say - as Cocholi said in an article - Blood has run. Yankee blood, but blood anyway.

14-00000

5.2 contd.
VRG asks if Juan B. did not mention about the ones who have left (the group)? No. MO asked for companions and Juan B. said there were a lot of disappeared. Two or three members of the Committee have disappeared. They may be dead or ~~xxxxxxxxxxxx~~ went to the hills (left or really went to the hills). The campaign of UP must be combatted. VRG will call Habana today. The civilian people are patrolling the streets. They are maintaining a order. There is combat, of course, but where there is no combat, everything is in order. The movement wants this campaign that they are using Czech arms to be clarified - that it is not true.

VRG and MO could get together tonight. Dominicans are having a meeting tonight around 2000. VRGand MO could get together a little before. About the matter MO took by to VRG. Yes, and other things which VRG wants to get MO help to establish. Then, about 1700? No, best at 1800. MO will come by at 1800 - with his friends. All right.

Marcio (Mejia Ricart) with VRG. What did Bosch say? Said there was complete calm and there was no doubt of control, that they were still ~~dxxxxxxing~~ distributing arms. MMR saw that Bosch was more interested in talking than 3 days ago when MMR talked to him. Bosch said that of the 30 tanks, there are ~~9~~ only 9 left. They (Bosch people) have 11 and 10 are out of combat. No one has published this, at least MMR has not seen this. Bosch said that yesterday morning they conquered Fortalez Isama where there were several hundreds of dead, but they had taken it, and there is a cable stating that everyone there was shot. They are still picking up political leaders in city. The National Polic has not come over to Bosch yet. The U.S. troops are now entering into action. Of course, if they disembarked in San Isidro, it was to enter into action. Bosch said that things are being arranged (between them and U.S.) but the conditions right now contain immediate evacuation of the (U.S.) troops.

7.5 Out to 09. VRG with long distance. VRG has a call to report in for Radio Habana, Cuba. The call is from Director or Sub-Director of Radio Habana.

8.0 Out to14-37-89, twice. No rings,complete. Marta Sinoves with maid, Consuelo, who answers. Children will have lunch there. Marta and Ramon will have lunch here and are at 23-07-7?. In case they call from theEmbassy or the Cuban woman who visited them last night.
After 1330, 1 May
8.2 Out to 43-40-04. Sra. Rico asks MO, who answers, for el Sr.
MO takes the phone. (MO is Fernando.) Greetings...about Anita's child...children...

10.0 In. Operator tells VRG they will put his call through in a moment.

In. Operator asks if VRG will be in because Sr. is not in. VRG will be at home.

10.5 In. Miric with Inge Rico, who answers. Greetings.
VRG takes the phone. Greetings. What is the news? The marines have entered into action. They have killed some (marines) which, VRG comments, is very good. About political aspect, the condition of Bosch is withdrawal of troops. They talked to Bosch yesterday and this was

10.5 contd.
his reply. He appears to be a little more radical than a few days ago, but "this is an observation of your friend, Marcio, which does not inspire much confidence in me. He taked to him (Bosch)." Miric has know him (Marcio Mejia Ricart) a year (and is not inspired much by MMR either).

Will VRG working this afternoon? No, VRG has to go out. They can talk in case there is any news. Before VRG goes out, VRG will call Miric. Fine.

11.0 In. Habana is calling VRG. Inge Rico (v) answers.
VRG takes the phone. Talks to Fundora. One of the National Directors of the Movimiento 14 de Junio called Mexico called Mexico. This is Juan B. Mejia. He said that it is very important that they point out that the calumnies being circulated are lies - that they are attacking embassies. There is absolute order in the city. The armed civilians are patrolling the streets. There is no sacking. They are still distributing arms, that they have absolute control of city and there are 2 or 3 points of enemy resistance. The police is holed up and has not surrended. They don't dare go out of their quarters either and it is now only a matter of time that they surrender. ...call is interrupted because VRG can't hear...VRG asks operator to check another line. There is only one. Line has apparently gone out (to Habana). Operator will call VRG back.

13.2 Out to 46-60-15. VRG with MO, who answers, for Jardon. Won't be in today. MO is Toñio. Radio Habana called VRG last night to see if VRG could talk to Santo Domingo. VRG got some direct information there. VRG did not talk directly, but indirectly. VRG was trying to give information to Habana, but line is bad and could only send a small part. Asks MO if he could send a message via N.Y., urgent, to Prensa Latina for Radio Habana. The only contact they have now is via Mexico. The teletype of Prensa Latina is out of order. They are calling MO's office so MO can send data via Dppt. of Communications. This is time consuming. It does go out today, but not right away. VRG will see if the line gets better. Will call MO later if he needs this way to send information. Habana needs this information urgently.

14.0 In. Operator tells Inge Rico (v) that Habana call is ready.
VRG takes the phone. Call goes through. About the 30 tanks Bossing had, 9 are out of combat, 10 are in the hands of Wessing and 11 in the hands of constitutionalists. There are series of Directors of 14 de Junio Movement that Juan B. Mejia states have disappeared, but there are a lot of people in the hills. Juan Mejia is in Santo Domingo but other Directors are not there..some of the others. Wessing retired to San Isidro but marines have entered into action and there are several dead. Marines have not respected Cease Fire. Have killed some constitutionalists, but also some marines have died. There is a Cease Fire of O.E.A, but has not been respected. VRG tells Fundora to underline the fact that there is complete order in Santo Domingo, that it is a lie that they have attacked Embassies and U.S. Embassy, that they are still distributing arms, that there are 2 or 3 points in city where they are still fighting, but rest of city in power of constitutionalists who are maintaining complete order...Bosch called

14.0 contd.
a Dominican here yesterday and he is insisting on immediate withdrawal of (U.S.) troops (for negotiations). Juan B. also said that it is not true that the Americans have taken in medicine, etc. Absolute lie. VRG will call F. when he knows more news.

After 1535, 1 May 1965

17.2 In. Charo (ph) (woman) with Inge (Rico), who answers. Greetings...about maids...Inge asks how Sandino is. Fine. WO says they were with the Cardoso last night and Lia (Cardoso) had said that Inge was going to call her. Inge got a second maid yesterday.
WO asks about Inge's visa. Nothing, has done nothing. Has her time limit run out? Inge is not sure. She has to go see about this. Perhaps it is possible in October.
Invites them tomorrow afternoon - around 1600 - to have coffee. Fine.

18.2 Out to 25-80-32. VRG asks WO, who answers, for Sr. Cordero. Not there.

18.5 In. Cordero with VRG, who answers. VRG has a family problem and has to go out. Leave their appt. for another day. VRG will call him. If Cordero hears anything, let VRG know. VRG has notified the other to Habana. There was a report that some parachute troops went in. Yes, but that was given out by news agencies. No, VRG is referring to direct calls. Cordero is going to call New York and also Washington tonight. If there is anything interesting, let VRG know. VRG will be at home tonight.

18.5 In. Josefina asks VRG, who answers, for Inge.
Inge Rico takes phone. Asks how things went in Cuba. Fine. They were there 2 weeks. About how J-sefina is...chidren...sickness...

19.2 In. Habana is calling VRG.
VRG comes to the phone. WO asks what is new. Nothing. There is a call to go through to Bosch tonight and another one for Santo Domingo, but VRG will call when he has something new. WO is Dinas. When will Fidel talk? Around 1900, Habana time. WO asks VRG to repeat what he said this morning so th can record it. VRG repeats again - about Juan B. Mejia's call from Santo Domingo....Mejia could not give details on who was in the hills, etc. Could not give names.

After 1755, 1 May

21.5 In. VRG with Inge, who answers. Asks if (something) has begun. One moment, she will see. No, they playing "Mozambique." That means that Fidel will begin (to speak).

Lina
23.0 In. ~~XXXXX~~with Inge Rico, who answers. Greetings...How was party? Fine. Inge rested. It would be good if they could get together Irina says they may go by there or if not, WO will come by tomorrow. Asks how Julian is. Fine. (Cubans...)

23.5 In. WO asks VRG, who answers, for maid, Casta.
Maid takes the phone. WO is Enriqueta...WO was in bed...about how she is...her boyfriend...

1 May 1965

After 2135, 1 May

23.7 Out to 25-80-32, WI (Cuban) asks WO, who answers for Sr. Cordero. Not there, then says one moment. But hangs up. WI holds phone.

24.0 Out to 25-80-32. WI asks WO, who answers, for Sr. Cordero. Not there. But he can be located at 39-07-51.

24.7 Out to 39-07-51. VRG asks WO, who answers, for Dr. Cordero. Emilio Cordero.

EC takes the phone. Did EC hear Fidel? Yes, VRG says they are in the center of history. How did he like it? Wonderful. The first two hours were dedicated to Dominican situation. He made a correct analysis of Dominican situation, who Bosch is, etc. And at the end, he gave out his philosophy.

VRG talked to Radio Habana twice. EC was just hearing over Radio Habana what Juan B. Mejia stated. And Habana had called Cordero, but there is no line now to Habana. In case EC talks to his wife or Marcio (Mejia Ricart) talks to Bosch, VRG would like to be there. MO thinks Marcio will talk to Bosch. Can VRG talk to him? Yes. And perhaps EC can inform VRG immediately about whatever EC's wife informs him - at whatever time it is. In case anyone calls EC, be it his wife, Juan B., or another member of the Party, he will let VRG know. In case he talks to Juan B., give him VRG's phone so they can phone VRG. Or give VRG's number to any other member (of Party) who calls because VRG is turning over information directly (to Habana). They are very interested.

Marcio Mejia Ricart takes the phone. MMR has not heard all Fidel's speech. Will MMR talk to Bosch? Yes, at 2230, in an hour. Will call from where he is. Could VRG go there so VRG could be there - so MMR can ask him a couple of questions. Fine. Where is MMR? He is at Zempoala 533, between Pilares and Cuicuilco. Explains where this is located. This is a house, not an apartment. VRG will go by there.

Reel off at RT 27.2, 2230, 1 May 1965

From 2230, 1 May (Saturday) to 0845, 2 Mary 1965

2.0 Out to 09. Victor Rico Galan (VRG) with long distance operator. VRG has been reporting in from the phone of a friend's house, but he is now at home. As soon as they have communication to Cuba, call him here. With Sr. Orlando Fundora or with Sr. Viñas, Radio Habana.

3.7 In, from long distance. They still don't have communication with Cuba. Will he continue to wait? Yes.

4.0 In, from long distance. Asks with whom VRG wants to talk to in Cuba? With Fundora or Viñas? Yes. VRG takes the phone. Says there is no one by the name of Fundora or Viñas inRadio Habana. Of course, they are the Director and Sub-Director of Radio Habana.

Finally gets through to Fundora. VRG says that they talked to Bosch last night - at 2330. VRG couldn't call him because line was out to Cuba. Bosch made sensational declarations. MO will record it.

They change phones. They asked Bosch what his opinion was of the O.E.A. Commission. VRG did not talk, but a Dominican friend talked to Bosch. However, theyrecorded the conversation. Bosch said some important things. This friend asked Bosch what he thought of OEA Commision. Bosch said that O.E.A. and nothing are the same thing. Who talked to Bosch. Marcio Mejia Ricart. They then asked Bosch if they the U.S. marines had occupied the city. He said they had and they had gotten as far as Avenida Mella, near downtown area, but that the armed civilions forced them back until Avenida Maximo Gomez, about 3-1/2 kilometers back. Ave. Maximo Gomez is what one might call their combat line since it is the zone where the U.S. Embassy is. So, they made them return to their original ~~pax~~ positions. This took place yesterday afternoon. But the most important thing - they asked Bosch what political solution Bosch saw. He answered "textually - 'It appears that in Washington they are thinking of converting Santo Domingo ina Fideicomiso.' Then he commented ironically, so "we get out of colonialism into independence." VRG says that this is of course very grave. As F. knows there are 2 or 3 left in the world - of Fideicomisos - in Southern Africa. This would be unprecedented case - that they convert an independent country into a country under Fideicomiso (Protectorates). When Mejia Ricart asked if they (U.S.) want to convert "us into a colony." Bosch replied that - Yes, into a colony but with 23,000 armed men. Civilians, of course. Bosch further said that "what the people had done was something extraodinary and that he had complete faither in the people." B. did not want to say anything to provoke the uprising of the people because he (Bosch) is out of the country "and from outside, this is a comfortable role. If I were inside I would take up the responsibilites."

VRG had to pay the call since Fundora did not call him. VRG will be ruined this, so Fundora should have a call always in for VRG.

VRG will let him know when he has anything new.

F. asks what the situation is inside Dominican Republic. There is nothing new. They are expecting a call from Dominican Republic today. VRG may have something in 2 hours. In this case, VRG will call. F. will then call VRG back at 2300, Habana time, or 2200, Mexico time. (Or 0900, 1000 hours).

From 0845 to 1250, 2 May (Sunday) 1965

13.2 In. MO asks maid, who answers, for VRG.

13.2 contd.
VRG takes the phone, but gets no reply.

13.2 In. Operator says that VRG talked 7 minutes to Cuba.

13.5 In. Operator asks Sra. Diener (v), who answers, for VRG. VRG takes the phone. Call goes through. Fundora asks if there is anything new. No, not yet, but expects to have something in about an hour - between 1130 and 1200. All right.

14.0 In. Cordero with VRG, who answers. VRG finally talked to Habana. Cordero talked to Juan Pedro Domingo and C. gave him VRG's phone. He will phone VRG. Fine. C. has the notes written down. Can read them to VRG. Call back in 5 minutes so VRG can have paper and pencil.

14.2 In. Cordero with VRG, who answers. C. tells VRG to put his recorder on to take note of what was said. VRG was doing that.

C. says: At 0915 Juan B. Mejia, member of Provisional Executive Central Committee of the Political Group 14 de Julio called Cordero from Santo Domingo and informed the following:

The Yankees are bombing and machine gunning the city. (VRG asks if they are bombing with airplanes. He did not tell C.) Could be artillery, perhaps naval. They have launched their tanks and marins against the people. A revolutionary order reigns in the entire city. Yesterday, 1 May, the Yankees opened some stores in the downtown and called the people to sack them. The people refused to do so. They then looked for prostitutes and filmed them sacking the stores. The interest is to show to international public opinion that chaos reigns in the country to be able to justify their open-faced and unjustified military intervention. That is, the people refused to enter into this propaganda because they had the cameras ready. They only got prostitutes and trash like that. They will publish this in the newspapers. The armed people are willing to resist the Yankee invasion and to conserve their sovereignty and independence. The struggle between the U.S. forces and constitutionalists has ceased. All the forces of people are concentrating in fighting the Yankee invader. There is a need to awaken the Mexican public opinion. MO wants VRG to help him in this. Of course. So, they (Mexicans) can send cables, etc. to United Nations for their tomorrow meeting on the Dominican Republic. They want pressure so that the United Nations and not the O.E.A. which combats the intervention. The combat with the Yankees is violent in different sectors of the city. The transmission sent out yesterday and today from Radio Habana mention him (Mejia) as member of the group did him a lot of damage. The reaction in Santo Domingo has been taken to point up and to be used as a Communist factor of their fight - as a result of the broadcast of Radio Habana. Mejia told C. that he was going to call VRG to clarify this with VRG because this is very delicate. VRG will communicate this right now to Radio Habana. Mejia further said: They should stop making such indications, like, Juan B. Mejia of 14 de Julio says...The Radio Habana said that this was an interview (of Mejia) with VRG. Another point - Should deny that they have a hideout in the mountains as informed by Radio Habana. This does a lot of damage. MO told Mejia about Bosch's conv - about the U.S. wanting Dominican Rep. in Fideicomiso

14.2 contd.
(Protectorate). Mejia said that they fight to the last man against this. Mejia will phone VRG. It is extremely important that Radio Habana deny that Mejia is involved in ~~this~~, as well as the name of the group (which is Communist). Can give this as source of someone inMexico. They should not mention names nor 14 de Julio nor Juan B. or anyone. This does a tremendous damage.

Didn't he say anything about the situation inside (country)? No, because their call was limited to 3 minutes.

Did Cordero see "Excelsior"? Yes. Did "that" come out? Yes, came out in headlines and has about 4 columns...reads it to VRG.. that is, the heading. VRGhas not received his paper yet.

VRG thinks they should wite up a bulletin for the newspapers. The Dominican exiles should sign it. In today's "El Dia," they give a lot of space to them (the exiles here who gave out declarations the other day). They mention all four. "El Dia" published about Bosch, a little mixed up by Marcio, but in general is good. Mentions their bulletin, etc.

VRG is going to call Habana right now. VRG will take the points off recorders and type them up and clarify them (about mentioning names) with Habana. VRG thinks that Mejia should write up a bulletin for newspapers - stating this is information received by relatives etc. over the phone. For Mexico press.

Mejia said that VRG can tell Habana that the only way the people in Dominican Republic now have a way of finding out about international situation is via Voice of America and Radio Habana. The enemies are using this propaganda of Radio Habana. They should deny about Mejia and about fighting outside. Fight is in the city. Don't mention the hills...

VRG is at home writing today. In case VRG has to go out, he will leave phone where he is. Mejia might phone VRG today at noon. Should have his recorder ready in case he calls. VRG has it ready. (MO is Emilio Cordero.)

17.0 In. WO with VRG, who answers..WO operator..inaudible...about his call to Habana (the price?).

17.2 In. WO asks VRG, who answers, for maid, Casta.
Casta takes the phone. WO is Santa...C. will get off today...

17.7 Out to 09. VRG with operator. Says he is reporting in for a call from Fundora of Radio Habana.

18.0 In. Person in Cuba is not in right now. They will call back a little later for VRG.

After 1050, 2 May

18.2 Out to 31-06-06. VRG with Jovan (Miric), who answers. VRG tells Miric about Mejia's call - gives him data...as noted in previous conv....The news given out by Radio Habana (VRG interjects his note) that there are guerrillas in the mountains is not true. This has been denied by 14 de July Group. Radio Habana said that one of the Directors of 14 de July Group talked to VRG and said this and 14 de July Group has denied this.

Miric asks about yesterday's speech (Fidel's speech). Supposes that he should call "Prensa Latina." VRGheard the speech. It was

18.2 contd.
very important, VRG says. Call Jardon for the speech.

About the matter of Bosch, which VRG gave Miric yesterday, it has been published today - textually by Deschamps.

How does VRG see things of O.E.A? Very grave. Did Miric read Chile's position? Yes. That is the correct one. They are proceeding as if there was no occupation. O.E.A. can discuss a lot, (but do nothing). O.E.A. is nothing, as Bosch says.

Call VRG in case Miric hears anything. Miric won't have anything as direct as VRG. Yes, but Miric has more time to listen to the Voice of U.S. Yes, Miric is listening. VRG has a call pending from Habana and is expecting a call from Santo Domingo. Habana is calling for info from VRG. Yes, but they should not do foolish things (mention things). The foolish thing was what VRG did - gave them the names. He gave these to them so they would know them, not to use them. They appear not to have heard Fidel's speech yesterday which was very clear on this.

About the fighting, attacks on U.S. Embassies, public protests, etc. - all public protests. Yes, but Johnson is still spitting on the floor and kicking, VRG says.

Miric is writing a commentary on the political implications, what this signifies in the Dominican Republic and all of America.

Miric says about the other source - the one above (U.S.) - start broadcasting after 1700.

When VRG hears from Dominica Republic, VRG will let Miric know.

22.2 Out to 03. Time is 1111, 2 May.

22.5 Out to 46-60-13. VRG with Edmundo, who answers. Asks if he has Fidel's speech. Yes. Could he send it to VRG? They are typing it now. It is long. When will he have it? Should take all morning and part of the afternoon.

Asks if MO is going to the meeting today. Yes. There is an urgent message from Dominican Republic...VRG gave Radio Habana some information - as he got it from Dominican Republic. However, they transmitted it with names and said that there were guerrillas of 14 de Junio group in the mountains. They said this is doing a lot of harm. Asks MO to send a cable that 14 de Junio Movement denied that there are guerrillas...Say that in enthusiasm this was a mistake. This is very urgent. Also advise Radio Habana to suspend all mention to 14 de Junio, of Juan B. Mejia and Victor Rico Galan. And to call MO.

23.2 In. Long distance operator with VRG who answers. Call goes through. VRG with Fundora, Juan B. Mejia called from Santo Domingo - called another Dominican here and asked them to suspend the transmissions mention of Mejia and Rico Galan. This is doing a lot of damage. Their line is the Constitutionalism and no mention should be made of 14 de Junio (Communist movement). Also 14 de Junio Movement officially denies that there are guerrillas. They have to deny this. Reaction s uses all these things to say that this a Castrist subversion. The ~~xxxSireax~~ people only get information from Radio Habana and ~~thruw~~ these things against them and name of Mejia is dynamite.

VRG gives the information give to him by Cordero to Fundora... as previously set out. MO can say that information came from a Constitutionalist Director to Dominican exiles in Mexico.

23.2 contd.
Juan B. Mejia is going to call VRG later and will give him further information on situation inside Dominican Republic. Calls are limited to 2minutes and this is why info is not complete.

Did MO hear the news that Mexico - Chancellor Carrillo Flores denied the fact that the Mexican Embassy had been attacked in Santo Domingo. MO should have this from Pensa Latina.

VRG will have more info later, but not sure when.
Asks if they hear Radio Habana well. Yes, they hear it well in Santo Domingo and that is the only information they have frm the outside.

Put a call in for VRG so VRG can report in when he has info.

26.7 In. Charo asks VRG, who answers, for Inge(bord) Rico. Asks how Sandino. Fine. They will see one another this afternoon. Sodi is going with Carlos. Fine. When they are with Carlos, Charo will also take her mother. The women can stay in the garden and men can chat. Fine.

27.2 In. ERG (v) answers too late.
After 1200, 2 May 1965
27.5 In. Sra. Rico with VRG, who answers. She called, but he did not get to phone in time...VRG has direct news from Santo Domingo. He tells her about their having called from Santo Domingo - reads what the U.S. is doing there...She says that he has a lot of important news. He said he did not sleep last night. There was a ~~speech~~ call last night from Bosch...It is published today in "Excelsior." VRG heard Fidel's speech. Sra. Rico did not hear it.

28.0 Out to 23-88-20. Sra. Diener (v) with WO, who answers. Asks for Sra. Rosa. Not there...

Reel off at RT 28.2, 1250, 2 May 1965

From 1350, 2 May (Sunday) to 0620, 3 May 1965

2.0 Out to 31-06-06. Victor Rico Galan (v -VRG) with Miric ~~XXXXXXX XXXXXXX~~, who answers. VRG is not clear about something. VRG heard Fidel's speech yesterday. VRG wants ~~XX~~ to know: "Mexico established that at the latest May 10, ~~XXXXX~~ asks the Commission to submit to the meeting(members) a report on the progress of its works, includings its conclusions and recommendations which it considers appropriate, at the latest of 10 May of 1965 and decides to celebrate a session of the meeting (?) the 11th (of May)." Was this the plan of resolution? In the plan that Sinovas read there is no date mentioned. VRG says Mexico's proposal is dated, but on the other hand, an AP cable from Washington stated that the O.E.A. suspended ~~XXXX~~ its sessions indefinitely tonight. What VRG wants to know is whether Mexico's proposal was approved? No, it was not approved. It was stated that it would be taken into account and their next session would be scheduled after the Commission submits its report. But if the time limits set by Mexico is not approved, the Commission can extend this and give its report in a year. Yes, in 5 years, if they want. VRG was not clear on this. Everything was left open. There is no time period or any limit on the decision. The decision was to send this Commission, w ich Miric comments is very strangely made of (the members are strange).. VRG says it is a group of gorillas. Yes. When they submit their report they will see (what happens).

VRG is now writing and wanted to ask Miric about this.

2.2 In. Rosa with VRG, who answers. Sra. (Diener) called Rosa.
Sra. Diener takes the phone. Sra. D. had planned to go by Club to see if Sra. Walther is there. Sra. Walther took the magazine by when Rosa was not at home....It does not matter...They must have gone to club...About sending a machine with Sra. (somewhere)....

2.7 In. Miric (v) withVRG, who answers. Miric just heard the newscast. M. says there are over 9.000 soldiers there (in Dominican Republic) now. Troops continue to disembark. The actions of the civilians is ~~XXXXXX~~ practically finished, that is, that is official text. These troops are supposed to protect the O.E.A. Commission. The U.S. troops have taken over all the combat lines of Wessin, to continue the fight.

3.7 In. WO, calling for Elizondo, asks Inge, who answers, for VRG. Inge asks if this was Caro calling? Yes. Aren't they going over there? VRG said he would go by there at noontime. Did not mention it. Will put VRG on.

VRG takes the phone. Says he can't go because he is waiting on ~~a~~ a call from Santo Domingo. Radio Habana pulled a real boner. They made VRG their correspondent in this mess (of Dominican Republic). VRG has been without sleep for 2 nights. Can't call through the U.S. since they don't put his call through - since it goes through New York, so VRG has to wait on calls from there. Not a boner, but good. Yes, it is good. VRG has to write the editorial and article today too. They will see tomorrow at the office of "Siempre." Fine. WO is Toño.

2 May 1963

4.2 In. MO with VRG, who answers. MO (very faint) with VRG, who answers. MO got a newspaper today from Cuba and there is a complete interview of VRG with Juan B. Mejia (as if he had). It is complete as VRG gave it to Radio Habana. Also a lot of other items. MO may be able to bring it by to VRG and leave it. It would be good since VRG has more news. It ~~wat~~ would be good if MO could come now. Will do. (MO isSinovas?).

4.7 In. Carlos with VRG, who answers. Greetings. Told Carlos to phone VRG on Sunday about that article. VRG has been calling long distace and not been sleeping - since Radio Habana has commissioned him for news on Dominican Republic. VRG is now waiting for an important call and VRG will have the complete info. VRG changed the idea of the article. What he can do is give Carlos a lot of data. He can come and will try not to take up too much of VRG's time. It is not important (his time). VRG is very interested in Carlos's publishing something on this (Dominican Republic) "there" (Italy?). Carlos wants to send his info tomorrow morning and have it come out day after tomorrow. VRG will call Carlos later on - when he has complete info. Will phone Carlos before 1900.

After 1450, 2 May

5.2 In. Irina with Ingebord Rico, who answers. Greetings... Asks if she can come by today. Yes. But come on time (for a class?). Fine.

5.5 In. Habana is calling VRG. Call goes through. MO (Pundora?) with VRG. MO is very faint. Asks if VRG has anything new. Nothing new yet. The last new was what he gave MO. ...MO is inaudible to monitor...VRG says - That is right. Don't mention Mejia nor 14 de June (not July). Everything is (done by) Constitutionalism. They should follow the lines as set out in Fidel's speech.

6.0 In. Marcio (Mejia Ricar~~d~~t) with VRG, who answers. They would like to come by for a moment since they have the bulletin for the press ready. Fine.

6.2 Out to 23-29-12. VRG with Juanito, who answers, for Sr. Carlos Cocholi (ph). Just went out. CC went by VRG's house - about 5 minutes ago. Should be there soon. Juanito is now in the Escuela de Teatro...gets out late. That is why they have not seen one another. ~~XXX~~ Will get together one night.

After 1700, 2 May

6.7 Out to 39-07-31. Ramon Emilio Colombo asks MO, who answers, for Sr. Anedo(?ph).

Sr. Anedo takes the phone. REC says that they are all at the house of VRG and asks if A. can come by. A. went by there and he did not see anyone or the car, then returned home. Will come by in 30 minutes because he has to go by the office (first). All right.

7.0 Out to 20-12-58. MI asks MO, who answers, for Sr. Riric. Thinks he is in Apt. 4. Hangs up.

7.2 Out to 31-06-06. Marcio Mejia Ricar~~d~~t with Riric, who answers. Asks Riric to come by VRG's house. Riric lives quite a

7.2 contd.
way from VRG and Miric uses the afternoon to write things. Mejia R. can give him the info on the phone. All right. The last time Miric talked to VRG was around 1130. Then, VRG gave him info on this morning's conv. Yes. Also Mejia R's talk yesterday with Bosch. Yes. Then, he has info. He can pick up their press communiqué at VRG's. It says about the same as VRG told him. Asks for Mejia's phone. Mejia does not have a home phone. The other day Miric could not locate Mejia's house. It is Valeriano Trujano 325. Explains where it is located.

8.2 Out to 25-06-46. Marcio Mejia Ricart asks WO, who answers, for K Kouckhorev (? Kouchorov - is way they pronounce it).

K. takes phone. Tells MO that he has a communique which is quite important (to K.). K. would like to see MMR. MMR will call K. later - when he has some free time - so they can get together. At what time? Moment.

Will call later. VRG is going out and MMR is leave VRG's. K. says he is going back home in about 30 minutes. He will be at home at 1800. Fine.

8.7 In. Miric with Inge (Rico), who answers. Greetings.

VRG takes the phone. They (Dominicans) left a communique, but it is the same thing that VRG gave Miric this morning. VRG sent them away because he has to do some writing. They (Dominicans) are making a call - especially to the Third World. It says: "We are calling desperately, in the name of the Dominican people, always willing to sacrifice, to all the peoples and lovers of peace in the world, to instruct their delegates in the United Nations to defend a sister country criminally aggravated. We call especially the non-alineated countries (countries not following U.S. lines) which have so many times have felt in their side the weight of the imperialist boot. We demand the fraternal support of the countries which create their own destiny under socialism - convinced that peace is for all and imperialism the common enemy. Imperialist aggression must be stopped in the agrieved Dominican people. It is signed by: Dr. Emilio Cordero Michel, Dr. Marcio Mejia Ricart, Ing. Leandro Guzman, Dr. Tobias Cabral Mejia and Ramon Emilio Colombo - in the name of the Dominican exiles in Mexico.

Has VRG had news from the North (U.S.)? No, has had people there. There is an evident effort, through the news they are emitting, to pacify Latin American. They are now speaking of naming a Provisional President. Also have said that Jose A. Mora has met with Wessin, after talking to rebel chiefs, to seek a formula, apparently they say, based on the proposals of the rebels. Miric comments that this is at least a confession (that they are in the right). Also it is said that an armistice, cease firing, has been achieved - between marines and rebels. They are trying to support the O.E.A. Commission. According to figures, all civilians have been evacuated. They are having a meeting this afternoon with their Ministers and Congress members. It was said that the meeting was not very urgent. Nothing was mentioned about the disembarkation of more marines and soldiers. And...ind. declared that the Dominican people should have opportunity to choose their destiny, political development, liberty, etc. Miric thinks this shows a aim to pacify Latin American.

8.7 contd.
VRG asks if there has been a declaration of the Mexican govt. today. Miric does not know, but will check. VRG has to go out right now and will check on this too late.
Marcio gave VRG some news, but VRG can't check it. The news is that the people of the O.E.A. (Commission) was surrounded by 250,000 people hollering (for rights). Yes, that came over the radio. This took place at the building where the Commission met with the Papal Nuncio. Fine.

23-02-41
11.0 Out to ~~25-06-46~~. MI with WO, who answers, for Sitio...for cab. XXXXX

11.5 In. Emilio Cordero with VRG, who answers. What is new? No. Did VRG call "our friends of last night." No, VRG did not call them. Which friends? The ones who went there last night. The correspondents? Yes. Marcio said he was going to take them that (communique). VRG called Miric, but had already given him ~~them~~ the information and also gave him the Call (for help). Miric said he would transmit this. EC heard Radio Habana and they transmitted the "other" correctly. They did not deny the other,
EC talked to Armedo. Said a friend of his called from Santo Domingo. They are looking for a provisional President. The Voice of U.S. stated this. They want a Provisional President to have someone with whom to talk. They talked to the Constitutionalist Directors and will now talk to Wessin - proposing the Constitutionalist conditions. Miric says that the Voice of U.S. is trying to calm the opinion of Latin American and Miric is a good observer. VRG thinks they (U.S.) will continue with occupation but they are trying to smooth things over. There should be no great change. Miric thinks there may be a big change but VRG says that MO knows how Yugoslavs think - they think that the words come out true. VRG thinks it may be possible for them to take (in) Bosch, but with occupation - to leave him tied up (by troops).
VRG says they (Here) don't have information on the world reaction (on Dominican Rep), but it must be very hard (against U.S.). VRG is going to call Jardon to find out what there is. Asks VRG to let him know. When he knows anything, will let him know.

46-00-1.
12.7 Out to 25-06-46. VRG with Yolanda, who answers "Prensa Latina." Asks what the world reaction is (on Dominican Republic). Especially on Latin America. Tell VRG the most important.
Not much today but there is quite a lot from yesterday. Did VRG get the bulletin? No. They did not distribute it, she then says. (Protests from) Cuba, Juventud de Cuba, Argentina...No manifestations or popular reactions? Moment.
Have not heard about bombs. Manifestations in ~~Guayana~~ Guiana, Chile, Buenos Aires. Call back later and she will ~~xx~~ give him more info. VRG is going to try to sleep a little and will see the bulletin tomorrow.

14.2 Out to 31-06-06. VRG with Miric, who answers. VRG has nothing Probably have call from there (Dominican Republic) tomorrow. Miric says there is nothing on official declaration (of Mexico). Still thinks (US) is trying to pacify world...There is a mission of a certain special delegates from Washington in south. Yes, VRG was told that Harriman went to Colombia. There are others out too. And apparently none came

14-00000

14.2 contd
to Mexico.

Does Miric ~~as~~ have anything (reaction) from Europe? Nothing press-wise, but M. has the impression that there is reaction - also with Vietnam, perhaps less British press. Miric listend a little to Moscow radio - in Spanish. Say a lot of silly things. Bring out a lot of Socialist Popular Party...silly things. That is most stupid policy. VRG says that Radio Habana committed the same error (by pointing out the Communist Party as being active). Pointed out 14 de June (Party; VRG gave them the complete info but thought they were to filter it. Had to call them today to tell them about this. The U.S. efforts to pacify public opinion in south (South America) and there is a contrast... They say that there are about 58 communists and give their names, origin etc. over the radio. One is a Spaniard, one is a correspondent of "Prensa Latina" there (in Dominican Republic)...but AP says that there are 18,000 armed (people) - military and civilians. They will see the results of the O.E.A. Commission. VRG says they have ~~infxxxxxxx~~ to foresee things a little. Miric points out with the visit of this Commission is really an approval of the intervention.

VRG is in bed. Has not slept in 48 hours. Will try to sleep. Has to write early tomorrow.

Miric will hand in about 10 pages of cable text. He is working on this. He is including in this the commentary which Miric mentioned today - on political situations, the results, etc.

When can they talk tomorrow? VRG wants to exchange impression with Miric. VRG is going to "Siempre" early. Miric has some "second order" things to resolve early tomorrow, butwon't take long.

16.5 Out to 39-07-31. VRG asks WO, who answers, for Dr. (Emilio) Cordero. Not there right now. Nothing urgent.

16.7 Out to 25-80-32. VRG with WO, who answers, for Dr. (Emilio) Cordero.

EC takes the phone. VRG says there is nothing on "Prensa Latina." They are beginning transmission and will have something later, but VRG is going to sleep now. Mostly because this call will probably come in early tomorrow.

VRG also talked to Miric again. He is going to send all his info out by cable (tonight) - 10 pages.

They will talk tomorrow. VRG says the Habana line is not working so can't pass any~~x~~ info that EC might give him (in case EC gets a call from Santo Domingo) until tomorrow.

BC takes the phone. Asks if EC has any news. No. No one phoned him. A friend of his was in contact with person in Santo Domingo - that Miraval's (?ph) were killed. It is said that the Commission does not know what to do. They are looking for Provisional President...But apparently the masses are demanding Bosch. They are still indecisive. There are now 14,000 men (armed) and VRG thinks there are more...(14,000 marines?). BC says they have ordered another 4,000 some odd (to enter). Bosch has given the insurrection as finished and that they should not fire against U.S. and that he (Bosch) did not think that U.S. had bad intentions. There are about 40 hurt among U.S. and about 4 or 5 dead...

6.2 In. MO, calling for Association of Students of Law School (of Natl. University), with VRG, who answers. They have set up some round tables (there) to explain the Caribbean situation to students. Would like to know if VRG could participate in this on Tuesday or Thursday of next week. All right, Tuesday of next week. MO will call VRG on Saturday to get exact time. Who will participate in these? They had planned VRG to participate with Alberto Domingo and with Enrique Soto Izquierdo. Fine. MO is Perales.

Fine. ...something about bulletins..VRG says no (did not get them). Go to see Jardon (for them). VRG will do so.

MO takes the phone. Greetings. MO says they are preparing to leave tomorrow. Would like to see VRG. VRG has a lot of work. Asks MO to come by. VRG does not have a car either. VRG has some cigars

10.0 contd.
for him. MO will eat and then go by. Will VRG be there? No, VRG has to go out. Will phone MO and try to get by MO's for 5 minutes.

10.2 In. Carmen with VRG, who answers. Carmen just left when VRG got there. Something uneppected came up and that is why he got there late. Asks her to phone him back because VRG still does not have news. He should have something around 1700. Will call him between 1700 and 1730.

10.7 Out to 25-80-32. VRG asks MO, who answers, for Dr. (Emilio) Cordero.

EC comes to the phone. Greetings. Is there any news? Nothing. No one has phoned. Juan B. has not called back. No. They only got 2 cables (? or sent 2 cables).

VRG thinks that it was a very intelligent thing to nominate Camagno as Provisional President. MO commented this last night with some friends (Dominicans) - mentioned that Camagno would be President. He is the only w one who can guarantee the U.S. although he has participated "with great nationalism." But he is a Friend (ind? - to U.S.). He is the only one who can guarantee a basis for the U.S. for negotiations. VRG xxxx agrees. And to resolve that situation (in Dominican Republic) which has world resonance.

There is one xxxx thing that EC does not like "about him" (Camagno) or "the father of his." VRG saw that. "That xxxxxxxx there are communists (there)...under his control." VRG of course does not like him because he is a military man. Yes, but he is only a Provisional President. Bosch does not say when he will return either. He should already be back there. (Wanted Bosch to come back and take over.) MO does not think that he (Camagno) will obtain their proposals. VRG does not think so either. Bosch' people may hand in arms voluntarily but the people of 14 (de Junio) and the E and CE - will have to kill them to take their arms away.

Radio Moscow was also saying a lot of silly things - in its Spanish transmission - that the "glorious PCP heads the xxxxxxxx Dominican masses". A lot of bull. MO says these are "comrades" but no PCP boys there... (That is - are 14 de Junio group). Radio Habana has corrected itself completely (about xxxxxx mentioning the communists heading this). Yes, and they even have a program for the Dominicans - news program.

Did VRG see "Time" magazine today? No. Buy it. It mentions 3 companions of the Committee of 14 de June. But not as members of the 14 de Junios group, but as Communist Directors - Jaime Duran, ...Johnson of the14th and...of the 14th...Then, it mentions Grubel, ah, Tomeija (ph). This one is member of PCP. Yes, VRG knows him. T. is one of the Directors. And Grubel also member of PCP who was also in Prague (??ind). VRG also knows him. There is a lot of news on Americans. Also has some photos. It is most reactionary....says some things - that they are sorry xx (that is, someone in Cuba) that the Cubans had crossed from Cuba in boats, etc...a lot of silly things... The pictures, however, are good. It says that there were 110 killed, but not true. VRG says that he is sorry it is not true.

EC is going to talk to Santo Domingo day after tomorrow on radio. MO is going to talk through a cousin of his (who also has short-wave radio)...Just have to know wave length, etc...

10.7 contd.

MO says that Santo Domingo has isolated. Miami refuses to put through calls from Santo Dominicans. They would not give VaG a call through either - that only U.S. press had preference. A Dominican wanted to call there yesterday and theytold him they were sorry, he heard Miami conv - that they could not put through any calls to Santo Domingo from Dominicans. This would be a good thing to inform Radio Habana...that they are not putting through calls.

Calls are coming ~~xxxxgx~~ through from Dominican Republic to Mexico. Amb.'s call also went through. MO thinks they can't call out unless they are known.

MO went by "Prensa Latina" to get press bulletins. Got the speech of ...(Castro). It is very good.

Dominican Amb. had said he would resign, but has not done so. Due to some "declarations published in 'La Extra'" is against U.S.... perhaps if he does not resign, theymight spread around that - in view of these declarations that this person is non-grata. It would be difficult. It can be done, but has to be handled correctly. When does MO think this can be done? When VaG wants. With his declaration. VaG is now going to write his column for "Diario de Mexico" - 20 Lineas. Could do this there. MOcan read the declaration to VaG. Moment.

Came out "La Extra," 2 May, Sunday, Amb. Dr. Jose Fernandez Camineros declared the following in relation to Wessin and Wessin - Referred military man is very popular among the people due to the fact that he is anti-Trujillista, the same consideration is hold by the leaders of the political parties such as PCP (of Bosch) and Partido Liberal Revolucionista. Wessin y Wessin was distinguished in 14 June 1959 during the massacre of the ...and (Paporgan). He even has a condecoration given to him by Trujillo called "La Orden de Constanza..." for his brillian military service during these 3 invasions. (So, this a.o.b. says that he is anti-Trujillista.)

VaG says Luis Suarez is going to Dominican Republic. "Siempre" is sending LS and Moya, a photographer. VaG thinks it would be good to hit this sob (the Amb.) tomorrow so they won't deny them their visa. As VaG thinks best. MO would like to see LS before he leaves. VaG is not sure they will go since there is apparently no way to get there. They could go via Kingstown. There are flights to Kingstown, but from Jamaica, one ~~xxx~~ would have to go in boat. He can rent a small plane in Jamaica for $200 or $300 dollars. They (this group here) had even thought about going this way. VaG will tell Luis about this. Before he goes, he will have to get names of contacts (from MO). Fine.

14.9 Out to 45-91-36. VaG asks WO, who answers, for Luis Suarez. Not there. WO is Pepita. LS was just left. Will he go (to Dominican Republic) or not? Not sure. Did he get the visa? They are doing this now. Tell him to call VaG. VaG has to explain how to get there since there are no normal flights.

15.2 Out to 45-91-36. VaG asks WO, who answers, for Ing. Elisondo. Not back yet.

15.5 Out to 29-22-12. MI, Luis Lisalde (ph), asks WO, who answers, for Ing. Elizondo.

Ing. Elizondo takes phone. Greetings. Did MI get "that"? Yes

15.5 contd.
Luis went to "International". Lic. Casco (ph) took very good care of him. And MO will go to see the apartments...
Puts on VRG with Elizondo. Asks what happened to what he asked E. to do. E. could not see "him." This is something very urgent. MO will see about this. Elizondo will call Monterrey to see if there is a friend who could pass something. No, one loaned from there. No, that is not possible. E. will arrange it if the can.
When will they see one another? VRG wants to go to say hello to Robles Martinez. Elizondo will tell him. Makes note of VRG's phone to let him know.

16.0 In. Miric with VRG, who answers. Greetings. VRG is tired... Is VRG members of Mexican Press Club? No, he is member of the Association of Newspapermen - of Mexican. There is a dinner tonight at club. Yes, but VRG can't go.
Is VRG is contact with Marcio and others? Yes, but there is nothing new. Yugoslavian Govt. made a declaration today - condemning the intervention and supporting Bosch's democratic movement. Miric got this on telephone conv...They also congratulated Miric on what he sent in. That this also helped a lot for them to form an attitud The text has been transmitted Tranjuc, but they did not pick it up today May sent it via Informex. In case VRG talks to Dominican exiles, tell them.
They will get together tomorrow.

WO takes the phone. Asks MO to pay the ticket he owes LL. Where can LL get two beds- very cheap...factories...have to see about this...

18.0 In. MO with Inge Rico, who answers. Greetings.
VRG takes the phone. VRG explains how he should get from Kingstown. There are flights...MO (Luis Suarez) is at Tourist Agency... If there are no flights, rent a private airplane...VRG has to go out right now. Couldn't VRG go by his house? Yes, but later tonight. About hotel there - Stay at Emperador. Everything is expensive in Santo Domingo. VRG will phone MO later.
Emilio wants to see Luis. Luis should ~~g~~ talk to him. Luis is going home now.
About the tickets for raffle...he ~~sells~~ has sold (these). LS wants to talk to VRG and thinks it is not necessary to talk to anyone else. Since VRG has been in Dominican Rep. he can give LS info.

19.2 Out to 23-80-32. VRG asks WO, who answers, for Dr. Cordero.
Emilio Cordero takes the phone. Luis Suarez does not want to see Cordero. Did not say why - but VRG thinks he is afraid. VRG thinks he is not interested in contacts. VRG thinks he is going to try

19.2 contd.
to see Camagno. Doesn't want to get mixed up in much. VRG is going to try to get him interested (in seeing Cordero's contacts). Will visit Cordero. C's address is Ixtlaccihuatl 6-204. VRG will visit Cordero around 2030. VRG will get the data and then visit Suarez to give them to him. E. C. will make up a list with addresses. Fine, give him all he can.

After 1910, 4 May

20.5 Out to 25-80-32, twice. Busy, complete. VRG asks for Dr. Cordero.

Emilio Cordero takes the phone. VRG has had a problem come up. Has to wait here at home. Won't have time. VRG will go to see photographer whom VRG trusts more (in leftist). Would like EC to come by VRG's house. VRG expects to have a car later on and could EC back home.

21.2 In. Emilio Cordero with VRG, who answers. ~~XXE~~ EC can't go to see VRG because EC has to go to Gobernacion. An Inspector came byand asked EC to go with him - that Sr. Ochoa wanted to see him. Will send this (list) with a friend, but VRG should bring him back, so get a taxi.

21.5 Out to ~~XXXXXXX~~ 24-74-33. VRG asks MO, who answers, for Capt. Tarasona (ph).

Miric thinks this is going to be a long-term think. Will O.E.A. approve the force there? Yes, Miric says, they have the majority of votes. Since Dominican Republic does not vote...Nothing can be done. VRG thinks that the Dominicans are handling things well. Miric thinks that this Cease Fire is dangerous. Things quiet down ..a coup d'etat can take place....
Miric is going to be very busy with CEPAL meeting taking place starting tomorrow. Miric will be out nearly all day. They have inauguration tomorrow at Seguro Social and plenary sessions will take place in theater of Banco de Ahorro Nacional on Reforma. One can get accredited to go into sessions. If he is not accredited, can get materials. Perhaps Miric can inform him where this is tomorrow. Where will VRG be at noontime tomorrow? At home. 10.2 In. Silvio (?) asks maid, who answers, for VRG. Not in. Should be in around 1430 or 1500.

10.5 In. Gabriel Pereira (ph) asks maid, who answers, for VRG. Not there.

10.7 In. Miric with VRG, who answers. Miric could not call VRG. Miric had an appt. at 1300 with his source of the Presidency's office. It was said - by people covering this souce -that (Mexico) was going to break with O.E.A. But this did not come off. VRG hopes that there will be some declaration along these lines today. It is no longer possible. Carrillo Flores said before in Central America - talking about CEPAL, and he (CF) was once member of the Commission of Mexico in United Nations, etc. - but does VRG know what President say? No. The speech was written 48 hours ago. Miric has the text. On the 8th page of the 16 page speech, it says: CEPAL has a specific task: examine the economic problems of Latin American in light of the great postulations of the Letter of United Nations. It is, therefore, not a political conference however, the gravity of the events in the last weeks in the Dominican Republic imposes on me

10.7 contd.
the duty of alluding to these. The Mexican Govt. is united in the conviction that the Dominicans and only the Dominicans are the ones to decide on their form of govt and in general on their future - without any intefference. (With these words there was a tremendous applause.) Direct or indirect, open or hidden (interference) from outside.

VRG says it is good. But ~~what~~ why is Carrillo Flores and de la Colin have been acting like s.o.b.'s. Miric says Carrillo Flores arrived quite some time before the ~~xxx~~ ceremony began and someone asked what is going to be done. And CF said that the position of Mexico is well-known and firm, and if necessary, there will be an amplification (in sense of declaration). Miric expects something tonight. VRG thinks the only thing to do is to break with the O.E.A. Yes, but President says in his speech - expresses the confidence of Mexico that the present..be overcome and right re-affirmed. But where? He expesse the most fervent desire that the ~~xxxxxxx~~ peace return to the Dominican Republic. Miric says, further, that the colleagues who cover this souce (the Presidency) that something will come out today. VRG is expecting a declaration. Pajes asked VRG for his article, but VRG is expecting something. Should be something before 2100.

Miric asks about Pajes - about Victor Alba referred to in the issue...VRG has not seen it. DidVRG see an article in "Excelsior" a few days ago - against Yugoslavia. Yes. This is the same thing. Miric does not understand why Pajes did the same thing, accept this. Of Pedro Pages, the Spaniard. The article was probably already in when the other article was published in "Excelsior," because that man writes 20,000 articles. Don't say anything to Pages, but Miric does not understand for what this reason is...

Perhaps they can get together tomorrow.

Miric got official declaration of his country, but it was very mutilated by radio from Tanyuc to Informes. Couldn't be used. However, they express their moral support (for Dominican Republic). VRG says this should be expressed in United Nations. Asks if VRG gave this info to the boys (Dominican exiles). Yes.

Miric will leave very early tomorrow...will be busy with CEPAL for next few days...VRG will write his article in the morning and turn it in. M. will phone VRG at "Siempre" around noontime.

13.0 Out to 240-03-71, 5 times. Busy, complete. VRG with MO, who answers, for Rodrigo Asturias.

RA takes the phone. RA is sorry he did not see VRG yesterday morning...VRG asks for the phone number of Trejo. 28-33-47.

13.7 Out to 28-53-47. VRG asks MO, who answers, for Luis Trejo.

LT takes the phone. Greetings. LT said he had "it" ready for tomorrow. Does he know who is calling? Of course. Can VRG come by here ~~xxxxxxxx~~ today? Yes. MO had planned to see VRG tomorrow. MO was with Rodrigo yesterday. VRG expects Luis as soon as possible. It is very urgent. Will try to get there as soon as possible - get there in 45 minutes. VRG hopes it will be even sooner.

14.2 In. MO asks maid, who answers, for VRG.

VRG takes the phone. Asks where MO is. At Marcue's house. VRG needs to see MO - with some urgency. Anselmo will have to go to fix "that." Can MO advise him tomorrow? Yes. Anselmo lives a

14.2 contd.
long way off so will advise him tomorrow. All right. That is what VRG needed.

Has VRG seen Roberto? No. MO has not been able to locate him "in that place or his other place." Yes, he goes out sometimes.

Did VRG pick up the tickets? No, VRG will pick them up tomorrow. Alberto did not have them (with him) today.

15.0 In. MO with VRG, who answers. (VRG recognizes MO's voices.) MO asks what is new. Nothing. VRG has lost contact there(Dominican Republic). One can't phone there unless in U.S. Can't they talk with Bosch in San Juan? Yes, but "these people" have not been able to talk to him. MO was phoning about the installation of Caamaño since AP lost the info. MO was trying to locate them (to get info).

How is MO's health? Fine. Much better. When will they talk? When VRG likes. Who is covering CEPAL? A lot of people. VRG says they are expecting a declaration from (Mexican) govt. for tonight - there is a rumor that it will break with O.E.A. VRG thinks it is too beautiful to be true. MO thinks it is possible - at least have it as a rumor. Handle it as an inside rumor so as not to have exterior reactions. The President's declaration in CEPAL was good, but it is late.

When will they see one another? VRG says it is hard this week. Could see one another next Monday. MO will phone VRG at noontime on Monday.

MO says that VRG should advise MO any good contact. Yes. They will publish it.

16.0 In. Marcio (Mejia Ricart) with VRG, who answers. Greetings. VRG is busy writing against the Yankees.

MMR talked to Caamaño yesterday. MMR has some news, but the most of them can't be published. Caamaño is also going to call MMR today at 1700. Asks to borrow VRG's recorder so they can record this conv. Sr. Armedo (ph) could come by for it. Of course. If VRG wants to ask any question, let MMR know. What is MMR going to ask? Caamaño is going to phone MMR because - according to what "we talked about yesterday, he will designate probably Emilio Cordero here and me (MMR) as Amb. in the United Nations. Moreover, the things they have pending that they want us to do here." Doesn't MMR have anything which is not published? They would have to talk because MMR has not read the newspapers. Doesn't know what has been published. MMR should say what Caamaño said and VRG will see. MMR will tell VRG everything after he talks to C. the second time. VRG is going out now. Or VRG could go over there (when conv is to take place). VRG has to go out. It should be in a few minutes. Where will it take place. [illegible] Heriberto Frias 1421, apt. 10. VRG will go by there. MMR offers to pick him up - since they are going for recorder. Fine. Will be there in 5 minutes.

17.0 In. Irina with VRG, who answers, for Inge (Rico).

IR takes the phone. Greetings...Irina had to go out... can go another day to see about dresses...children...Can see one another today...

17.5 Out to 46-66-93. VRG with Deschamps, who answers. VRG says

17.2 contd.
they are going to talk to Caamaño today. Apparently ~~they~~ he (Caamaño) named Mejia Ricart as Amb. in United Nations and another one of boys (exiles) as Amb. here. Will talk at 1700. It would be good at for Deschamps to go there. VRG can't go there. They are at Heriberto Frias 1421-10. They took VRG's recorder. Deschamps should go there. If he misses the call, they should have it recorded anyway. They just pick up VRG's recorder.

After 1710, 6 May

18.0 In. Emilio (Cordero) with Inge Rico, who answers, for VRG. Not there. Asks Emilio to leave his phone. He is at 24-07-15. Cordero is there with Marcio (Mejia Ricart).

18.5 In. MO with Inge Rico, who answers, for VRG. Not there. MO wants an editorial from VRG about the President's speech before the CEPAL. VRG will be home around 2200. He is out now. He said he was going out to dinner.

After 1910, 6 May

19.0 In. Pablo with Inge Rico, who answers. Greetings... Pablo has Rheumatic Fever. Isn't Pablo in bed? No. Pablo can't move his right arm...VRG is not there. VRG is very busy with Dominican affair. IR invites them to ~~Bxxx~~ come over at Friday. MO had planned to take out his wife, Lupe, since it was anniversary but also has to go to dentist. Best some other day...If they are at home, and there is no dental problem, they can get together for dinner...

20.0 In. MO asks Inge Rico, who answers, for VRG. Not in. Should be home around 2200.

20.2 In. VRG with Inge Rico, who answers. They (exiles) still have not gotten the long distance. VRG is there waiting on this man and will return "there" in a little bit. Does IR know where? Yes, VRG was there. It is the house of Jose Luis. VRG had the address but he did not have the phone. Didn't Jose Luis phone him? No. IR thinks it was Jose Luis who just phoned. Did VRG just get "there"? Yes. Ask them there if Jose Luis called. No. Besides VRG has an appt. now. VRG left there (exiles) and will return there. Will he be home late? Not sure - when ~~he~~ they get call. He will come home right away to call Habana.

20.7 In. Sr. Leonov with Inge Rico, who answers, for VRG. Not there. Leonov wanted to postponed an appt. with VRG. He will be home late today. Call him tomorrow between 0900 and 1000. VRG may be at home all morning since he has to write. Will go to "Siempre" around noontime. Leonov will phone back tomorrow morning.

21.0 In. VRG with IR, who answers. "This stupid man has not come. Hasn't he come by there?" No. It is now 2020. "He" has not phoned either. Leonov phoned VRG. Leonov said something about having an appt. with VRG. VRG does not know about. L. will phone back tomorrow Marcue called saying he wanted an editorial on President's speech this morning. VRG will wait there another 10 minutes (for man to appear at the meeting).

21.5 In. Miric with Inge Rico, who answers, for VRG. He is out. He will probably have news when he comes home and she will have him phone Miric if it is early.

22.0 In. Miric with Inge Rico, who answers. VRG is not back. VRG is at house of Jose Luis Gonzalez. They are waiting on call from there (Dominican Republic). Miric has had an official communication on this matter and would like to tell VRG. What is the phone where VRG is? Moment.

He is at 24-07-15. Thanks.

22.2 Out to 31-06-06. VRG with Jovan (Miric), who answers. VRG says they were waiting on call from Casamaño, but did not go through. Will be tomorrow. Apparently will name Marcio Mejia Ricart as Amb. in United Nations. VRG did not think it a good. Miric says it is all right for the state they are in. Another man were will be named Amb. in Mexico. Miric comments says that they must make this movement.

Miric has the communique. Deschamps gave it to VRG. The most important part is point out that Harriman is lying. Miric says that "what this man is doing, he is influential, no? ...follows a cause and is doing some foolish things." Does VRG know what happened in China? No. Thousands and thousands against - after Buenos Aires day before yesterday. Miric also has (~~[illegible]~~)(declaration) of the Permanent Commission of Congress - approving the censure of govt. VRG saw it.

What is VRG's idea of panorama? VRG thinks they won't leave. Miric agrees - that this is long-time affair (U.S. occupation).

Miric saw the (inauguration) of Casamaño. He has personality. Is only 33 years old. Does Miric know that Casamaño told Marcio (Mejia) yesterday that he had 50,000 more rifles. Yes, Miric sent in this notice yesterday. They are in the North. They are still in revolution. This is just a breather.

Perhaps can get together tomorrow. Miric has to go out early tomorrow. Could have lunch together - near CEPAL meeting. CEPAL is under the ~~[illegible]~~ shade of Dominican affair. VRG can get all material on speeches. But nothing is important on their decisions... everything is under shade (of this affair). Miric will follow the speeches. Can meet near "Siempre." Can eat at Oreo (?ph). Miric has not been there for years. Can meet there. Best later than 1200. Miric will pick VRG up at "Siempre" at 1300. Fine.

VRG will have to ask cashier (if they will pay JLG for his article). VRG will go today and will ask (at "Siempre"). Will VRG be at "Siempre" tomorrow? Yes. The news of today is that "we are willing to resist until the end, more or less the same information" MMR had already given VRG. VRG talked to the Minister of Interior, Ejoti 77 Curi (ph). VRG says "he" made some "stupendous declarations," came out in "El Dia." MMR has not seen them. But Emilio told MMR that they were wonderful. VRG thought they were very good. MMR comments that the last time he (MMR) saw him, he (MMR) hit him because he was Viru's man...like Caamaño or even worse. But he is improving. MMR talked to him and he was very cordial. He told MMR that they are working on the letter of credentials, that he thought that the nomination (of MMR as Amb. in U.N.) was certain, but they have not been able to arrange this definitely yet due to MMR's political problem. He is working on this, but still lacks the last approval. Things have to be prepared. If VRG wants, he can go to MMR's at 1900 (to hear conv) and bring his recorder. Fine.

5.0 In. Marcio Mejia Ricart (v) with VRG, who answers. MMR forgot to tell VRG - Due to "my last call, they cancelled the Amb. (of ~~Mmxx~~ Mexico. Emilio's (Cordero's) matter (nomination) is being worked on. It would be good to work on this...find out if they have received the telegram. They have sent a telegram to substitute the (Dominican) Amb. here. It would be interesting to find out about this - perhaps through "Excelsior." VRG will find out if Deschamps can do this and call MMR.

VRG saw this, but was not impressed. Has VRG seen Gonzalo? XXX Of course. Recently? Yes. Where can MO locate him? Phone him at 24-88-84. Yes, but the phone does not answer. Yes, they do, that is his house. When will they see one another? When MO likes. Can have coffee together tomorrow? Call VRG tomorrow around 1000 at home (to arrange this). Fine.

1. LIFEAT COVERAGE RICO GALAN FROM 0625 6 MAY TO 0620 7 MAY

A. JOVAN MIRIC AND RICO: MIRIC SAYS HE HAD APPOINTMENT AT 1700 WITH HIS SOURCE IN OFFICE OF THE PRESIDENCY. IT WAS RUMORED THERE THAT MEXICO WAS GOING TO BREAK WITH OAS, BUT THIS DID NOT HAPPEN. RICO EXPRESSES HOPE THERE WILL BE DECLARATION ALONG THESE LINES TODAY. MIRIC SAYS THIS NO LONGER POSSIBLE. HE HAS COPY OF TEXT OF PRESIDENT'S SPEECH WHICH WAS WRITTEN 48 HOURS AGO. HE QUOTES "MEXICAN GOVT IS UNITED IN THE CONVICTION THAT DOMINICANS AND ONLY DOMINICANS ARE ONES TO DECIDE THEIR FORM OF GOVT AND THEIR FUTURE". RICO SAYS GOOD, BUT WHY ARE CARRILLO FLORES AND DE LA COLIN (PRESUMABLY RAFAEL DE LA COLINA, MEXICAN AMBASSADOR TO OAS) ACTING LIKE S.O.B.'S? RICO THINKS THE ONLY THING TO DO IS BREAK WITH OAS. MIRIC ADVISES HE WILL BE BUSY WITH CEPAL NEXT FEW DAYS.

B. RICO AND RODRIGO ASTURIAS (PRESUMABLY THE GUATEMALAN STUDENT LEADER): LATTER EXPRESSES REGRET HE DID NOT SEE RICO YESTERDAY. RICO REQUESTS PHONE NUMBER OF LUIS TREJO ESQUIVEL, WHOM HE LATER CALLS. TREJO SAYS HE HAS "IT" READY FOR TOMORROW, THAT HE WAS

WITH RODRIGO YESTERDAY. RICO SAYS VERY URGENT HE SEE TREJO ASAP.

C. UNIDENTIFIED CALLER AND RICO: RICO SAYS HAS LOST CONTACT WITH DOMINICAN REPUBLIC; ONE CAN'T PHONE THERE UNLESS IN U.S. CALLER ASKS CAN'T THEY TALK WITH BOSCH IN SAN JUAN. RICO REPLIES YES BUT "THESE PEOPLE" HAVE NOT BEEN ABLE TO TALK TO HIM. CALLER INQUIRED ABOUT INSTALLATION OF CAAMANO SINCE AP LOST THE INFO. RICO STATES IS EXPECTING DECLARATION FROM GOVT TONIGHT; MENTIONS RUMOR OF BREAK WITH OAS; THINKS IT IS TOO BEAUTIFUL BE TRUE. CALLER THINKS IT POSSIBLE. AT LEAST TO HANDLE IT AS INSIDE RUMOR SO AS NOT TO HAVE EXTERIOR REACTIONS. ADDS THAT THE PRESIDENT'S DECLARATION IN CEPAL WAS GOOD BUT TOO LATE. CALLER WILL PHONE RICO NOONTIME MONDAY (10TH).

D. MARCIO MEJIA RICART AND RICO: RICO SAYS IS BUSY WRITING AGAINST THE YANKEES. MEJIA SAYS HE TALKED TO CAAMANO YESTERDAY, THAT HE (MEJIA) HAS SOME NEWS BUT MOST OF IT CANNOT BE PUBLISHED. CAAMANO TO CALL MEJIA AGAIN ON 6 MAY AND MEJIA OFFERS TO PUT FORWARD ANY QUESTIONS RICO WANTS TO ASK. MEJIA SAYS PURPOSE OF CAAMANO CALL IS PROBABLY "TO DESIGNATE EMILIO CORDERO HERE AND ME AS AMBASSADOR IN THE U.N. MOREOVER THE THINGS WHICH THEY HAVE PENDING THAT THEY WANT US TO DO HERE". MEJIA PROMISES TO TELL RICO EVERYTHING AFTER

HE HAS TALKED WITH CAAMANO A SECOND TIME.

E. RICO AND DESCHAMPS (PRESUMABLY EDUARDO DESCHAMPS, WRITER FOR EXCELSIOR, ON WHOM STATION HAS SOME DEROG INFO INCLUDING LIHUFF REPORT THAT HE COMMUNIST): RICO ADVISES DESCHAMPS THEY GOING TALK TO CAAMANO LATER IN DAY, AND SUGGESTS DESCHAMPS BE PRESENT WHEN CALL IS MADE.

(201-[illegible])

F. LEONOV (PRESUMABLY NIKOLAY) CALLS FOR RICO AND LEAVES MESSAGE THAT HE WANTS TO POSTPONE APPOINTMENT. WILL CALL AGAIN TOMORROW MORNING.

G. MIRIC TO RICO: IS INFORMED THAT RICO IS AT HOUSE OF JOSE LUIS GONZALEZ, THAT THEY WAITING ON CALL FROM D.R. MIRIC SAYS HE HAS HAD OFFICIAL COMMUNICATION "ON THIS MATTER" AND WOULD LIKE TO TELL RICO.

H. RICO AND MIRIC: RICO SAYS THEY ARE WAITING ON CALL FROM CAAMANO BUT IT DID NOT GO THROUGH; WILL BE TOMORROW. MIRIC SAYS APPARENTLY CAAMANO WILL NAME MEJIA AS AMB TO UN. RICO DOES NOT THI[illegible] GOOD. MIRIC SAYS IS ALL RIGHT FOR THE STATE THEY ARE IN. MIRIC HAS THE COMMUNIQUE. DESCHAMPS GAVE IT TO RICO. THE MOST IMPORTANT PART IS TO POINT OUT THAT HARRIMAN IS LYING. MIRIC SAYS "WHAT THIS MAN IS DOING ...FOLLOWS A CAUSE AND IS DOING SOME FOOLISH THINGS.

DO YOU KNOW WHAT HAPPEND IN CHINA. THOUSANDS AND THOUSANDS AGAINST - AFTER BUENOS AIRES DAY BEFORE YESTERDAY." MIRIC ALSO HAS (DECLARATION) OF THE PERMANENT COMMISSION OF CONGRESS APPROVING THE CENSURE OF GOVT. BOTH RICO AND MIRIC AGREE THAT "THIS" (U.S. OCCUPATION) IS A LONG TIME AFFAIR. MIRIC SAW THE (INAUGURATION) OF CAAMANO. THINKS HE HAS PERSONALITY. RICO ASKS MIRIC IF HE KNOWS THAT CAAMANO TOLD MEJIA YESTERDAY THAT HE HAD 52,000 MORE RIFLES. MIRIC SAYS YES, THAT HE SENT IN THIS [illegible] YESTERDAY.

"THEY ARE IN THE NORTH, THEY ARE STILL IN REVOLUTION, THIS IS JUST A BREATHER". MIRIC SAYS CEPAL IS UNDER THE SHADE OF THE DOMINICAN AFFAIR, THAT NOTHING IN THEIR DECISIONS IS IMPOR[illegible].

LEY DE NACIONALIDAD Y NATURALIZACION, publicada en el "Diario Oficial" de 20 de enero de 1934.

"ART. 17.- Por conducto del Juez, el interesado elevará una solicitud a la Secretaría de Relaciones Exteriores pidiendo su carta de naturalización y renunciando expresamente a su nacionalidad de origen, así como a toda sumisión, obediencia y fidelidad a cualquier gobierno extranjero, especialmente a aquel de quien el solicitante haya sido súbdito; y a toda protección extraña a las leyes y autoridades de México y a todo derecho que los Tratados o la ley internacional concedan a los extranjeros; protestando, además, adhesión, obediencia y sumisión a las leyes y autoridades de la República. Estas renuncias y protestas serán ratificadas en la presencia del Juez, en el caso de naturalización ordinaria.

Cuando se demuestre que el extranjero, al hacer las renuncias y protestas a que este artículo se refiere, lo ha hecho con reservas mentales, en forma fraudulenta o sin la verdadera intención definitiva y permanente de quedar obligado por ellas, quedará sujeto a todas las sanciones legales que esta misma ley o cualquiera otra disposición impongan o puedan imponer en el futuro".

HOWEVER, ON 25 FEB, DURING MEETING OF SECURITY CHIEFS WITH PERALTA, ESLOGIC-1 AGAIN RAISED QUESTION AND RECEIVED PERMISSION FROM PERALTA TO SURFACE STORY THROUGH RAFAEL ESCOBAR ARGUELLO, SECRETARY OF INFORMATION OF GOG. STORY SHOULD APPEAR IN NEXT FEW DAYS.

2. 1. FOLLOWING ARE ADDITIONAL TOPICS TAKEN UP WITH LIRAMA BY LIELEGANT AND CURTIS ON NIGHT 19 FEBRUARY.

A. LIRAMA VOLUNTEERED THAT HE HAD CANCELLED THE PEMEX CONTRACT WHICH PASCUAL GUTIERREZ ROLDAN (FORMER DIRECTOR OF PEMEX) HAD SIGNED WITH THE SOVIETS. THIS CONTRACT WAS FOR EQUIPMENT AND TECHNICAL ASSISTANCE. LIRAMA SAID THE TURBO-DRILLS WHICH HAD ALREADY ARRIVED (HE THOUGHT THREE IN NUMBER) WOULD BE THE ONLY PART OF THE CONTRACT ALLOWED.

B. LIELEGANT GAVE LIRAMA A BRIEF MEMO ON THE FONDO DE CULTURA ECONOMICA AND ITS DIRECTOR ARNALDO ORFILA REYNAL. THIS DISCUSSED BRIEFLY BY DAINOLD AND LIELEGANT ON 2 FEB. MEMO PREPARED BY STATION, TRANSLATED BY LIENVOYS. LIRAMA SAID THIS A "REAL COINCIDENCE" SINCE SOME SIX WEEKS AGO HE HAD ASKED ANTONIO ORTIZ MENA, MINISTRY OF TREASURY, TO GET RID OF ORFILA REYNAL AS DIRECTOR OF FCE "SINCE ORFILA IS A COMMUNIST".

HE ASKED LIELEGANT TO INCULDE ORFILA REYNAL ON HIS STUDY OF "DENATURALIZATION POSSIBILITIES" AND SAID IF DENATURALIZED ORFILA REYNAL WOULD BE "RETURNED TO HIS NATIVE ARGENTINA". HE HAD ASKED THAT SALVADOR AZUELA (WHO FAVORABLY KNOWN OF BY STATION) BE PUT IN AS DIRECTOR OF FCE. HE ADDED THAT NOW, HOWEVER, PEOPLE WOULD THINK ORFILA REYNAL FIRED BECAUSE FCE PUBLISHED "THE CHILDREN OF SANCHEZ" BY OSCARR LEWIS WHICH HAS CREATED GREAT DEAL ADVERSE MEXICAN COMMENT.

C. CONCERNING THE NEWSPAPER EXCELEIOR (WHICH LIELEGANT RAISED) LIRAMA SAID HE DID NOT BELIEVE THE FIGHT WAS BETWEEN PRO AND ANTI COMMUNISTS. HE SAID THERE WERE SOME "TOO FAR RIGHT" INCLUDING ONE OR TWO MEMBERS OF "LOS TECOS" RIGHT WING CATHOLIC GROUP. HE BELIEVED THE FIGHT FOR CONTROL OF EXCELSIORS WOULD COME OUT ALL RIGHT.

D. LIRAMA THEN MENTIONED THAT MANUEL ESPINOSA IGLESIAS AND GABRIEL ALARCON, WHO FOUNDING "EL HERALDO" NEW MEXICAN DAIL/OF "RIGHT", HAVE CLAIMED THEY HAVE LIRAMA BACKING. HE SAID HE HAD BEEN ADVISED BUT WAS NOT INVOLVED. HE DESCRIBED ALARCON AS "CONTRABANDISTA" AND GANGSTER".

E. SECURITY PROCEDURES IN LIRAMA OFFICE DISCUSSED BRIEFLY.

VICTOR RICO GALAN (201-336474)

1. DPOB: 6 February 1928; El Ferrol, Spain. Subject, Spanish by birth, became a Mexican citizen by naturalisation on 15 March 1949.

2. CIVIL STATUS: Subject is married to Ingeborg DIENER de Rico.

3. ADDRESS: Providencia 930, Mexico City, D. F. Telephone number as of September 1964: 23 07 92. This phone is registered in the name of his mother-in-law, Tilli PICHLER viuda de Diener, whose address is also Providencia 930.

4.) OCCUPATION: Writer for Siempre and Politica magazines in Mexico City; both are effective Communist-lining magazines and have large circulation.

5) PHOTOGRAPH: Available in Subject's 201 file (date of photograph October 1963 ~~[illegible]~~).

6) POLITICAL AFFILIATIONS AND INCLINATIONS: As of 1962 Subject was the head of the National Press and Propaganda Committee of the National Liberation Movement (MLN) in Mexico City, a rabidly anti-U.S. and pro-Castro organization. Subject is close to Fidel Castro and company, and is ~~[illegible]~~ considered as a Cuban "agent" (degree of Cuban control unknown). ~~[illegible]~~ Subject was a founding member of the MLN. In an article in Siempre in March 1963 he advocated the foundation of a new political party reflecting the ideology of General Lazaro Cardenas, leftist former President of Mexico. This would have provided, in his belief, the Mexican left a political organization truly responsive to the radical tendencies of the 1910 revolution. This was necessary because the MLN, whose membership covers the spectrum of Mexican Communist Party to PRI, could not take open political stands without antagonizing some of the membership. The new party would have represented a "third position", socialism in internal affairs and independence of any bloc in international affairs. With a party such as this as its political action arm, the MLN would have developed naturally into a broad national movement such the FRAP in Chile. (Some specious reasoning here).

7) ~~5.~~ **TRAVEL:**

A) To Cuba:

1) July 1962 ; return date unknown
2) 2 October 1962; returned Mexico December 1962
3) 25 May 1963; returned Mexico 22 June 1963
4) 28 January 1964; returned Mexico 25 February 1964

B) Other:

2) Arrived Tegucigalpa 11 October 1963; left 13 October 1963

5) Arrived Panama City 20 October 1963; left 22 October 1963

11) Arrived La Paz 17 December 1963; left 20 December 1963
12) Arrived Lima 20 December 1963
13) Departed Merida 8 January 1964
14) Arrived Santo Domingo 8 January 1964 (via Kingston); left 15 January 1964 for Mexico City (via Kingston)

Ingeborg Diener de RICO Galan, Subject's wife, traveled from Mexico to Cuba in November 1962. Subject was ~~[illegible]~~ at that time in Cuba ~~[illegible]~~

8.) ~~10.~~ **PASSPORT:** [redacted], Subject formerly carried [redacted] "xican passport number 57115, with Cuban courtesy visas. On 9 September 1963 Subject was issued Mexican passport number 56341 (or 53641).

9.) ~~11.~~ **ACTIVITIES:** The reason for the October 1962 trip to Cuba was ostensibly to gather material for a political biography of Fidel Castro. The May/June 1963 trip was to interview Fidel Castro after his return from the Soviet Union. [redacted] Subject claimed that he had spent eight days with Fidel during that visit, five of those aboard ship.

On 24 October 1963 HYSAGE-1 in Panama City reported that Subject had received an operational assignment from Castro (during the May/June 1963 visit to Habana) on which to travel through Central and South America. His [redacted] mission was to persuade leftist parties to immediately begin acts of sabotage and violence, and to try to maintain these in order to take pressure off Venezuela. Subject was also instructed to bring about better unity among competing leftist factions to ensure greater impact for their work. Subject did, in fact, contact many Communist Party and leftist leaders during his Central and South America travel during the period [redacted] October 1963 - January 1964. [redacted] From the (fragmentary) reporting on subject from October 1963 through January 1964 it appears that he did discuss the question of leftist unity.

10. In October 1964 the Guatemalan authorities captured a number of tape recordings from the guerrillas in opezations subsequent to a guerrilla attack on a garrison in Panzos, Alta Verapaz. Included in those tapes was one made by RICO Galan for delivery to the guerrillas. It consists mainly of an exhortation for unity (among the PGT and the 13 November group) and counsel against letting doctrine replace action. The tape clearly reveals RICO to be at once a very intellectual leftist who also has his feet planted quite firmly on the ground. His approach is pragmatic, not theoretical. The text of the tape indicates that it was made sometime after February and before mid-October 1964.

11. There is little at hand to indicate what manner of man is RICO Galan. His 201 file reflects facts but not impressions. He apparently is known personally by LICOOKY-1 and LITAMIL-9 in Mexico City, and these two sources should be queried.

1. WE ARE STILL MOST DESIROUS OF EXPLOITING RICO GALAN TAPE. DESPITE MEXI PBSWING OBJECTIONS TO SURFACING IN MEXICO, WE BELIEVE THAT THIS IS GOLDEN OPPORTUNITY TO START BURNING RICO AND THEREFORE URGE GUAT STATION TO MAKE STRONG APPROACH TO GUAT GOVT TO SURFACE LOCALLY. PERHAPS ESPILL ONE OR EVEN PERALTA IF NECESSARY WOULD BE BETTER CHANNEL FOR THIS THAN MINCOV SERRANO. SINCE GUATS RAISED SUBJECT OF TAPE DURING RECENT MINISTERS MEETINGS, THEY PRESUMABLY WOULD BE AMENABLE NOW TO LOCAL SURFACING.

2. ONCE SURFACING ACCOMPLISHED GUAT, WE WILL BE IN POSITION TO EFFECTIVELY EXPLOIT NOT ONLY TAPE ITSELF BUT ALSO OTHER KNOWN INFO ON RICO GALAN ACTIVITIES THROUGHOUT HEMISPHERE ON BEHALF CASTRO REGIME.

MEMORANDUM FOR: Deputy Director for Plans

SUBJECT : Briefing of Reader's Digest Reporter

1. The Mexico City Station has been requested by the Press Office of the Embassy to assist in briefing Mr. Robert Struthers, a roving reporter of the Reader's Digest, who is preparing an article on Cuban/Communist subversion in Latin America and who has expressed displeasure that the Embassy has been unable to provide any briefing on Communist activities in Mexico and Central America.

2. Mexico City Station and WH Division feel that particularly since the Spanish edition of the Reader's Digest has a circulation of over two and one-half million copies, this is an excellent avenue for the otherwise planned surfacing of abundant information (including the existence of a tape recorded speech to Guatemalan guerrillas, recently captured) on Victor RICO Galan, an active Cuban agent and a regular contributor of the weekly leftist magazine, SIEMPRE.

3. A briefing on the activities of Victor RICO Galan and a replay of the tape has already been given officially in Guatemala during the January meeting of the Security Ministers of Central America. No press play has yet been made.

4. CA/Propaganda defers to you for a policy decision. There are no RI traces on Mr. Robert Struthers. Struthers is favorably known to Mr. Paul Chretien's office which has personality and professional data on him.

5. WH Division recommends that you release the attached cable.

months here. On completing the training course, most of them will work on laying the transmission line or erecting [illegible] stations.

In an interview to the Cairo Al-Akhbar the Minister for the Aswan High Dam, Sidki Solimon, has named four gains which the Aswan project has already brought the country.

The filling of the reservoir has begun, and it now contains over 5,000 million cubic metres of water. By the end of the year this amount will be doubled. This enables new irrigation to be undertaken.

The danger of flood disasters has been permanently removed. Last year showed that the dam can control even the highest Nile waters.

The old Aswan power plant, 4 miles below the High Dam, now operates without seasonal fluctuations.

Valuable forces have been trained on the project; people have been taught skill and responsibility. Many who got their schooling on the High Dam are now doing a good job elsewhere.

Back in Cairo from Aswan, I went to the Ministry of Irrigation to find out just how the water made available by the High Dam will be used. Over the five years beginning with 1965, [illegible] the area [illegible] will be expanded by [illegible] feddans [illegible] making [illegible] feddans of new land by 1970. In addition, [illegible] feddans are going to get perennial [illegible] of the present more productive [illegible] that they will produce [illegible] a year.

Seeing that the total cultivated area of the U.A.R. is only something over 6 million feddans, Aswan's tremendous importance for Egypt's agriculture stands out very clearly. And while the present construction project will take another five years to complete, the [illegible] will already harvest this summer the first crop from new lands.

SEBASTIAN KANELL

With Guatemala's Guerilla Fighters

"HERE'S a rifle and bullets for you. You'll need them if we encounter the enemy. We probably won't; we're following secret trails known to us alone and, anyway, the soldiers rarely come up into the mountains. Still, you've got to be ready for battle at any moment. Your life depends on it now. Our rule is every man has to be able to defend himself. That means he has to have a rifle...."

Those were the first words I heard from a patrol of the Edgar Ibarra guerilla detachment. That was at six o'clock of a November morning last year. To meet the patrol my guide and I had climbed all night up a [illegible] path, to the top of the first foothills of the Sierra de las Minas mountains. My guide also considered himself a guerilla. He is a member of one of the [illegible] functioning in many of the populated places in the hills. I met him at an appointed place and from there [illegible] to the rendezvous with the guerillas.

We reached the place ahead of time and met the guerillas only a few minutes later. I learned afterwards that the patrol had arrived earlier and had been watching to make certain that nobody was following us.

The patrol consisted of five men. There were a worker, two peasants and a student under the command of a young man who only yesterday had also still been a student. Despite his youth he has already proven himself a staunch revolutionary. All were well outfitted and well armed: tommy guns, rifles, full cartridge belts, pistols, hand grenades—a "gift" of the enemy, as the guerillas call their trophies. Looking at their weather-beaten, emaciated faces I could see that their life in the mountains must be pretty rugged.

After a cold breakfast—no fire was made for safety's sake—my guide started back for the village and we went on to join the detachment. It was a three-days' march. We climbed up and down dozens of hills and steep peaks, blazed a trail through virgin forest, giant trees fifty metres tall and two or three metres in [illegible] I'd seen before only in [illegible]. We even saw a quetzal, the mountain bird that is the symbol of our freedom and which cannot survive in captivity. We waded across swirling mountain streams, some of them coffee-coloured because of the rotting trees along their banks.

We kept to a strict regime on the way. Rising with the sun, we folded up our hammocks, put our kits in order, breakfasted and began our trek. At noon we stopped for dinner and then marched on until five or six in the evening, leaving time to choose a camping place, hang up our hammocks and make a meal before dark. Suppers were our time for

27 Jan. 1965

[illegible] [illegible] about the detachment, [illegible] situation in the country, memories of "civilian" life, of families and friends. We reached the detachment's camping grounds towards evening of the third day. That day we had a hot meal. It was my first "guerilla" dinner —soup, roast squirrel (very tasty, I must say) and, of course, coffee. I spent several days with the guerillas, learning to know these brave patriots, their habits, aspirations, ideals and plans.

• • •

The commander of the detachment—for understandable reasons I omit his name—is a 23-year-old officer, who after graduating from the Military Academy, attended a Yankee-run "anti-guerilla warfare" training centre. His patriotic feelings moved him to go over to the side of the people and devote himself heart and soul to the struggle for their interests. Before joining the guerillas he was one of the leaders of the Alejandro de Leon November 13th Movement (so named in honour of an armed uprising in November 1960 of a group of democratically-minded officers against the venal Ydigoras Fuentes government; the uprising was suppressed and Alejandro de Leon, one of the insurgent officers who continued the struggle, was later killed by secret police agents). The detachment commander, a tall, [illegible] very energetic and kindly-looking [illegible], is well loved and respected both by his comrades-in-arms and by the people of the nearby villages. The "[illegible]" [illegible]—the venal military police agents—hate him intensely.

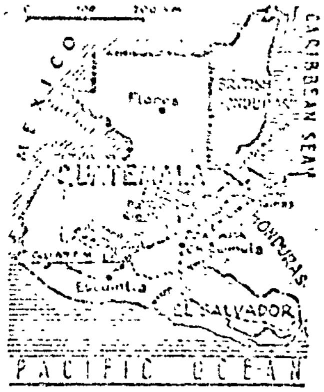
It is more than a year now that the detachment has been in the mountains. Its members come from various parts of the country: from the capital, from Escuintla and other cities, from the Verapaz, Santa Rosa, Zacapa and Izabal provinces. They are workers and peasants, students, craftsmen and small traders—men of different intellectual levels (some only learned to read and write in the detachment), different walks of life, occupations and political views and different religious faiths. Their ages range from 21 to 50. But whether Catholic or Protestant, Communist or non-Party, all of them are united in an ardent desire to rid the country of its age-old backwardness and foreign monopoly domination.

The detachment has taken the name of Edgar Ibarra, a popular student leader. Besides being a leader of the United Front of Guatemalan Students, Ibarra was a member of the Communist youth organization and the Union of Patriotic Working Youth. Everywhere, in the university, in street demonstrations, in clashes with the police, he infused a revolutionary spirit in the student struggle. One of the first civilians to join the guerilla forces, he was killed in one of the battles fought by the Alaric Bennett detachment. Now the detachment named after him and the [illegible] have joined with other guerilla groups to form a single [illegible]—the Armed Rebel Forces.

From the first the Edgar Ibarra guerillas combined their military operations with work among the peasants of the neighbouring villages. They began to help them with their hard work and to teach reading and writing to whole families. This has won them the solid support of the peasants. While I was with the guerillas, one of them [illegible] a young peasant [illegible] [illegible] [illegible] over the [illegible] and said proudly: "Here in the detachment [illegible] and [illegible]. We have a first-aid station [illegible] in our house. It will come in useful."

• • •

Rio Hondo is a vital populated point in Zacapa department, in the northeast. The railway crossing the country from west to east and running to Santo Tomas and Puerto Barrios, the ports via which all Guatemala's foreign trade is conducted, passes a few kilometres away from it. The Atlantic Route, linking the capital with these ports, also passes it. Just outside it are the dam and the main installations of the Rio Hondo hydroelectric station, which supplies current to the Izabal, Zacapa and Chiquimula departments. Large army and police forces always guard this vital zone. A military unit and a police detachment are permanently quartered in Rio Hondo. Through surveillance and persecution, arrests and torture the government seeks to keep in check the discontent of the people in this part of the country. Nevertheless, it is here, in the east, that the guerilla movement is spreading.



One of the guerilla commanders told me about an operation the detachment carried out in Rio Hondo:

"We based the operation on detailed information gathered by our contacts in the village over many days and then carefully analysed. It concerned the exact location of our targets, the approaches to the power plant and the village. We drew a detailed map of the locality and a [illegible] of the [illegible] of [illegible] and [illegible] [illegible] of the [illegible] [illegible] plan.

"[illegible] was [illegible] for several [illegible] and held a meeting [illegible] there [illegible] strength to the [illegible] [illegible] for it would be [illegible] military action, all [illegible] would have [illegible] something like a rehearsal."

"[illegible] the [illegible] day we slipped [illegible] This was [illegible] The [illegible] were [illegible] [illegible]

[illegible] and [illegible] part of our [illegible] occupy the village and hold [illegible] That would [illegible] of the area [illegible]"

A [illegible] of [illegible], formerly a [illegible] shop-keeper in [illegible], said [illegible] the plan worked out:

"The [illegible] It was a [illegible] there had no one paid any attention when we [illegible] at the [illegible] One group of [illegible] the deputy [illegible] chief [illegible] the men [illegible] the [illegible]

And so before leaving the village we rode through it on the lorry and shouted out patriotic slogans.

"Later," continued Pastor, "we learned of the results of our operation. A detachment of 50 soldiers led by another deputy police chief was sent out in pursuit of us. Nearly every inhabitant of [illegible] was questioned. But neither [illegible] people could not [illegible] weaken the [illegible] [illegible] were [illegible] in this area."

north from [illegible] coffee plantations, runs a highway over which everything from coffee to minerals is transported. From Panzos cargoes are shipped via Polochic and Dulce rivers and Lake Izabal to Santo Tomas and Puerto Barrios, there to be transferred to American ships. Panzos was the site of another operation carried out by the Edgar Ibarra detachment. The guerillas occupied it and then retreated without bearing any losses.

The government was compelled to issue an official announcement that "malefactors" had seized a considerable quantity of arms and that troops had been sent out after them with orders to bring them back "dead or alive." This official announcement was significant. Until then the government had denied the existence of a guerilla movement in Guatemala, now its existence was recognized as a fact.

Much as they wished to, the authorities could not conceal the fact that a battle had been fought in Panzos between guerillas and the local garrison, in which the garrison had suffered losses. Besides, the guerillas captured a group of government soldiers in Panzos and, as in Rio Hondo, explained before releasing them: "It's not you we are fighting. You are poor men like ourselves. You have the same hopes we have. We are fighting the oppressive regime set up in our country by a handful of army colonels in the interests of the Yankees."

Whenever the opportunity offers the guerillas explain the aims of their struggle to the soldiers of the regular army. These aims are set forth in detail in the Manifesto issued by the Armed Rebel Forces in November 1964. Contained in it are these lines: "We want a real revolution, not merely change of government. It is not a matter of replacing one set of rulers by another, for then the people would only continue to be mistreated, as has repeatedly been the case in the history of Guatemala. It is a matter of the fundamental renovation of the republic."

The guerilla propaganda, it must be said, falls on fertile soil.

• • •

When I left the guerillas, I heard in farewell these words from our national anthem: "Win or die." The words are now the battle cry of the Armed Rebel Forces. Back in the city I plunged once again into the activities of the underground resistance movement, but there stayed with me the memory of the men of the Edgar Ibarra detachment, the soldiers of one more front of a battle against the oppressors of my people.

ACTION REQUIRED - REFERENCES
For your information and such action with ODURGE as you deem appropriate.

1. Attached is a self-explanatory Memorandum for Record concerning the above captioned individuals.

2. On 15 December, Ernesto Despaigne, the administrative officer, confronted these men with the information in the attached memorandum. Both men admitted that they forged the passports themselves for the purpose of obtaining a visitors visa to Spain. They also claim that an unidentified friend in Miami sent these passports to them.

3. Both men have been told that their action in forging these passports was a very serious matter, particularly so since they are not yet PBPRIME citizens. Sufficeth to say both were shaken considerably over the prospect that we might make the attached information available to ODURGE.

4. To the extent possible, JMWAVE is requested to inform future contractees that if they commit such acts while on duty in the Congo they will be relieved of their jobs.

MEMORANDUM FOR RECORD

SUBJECT: Antonio SOTO Y VASQUES 201-294544

Cecelio Juan PADRON SANCHEZ 201-287481

1. On the afternoon of 13 December Colonel Touart, Defense Attache, called me to say that the Spanish Embassy Charge, Varella, had called him about SOTO and PADRON who were pilots for F.A.C. and who were applying for visas to Spain. VARELLA questioned the validity of their passports, which were Cuban, and which, according to VARELLA, were renewed 7 June 1965 for SOTO and 26 August 1965 for PADRON. The renewal stamp showed ~~[illegible]~~ they were renewed in Havana, Cuba. TOUART asked me about this and I told him I knew nothing about it and whether the Spanish Embassy gave them visas or not was of no concern to me.

2. On 14 December TOUART came back to see me saying he had seen both passports because VARELLA had been over to see him about the matter. TOUART said that VARELLA was perturbed about these two and remarked a number of times about the incompetence of KUBARK to permit men in their employ to have such phony documents. (NOTE: I also gathered that TOUART was a little gleeful also at what he thought was poor handling of personnel on our part.) TOUART asked what he should do. I told him not to do anything and deny any knowledge of these men. Also, if VARELLA did not want to issue a visa to these men, we could care less. TOUART, I gather, imagines himself as the great go-between to help out his Spanish brethren. I told TOUART I would look into the matter from our own interests but that was none of VARELLA's business, and the less we become involved the better.

3. TOUART said that VARELLA brought the passports over to him this morning and he copied the following information from the passports:

Antonio SOTO Y VASQUES, Cuban passport number 38126, dated 7 June 1965 at Havana, Cuba

SOTO U.S. address: 379 E. 64th Street, Hialeah, Florida
Also has U.S. Immigration Form I-512 dated May 26, 1965

SUBJECT: Antonio SOTO Y VASQUES - Cecelio Juan PADRON SANCHEZ

Cecelio Juan PADRON SANCHEZ - Cuban passport number 46128
issued at Havana, Cuba - 26 August 1965.

U.S. address: 2040 N. W. Flagler Avenue, Apt. 4, Miami
I-512 Form dated March 15, 1965

4. A review of the records of these men revealed the following:

a. SOTO - Arrived Leopoldville from Miami on 31 May 1965. If above information correct, SOTO obtained a Cuban passport after his arrival here because the alleged date of his passport is 7 June 1965, one week after his arrival in Leopoldville.

b. PADRON - Arrived Leopoldville 17 March via Pan Am. His Cuban passport, according to TOUART, was dated 26 August 1965, five months after his arrival here.

5. I will investigate through Ernesto DESPAIGNE because it may be that they have purchased passports after arrival here.

SUBJECT : WITHRUSH Helicopter Training and Familiarization in 47G3B1

1. The two PBRUMEN pilot trainees arrived in Iden A on 4 May 1965. Helicopter training started on 6 May and terminated 15 May. Iden B arrived at the training area 9 May to receive briefings and familiarization in all aspects WITHRUSH helicopter project. Iden B departed 12 May 1965.

2. The surrounding area of Iden A and Iden C was utilized as the training site with most of the training taking place a few miles south of Iden C. The local cover story was that IUPAGAN was training pilots with view of using them to ferry helicopters to northwestern PBPRIME, where they would be utilized by IUPEAK. Cover story was backstopped through Iden D and Iden E (cleared and KUBARK witting). There were no security problems encountered during the training period. Some of the precautions taken were use of alias identification, first name basis for everyone, payment by cash, luggage tags and tickets secured, and close but subtle supervision of the students by the case officer.

3. Following is a resume of helicopter training and familiarization received by each student. Included are instructor pilot and case officer evaluations:

IDEN F

a. Iden F received training in all normal helicopter maneuvers, pre-flight, post-flight and cockpit procedures. Additional training was as follows:

1) Radio procedures with UHF, VHF, HF and LF ADF.
2) Dead reckoning and cross-country 4+10 hours.
3) Personnel rappelling, personnel parachuting and use of cargo slings 2+00 hours.
4) Ground school:

SECRET

   a) 47G3B1 exams.
   b) Navigation and flight planning.
   c) Weight and balance.
   d) General oral questioning and orientation 9+00.
5) Supplemental reading.
6) Flying time:

Dual	21+55	
Solo	2+30	
Student Dual	1+50	
TOTAL	26+15	Hours

b. Prior to his arrival at the training site Iden F received 12+20 hours of dual flying instruction on pre-flight maneuvers and emergency procedures, which included 4 hours of autorotation.

c. The language barrier between student and instructor retarded the student's progress to some extent. His navigation, flight planning and weight and balance work is limited. It is recommended that he have access to a helicopter each day in order to buildup his time.

d. The student was willing, cooperative and intelligent.

IDEN G

a. Iden G's training schedule included much of the same material as that of Iden F except that his personnel rappelling, parachuting and sling work amounted to 1+35 hours. His cross-country time amounted to approximately 1+50 hours.

1) Flight time:

Dual	10+10	
Solo	4+05	
Student Dual	1+50	
TOTAL	16+05	Hours

b. Prior to his arrival at the training site Iden G received 6+50 hours of flight training, which included 3 hours of autorotation.

c. The instructor pilot reports that Iden G has progressed exceptionally well and that his pilot background is very good. Iden G contributed substantially to Iden F's training.

d. It should be noted that Iden G received instruction and 50 hours flight time in a 47G3B1 helicopter during helicopter training conducted by IUPAGAN 27 March - 15 April 1965.

IDEN B

a. Iden B received training which exposed him to all aspects of Bell 47G3B1 helicopter flight and support requirements.

b. The flight familiarization included almost all of the normal helicopter maneuvers along with radio procedures. His total flight time amounted to 5+30 hours. Both instructor pilots noted that his flying procedures were rough, but were improving steadily. He did not solo inasmuch as both pilots indicated that he was not ready for solo.

c. Iden B wash given approximately 9 hours orientation in helicopter maintenance and from 3-4 hours of orientation with regard to the contents of the support kits and accessory equipment.

d. Complete assessment of this individual is difficult to make, as he was only in the training area for a short period of time. However, the following information may be helpful in making an evaluation:

1) Flying proficiency in 47G3B1 is below par at this time. He requires more dual and emergency procedures.
2) His conversation and experience indicates that he is more knowledgeable of Hughes equipment than he is of Bell equipment.
3) Iden B appears to be a very extroverted type of individual. In any conversation he does most of the talking.
4) The instructor pilots felt that his knowledge of helicopters leaned to the "manual" side rather than the practical side. He seemed, according to the instructor pilot, to have a "shallow" knowledge of helicopter operations.

4. The case officer for the WITHRUSH pilot training was Alfred F. PELANDER. Instructor pilots were Iden H and Alexander V. DECLIPPIE.

SUBJECT : Helicopter Flight Training for WITHRUSH

1. Objectives:

The primary purposes of this program was to prepare two WITHRUSH employees (Iden A and Iden B) to operate a 47G3B1 Bell Helicopter under simulated tactical situations involving rescue and reconnaissance operations. Secondarily, Idens A and B were to be familiarized to the fullest extent with the operational capability of the helicopter and its accessory equipment. Iden A did not prove adaptable to this type of aircraft and failed to complete transition training. Iden B complete transition training. Iden B completed the prescribed training, evidencing consistent performance progress as well as alertness, independence and a cooperative attitude.

2. Period of Training:

Training commenced for Iden A on 15 March and for Iden B on 27 March. Iden B's training was satisfactorily completed on 15 April. A total of 50 ½ hours of training time was logged during the entire course of instruction.

3. Instructors:

The training instructors utilized were Alexander V. DECLIPPEL and Iden C. IUPAGAN PDO's provided training as to cargo sling operation, rappelling and operational capabilities of special equipment.

4. Training Areas Utilized:

Training was conducted entirely within Iden D utilizing suitable terrain in the vicinity of Idens E, F, G, and H. Airports and motel accommodations in or adjacent to these localities were used.

5. Security:

SECRET

Sound operational security practices were employed in the handling of Idens A and B as to relationship with the general public. It was not necessary for either the instructors or the students to refer to IUFLAG in dealings with the general public. A logical cover of training for IUPEAK operations sufficed to handle any local inquiries concerning reasons for the aircraft's being in the vicinity or the purposes of the training. No known breaches of security as to identity of personnel or the true purposes of the training occurred.

6. Training Program:

The following training agenda was covered during the period of Iden B's instruction:

Helicopter Training Program:

- a. Cockpit procedures
- b. Review of supplemental reading, instruction manuals, etc.
- c. Warmup and shutdown procedures
- d. Pre-flight procedures
- e. Basic pre-solo maneuvers:
    - 1) High and low reconnaissance
    - 2) Approach to confined areas
    - 3) Pinnacle operations
    - 4) High altitude landings, hoverings, etc.
    - 5) Slope operations
    - 6) Low-level cross-country
    - 7) Navigation
    - 8) Emergency procedures (very limited)
    - 9) Use of cargo nets, litters, cargo racks
    - 10) Personnel rappelling
    - 11) Personnel parachute jumping
    - 12) Limited and restricted solo

7. Critique:

a. The training program should be formalized to a greater degree. A syllabus of items to be covered has been prepared and reviewed by Alexander V. DECIPPEL. A copy of this syllabus is attached and it is felt will assist in providing a guide to the instructor and permit a more orderly procedure and better utilization of time epended. It can be adapted easily as a statistical report covering training.

b. The training areas utilized from a standpoint of terrain, climate and accessibility for maintenance proved acceptable.

NUMBER
201-295544

SUBJECT
SOTO Vasquez, Antonio

REFERENCE: Your Memorandum, Dated
7 April 1965 prc

A Provisional Operational Approval is granted for the use of this Subject as set forth below.

A Provisional Operational Approval issued by CI Staff grants the same authority, on a temporary basis, for the use of an individual as the authority granted in an Operational Approval unless otherwise specified by CI/OA. It is based, however, only on preliminary file checks and investigation and is subject to a further final review when all investigation is completed.

This will confirm oral granting of the POA.

To process the Operational Approval, full information (completed PRQ Parts I and II) must be submitted as soon as possible and not later than six (6) months from this date. An Operational Approval will follow when all investigation is completed and upon the receipt of satisfactory PRQ Parts I and II. Cancellation must be requested if use of Subject by interested Divisions ceases.

10 March 1971

Mitchell Livingston Werbell, III

1. On 9 Mar 71 we received a long distance call, presumably from Powder Springs, Georgia, from subject, who is an old and unsavory contact of this office dating from 1959. Werbell has been involved in a variety of scrapes, the latest of which concerned an abortive invasion of Haiti which John Creany was very much concerned about a year or so ago.

2. Werbell stated that the Department of Defense had just revoked his security clearance on grounds of Werbell's "frivolous behavior" in the Haitian caper. Werbell stated that he intended to "fight it to the Supreme Court", as he had always kept us and other elements of the US Government informed concerning developments in the Haitian matter.

3. Werbell asked if there was anything that we could do for him in the way of interceding for him with the DOD, and we informed him bluntly and in no uncertain terms that he was strictly on his own, and we could do nothing for him. He then asked if it would be worthwhile to subpoena Bart Gonzales. We informed him that it was up to his attorney to make such recommendations.

4. Werbell seemed to get the message, and then offered to keep us advised regarding an alleged forthcoming attempt on Haiti which is being sponsored by Rolando Masferrer, even though Masferrer is currently incarcerated in a federal prison. We told Werbell that if he wished to pass any information along we would accept it but under no circumstances should he attempt to elicit any information on our behalf. He agreed that he would operate on this basis and said he might be in touch with us again.

5. In view of Werbell's record we felt that this latest contact should be a matter of record and that OGC should be informed of developments.

DATE: 15 May 1969

MIM-084-69

FROM : Chief, Miami Field Office

SUBJECT: Local OSI Inquiry Regarding Information on Mitchell L. Werbell

1. On 15 May 1969, Special Agent Dave Ploumen, local OSI representative, USAF, visited the Miami Field Office to solicit any information we might have regarding Mitchell L. Werbell who apparently is undergoing a security clearance check as the result of presently being employed by a company with a government contract.

2. Werbell was an unsolicited contact of this office beginning in 1959 and he reached peak notoriety in November 1967 as a result of his involvement in the Rolando Masferrer trial in connection with the abortive Haitian invasion. John Greaney, OSG was in Miami at the time to oversee Agency interests.

3. Ploumen in contacting other US Government agencies locally including the US Attorney's Office somehow received an indication that CIA had information on Werbell; thus Ploumen's visit to the Miami Field Office.

4. It was indicated to Ploumen, who is known personally by several members of this staff, that we knew of Werbell and that on occasion he had reported unsolicited information. It was suggested, however, that Ploumen direct his request officially through channels via OSI's agency liaison officer in Washington.

5. This is for background and is being forwarded at the suggestion of local CIA Security.

SUBJECT: Request for Records Search --
Robert John Morgan, *et al.* (U)

REFERENCE: OGC 79-08601 dated 20 September 1979

1. An intensive search of the files and indices of the Directorate of Operations has revealed no information concerning Robert John MORGAN, John Duncan LEIBOLT, Hubert Stewart COTTON, John Sylvester CARPENTER, Wayne Ernest DANIEL, or Guy Perilton OWEN. (U)

2. However, this search has revealed the following information concerning Wiley Gilmore SIMS (AKA: William Gilmore SIMMS) and Mitchell Livingston WERBELL III (AKA: Mitch THREE). (U)

A. William Gilmore SIMMS

1) In December 1966 SIMMS contacted the United States Embassy in Port of Spain, Trinidad, and talked to a representative of this Directorate. He requested assistance in retrieving an airplane impounded by authorities in Venezuela which they suspected was used in smuggling operations. SIMMS also stated that he had been in Guatemala looking for air freight business. The files of this Directorate contain no indication that any action was taken regarding this matter. (U)

2) SIMMS was never employed by this Directorate nor has this Directorate ever had any operational interest in him. (U)

B. Mitchell Livingston WERBELL III

1) WERBELL has never been employed by this Agency nor does this Agency have any operational interest in him. WERBELL was a commissioned officer with the OSS during World War II and served in the China-Burma-India

theater. In August of 1959, this Agency considered using WERBELL as a source of information on revolutionary activities in the Caribbean area, particularly Cuba, but terminated its consideration of his possible use in October 1959 when it was determined that his information was of little value and it was suspected that he would use the proposed connection with this Agency to promote his personal interests. (S)

2) In 1973 WERBELL was under investigation by the United States Treasury Department Bureau of Alcohol, Tobacco and Firearms and by the United States Customs Service for activities relating to possible mercenary activities on Abaco Island in the Bahamas. In this connection, WERBELL contacted three retired CIA employees during 1974 in an attempt to involve them in a scheme concerning the activites of an organization called the Friends of Abaco (FOA) which advocated the secession of the island from the Commonwealth of the Bahamas. All three individuals reported their contact with WERBELL and sought guidance from this Agency. In May and June of 1974 they were advised to break all ties with WERBELL. On 27 June 1974 the Federal Bureau of Investigation was formally apprised of WERBELL'S overtures to the three retired CIA employees. (S)

3. It has been determined that Mitchell Livingston WERBELL III is the subject of PA request number P76-0028. There is no indication that Mitchell Livingston WERBELL III has ever been the subject of an FOIA request or that the remaining individuals listed in reference have ever been the subject of an FOIA or PA request. Dear Mr. Greaney:

It was a pleasure to meet with you and Clyde Carter last Monday.

As I explained to you at that time, we are engaged in an investigation with state and federal law enforcement agencies concerning importation and distribution of marijuana and cocaine. During the course of this investigation, allegations (unfounded, I am sure) have been made that certain of the subjects of this investigation are employees of the Central Intelligence Agency.

I believe it is necessary to resolve as much in advance of an indictment any problems which may arise should any of the subjects of the investigation be involved with the Central Intelligence Agency.

The following individuals are among the subjects of this investigation:

Robert John Morgan - DOB: 3/6/36
John Duncan LeBolt - DOB: 1/25/24
Hubert Stewart Cotton - DOB: 11/19/23
John Sylvester Carpenter - DOB: 1/27/35

Mitchell Livingston WerBell, III - DOB: 3/ 8/18
Wayne Ernest Daniel - DOB: 2/13/40
Guy Perilton Owen - DOB: 11/1/45

Please advise as soon as possible if indictment or continued investigation of these individuals will create problems for the Central Intelligence Agency.

SUBJ: FIELD OFFICE ASSISTANCE TO OGC

REF : SPILMAN/MAINWARING TELECON, 9 SEPTEMBER 1976, SAME SUBJECT

1. IN RESPONSE TO A TELEPHONE CALL FROM DEPUTY CHIEF, DCD, ON 23 AUGUST 1976, WE MADE HOTEL RESERVATIONS IN CORAL GABLES, FLORIDA, FOR WALTER LLOYD, OGC, FOR THE NIGHT OF 23 AUGUST. THE MIAMI FIELD OFFICE WAS HELD OPEN THAT EVENING FOR A MEETING ATTENDED BY MR. LLOYD, SAMUEL SHERES, US DEPARTMENT OF JUSTICE AND WILLIAM WARNER, US DRUG ENFORCEMENT ADMINISTRATION. JACK HENNESSEY, DCD/MIAMI, ALSO ATTENDED AND PROVIDED A SHORT GENERAL BRIEFING ON DCD OPERATIONS. FOR THE MOST PART, THE MEETING CONSISTED OF A DISCUSSION OF THE PAST RELATIONSHIP OF MITCHELL L. WERBELL III WITH BKHERALD, ESPECIALLY WITH DCD AS REVEALED IN THE DCD MEMORANDUM TO OGC DATED 8 MARCH 1976.

2. WE WERE ADVISED BY TELEPHONE DURING THE EVENING OF 27 AUGUST BY A. THOMANN, DCD DUTY OFFICER, AND SUBSEQUENTLY BY WALTER LLOYD, THAT LLOYD WOULD VISIT MIAMI AGAIN ON 30 AUGUST IN CONNECTION WITH THE WERBELL CASE. LLOYD DID NOT TASK DCD/MIAMI IN ANY WAY DURING THIS VISIT. HOWEVER, HE DID CHECK IN WITH US LOCALLY BY TELEPHONE UPON ARRIVAL IN THE MIAMI AREA. HE CALLED US AGAIN DURING THE EVENING OF 31 AUGUST AFTER HIS RETURN FLIGHT TO WASHINGTON, D.C., AS A COURTESY SINCE HE DID NOT HAVE THE TIME TO CONTACT US PRIOR TO HIS DEPARTURE FROM MIAMI.

3. MR. LLOYD AGAIN RETURNED TO MIAMI, THIS TIME ONBOARD A USAF JET STAR AIRCRAFT, EARLY ON THE MORNING OF 2 SEPTEMBER. HE CONTACTED US THAT AFTERNOON BY TELEPHONE TO REQUEST THAT WE KEEP OPEN THE FIELD OFFICE SO THAT HE COULD DEPOSIT CLASSIFIED FILES IN OUR VAULT OVERNIGHT. HE APPEARED AT THE FIELD OFFICE AT 1730 HOURS AND BRIEFED

US ON HIS TRAVEL OF THE DAY. HE PLACED TWO FOLDERS OF CLASSIFIED MATERIAL IN OUR VAULT FOR THE NIGHT, AND RECLAIMED THEM ON THE FOLLOWING MORNING, 3 SEPTEMBER. IN ADDITION TO MAKING WORKING SPACE AVAILABLE TO LLOYD FOR A COUPLE OF HOURS DURING THE MORNING OF 3 SEPTEMBER, WE MADE OURSELVES AVAILABLE FOR ANY FURTHER ASSISTANCE THAT MIGHT HAVE BEEN REQUIRED THAT DAY. HOWEVER, NOTHING FURTHER WAS REQUESTED OF US. THE LOCAL OS OFFICE PROVIDED AN ESCORT FOR LLOYD'S RETURN COMMERCIAL FLIGHT TO WASHINGTON LATER THAT AFTERNOON. LLOYD ADVISED US IN THE MEANTIME, HOWEVER, THAT THE LOCAL JUDGE HANDLING THE WERBELL CASE ASKED FOR LLOYD TO APPEAR IN MIAMI AGAIN DURING THE FOLLOWING WEEK, WHICH APPARENTLY BECAME UNNECESSARY SINCE WERBELL AND HIS CO-DEFENDANTS WERE ACQUITTED OF ALL CHARGES BY THE JURY ON 3 SEPTEMBER.

4. AFTER RECEIVING TWO OR THREE TELEPHONE CALLS FROM MR. SHERES, DEPARTMENT OF JUSTICE, MIAMI, ON 25 AUGUST, DURING WHICH HE ASKED FOR BKHERALD INFORMATION HELD IN BKHERALD HEADQUARTERS FILES, WE SUGGESTED THAT HE CALL LLOYD DIRECTLY AT HIS OGC OFFICE. WE BELIEVE THAT THE ATTEMPTED USE OF DCD/MIAMI AS A CHANNEL BY SHERES STEMMED FROM THE SEEMING (TO HIM) EXPEDIENT NATURE OF SUCH AN ARRANGEMENT AS MUCH AS FROM A BASIC MISUNDERSTANDING OF BKHERALD'S CHAIN OF COMMAND AND INFORMATION FLOW STRUCTURE. NEVERTHELESS, NO SUBSTANTIAL DIFFICULTIES DEVELOPED DURING THE VISITS TO DCD/MIAMI BY LLOYD.

MEMORANDUM FOR: Mr. Watts

Attached is all the material DCD has on Werbel. He has been the subject of several communications between DCD's FIO/PIC staff and OGC and the FIO staff in the DDO.

Also attached is the microfilm records on ~~an~~ a Arnold A. Bayard. I don't think he is the Colonel Bayard referred to in the memo, but it is hard to tell since we don't have any bio data on him.

MEMORANDUM FOR: Chief, SOG
Chief, DCD
Chief, LA Division

SUBJECT : Mitchell Livingston Werbel III

1. I was advised by the Justice Department on 23 February that Werbel has been indicted and the trial is scheduled to begin on 29 March in Miami, Florida. The charges relate to importing and distributing quantities of marijuana. With Werbel's propensity to raise his past affiliations with the Agency, we can anticipate problems during this trial. An additional problem is presented because Werbel is defended by Edwin Marger who was the defense attorney for John Hawk in the B-26 case in Buffalo, New York in 1966. It was Edwin Marger who subpoenaed the CIA General Counsel as a defense witness.

2. The Justice Department has received information that a person either currently or formerly affiliated with the CIA has been participating in Werbel's meetings with his attorney. It would be appreciated if all addressees could review their holdings on Werbel and determine if there is any validity to any recent contacts with him. I would urge that instructions be sent to Miami that no, repeat no, contact with Werbel take place between now and the beginning of the trial.

3. It would be helpful if each addressee could prepare a summary of the various contacts Werbel has had with CIA in the past. Please check to see if you have any information on a Colonel Bayard who was killed in Atlanta, Georgia during the summer of 1975. Bayard, reportedly an associate of Werbel's, had previous contacts with the Agency. It would be appreciated if your responses could be received by close of business 2 March.

SUBJECT : Mitchell Livingston Werbell III

1. The attached memorandum was prepared for John Greaney, OGC, who requested a summary of our records on Mitchell L. Werbell III. Werbell is to be tried in March 1976 in Florida on a charge of importing narcotics. OGC anticipates that Werbell may claim some Agency connection because he has done so in the past. Greaney also asked about DCD connections with Colonel Bayard who is mentioned in paragraph 9 of the attached memorandum.

2. OGC has asked that there be no contact with Werbell at least until the trial is over. In view of Werbell's tendency to become involved in schemes with which the Agency cannot afford to be identified, I wish to extend indefinitely the OGC's injunction against contact with him.

SUBJECT : Mitchell Livingston Werbell III

REFERENCE : OGC 76-0344 dated 24 February 1976

1. A review of DCD records indicates that Mitchell L. Werbell III was an occasional contact and source of this Division from 24 July 1959, when he first initiated the contact, until March 1971. It appears from our records that all of the contacts were at Werbell's volition and that at no time was he viewed as a particularly useful or reliable source. Werbell did provide unsolicited information which was reported by DCD in seven foreign intelligence information reports. In January 1976 DCD responded to a Freedom of Information inquiry from Werbell. Copies of the documents released to him are available from the DDO/PIC.

2. After meeting with Werbell at his own request in July 1959 the Chief of the Miami Field Office noted in a Memorandum for the Record that little credence could be placed in anything Werbell said. During succeeding contacts Werbell provided information which resulted in the following reports:

a. Photographs of Camarioca Harbor, Cuba (1965)

b. Dope and arms running, Dominican Republic (1965)

c. Planned coup in Guatemala (1966)

d. Political, economic, military situation in Dominican Republic (1966)

e. Planned invasion of Haiti (1966)

f. Planned invasion of Haiti (1966)

g. Venezuelan request for arms (1967)

SUBJECT : P 76-023 - Mitchell Livingston WerBell, III

1. DCD records reflect that Subject has been in contact with the Agency since 1959. The last record of contact with Subject was in March 1971.

2. The documents in DCD's file which pertain to Subject fit into the following categories:

a. CIA Office of Security namecheck data (OS File Number 27686)

One biographic data sheet is attached for release to Subject provided those portions marked with brackets are deleted from the released version.

b. Eighteen internal documents are attached and may be released to Subject provided those portions marked with brackets are deleted from the released versions. Deletions are based on exemptions (j) (1) (b), (j) (1) (d), (j) (1) (e), (j) (1) (f) and (k) (1).

c. Attached are two newspaper articles which pertain to Subject and which may be released to him.

d. DCD also has a document which reflects that Subject provided DCD with 36 black and white photographs taken of the Camarioca Harbor area of Cuba. DCD has neither the originals nor copies of these photographs although they may be retrievable from NPIC. Should Subject request that these photographs be returned to him, we would make every effort to surface them.

A copy of this document is attached and may be released to Subject provided those portions marked with brackets are deleted from the released version.

e. DCD also has two FR Division cables which pertain to Subject. One is from FR/Atlanta (00349) to Director, dated 11 July 1974. The other is to FR/New York (670514) from NE/ARN/I, dated 17 March 1975.

DATE: 6 August 1974
TO: Director, CIA
FROM: Director, FBI
Washington, D.C.
SUBJECT: Mitchell Livingston Werbell, III

g. DCD has reference to a report on the Dominican Republic which Subject provided DCD in September 1966. DCD, however, does not have a copy of this document. A notation in our file indicates that the document was sent to OCI/WH/Dominican Desk. DCD records do not reflect the exact title, only that it is a report on the Dominican Republic.

h. Six internal DCD documents which may not be released to Subject. Copies are attached for your information. Denial is based on exemptions (j) (1) (b), (j) (1) (d) and (k) (1).

i. DCD suggests that in answering Subject's request he be informed that Agency records indicate that he willingly provided information that resulted in seven foreign intelligence information reports. Four of these reports received advance teletype dissemination. We suggest that Subject be informed that the Agency is reluctant to declassify and release the eleven documents via the mail as such an action would put them in the public domain. Should Subject insist on seeing the documents, DCD will consider sanitizing and showing them to him in the presence of an Agency representative.

j. DCD also has one memorandum for the record which concerns an OGC trace on Subject's sons, dated 18 April 1975. A copy of this document is attached

for your information. In light of paragraph one of OGC 75-4582, dated 10 December 1975, can we assume that this is not a record?

3. DCD suggests that a statement thanking Subject for his cooperation be included in the Agency's response to his request.

1. We have reviewed subject's 201 file for additional information. Subject was of interest to this Agency in 1959 and was granted a POA in August of that year. This was cancelled in October 1959 when his information proved to be of little value and because it was suspected he was using Agency funds to promote his personal interests. He has subsequently attempted to pass himself off as an Agency employee. He is characterized by the file as unscrupulous, a "wheeler-dealer" and a promoter of grandiose schemes. The subject has been under investigation in 1973 by both the Bureau of Alcohol, Tobacco and Firearms and the United States Customs Service for activities relating to possible mercenary activities in Abaco Island, Bahamas.

2. If the subject should contact your office again, we suggest you accept whatever information he has to offer but make no further commitments concerning Agency contact. Subject is well known to the appropriate desk and is of extremely doubtful character.

3. We trust this memorandum will provide you with useful information concerning this subject. Thank you for bringing his name to our attention.

1. On 9 Mar 71 we received a long distance call, presumably from Powder Springs, Georgia, from subject, who is an old and unsavory contact of this office dating from 1959. Werbell has been involved in a variety of scrapes, the latest of which concerned an abortive invasion of Haiti which John Creany was very much concerned about a year or so ago.

2. Werbell stated that the Department of Defense had just revoked his security clearance on grounds of Werbell's "frivolous behavior" in the Haitian caper. Werbell stated that he intended to "fight it to the Supreme Court", as he had always kept us and other elements of the US Government informed concerning developments in the Haitian matter.

3. Werbell asked if there was anything that we could do for him in the way of interceding for him with the DOD, and we informed him bluntly and in no uncertain terms that he was strictly on his own, and we could do nothing for him. He then asked if it would be worthwhile to subpoena Bart Gonzales. We informed him that it was up to his attorney to make such recommendations.

4. Werbell seemed to get the message, and then offered to keep us advised regarding an alleged forthcoming attempt on Haiti which is being sponsored by Rolando Masferrer, even though Masferrer is currently incarcerated in a federal prison. We told Werbell that if he wished to pass any information along we would accept it but under no circumstances should he attempt to elicit any information on our behalf. He agreed that he would operate on this basis and said he might be in touch with us again.

5. In view of Werbell's record we felt that this latest contact should be a matter of record and that OGC should be informed of developments.

1. You will recall that John Greaney of the Office of General Counsel was in Miami for several days in connection with the federal case pending against subject. WerBell was indicted on federal conspiracy charges growing out of the abortive invasion attempt of Haiti a short time ago.

2. Following the indictment WerBell called us and indicated that he was to be interviewed on "nationwide TV through station WSB-TV in Atlanta." We called Harry McCrea and asked him to monitor local coverage, and we covered the NBC stations for a period of several days. WerBell did not appear on a national hookup, but Harry McCrea informed us that he did appear on a two-minute taped segment on the WSB-TV, 6:25 A.M. telecast only. WerBell said he would, if he could, "make a citizen's arrest of Dwight Eisenhower, John McCone, et al, because he did no more than they did." Harry said that he didn't believe that the station took his statement seriously.

3. WerBell was also interviewed by "The Atlanta Constitution", and we are enclosing a clipping from the "Constitution" of 28 Feb 67 in which WerBell is quoted concerning the indictment.

4. Would you please pass the above to John Greaney. You might inform him that the statement of an undesignated federal official in Miami undoubtedly refers to the Customs agent in charge, with whom WerBell had a conversation prior to calling us. WerBell quoted him in the same fashion in our conversation. We have had no further contact with WerBell.

Memorandum of Visit to Mitchell Warbell III
2211 Segovia Circle
Coral Gables, Florida

1. In the evening of 24 July 1959 I received a telephone call from subject, who had been given my name and address by another segment of the intelligence community in connection with the possibility of his passing along late information concerning the rumored impending flight of Batista to the US.

2. Warbell indicated that he spent a great amount of his time in the Dominican Republic and had extremely close association with leaders of the government, and also with General Jose Pedraza. He claimed to have been a former member of the OSS with service in China in WWII. Warbell is a soldier-of-fortune type who wears a monocle, drives a Mercedes-Benz, sports a most attractive blonde girl friend, and is a Big Spender. He also volunteered that he has a wife and six children living in Georgia.

3. Warbell told me that his principle source of income is in dealing with Cuban pesos, and said that he is associated in the business with a John Lipko of Los Angeles, a jazz musician who formerly played with the Jimmy Dorsey and Jan Garber bands.

4. Lipko also claims to have been a member of OSS during WWII, serving in the Rumanian and Eastern European area. Lipko was busily engaged in making long distance phone calls to Mexico City, Guatemala City, and Los Angeles during a part of the time I was with the group.

5. Warbell gave me some information on Batista's plans, which is basically supposition, and furnished some other marginal information which is being forwarded, although in my opinion little credence can be placed in anything he says. It is hard to evaluate what Warbell's motives are in connection with his desire to furnish information regarding Batista to us, but it appeared that he was also attempting to fish for information, throwing out a number of questions concerning the Biltmore Terrace Hotel, reportedly recently to have been purchased by Cuban interests with 9 million Cuban pesos. The penthouse reportedly has been completely redecorated, with heavy steel doors guarding the entrance. This penthouse suite has been rumored to be Batista's intended headquarters once he arrives in the US. All of this has been written about in the gossip columns of the local papers.

6. Inasmuch as Warbell has my name and phone number, probably little can be done to prevent him getting in touch with me from time to time, but contact will not be initiated by me except by direction. The basic purpose of this memo is for the record.

The Need for MARTOC

THE POSSIBILITIES of MARTA for both good and bad are tremendous. On the good side the area needs a rapid and economical transportation system. The area also needs a big construction project.

When MARTA was established it was apparent that the good it would bring was balanced by the tremendous possibilities for patronage and featherbedding. So a committee was established by the General Assembly to oversee MARTA and it was called MARTOC.

The area needs MARTA but it now needs MARTOC as never before.

TELEPHONE CONVERSATION BETWEEN PETERSON AND VAN CLEAVE - Tuesday, 6/18/74, [illegible]

I had heard a rumor that, I thought at the time that these guys, these idiots can't be doing this again, but in the last week I have picked up a great deal of information that I think needs to be known at this location that involves the Werbell group out of Powder Springs. Are you familiar with that name? [No, I'm not. Bill has been handling all of that and I just don't know anything about it, Mr. Van Cleave. You can give me what information you have and I will pass it on or do what we can, but Bill has been handling that entirely and we work different accounts and I'm sorry to say that I am totally unfamiliar with it.] Well, let me put it to you this way. Is there any way at all that you will be in touch with Bill, so that I could get this information to him by phone. [Well, he is up in Tennessee and we can get in touch with him, yes. I could give him a call.] Well let me give you a brief synopsis so that you can at least pass that on to him. And in the process, I'll have to give you a bit of background on this subject. I consider it very important, not from the standpoint of the fact that what these people are involved in now is starting to break, but I think it is extremely important that this location gets something in to indicate that their contact lets them know what is going on. Mitchell Worbel is a gun dealer basically. He has what is called a farm out at Powder Springs, Georgia. Basically, it is a piece of property with a lake and a firing range and a big house and a gun shop below and a vault with about three thousand Ingram submachine guns and other assorted weapons. Now Werbell has been in and out of all kinds of things. He pops up all over. He loves publicity and he loves to imply a relationship with the Agency. Now, about a year ago they were involved with some people from Britain in an attempt to set up a secession of the Island of Abaco, at the time the Bahamas were granted their independence. Now this was a very serious thing; there were people including members of Parliment from London that came over here and they were going to have a small army on Abaco and the local settlers on Abaco were all for this because they were mostly white and the thing never got off the ground at that time. However, it was known, there were newspapers articles written about it. Lynden Pindling, the Prime Minister of the Bahamas was incensed by this whole scheme and basically, if you could think of anything that would be against the best interest of the US and the Agency and everybody, it would be some idiotic scheme like this. Now a few weeks ago, I heard a rumor from a source that this thing had been re-activated and at the time I called Bill and told him I thought I might [illegible] [illegible] suddenly grown bigger. And to be more specific about this, when I say that, I can tell you that it is a fact that last Thursday night the new Ambassador from the Bahamas in Washington got Congressman Andrew Young to one side at a reception and they discussed this matter with grave seriousness. OK, now, therefore I am positive that within certain circles in Washington this matter is being discussed at this moment. Now I also learned that last week the whole group of the Werbell's and their associates were in Washington and I'll give you the names that I know of for sure: Mike Oliver, who is a key figure in this. He represents several wealthy Americans and Britishers who have long had a dream of having their own island and establishing their own country. Now this sounds like something right out of cheap fiction; however, it is a fact. I have met Mike Oliver. And there are about six wealthy individuals, one of whom I think lives in the Bahamas, I believe two are in England, one of them I think is Lord Bellhaven who is a member of Parliament. He has been over to the farm recently and in Washington a few weeks ago with them. About three wealthy Americans, all older fellows with many millions. Now this thing came up once before about eight years ago when they bought a boat and Oliver went out into the Pacific and laid claim to the coral reef in the Samoan Islands I think it was and planted a flag on it and established the free soverign state of Menerva. Life Magazine had a spread on this. And that lasted for about a week until the King of Samoa, or somebody, some Tribal King sent [end of side of tape]

putting aside a piece of Nicaraguan soil and giving it extra territorial rights and I know they have money. To make a long story short, Oliver is involved in this. He came in, I understand, two weeks after the Bahamas got their independence and said we've got the money for the Abaco operation. Now I have it on good source from an informant in their organization that a month or so ago a U-Haul truck came up from Fort Lauderdale in the middle of the night and loaded up a bunch of guns and explosives and took them to Fort Lauderdale. The name of the man who drove the truck was Wally Gillis. He is a freelancer soldier of fortune type and himself knows a lot of those people. [illegible] a boat - you know, a good sized cruiser, can go to the Bahamas or wherever. Supposedly this material went to a [illegible] house in Fort Lauderdale but [illegible] being involved down there with a fellow named [illegible] Burnstine. Burnstine is [illegible] to narcotics people; he is a pilot and has airpl[illegible] and every now and then [illegible] week was Mike Oliver, Mitchell Werbell, III, retired Colonel Robert Bayard, US Army who also lives in this area and is associated with Werbell and a fellow named Chuck Hall who is a resident of the Bahamas in Nassau, who is a key part of this operation. And I don't know who else but they were staying for several days at the Grammercy Inn, Washington. It is my understanding that they made contact there with a former agent of your organization, with an offer of substantial amounts of money for him to recruit covert types, para-military types, technicians - in effect, mercenaries. And I have reason to believe that he is reporting this information. I certainly hope so. So again, what I am showing you is that I think stuff is coming into Washington right fast. Now Werbell has been known to drop Mr. Colby's name to me and to many other people because he wangled - Werbell originally was in the OSS you know. So he has a lot of old friends who are OSS types in those days and I understand one of these old boys did have dinner with Colby and Werbell wangled his way into it a couple of months ago in Washington. So, that is all he needs to start dropping names like mad. He does know some people in and former people. Now I understand that they have also made contacts in Miami recently with two companies who manufacture electronic equipment and used the name of another former Agency man who is now with the DEA in Washington. Again, I have an informant in the organization who is about ready to break with them and he has told me all this. He was in the office when calls were made to these people, talking about buying electronic equipment which is illegal and using the name of this former Agency man in the DEA and indicating that they would like to see the equipment, that he'll probably arrange to buy some, that type of thing. And I know for a fact that that individual knows about this now and he is a good man and in good standing with everybody. But to summarize this, the point is this - the whole thing is idiotic scheme by a bunch of fools. It is financed by some wealthy idiots, you know, who have money and are behind the scenes and these fools - in other words, if someone came [illegible] citizen to get involved in a scheme like this I wouldn't touch it with a 10 foot pole because it is totally against the interests of both governments involved. Even the slightest leak on it can cause a serious diplomatic problem, you know, regardless of how crazy it is, the fact is an involvement of this type involving Americans, anything that comes out, the first thing that is going to be is an Agency involvement. [illegible] this the Island of [illegible]

[illegible]

is that it?] Yes. You see the Bahamas - I don't know how familiar you are with them, but they don't have an army or anything. They have a small police force and they have some small police boats, little 30 foot jobs that run around the Islands, and they are talking about establishing . . . [Aren't they still under the British protection for foreign troops?] I would certainly think so, but there are no troops stationed there; you follow me? But what I am trying to say is the implications of this thing which I know now are known in Washington by people. When you have the Bahamiam Ambassador, the new Ambassador, getting a black American congressman from Georgia aside - you see these people talk a lot, that is another reason - anybody involved with them is crazy. They have all kinds of these mercenary types and they make calls all over in Miami and all over the world and talk about their schemes and it has broken somewhere, you know, along the line; probably in the Bahamas or Miami. [Well do we know now what the essence of the conversation was between the Ambassador and Young?] I think it expressed grave concern about this situation. I think some names were given of the people. You see they know who Werbell is because Pendling, in fact, one time made a very tough speech about this type of thing with the American intervention in the affairs of the Bahamas and the name Werbell is an international soldier of fortune. I am concerned about one thing: No. 1, I know it isn't going to get off the ground now. I knew it never would. It might have got off the ground but the thing is it's one of these things that could be so messy and opponents, let's say people on the other side would love something like this so they could capitalize on it forever - you know, reports hinting at secret involvement of an American intelligence agency and attempts to establish a base in the Bahamas. A good propagandist could just have a field day with this. So I have a feeling that unless I am really crazy I think people in your organization are aware at this moment of this thing surfacing in Washington. And that is why I am calling this office because I have given information here before on these people and I think that it's important that if somebody says - Hey, have you guys heard anything about them and you fellows say no, we haven't heard anything - you know. [Well you feel in your own mind that this is something that will come about in the very near future, this attempt?] No, I would have to say I have a feeling now the attempt will not come about at all. If enough people in Washington start asking questions and they do know the names of these people and if the former agent up there goes in and gives information to somebody naming the people who come to him and the amount of money they offered him to recruit people for this. That's why they were in Washington last week. This fellow lives up there and he is now in the function of a private investigator but he is a former agent of your organization. So I just want to be sure that you fellows down here, you know, if someone asks a question, or if they don't then at least you throw a report in indicating that an informant here, namely me, and by name, has given you this information. Because there is another factor involved too. Werbell - see Bill knows about my relationship with him. I was forced to take Werbell to Argentina last year for a private client of mine. One of the Board of Directors thought he was the greatest international thing in the world and he was the biggest millstone I have ever had around my neck. I was down there defending against the ERP terrorist group and Werbell was running all over Buenos Aires with smugglers and prostitutes and everybody and dropping our names and getting drunk and hinting that we were big American secret agents. He stayed on after I left and nearly got picked up by the Federal police. They were friends of mine I might add, so I got my situation cleared down there. But he loves to talk to me. I do international security work for corporations and he wanted to get involved with me in business and I refused to have anything to do with him, you know. But he loves to get drunk and call me and brag. And he called me several months ago and told me he was working with a group in Bolivia and I said I hope it is the government. And he said Oh no, it's the other guys. And I said well Mitch, you're crazy. It's not up to any private citizen or private organization to go anywhere in the world and get involved with people against the government. It just is trouble, that's all there is to it. And I forgot about that and he called me the morning after the attempted coup(ph) down there and named his source there as Lt. Colonel Gary Prado and as it turns out Prado was one of the two leaders of the attempted coup and he had shipped guns down there through New Orleans, through an intermediary named Phillips, and here again - well frankly, Bonzaire his General, Hugo Bonzaire, the strong man of Bolivia, and I don't think we have bad relations with them. In fact, he is getting closer to [illegible] strong men down there and it is a known fact that he hates communist and he sends the troops out to kill them so what should anybody be doing trying to overthrow an anti-communist government. I'm an old country boy but that just doesn't make sense to me. Furthermore, a private individual. So because of that [illegible] when they broke up [illegible] all of 15 minutes [illegible] they round up everybody and interrogate them and say where did you get the guns and they find Ingrams and Ingrams only come from Werbell and then you have State Department you know, saying what is this, do you know who, down here trying to overthrow our government. And since Prado, by the way was leader of the troops that captured Shay Dravarro (ph) then once again you get into a good left-wing journalist can really weave a nice little story of that big bad Agency down there doing things again. So he is like a mouquito in that he doesn't accomplish anything but he is very dangerous in my opinion to our relations. Bad enough to mess up good things. [I will pass this on to Bill.] Well tell him this, that I was in Washington last week and let me emphasize again that I would be the most surprised person in the world if Senior Officers at Langley aren't aware as of the Friday, of this situation and through the Washington surfacing there, you follow me? And really I like Bill and what I'm trying to do, I'm putting myself in his position and this is his area and I know that reports, because I have talked to him before about them and I am sure that this has been made a matter of record. And I just think it would be nice for Bill to be able to say yes, my informant has given me information - this information. Because it will all tie in. You might mention too that within the last two months Werbell has visited Vesco in Costa Rica and after that visit a Vesco associate named Marino came up here from Panama and stayed at Werbell's. So he is dealing now with Vesco too and all of this is just nothing but bad. And he is implying, he talks to newspaper people and writers and he does imply and use names that he is not authorized to use and shouldn't use. I know that he is not an official or unofficial or anything else connected with your Agency but this is the way he is surviving. People are dealing with him thinking that really he is - there are enough problems happening as it is but all we need is one good left-wing newspaper man to get hold of this type of thing and get it in Jack Anderson's column or some place like that and have an official blast from the government of the Bahamas and then everybody in the world is going to think that the Agency was behind this and got caught. The reason I appreciate this, I think timing is important. I think the end of next week is going to be a little bit late because there might even be some public surfacing of this. So I think it is important that they know that this office does have access to information. I can be reached at my number here which is 258-7593 or at my home, which is 237-2474.

SUBJ: STEVEN VAN CLEAVE, INTELLIGENCE SERVICES, LTD., ATLANTA,
GEORGIA

REF : GRANT/HENNESSEY TELCON, 25 FEBRUARY, SAME SUBJECT

1. DURING THE AFTERNOON OF 21 JANUARY 1974 WE RECEIVED A TELEPHONE CALL FROM ANSELMO ALLIEGRO, [illegible] ROAD, MIAMI, FLORIDA, (A CONTACT OF THE MIAMI FIELD OFFICE) WHO ADVISED US THAT AN ACQUAINTANCE OF HIS IN ATLANTA, GEORGIA, STEVEN VAN CLEAVE, WANTED TO SPEAK WITH US IN CONNECTION WITH INTELLIGENCE MATTERS CONCERNING LATIN AMERICA. WE TOLD ALLIEGRO THAT VAN CLEAVE SHOULD CONTACT OUR OFFICE IN ATLANTA; HOWEVER, ALLIEGRO SAID THAT VAN CLEAVE DIDN'T WANT TO DEAL WITH ''RECRUITERS'', RATHER HE WANTED TO SPEAK WITH A CIA OFFICER ''IN THE BUSINESS OF INTELLIGENCE COLLECTION''. WE TOLD ALLIEGRO THAT OUR ATLANTA OFFICE HAS THE SAME STATURE AS THE MIAMI FIELD OFFICE, AND THAT HE SHOULD URGE VAN CLEAVE TO CONTACT OUR REPRESENTATIVE IN ATLANTA. ALLIEGRO WOULDN'T ACCEPT THIS RESPONSE ON OUR PART AND INSISTED THAT WE AT LEAST HEAR WHAT VAN CLEAVE HAD TO SAY. FINALLY, WE AGREED TO ACCEPT A CALL FROM VAN CLEAVE SO THAT WE COULD TELL HIM TO CONTACT OUR ATLANTA REPRESENTATIVE.

2. VAN CLEAVE CALLED US AT HIS EXPENSE FROM ATLANTA ABOUT FIVE MINUTES LATER. WE ADVISED HIM AT THE OUTSET THAT HE SHOULD SPEAK WITH BILL PANGBURN IN THE ATLANTA RESIDENT OFFICE AT HIS EARLIEST CONVENIENCE. WE EXPLAINED THAT OUR WORK FORCE IS DIVIDED GEOGRAPHICALLY RATHER THAN FUNCTIONALLY, AND THAT SINCE HE LIVES IN ATLANTA, HE MUST DEAL WITH THE ATLANTA RO. WE PROVIDED HIM WITH THE TELEPHONE NUMBER FOR THE ATLANTA RO, AND HE INDICATED THAT HE WOULD CONTACT PANGBURN THE SAME DAY. WE CALLED PANGBURN TO ADVISE HIM OF VAN CLEAVE'S INTENTION TO CONTACT HIM. WE LATER LEARNED FROM BOTH PANGBURN AND VAN CLEAVE THAT THE CONTACT WAS MADE.

3. WE PRESUMED THAT WE WOULD HAVE NO FURTHER CONTACT WITH VAN CLEAVE. HOWEVER, WE WERE MISTAKEN. VAN CLEAVE PLACED AT LEAST TWO MORE TELEPHONE CALLS TO US FROM ATLANTA (AT HIS EXPENSE), AND ONE FROM DADE COUNTY, FLORIDA. EACH TIME WE ADVISED HIM TO CALL PANGBURN RATHER THAN US. HIS RESPONSE ON THESE OCCASIONS WAS THAT HE ALREADY HAD OR INTENDED TO KEEP PANGBURN ADVISED BUT THAT HE WANTED TO KEEP US INFORMED ALSO. THE LOCAL DADE COUNTY CALL WAS MADE TO ADVISE US THAT VAN CLEAVE WAS IN MIAMI IN THE COMPANY OF TWO ARGENTINE POLICE OFFICIALS, WHOM WE COULD DEBRIEF IF WE SO DESIRED. WE AGAIN TOLD HIM THAT HE COULD REPORT TO ATLANTA.

4.36

4. VAN CLEAVE TOLD US DURING ONE OF THE AFOREMENTIONED CONVERSATIONS THAT HE IS ACQUAINTED WITH MITCHELL WERBELL, A127900 POWDER SPRINGS, GEORGIA, AND THAT HE HAD BEEN ''PRESSURED'' INTO TAKING WERBELL TO ARGENTINA WITH HIM IN LATE JANUARY 1974 BY OFFICIALS IN THE COCA COLA COMPANY, CORAL GABLES, A164 FLORIDA, WITH WHICH VAN CLEAVE HAS (OR HAD) A CONSULTING CONTRACT IN CONNECTION WITH COCA COLA'S SECURITY SYSTEM IN ARGENTINA. VAN CLEAVE ADVISED US THAT HE NEVER AGAIN WOULD HAVE ANYTHING TO DO WITH WERBELL BECAUSE THE LATTER HAD ACTED SO BADLY DURING THIS TRIP. HE TOLD US THAT WERBELL HAD COMMENTED TO ARGENTINE OFFICIALS THAT HE (WERBELL) WAS SOME-HOW CONNECTED WITH THE CENTRAL INTELLIGENCE AGENCY, AND ON A FIRST NAME BASIS WITH ''BILL'' COLBY, DCI. VAN CLEAVE TOLD US THAT MATTERS HAD DEGENERATED TO SUCH A DEGREE THAT HE RETURNED TO THE US WITHOUT WERBELL. (OUR MEMORY IS A BIT FUZZY ON THE CONTENTS OF THIS DISCUSSION, BUT WE RECALL SOMETHING TO THE EFFECT THAT WERBELL WAS INVOLVED WITH WINE, WOMEN, AND SONG, AND VAN CLEAVE WAS AFRAID THAT WERBELL MIGHT BE ARRESTED BY ARGENTINE POLICE BEFORE IT WAS OVER.) VAN CLEAVE TOLD US THAT HE PERSONALLY NEVER HAS SO MUCH AS IMPLIED A RELATIONSHIP WITH THE AGENCY TO ANY OUTSIDER.

5. ALTHOUGH WE HAVE NOT MET VAN CLEAVE IN PERSON, BASED UPON OUR TELEPHONE CONVERSATIONS WITH HIM HE APPEARED TO BE AN INTELLIGENT AND REASONABLE MAN. WE ARE SORRY THAT WE CANNOT PROVIDE A MORE DETAILED ACCOUNT OF OUR CONVERSATIONS WITH VAN CLEAVE, BUT AS WE MENTIONED IN REFERENCED TELECON WE DID NOT MAKE NOTES DURING THE CONVERSATIONS NOR DID WE FEEL IT NECESSARY AT THE TIME TO WRITE A MEMORANDUM FOR THE RECORD SINCE WE BELIEVED THAT IT WAS A NORMAL, ALBEIT COMPLEX, REFERRAL TO ANOTHER DCD OFFICE. Resume of Contacts with Stephen Van Cleave

A122814 A-127900

1. Jack Hennessy, Miami Field Office, called on 21 January 1974 to give us a source lead on Stephen Van Cleave and Mitch Werbell, both from Atlanta, Georgia. Jack briefed us on past Miami contacts with Van Cleave and suggested we might want to contact him concerning his activities in Argentina. At that time we were in the process of moving the office to the present location so did not contact Van Cleave until 25 January 1974. On that date we called, identified ourselves and briefly explained the reason for the call. His first question was, "Do you know Mitch Werbell and does this have anything to do with him?" We assured him we did not know Werbell, and our interest was not related to him. Van Cleave suggested we come to his office at 1:00 that afternoon.

2. We arrived shortly before 1:00 at his office in [illegible] W. Wieuca Rd. N.E., Atlanta, Georgia. Van Cleave has a one room office in a modern building located in a moderate to high rent district of Atlanta. After presenting credentials and a business card we asked if we might tape the interview. He said he preferred we tape it as well as any future transactions as he wanted to be absolutely sure any information he gave us was reported accurately. Enclosure No. 1 is a rough draft of the first interview. The actual tape has been erased. Some of this information was reported in 00-A(S)-[illegible]/0[illegible]35-74, Secret, CIA Internal Use Only.

3. On 9 February 1974 we received a call from Van Cleave at home. He wanted to report in detail on a recent trip to Oakland, California, where he had supposedly met with police officials and discussed the Hearst kidnapping, the SLA, etc. We told him this was very interesting but not CIA business.

4. Van Cleave called again on 25 February 1974 to fill us in on a visit to the US by Argentine police officials and an operational opportunity in the Bahamas. We prepared this information for dissemination as 00-A(S)'s. In view of recent developments we assume neither report should be disseminated. To complete your record of contacts, both reports are enclosed as Enclosures No.'s 2 and 3 (disregard the Atlanta report numbers, they will be used for future reporting or cancelled).

5. In the meantime the R G Murphy kidnapping came up to occupy his time until 26 February when he called to say he had some sensitive information of definite interest to CIA. When told we could not get into his office the following day due to a lack of transportation, he said he would come to our office. We reluctantly agreed. Late the morning of 27 February he came to our office and presented us with the information in Enclosure No. 4 (rough draft--the tape will be saved in case it is needed at a later date).

6. Not on the transcript but of possible interest, before leaving our office he said he was afraid he might be fired by Coca Cola on 4 March 1974. Briefly, what apparently happened (and this is his story) was:

a. When it was learned Reg Murphy had been kidnapped, Chief John Inman of the Atlanta Police Department called Van Cleave requesting his assistance. He asked Van Cleave to come to headquarters and work with Assistant Chief Mullins (we believe this is the correct name) on the Murphy kidnapping,

b. Van Cleave apparently expressed concern to the Assistant Chief that prominent members of Coca Cola Company residing in the Atlanta area might be targets for the same kidnappers,

c. The Assistant Chief agreed and went along with Van Cleave notifying, by phone, Coke officials,

d. Van Cleave had not cleared this action with his immediate supervisor at the Coca Cola Company.

e. Apparently the phone calls were made very late in the evening.

f. When the Murphy kidnapping was resolved, Van Cleave was called in by his boss to account for his actions. He apparently has not been able to justify the calls and this will be discussed at the meeting on 4 March. We suspect this may be his last official action for the Coca Cola Company.

7. Since receiving the 27 February 1974 call from OSS, we have checked with Charles Haynes and Bob Perry of the FBI. Both are familiar with Van Cleave and his operations. Perry confirmed that Van Cleave had passed the information contained in Enclosure No. 4 to the FBI. Perry had a few other things to say about Van Cleave that probably do not need to be repeated in this memorandum.

8. Concerning the future, we intend to be hard to reach when Van Cleave calls; if necessary, talk to him on the phone a few times to see if he gets the idea; then if all fails simply tell him we have been told to stay out of this business.

1. We have reviewed subject's 201 file for additional information. Subject was of interest to this Agency in 1959 and was granted a POA in August of that year. This was cancelled in October 1959 when his information proved to be of little value and because it was suspected he was using Agency funds to promote his personal interests. He has subsequently attempted to pass himself off as an Agency employee. He is characterized by the file as unscrupulous, a "wheeler-dealer" and a promoter of grandiose schemes. The subject has been under investigation in 1973 by both the Bureau of Alcohol, Tobacco and Firearms and the United States Customs Service for activities relating to possible mercenary activities in Abaco Island, Bahamas.

2. If the subject should contact your office again, we suggest you accept whatever information he has to offer but make no further commitments concerning Agency contact. Subject is well known to the appropriate Desk and is of extremely doubtful character.

3. We trust this memorandum will provide you with useful information concerning this subject. Thank you for bringing his name to our attention.

1. On 9 Mar 71 we received a long distance call, presumably from Powder Springs, Georgia, from subject, who is an old and unsavory contact of this office dating from 1959. Werbell has been involved in a variety of scrapes, the latest of which concerned an abortive invasion of Haiti which John Greany was very much concerned about a year or so ago.

2. Werbell stated that the Department of Defense had just revoked his security clearance on grounds of Werbell's "frivolous behavior" in the Haitian caper. Werbell stated that he intended to "fight it to the Supreme Court", as he had always kept us and other elements of the US Government informed concerning developments in the Haitian matter.

3. Werbell asked if there was anything that we could do for him in the way of interceding for him with the DOD, and we informed him bluntly and in no uncertain terms that he was strictly on his own, and we could do nothing for him. He then asked if it would be worthwhile to subpoena Bart Gonzales. We informed him that it was up to his attorney to make such recommendations.

4. Werbell seemed to get the message, and then offered to keep us advised regarding an alleged forthcoming attempt on Haiti which is being sponsored by Rolando Masferrer, even though Masferrer is currently incarcerated in a federal prison. We told Werbell that if he wished to pass any information along we would accept it but under no circumstances should he attempt to elicit any information on our behalf. He agreed that he would operate on this basis and said he might be in touch with us again.

5. In view of Werbell's record we felt that this latest contact should be a matter of record and that OGC should be informed of developments.

Mitch WerBell: Gunsmith to the 'Right' Si

By Roger Williams

The following is excerpted by permission from Atlantic magazine.

DOWN THE DRIVEWAY that snakes through the country estate came two teen-age boys. They were clean-cut and handsome in the traditional college fashion, and they looked at home in the quiet, leafy setting. But one wore a camouflage suit and carried a large pistol in each hand; the other had an M-3 "grease gun" tucked under one arm and a silencer-equipped sniper rifle under the other.

Behind them, propelling himself vigorously in a wheelchair, came their father, Mitchell Livingston WerBell III of Powder Springs, Ga.—soldier of fortune, militant anticommunist and one of the nation's leading developers of military weapons and accessories.

Mitch IV and Geoff chatted lightly about the weapons they were carrying. Their father, temporarily immobilized by a fractured heel, punctured the conversation with brief bursts of information about the sniper rifle, one of his most choice products. "This weapon had killed 1,900 VC in six months," he said proudly. "Those VC took only 1.3 rounds per kill. Twenty-seven cents apiece they cost Uncle Sam. That's the greatest cost effectiveness the Army's ever known."

Moments later, young Mitch and Geoff pumped round after round from the weapons into the bullet-shattered hulk of an automobile that serves as the primary target on the WerBell firing range. Then Mitch began firing a pistol, a standard Army .45. The gun kicked upward and the noise echoed across the fields and treetops. He then picked up a strange, smoothly rectangular handgun, an Ingram Model 11, equipped with a "flash and muzzle suppressor," and began firing it. The muzzle barely moved, and the only sound was a metallic click, followed by the [illegible] of the bullet and the pop as it hit the target.

The effect was eerie, almost chilling, especially when young Mitch put the [illegible] on full automatic and whipped off [illegible] clicking rounds in one second. Geoff provided the same kind of demonstration with the grease gun, a standard military submachine gun and the sniper rifle which WerBell calls the XM-21 [illegible] which is also equipped with a suppressor.

On the way back to the house, WerBell explained why the suppressor, commonly called a silencer, is so effective a firearm accessory. "It hides the muzzle flash and reduces the firing [illegible] to just metal on metal. You [illegible]

[illegible] nir weapons given to him by friendly forces in Vietnam, he said, and they were shipped to the States for display in military museums.

Not surprisingly, WerBell has often been called an operative of the Central Intelligence Agency, a charge that angers him only when it is leveled too vehemently. It is not that he has anything against the CIA. He just doesn't, he says, happen to be one of its boys. His paramilitary work, which consists of advising and sometimes directly assisting foreign governments, is done in the employ of what he calls "an independent group of well-intentioned, patriotic Americans." The Birch Society? The Minutemen? A bunch of far-right Texas millionaires? WerBell won't say, other than to insist that it is not the CIA.

It hardly matters, for according to WerBell, it is all in the service not only of freedom and anti-communism but of the U.S. government; he does not supply or advise or fight for regimes not bearing the State Department seal of approval. A heavy percentage of his merchandise goes directly to the U.S. government, which distributes it to its own forces that need silent or exotic weapons. The balance is sold to friendly governments, either directly or through the good offices of the "independent group." He says he does not sell to individuals, not even if they're certified anticommunists.

WerBell takes pains to point out that he is no ordinary arms broker. That is, he is not one of those shadowy figures who sell weapons to both sides at exorbitant prices or who take possession of contraband shipments on the high seas. "We've always adhered to a basic policy: There is only one friend of the United States in a given area, and we deal only with that friend."

What does WerBell peddle? A range of firearms from machine guns to desk-sized cannons, from the meanest-looking weapons to innocent looking swagger sticks that fire a bullet or even a small rocket; an array of techniques — "systems," he calls them — that will help an American soldier or a foreign army hold off insurgent forces, and occasionally, his personal services.

These services present WerBell at his most shadowy. Serving as a combatant in the armed forces of a foreign nation is against U.S. law, and WerBell is understandably reluctant to admit having done so. He describes himself in such terms as "paramilitary" and "adviser," but acquaintances suspect he has been in the thick of the fighting a number of times. He may even have

If it hits a human, it makes a peculiar, thunking sound, like hitting a watermelon."

'Compulsive Warrior'

MITCH WERBELL sounds completely matter-of-fact when he talks about firearms, and death, and with reason. He has been in the military hardware business for years, and he has either heard or produced—or both—the thunking watermelon sound many times—in Latin America and Southeast Asia, in the U.S. armed forces and as a paramilitary "adviser." He is a compulsive warrior, an armed crusader fighting against "ungodly communism."

WerBell is not alone in this occupation, but he practices it in a unique manner. Most soldiers of fortune are nothing else, and they live from one little war to the next, brawling and boozing their way through a tough and financially unrewarding life.

WerBell, by contrast, is a businessman who dabbles in military adventure only when and as far as it suits him. If combat didn't titillate him, he wouldn't partake of it. His business is supplying weapons, not using them in anger. He specializes in the weapons and techniques of counterinsurgency, which may be roughly defined as the forceful suppression of coups d'etat, rebellions and the like.

The way WerBell operates, this means defending established regimes, some of them dictatorships, against armed revolt. This political posture not only does not trouble WerBell, it pleases him. "I have no objection to dictatorship if it serves the interests of the country," he says. Particularly if the threat to those interests is from the left: "Communism has no place in the Western Hemisphere—or in any hemisphere. I am totally opposed to it, and to the spread of ideological germs and filth that it brings."

and again, WerBell's name [illegible] the news. The first issue of

Corporate Setup

THE HEADQUARTERS for h[illegible] work, the former Dobbs estate, is on Highway 360 just outside of Powder Springs in a remote section of Cobb County. Actually, corporate headquarters is in Washington, in a firm called Environmental Industries, Inc.—a neat euphemism for a company dedicated to killing people. Environmental Industries, WerBell says, is bankrolled by some of the East's most prominent investment houses; he is its director of international operations. He is also president of a subsidiary called Military Armaments Co., Inc., and because he is in Powder Springs, Military Armaments is there, too. (Behind Environmental Industries, WerBell says, is "a third shadow of which E.I. is a subsidiary"—another tantalizing hint of the CIA.)

Military Armaments may well be a unique American enterprise. Nobody else, WerBell says, is in the business of designing special purpose weapons on such a scale. A good deal of its designing and manufacturing is done under federal license. Silencers, for example, are outlawed by the National Firearms Act, along with sawed-off shotguns, submachine guns and other vestiges of Prohibition era gangland wars.

To manufacture his suppressors, WerBell must pay a special tax of $500 a year, collected by the Treasury Department. The T-men also check periodically to see that his awesome collection of firearms—over 200 individual pieces—is properly registered. Apparently the market for suppressors is not very large because, according to WerBell, his firm is the only one authorized to manufacture them.

WerBell will not discuss the sales or profits of Military Armaments except to say that, after two years of extensive research and development (resulting in "a tax loss of a half million dollars"), the company is now doing very well. It has about 12 employees, including four machinists who work under the direction of Gordon Ingram, who has charge of the design operation and whose name is on the Model 11 subma[illegible] [illegible] Mitch demon-

Mitchell WerBell dresses the part at his private arsenal in Georgia, where he makes specialized light weapons for the U.S. Army and other counterinsurgency forces around the world. Beside him is his son, Geoff. The braces were only temporary, while WerBell recovered from a leg injury.

WerBell six children and put up with his rather unusual way of life. (When he left for the Far East in 1968, he said he'd be gone for a year or more, and he was.)

A Military Profile

MITCHELL WERBELL is a short, wiry man of 52, quick with a quip and quite sensible until he begins talking about communism or other social issues. He has the face and bearing of a Prussian officer, an image he cultivated by wearing a mustache and occasionally a monocle. He often dresses in military clothing of indeterminate origin, and he embellishes the image by talking in slightly clipped sentences peppered with military phrases. There is nothing phony in this. WerBell has a strong attachment to weapons and to warfare, and he has been around them so long that the ideas and styles they foster are an ingrained part of his personality.

He comes by both his militarism and his anticommunism honestly. His father was an officer in the Russian Imperial army, even though he was born in the United States. "It was a tricky situation," says Mitch. "He was a citizen of both the U.S. and Russia. In those days you could do that."

The elder WerBell fought against the Bolsheviks, but before the collapse of the czarist regime he wisely secured an appointment as liaison officer between the Russian and American forces—stationed in the U.S. He lived in this country for the rest of his life, putting his early medical training to use in cancer research.

A legacy from father is Mitch's barely disguised aristocratic sympa-

vertising in a department store. Soon he was head of the department, and soon after that he went on his own.

In the mid-'50s, WerBell pulled out of his agency and then formed his own public relations firm. "I'd already been drifting into international PR," WerBell says, "using my family background. I had tremendous contacts in Europe, and I moved into the Far East, too." How much of this moving in was military, WerBell won't say, but his business took on more and more of what he calls a "geopolitical" flavor.

Before long, he was dabbling in Latin American dictatorships. "Before Fidel took over in Cuba, we were working closely with Batista." He adds with a grin, "Our function was to keep Batista in power, although the U.S. government was looking favorably on Fidel at that point."

From all this, even WerBell doesn't know exactly how, came a passionate concern about communism. "I decided to devote whatever time I could to anticommunist activities," he says. "At first it was sort of a hobby, but then it became my main drive in life. What I'm doing now"—here he gestures at the arsenal on his office walls—"affords me a damned good living. But the living is not why I do it."

The Heart of It

IN 1948, WHILE anticommunism was still a hobby, albeit a paying hobby, WerBell purchased the Dobbs estate. He installed rudimentary design facilities and began experimenting with weapons of counterinsurgency, weapons he believed had the best chance of preventing Communist takeovers in the small, underdeveloped nations of [illegible] realized

who had both the savvy and the guts to help preserve them.

His first major paramilitary operation was in the Dominican Republic during the 1965 revolt. He was, of course, on the side of the government, which was fending off allegedly Communist insurgents; the United States was on its side, too. WerBell wound up in the midst of the fighting. He was the second Dominican government man to reach the Ozama River, scene of the major battle.

Ellsworth Bunker, then U.S. ambassador to the Organization of American States, became highly exercised over WerBell's activities and his hawkish views on the conflict (WerBell opposed a cessation of hostilities and establishment of a coalition government). Bunker considered trying to toss WerBell out of the country, but nothing came of it. WerBell's "independent group"—CIA, Texas millionaires or whatever—saw to that.

WerBell was already active in the anti-Castro movement, and he brought to it a sense of dash and discipline that the ragtag, bickering bunch of Cuban exiles had seldom seen. Perhaps his major anti-Castro exploit was a speedboat foray into Camarioca, on Cuba's southern coast. The mission was to drop a swimmer, apparently a spy, offshore, and to pick up the family of an exile leader. The boat, flying the Confederate flag on the radio antenna, foundered in high seas, and the raiding party was captured. The Cubans, the story goes, did not know what to make of the brash WerBell, and he and his pals wound up stealing a Castro boat and spiriting some 16 anti-Castroites out of the country before they themselves returned to the United States.

erBell, by contrast, is a business- n who dabbles in military adven- e only when and as far as it suits m. If combat didn't titillate him, he n't partake of it. His business is plying weapons, not using them in sat. He specializes in the weapons techniques of counterinsur- cy, which may be roughly defined the forceful suppression of coups tat, rebellions and the like.

The way WerBell operates, this ns defending established regimes, ne of them dictatorships, against ned revolt. This political posture only does not trouble WerBell, it eases him. "I have no objection to tatorship if it serves the interests of e country," he says. Particularly if e threat to those interests is from e left. "Communism has no place in e Western Hemisphere—or in any where. I am totally opposed to it, to the spread of ideological germs d filth that it brings."

Now and again, WerBell's name ps into the news. The first issue of e new muckraking magazine, Scan- ls, carried an exhaustive story on 's involvement in an abortive inva- n of Haiti in 1966, and WerBell was edited with a major, if uncertain, e in the operation. (WerBell was ar- sted and indicted after the fiasco, t charges against him were dropped, ile six others arrested were brought trial. Asked by a friend for an ex- nation, WerBell replied jauntily, hen you work for the company, y take care of you. I'll never hear other word about it." So far he n't, he maintains.)

st December, WerBell hit the nt page of The Atlanta Constitution en a shipment of captured enemy apons bound from Vietnam was de- ned at Eglin Air Force Base, Flor- a. A national columnist conjectured at WerBell or his friends meant to stribute the weapons to rightwing tremist groups in the U.S. WerBell ily denies that. They were souve-

on such a scale. A good deal of its designing and manufacturing is done under federal license. Silencers, for example, are outlawed by the National Firearms Act, along with sawed-off shotguns, submachine guns and other vestiges of Prohibition era gangland wars.

To manufacture his suppressors, WerBell must pay a special tax of $500 a year, collected by the Treasury Department. The T-men also check periodically to see that his awesome collection of firearms—over 200 individual pieces—is properly registered. Apparently the market for suppressors is not very large because, according to WerBell, his firm is the only one authorized to manufacture them.

WerBell will not discuss the sales or profits of Military Armaments except to say that, after two years of extensive research and development (resulting in "a tax loss of a half million dollars"), the company is now doing very well. It has about 12 employees, including four machinists who work under the direction of Gordon Ingram, who has charge of the design operation and whose name is on the Model 11 submachine gun that young Mitch demonstrated on the firing range.

'Cottage Industry'

INGRAM WORKS in a well-equipped machine shop-lab attached to the main house on the estate, which WerBell likes to call "the farm." WerBell's office is next door to the shop. Its walls are so loaded with weapons that it is a wonder they do not collapse. There are knives and spear guns and pistols and rifles and machine guns, dozens and dozens of them, some purchased, some won in combat, some presented by the appreciative recipients of WerBell's counterinsurgency techniques.

WerBell, who has a sense of humor, calls his enterprise a "cottage industry" and likens himself to "a country doctor. . . . I can fall out of the living area upstairs right down to the office." Upstairs is the domain of his German-born wife Hildegard, a pleasant, gray-haired woman who has borne

cultivated by wearing a mustache and occasionally a monocle. He often dresses in military clothing of indeterminate origin, and he embellishes the image by talking in slightly clipped sentences peppered with military phrases. There is nothing phony in this. WerBell has a strong attachment to weapons and to warfare; and he has been around them so long that the ideas and styles they foster are an ingrained part of his personality.

He comes by both his militarism and his anticommunism honestly. His father was an officer in the Russian Imperial army, even though he was born in the United States. "It was a tricky situation," says Mitch. "He was a citizen of both the U.S. and Russia. In those days you could do that."

A legacy from father is Mitch's barely disguised aristocratic sympathies. He has been quoted as saying, "Communism is a substitution of a peasant dictatorship over the aristocracy—I prefer the aristocracy." He is without question an elitist. Not surprisingly, his elite is composed of superpatriots and military men.

Mitchell WerBell was born in Pennsylvania, shortly after his Russian-American father and his Scottish-born mother arrived in the U.S. at the end of World War I. His parents traveled a good deal, here and abroad, and Mitch traveled with them, picking up his education as he went. He got a degree in journalism from the University of Pennsylvania. In World War II, he joined the OSS, and served with a unit behind Japanese lines in China, rising to the rank of captain and acquiring a taste for guerrilla-type warfare he would never lose.

WerBell moved to Atlanta shortly after the war and went to work in ad-

of what he calls a [illegible] flavor.

Before long, he was dabbling in Latin American dictatorships. "Before Fidel took over in Cuba, we were working closely with Batista," he adds with a grin. "Our function was to keep Batista in power, although the U.S. government was looking favorably on Fidel at that point."

From all this, even WerBell doesn't know exactly how, came a passionate concern about communism. "I decided to devote whatever time I could to anticommunist activities," he says. The Heart of It

IN 1946, WHILE anticommunism was still a hobby, albeit a paying hobby, WerBell purchased the Dobbs estate. He installed rudimentary design facilities and began experimenting with weapons of counterinsurgency, weapons he believed had the best chance of preventing Communist takeovers in the small, underdeveloped nations of Asia and Latin America. "I realized that in counterinsurgency, the primary problem was a lack of depth in weaponry. People say, 'Win the hearts of the enemy, and you'll win the fight.' That's a lot of bull. The best way to get their hearts, if they're the enemy, is to shoot 'em and cut the hearts out."

While he experimented with weapons—quietly, to avoid problems with the federals—WerBell proceeded with his personal brand of geopolitics. He made himself available to anticommunist regimes that wanted help in fighting off one band of insurgents or another. In the process, he became friendly with a number of Latin America's political strongmen. They were delighted to discover a North American who felt as they did about the need for stable, anticommunist regimes, especially their regimes, and

Ellsworth Bunker, then U.S. ambassador to the Organization of American States, became highly exercised over WerBell's activities and his hawkish views on the conflict (WerBell opposed a cessation of hostilities and establishment of a coalition government). Bunker considered trying to toss WerBell out of the country, but nothing came of it. WerBell's "independent group"—CIA, Texas millionaires or whatever—saw to that.

Vietnam Superhawk

IN THE LATE '60s, WerBell turned his attention to Southeast Asia. He is, of course, a superhawk on Vietnam, and would be happy if the U.S. were also fighting communism in all its neighboring countries. He was in Thailand, "working closely with the supreme command," for months, promoting the sales of his weapons and systems. "I showed them things like surveillance equipment and night vision equipment, stuff that lets you surprise the hell out of the bastards." Did he do any fighting himself? WerBell chuckles. "I ain't supposed to be shooting the stuff, just demonstrating how to shoot it."

Three years ago, WerBell's weapons business became promising enough for him to go into it full time. He organized a firm called Sionics (for Studies

There is his anticommunist [illegible] ment, too. WerBell is fighting Communist menace. It is a fight must be won and weapons are nee to win it.

Contrary to cynical opinion, Pow Springs was not named to hono WerBell and his enterprise. WerBell, in fact, stays as aloof from the community as possible. A few weeks WerBell's son-in-law, an Air Force tenant colonel, flew in from mainly to see what was new at the shop; he hadn't been by in sev months, he said, "and things ch awfully quickly around here." The I was there, the colonel and Wer swapped ideas on prodding the State partment of no-win policy makers on bringing the enemy to its knee its grave, in Vietnam.

WerBell recalls with relish one ticular visitor. He came from the S Department a few years back, and cording to WerBell, he said, "The f tions of the foreign policies of United States are the business of State Department in Washington, of Mitchell WerBell in Pow Springs, Georgia." WerBell's re "You can't print it. It was all in A Saxon words." But that was the swashbuckling WerBell. The new, profile WerBell says with a grin, present policy is that I agree with theory completely. Period."

If actions to the contrary speak loudly, they, like WerBell's wea can always be suppressed by the himself. Meanwhile, Mitch and his dependent group" march on.

Local OSI Inquiry Regarding Information on Mitchell L. Werbell P

1. On 15 May 1969, Special Agent Dave Plouman, local OSI representative, USAF, visited the Miami Field Office to solicit any information we might have regarding Mitchell L. Werbell who apparently is undergoing a security clearance check as the result of presently being employed by a company with a government contract.

2. Werbell was an unsolicited contact of this office beginning in 1959 and he reached peak notoriety in November 1967 as a result of his involvement in the Rolando Masferrer trial in connection with the abortive Haitian invasion. John Greaney, OSS was in Miami at the time to oversee Agency interests.

3. Plouman in contacting other US Government agencies locally including the US Attorney's Office somehow received an indication that CIA had information on Werbell; thus Plouman's visit to the Miami Field Office.

4. It was indicated to Plouman, who is known personally by several members of this staff, that we knew of Werbell and that on occasion he had reported unsolicited information. It was suggested, however, that Plouman direct his request officially through channels via OSI's agency liaison officer in Washington.

5. This is for background and is being forwarded at the suggestion of local CIA Security.

1. You will recall that John Greaney of the Office of General Counsel was in Miami for several days in connection with the federal case pending against subject. WerBell was indicted on federal conspiracy charges growing out of the abortive invasion attempt of Haiti a short time ago.

2. Following the indictment WerBell called us and indicated that he was to be interviewed on "nationwide TV through station WSB-TV in Atlanta." We called Harry McCrea and asked him to monitor local coverage, and we covered the NBC stations for a period of several days. WerBell did not appear on a national hookup, but Harry McCrea informed us that he did appear on a two-minute taped segment on the WSB-TV, 6:25 A.M. telecast only. WerBell said he would, if he could, "make a citizen's arrest of Dwight Eisenhower, John McCone, et al, because he did no more than they did." Harry said that he didn't believe that the station took his statement seriously.

3. WerBell was also interviewed by "The Atlanta Constitution", and we are enclosing a clipping from the "Constitution" of 28 Feb 67 in which WerBell is quoted concerning the indictment.

4. Would you please pass the above to John Greaney. You might inform him that the statement of an undesignated federal official in Miami undoubtedly refers to the Customs agent in charge, with whom WerBell had a conversation prior to calling us. WerBell quoted him in the same fashion in our conversation. We have had no further contact with WerBell.

Office Memorandum • UNITED STATES GOVERNMENT

ATTN : Index Branch

DATE: 27 July 1959

FROM : Chief, Miami Field Office

A-81615

SUBJECT: Memorandum of Visit to Mitchell Werbell III
[illegible] Segovia Circle
Coral Gables, Florida

1. In the evening of 24 July 1959 I received a telephone call from subject, who had been given my name and address by another segment of the intelligence community in connection with the possibility of his passing along late information concerning the rumored impending flight of Batista to the US.

2. Werbell indicated that he spent a great amount of his time in the Dominican Republic and had extremely close association with leaders of the government, and also with General Jose Pedraza. He claimed to have been a former member of the OSS with service in China in WWII. Werbell is a soldier-of-fortune type who wears a monocle, drives a Mercedes-Benz, sports a most attractive blonde girl friend, and is a Big Spender. He also volunteered that he has a wife and six children living in Georgia.

3. Werbell told me that his principle source of income is in dealing with Cuban pesos, and said that he is associated in the business with a John Lipko of Los Angeles, a jazz musician who formerly played with the Jimmy Dorsey and Jan Garber bands.

4. Lipko also claims to have been a member of OSS during WWII, serving in the Rumanian and Eastern European area. Lipko was busily engaged in making long distance phone calls to Mexico City, Guatemala City, and Los Angeles during a part of the time I was with the group.

5. Werbell gave me some information on Batista's plans, which is basically supposition, and furnished some other marginal information which is being forwarded, although in my opinion little credence can be placed in anything he says. It is hard to evaluate what Werbell's motives are in connection with his desire to furnish information regarding Batista to us, but it appeared that he was also attempting to fish for information, throwing out a number of questions concerning the Biltmore Terrace Hotel, reportedly recently to have been purchased by Cuban interests with 9 million Cuban pesos. The penthouse reportedly has been completely redecorated, with heavy steel doors guarding the entrance. This penthouse suite has been rumored to be Batista's intended headquarters once he arrives in the US. All of this has been written about in the gossip columns of the local papers.

6. Inasmuch as Werbell has my name and phone number, probably little can be done to prevent him getting in touch with me from time to time, but contact will not be initiated by me except by direction. The basic purpose of this memo is for the record.

[This report was developed by a Navy representative assigned to the office of preparation.]

1. During the night of 22 Nov 66 a decision was reached to call off the proposed invasion of Haiti by the group sponsored by Rolando Masferrer. The invasion is off indefinitely.

2. Father Jean Baptiste Georges and Colonel Rene Leon have been arguing with Masferrer which has caused confusion and disorganization in the movement. Many Cubans scheduled to participate have pulled out and military chief Napoleon Villaboise (sic), a Cuban national and alleged military expert, has resigned because of dissension in the group.

3. It is believed that US Government agencies have infiltrated the movement and the leaders fear that all weapons and equipment would be confiscated if plans for the invasion proceeded.

/This report was developed by a Navy representative assigned to the office of preparation./

1. As of 22 Nov 66 in spite of widespread press reports, no invasion of Haiti has taken place.

2. Rolando Masferrer Rojas who is sponsoring the alleged invasion, has been telling Cuban exiles that his group has secured the airport at Port-de-Paix and they should be prepared to leave at any time.

3. Masferrer has given up the idea of moving his group, which consists of approximately 300 Cubans and 100 Haitians, by boat and is trying to make arrangements for chartering eleven aircraft, including some DC-3's. One of the DC-3's would carry Colonel Rene Leon, Masferrer, and Father Jean Batiste Georges.

4. The M/V Hudson is to be used to carry part of the weapons. The Masferrer group is well armed and has plenty of weapons. They have three tons of C-3 dynamite, and also have some C-2 and C-4.

5. The Henrietta II will carry photographers.

6. In spite of the above I believe that the "invasion" is a farce and is falling apart. Masferrer is merely trying to cover up for the funds he has received for the invasion. It is believed that Masferrer's life will be in danger if he does not make some ostensible effort.

[This report was developed by a Navy representative assigned to the office of preparation.]

1. On 28 Oct 66 I spoke with Rolando Masferrer Rojas, a Cuban exile, and he told me that he has organized a military force of approximately 250 men to invade Haiti. The invasion force consists of Cuban and Haitian exiles residing in the US, the Bahamas, and the Dominican Republic. The invasion will probably be launched from the Dominican Republic sometime between 5 and 13 November and the target is Port-au-Prince. The invasion force will strike in the early hours of the morning selected. It is well armed, and will have air cover; the presidential palace will be bombed.

2. Masferrer stated that Eugene L. Maximilien, Haitian Consul in Miami, Florida, is aware of the invasion, but he has no knowledge of the invasion date. Maximilien is presently in Haiti informing President Duvalier that the invasion can be prevented by paying off $200,000 to Masferrer. Maximilien will return to the US on 3 November and he has agreed with Masferrer that if Duvalier agrees to the pay-off, Maximilien will receive $50,000 and Masferrer $150,000.

3. Masferrer told me that the invasion will take place in any event and the $150,000, if received, would be used to further support the invasion.

4. Masferrer stated that he met within the past 10 days with several dissident Haitian army officers and he had received their support. The Haitian army officers told Masferrer that they would revolt as soon as informed that the invasion had commenced. They do not know that the target will be Port-au-Prince; they believe that it will be in the Cap Haitien area.

5. Masferrer stated that he was confident that the invasion will succeed, and if successful, Father Jean Baptiste Georges would be appointed provisional president. Masferrer stated that Colonel Rene Leon, Haitian exile, will participate in the invasion.

Resume of Contacts with Stephen Van Cleave

#132014 A127900

1. Jack Hennessy, Miami Field Office, called on 21 January 1974 to give us a source lead on Stephen Van Cleave and Mitch WerBell, both from Atlanta, Georgia. Jack briefed us on past Miami contacts with Van Cleave and suggested we might want to contact him concerning his activities in Argentina. At that time we were in the process of moving the office to the present location so did not contact Van Cleave until 25 January 1974. On that date we called, identified ourselves and briefly explained the reason for the call. His first question was, "Do you know Mitch WerBell and does this have anything to do with him?" We answered him we did not know WerBell and our interest was not related to him. Van Cleave suggested we come to his office at 1:00 that afternoon.

2. We arrived shortly before 1:00 at his office in 17[illegible] N. [illegible] Rd. N.E., Atlanta, Georgia. Van Cleave has a one room office in a modern building located in a moderate to high rent district of Atlanta. After presenting credentials and a business card we asked if we might tape the interview. He said he preferred we tape this as well as any future transactions as he wanted to be absolutely sure any information he gave was reported accurately. Enclosure No. 1 is a rough draft of the first interview. The actual tape has been erased. Some of this information was reported in OO-A(S)-322/03435-74, Secret, CIA Internal Use Only.

3. On 9 February 1974 we received a call from Van Cleave at home. He wanted to report in detail on a recent trip to Oakland, California, where he had supposedly met with police officials and discussed the Hearst kidnapping, the SLA, etc. We told him this was very interesting but not CIA business.

4. Van Cleave called again on 25 February 1974 to fill us in on a visit to the US by Argentine police officials and an operational opportunity in the Bahamas. We prepared this information for dissemination as OO-A(S)'s. In view of recent developments we assume neither report should be disseminated. To complete your record of contacts, both reports are enclosed as Enclosures No.'s 2 and 3 (disregard the Atlanta report numbers, they will be used for future reporting or cancelled).

5. In the meantime the Reg Murphy kidnapping came up to occupy his time until 26 February when he called to say he had some sensitive information of definite interest to CIA. When told we could not come into his office the following day due to a lack of transportation, he said he would come to our office. We reluctantly agreed. Late the morning of 27 February he came to our office and presented us with the information in Enclosure No. 4 (rough draft--the tape will be saved in case it is needed at a later date).

6. Not on the transcript, but of possible interest, before leaving our office he said he was afraid he might be fired by Coca Cola on 4 March 1974. Briefly, what apparently happened (and this is his story) was:

a. When it was learned Reg Murphy had been kidnapped, Chief John Inman of the Atlanta Police Department called Van Cleave requesting his assistance. He asked Van Cleave to come to headquarters and work with Assistant Chief Mullins (we believe this is the correct name) on the Murphy kidnapping;

b. Van Cleave apparently expressed concern to the Assistant Chief that prominent members of Coca Cola Company residing in the Atlanta area might be targets for the same kidnappers;

c. The Assistant Chief agreed and went along with Van Cleave notifying, by phone, Coke officials;

d. Van Cleave had not cleared this action with his immediate supervisor at the Coca Cola Company;

e. Apparently the phone calls were made very late in the evening;

f. When the Murphy kidnapping was resolved, Van Cleave was called in by his boss to account for his actions. He apparently has not been able to justify the calls and this will be discussed at the meeting on 4 March. We suspect this may be his last official action for the Coca Cola Company.

7. Since receiving the 27 February 1974 call from OSS, we have checked with Charles Haynes and Bob Perry of the FBI. Both are familiar with Van Cleave and his operations. Perry confirmed that Van Cleave had passed the information contained in Enclosure No. 4 to the FBI. Perry had a few other things to say about Van Cleave that probably do not need to be repeated in this memorandum.

8. Concerning the future, we intend to be hard to reach when Van Cleave calls; if necessary, talk to him on the phone a few times to see if he gets the idea; then if all fails simply tell him we have been told to stay out of this business.

MEMORANDUM FOR RECORD

John R. Peterson
Atlanta Resident Office

Response to Call-in to Agency Headquarters/Initial Contact (Telephone) with John Daniel Williamson, Carrollton, Georgia

1. On 7 January 1975 Albert S. Coleman of the Washington Field Office called us to pass on information that he had just been given by Dale Zeimer, DCD Headquarters, regarding a call received by the Agency duty officer on New Year's Eve from one John Daniel Williamson of Carrollton, Georgia. Williamson identified himself as a Methodist minister and gave his address as Route #2, Box 3546, Carrollton, Georgia, Phone: (404) 854-0443.

2. In his call to Agency Headquarters, Williamson said that he had a friend who had information on the impending overthrow of a foreign government. The information regarded illegal shipment of arms from the US to the foreign country. Williamson said that his friend had wanted to try to sell the information to the foreign country concerned but that when the friend told Williamson about it Williamson prevailed on him to let him (Williamson) bring it to the attention of the proper government agency, resulting in his call to our headquarters on New Year's Eve. Williamson asked that someone from the Agency be put in contact with him.

3. On the afternoon of 7 January 1975, after verifying through the phone operator that Williamson was listed in the Carrollton area (he actually lives at Roopville, Georgia, on Rue Road, but the Roopville phones are handled under the Carrollton exchange), we called his number. We were informed by a young male voice, apparently his son, that Williamson was indeed a Methodist minister, but that he taught school every day during the week in the high school at Franklin, Georgia, except on Saturdays when he worked all day at a hardware store at Rockmart, Georgia. We were told that he preached on Sunday mornings. We were not told what he does on Sunday afternoons. Since he was not to be at home until after 5 PM, we called him from our own home that same evening.

4. Williamson seemed to be expecting our call although we had not identified ourselves during the earlier call. He gave us essentially the same information furnished during his New Year's Eve call. He said that the friend about whom he called is a 'former parishioner and lives in the Carrollton area." He preferred not to provide us with the friend's name and address. The information, however—that which we were able to ascertain--sounded on the up-and-up, as far as Mr. Williamson's part in it was concerned, for he seemed to be a sincere and well intentioned individual. When we tried to at least learn the name of the foreign country involved, Williamson said that his friend would not give him that information.

4.51

SECRET

SECRET

ATL-4-75

5. We did learn that the friend whom Williamson described as a business consultant, "a kind of a high-finance man involved in setting up corporations," who often travels abroad, had been approached by someone "locally," i.e., in the Carrollton-west Atlanta area (Carrollton is about 40 miles west of Atlanta). The friend was said to be "a good friend, a reliable man, a college graduate, an established man in the community." According to Williamson, the friend was approached because of the nature of his work to perform some sort of task for the group, and he knew that something was wrong. The friend then learned all he could about the planned operation and eventually talked with Williamson about it. The friend told Williamson that the gun-running operation had been going on for about a year.

6. At one point Williamson said that his friend told him that "the people involved in this thing won't hesitate to kill him (the friend) and he knows that he's going to have to leave this part of the country when it comes to light." Williamson told us: "I feel like I've got this man's life in my hands and I don't want to do anything to jeopardize his life, because I know him and his family and all." Williamson suggested that we meet his friend at the Cape and Sword Motel restaurant on I-20, near Six Flags Over Georgia, west of Atlanta, and he said that the two of them had already talked of this as a good meeting place. We told Williamson that we would be glad to meet with his friend but first we would like for his friend to give us a call so that we may talk with him. We gave our office phone number to Williamson. As of the writing of this memorandum, we have had no call.

7. From the information that Williamson provided, e.g., location of people involved, an attempt to meet with an Agency representative (to possibly get us involved merely by association), we believe that much of the substance of the matter could be the same as that which was reported from this office to OSS as related by Stephen Van Cleave regarding Mitch Werbell, et al. (See ATL-39-74, 26 February 1974, Resume of Contacts with Stephen Van Cleave; ATL-53-74, 9 April 1974, Stephen Van Cleave.) Mitch Werbell's operation, which has been described locally as a "machine-gun factory," is located at Powder Springs, Georgia, about ten miles north of the I-20 Cape and Sword Motel. At any rate, Mr. Williamson's friend has been given the opportunity to contact us—and we are awaiting his call.

SUBJ: STEVEN VAN CLEAVE, INTELLIGENCE SERVICES, LTD., ATLANTA, GEORGIA

REF: GRANT/HENNESSEY TELCON, 28 FEBRUARY, SAME SUBJECT

1. DURING THE AFTERNOON OF 21 JANUARY 1974 WE RECEIVED A TELEPHONE CALL FROM ANSELMO ALLIEGRO, 3550 ROCKERMAN ROAD, MIAMI, FLORIDA, (A CONTACT OF THE MIAMI FIELD OFFICE) WHO ADVISED US THAT AN ACQUAINTANCE OF HIS IN ATLANTA, GEORGIA, STEVEN VAN CLEAVE, WANTED TO SPEAK WITH US IN CONNECTION WITH INTELLIGENCE MATTERS CONCERNING LATIN AMERICA. WE TOLD ALLIEGRO THAT VAN CLEAVE SHOULD CONTACT OUR OFFICE IN ATLANTA; HOWEVER, ALLIEGRO SAID THAT VAN CLEAVE DIDN'T WANT TO DEAL WITH ''RECRUITERS'', RATHER HE WANTED TO SPEAK WITH A CIA OFFICER ''IN THE BUSINESS OF INTELLIGENCE COLLECTION''. WE TOLD ALLIEGRO THAT OUR ATLANTA OFFICE HAS THE SAME STATURE AS THE MIAMI FIELD OFFICE, AND THAT HE SHOULD URGE VAN CLEAVE TO CONTACT OUR REPRESENTATIVE IN ATLANTA. ALLIEGRO WOULDN'T ACCEPT THIS RESPONSE ON OUR PART AND INSISTED THAT WE AT LEAST HEAR WHAT VAN CLEAVE HAD TO SAY. FINALLY, WE AGREED TO ACCEPT A CALL FROM VAN CLEAVE SO THAT WE COULD TELL HIM TO CONTACT OUR ATLANTA REPRESENTATIVE.

A177650

4.51

2. VAN CLEAVE CALLED US AT HIS EXPENSE FROM ATLANTA ABOUT FIVE MINUTES LATER. WE ADVISED HIM AT THE OUTSET THAT HE SHOULD SPEAK WITH BILL PANGBURN IN THE ATLANTA RESIDENT OFFICE AT HIS EARLIEST CONVENIENCE. WE EXPLAINED THAT OUR WORK FORCE IS DIVIDED GEOGRAPHICALLY RATHER THAN FUNCTIONALLY, AND THAT SINCE HE LIVES IN ATLANTA, HE MUST DEAL WITH THE ATLANTA RO. WE PROVIDED HIM WITH THE TELEPHONE NUMBER FOR THE ATLANTA RO, AND HE INDICATED THAT HE WOULD CONTACT PANGBURN THE SAME DAY. WE CALLED PANGBURN TO ADVISE HIM OF VAN CLEAVE'S INTENTION TO CONTACT HIM. WE LATER LEARNED FROM BOTH PANGBURN AND VAN CLEAVE THAT THE CONTACT WAS MADE.

3. WE PRESUMED THAT WE WOULD HAVE NO FURTHER CONTACT WITH VAN CLEAVE. HOWEVER, WE WERE MISTAKEN. VAN CLEAVE PLACED AT LEAST TWO MORE TELEPHONE CALSS TO US FROM ATLANTA (AT HIS EXPENSE), AND ONE FROM DADE COUNTY, FLORIDA. EACH TIME WE ADVISED HIM TO CALL PANGBURN RATHER THAN US. HIS RESPONSE ON THESE OCCASIONS WAS THAT HE ALREADY HAD OR INTENDED TO KEEP PANGBURN ADVISED BUT THAT HE WANTED TO KEEP US INFORMED ALSO. THE LOCAL DADE COUNTY CALL WAS MADE TO ADVISE US THAT VAN CLEAVE WAS IN MIAMI IN THE COMPANY OF TWO ARGENTINE POLICE OFFICIALS, WHOM WE COULD DEBRIEF IF WE SO DESIRED. WE AGAIN TOLD HIM THAT HE COULD REPORT TO ATLANTA.

4.51

4. VAN CLEAVE TOLD US DURING ONE OF THE AFOREMENTIONED CONVERSATIONS THAT HE IS ACQUAINTED WITH MITCHELL WERBELL, POWDER SPRINGS, GEORGIA, AND THAT HE HAD BEEN ''PRESSURED'' INTO TAKING WERBELL TO ARGENTINA WITH HIM IN LATE JANUARY 1974 BY OFFICIALS IN THE COCA COLA COMPANY, CORAL GABLES, FLORIDA, WITH WHICH VAN CLEAVE HAD (OR HAS) A CONSULTING CONTRACT IN CONNECTION WITH COCA COLA'S SECURITY SYSTEM IN ARGENTINA. VAN CLEAVE ADVISED US THAT HE NEVER AGAIN WOULD HAVE ANYTHING TO DO WITH WERBELL BECAUSE THE LATTER HAD ACTED SO BADLY DURING THIS TRIP. HE TOLD US THAT WERBELL HAD COMMENTED TO ARGENTINE OFFICIALS THAT HE (WERBELL) WAS SOMEHOW CONNECTED WITH THE CENTRAL INTELLIGENCE AGENCY, AND ON A FIRST NAME BASIS WITH ''BILL'' COLBY, DCI. VAN CLEAVE TOLD US THAT MATTERS HAD DEGENERATED TO SUCH A DEGREE THAT HE RETURNED TO THE US WITHOUT WERBELL. (OUR MEMORY IS A BIT FUZZY ON THE CONTENTS OF THIS DISCUSSION, BUT WE RECALL SOMETHING TO THE EFFECT THAT WERBELL WAS INVOLVED WITH WINE, WOMEN, AND SONG, AND VAN CLEAVE WAS AFRAID THAT WERBELL MIGHT BE ARRESTED BY ARGENTINE POLICE BEFORE IT WAS OVER.) VAN CLEAVE TOLD US THAT HE PERSONALLY NEVER HAS SO MUCH AS IMPLIED A RELATIONSHIP WITH THE AGENCY TO ANY OUTSIDER.

5. ALTHOUGH WE HAVE NOT MET VAN CLEAVE IN PERSON, BASED UPON OUR TELEPHONE CONVERSATIONS WITH HIM HE APPEARED TO BE AN INTELLIGENT AND REASONABLE MAN. WE ARE SORRY THAT WE CANNOT PROVIDE A MORE DETAILED ACCOUNT OF OUR CONVERSATIONS WITH VAN CLEAVE, BUT AS WE MENTIONED IN REFERENCED TELECON WE DID NOT MAKE NOTES DURING THE CONVERSATIONS NOR DID WE FEEL IT NECESSARY AT THE TIME TO WRITE A MEMORANDUM FOR THE RECORD SINCE WE BELIEVED THAT IT WAS A NORMAL, ALBEIT COMPLEX, REFERRAL TO ANOTHER DCD OFFICE. Local OSI Inquiry Regarding Information on Mitchell L. Werbell

B

1. On 15 May 1969, Special Agent Dave Plowman, local OSI representative, USAF, visited the Miami Field Office to solicit any information we might have regarding Mitchell L. Werbell who apparently is undergoing a security clearance check as the result of presently being employed by a company with a government contract.

2. Werbell was an unsolicited contact of this office beginning in 1959 and he reached peak notoriety in November 1967 as a result of his involvement in the Rolando Masferrer trial in connection with the abortive Haitian invasion. John Greaney, OGC was in Miami at the time to oversee Agency interests.

3. Plowman in contacting other US Government agencies locally including the US Attorney's Office somehow received an indication that CIA had information on Werbell; thus Plowman's visit to the Miami Field Office.

4. It was indicated to Plowman, who is known personally by several members of this staff, that we knew of Werbell and that on occasion he had reported unsolicited information. It was suggested, however, that Plowman direct his request officially through channels via OSI's agency liaison officer in Washington.

5. This is for background and is being forwarded at the suggestion of local CIA Security.

GENERAL:

At Miami, Florida

The records in the District Office, Immigration and Naturalization Service, 51 S. W. First Avenue, which were checked on 19 and 24 May 1965, were found to contain file # A-11 263 189 pertaining to one Antonio SOTO (Vazquez), AKA, Orlando Pedro RODRIGUEZ (Alvarez), who arrived in the United States at Daytona Beach, Florida on 1 January 1959 in a Cuban Army airplane. He was said to have been born on 20 August 1934 at Havana, Cuba; to be the son of Antonio SOTO (Rodriguez) and Julia Rosa VAZQUEZ (Acosta) and to have resided in January-February 1959 at 1409 South Ridgewood Avenue and at 129 North Halifax Avenue, both Daytona Beach, Florida. In February 1959, his address was given as 35 N. E. 58th Street, Miami, Florida and his foreign departure from Miami, Florida to the Dominican Republic was verified on 20 June 1959.

SOTO again arrived in the United States at San Juan, Puerto Rico on 18 August 1959, at which time he presented Cuban passport #02042 in the name of Orlando Pedro RODRIGUEZ (Alvarez). Upon interrogation under oath by Immigration and Naturalization Service at Miami, Florida on 18 September 1959, SOTO admitted his identity as Antonio SOTO (Vazquez); stated that he could not get a visa in his own name in Cuba because he had been in the BATISTA government as a Captain in the Cuban Air Force and that he would refuse to tell how he obtained the passport in the name of Orlando Pedro RODRIGUEZ (Alvarez). He said that he came to the United States to try to help his father who was then in jail in Cuba. He identified his wife as Dolores Inocenta BECERRA (Garcia) and gave their address as 6711 N. W. 2nd Court, Miami, Florida. He was represented, for Immigration purposes, by Attorney Ralph H. AGUILERA, 608 Dupont Plaza Center, Miami, Florida. A notation in the file in August 1959 set forth that SUBJECT's father, Col. Antonio SOTO, "was the man who had recently piloted the invasion plane from Dominican Republic to Trinidad, Cuba", was shot in the fighting and was in a prison hospital in Cuba. The foreign departure of SUBJECT from Miami, Florida to Guatemala was verified on 28 September 1959, after he had been ordered deported by the Immigration and Naturalization Service for fraudulent entry. In December 1959, his address was given as 6th Avenue #1221, 8th Piso, P. O. Box 918, Guatemala City, Guatemala.

Antonio SOTO (Vazquez) again arrived in the United States at Miami, Florida on 11 January 1961. He reported that he had Social Security #265-64-6892; that he had a brother-in-law, Fidel RODRIGUEZ, 440 S. W. 5th Avenue, Miami, Florida and that he (SOTO) intended to reside at 5703 North Miami Avenue, Miami, Florida. His foreign departure was verified at Miami, Florida on 25 February 1961 and he again arrived in the United States at Miami, Florida on 24 May 1961. In August 1961, his address was 143 N. W. 39th Street, Miami, Florida.

On 18 October 1963, SUBJECT was granted a Re-Entry Permit by the Immigration and Naturalization Service so that he could travel to the Republic of the Congo as an employee of Caribbean Aeromarine Company, P. O. Box 755, Miami, 48, Florida. He again arrived in the United States at New York, N. Y. on 4 May 1964 and in September 1964, his address was listed as 1270 West 60th Terrace, Hialeah, Florida.

In September 1964, the Immigration and Naturalization Service was advised by the U. S. Department of State, Washington, D. C. that SUBJECT had applied to the American Consulate, Toronto, Canada for an immigrant visa. The U. S. Department of State was advised by the Immigration and Naturalization Service on 1 October 1964 that SUBJECT appeared "to still be excludable".

Additional information concerning SUBJECT is said to possibly be contained in the files of the Federal Bureau of Investigation.

The above records were also found to contain file # A-12 542 006 pertaining to one Dolores Inocenta BECERRA, who arrived in the United States at Miami, Florida on 15 October 1960 and who may be identical with the wife of SUBJECT. This person was said to have been born on 28 December 1939 at Havana, Cuba; to be married to one Antonio SOTO, 5703 North Miami Avenue, Miami, Florida and to have a brother, Sergio BECERRA, 147 N. W. 58th Street, Miami, Florida.

The above records were also found to contain file #

File #242 369

A-11 881 502 pertaining to one Julia Rosa VAZQUEZ (Acosta), AKA, Edelma Marina SANCHEZ (Izquierdo), who may be identical with the mother of SUBJECT. At Daytona Beach, Florida:

On 11 June 1965, observations revealed that the dwelling at 129 North Halifax Avenue, reportedly the residence of Antonio SOTO (VAZQUEZ) in early 1959, is presently vacant. The building contains a nameplate in the name of St. Demetrios Greek Orthodox Parish.

On 11 June 1965, Mrs. Clayton HARSPER, developed informant at 120 North Halifax Avenue, advised that the dwelling at 129 North Halifax Avenue was owned for many years by former Cuban General BATISTA. During the period in question, BATISTA, family friends, and staff, totaling approximately thirty people, occupied the dwelling. Many individuals of Cuban extraction came and went during the late 1950s, and Mrs. HARSPER stated that neither she nor other present residents of this area would have any knowledge of the SUBJECT. The Cubans kept to themselves and never mingled with the local citizenry.

Mrs. HARSPER added that BATISTA sold the property about a year ago to a church group, but the building is presently unoccupied.

On 11 June 1965, observations in the 1400 block of South Ridgewood Avenue revealed that there is no 1409 South Ridgewood. A Mrs. SHAROG, owner of the Parkway Motel at 1369; and Edward SUMMERS, Humble Oil Station, 1480 South Ridgewood Avenue, both stated that there has never been a 1409 South Ridgewood Avenue. The informants advised that several motels in the area have all undergone several ownership changes over the past five or six years, and the informants know of no one in the area who would be in a position to recall the SUBJECT.

SOTO (VAZQUEZ), Antonio
#242 369

15 June 1965

On 14 June 1965, files of Headquarters, Office of Special Investigations, United States Air Force, were reviewed in the name of Antonio SOTO (VAZQUEZ), born 20 August 1934 at Marianas, Habana, Cuba, and reflected that OSI conducted a lie detector examination (File #72-90) on SUBJECT on 21 May 1963.

During the course of this examination, the SUBJECT reacted to basic questions concerning homosexuality, and as a result of this reaction, a re-examination was conducted during the morning of 12 June 1963 at Maxwell Air Force Base, Alabama. The initial examination was predicated in that SUBJECT was a former member of 2506th Cuban Brigade and was being processed for consideration for appointment as a Second Lieutenant in the United States Air Force.

Prior to re-examination, SUBJECT made an initial statement, the substance of which is as follows:

> SUBJECT indicated he resided at 859 Second Avenue, 474, Santa Fe Beach, Banta, Cuba, from 1948 to 1959. He entered the Cuban Air Force as an Aviation Cadet in March 1953 and in August 1953, he began aviation training, which continued until August 1954. In August 1954, he was sent to the United States where he attended pilot training school until August 1955, at which time he graduated and was given a commission as a Second Lieutenant in the Cuban Air Force. During these periods of time, at various unrecalled intervals, SUBJECT stated he would return to his home at Santa Fe Beach. His homosexual acts at Santa Fe Beach occurred during 1949. This homosexual activity consisted of not more than five acts of anal sodomy. SUBJECT stated that he was the active or male partner in these acts. The passive partner was another Cuban boy who lived nearby. SUBJECT could not recall the name of the passive participant. During 1960, while at Managua, Nicaragua, as a Counter-Revolutionist preparing for invasion of Cuba, he became acquainted with a Cuban Catholic priest who was also a revolutionist. SUBJECT further stated that while attending a theatre, this priest made homosexual advances toward SUBJECT, which culminated in the SUBJECT being masturbated by the priest. Approximately one week later, after his

#242 369

group arrived in Costa Rica, the SUBJECT performed an act of anal sodomy upon the person of the priest. The SUBJECT declined to disclose the identity of the priest; however, he stated that if it was determined that the disclosure of the name was essential for a prerequisite to his acceptance into the United States Air Force, he would make such a disclosure.

A lie detector examination, consisting of three parts, was given SUBJECT by a representative of the Office of Special Investigations on 12 June 1963. The second test was in the nature of a control test to determine whether or not the examinee was physically and mentally capable of giving a specific reaction. The results indicated that the examinee was capable of giving a valid reaction. Test number one and test number three consisted of relevant, irrelevant and guilt complex type questions, co-mingled in such a manner as to give the SUBJECT relief between relevant questions. The following are the relevant questions asked during the examination, and the answers as given by the SUBJECT:

TEST #1

Question A: Prior to 1961, did you engage in homosexual acts?

Answer: Yes.

Question B: Since your homosexual acts during 1960 in Costa Rica, have you engaged in any other homosexual acts?

Answer: No.

Question C: Since you have been at Maxwell Air Force Base, have you engaged in homosexual acts?

Answer: No.

Question D: Have you ever engaged in oral copulation, either as active or passive partner?

Answer: No.

#242 369

TEST #3

Question A: Prior to 1961, did you engage in homosexual acts?

Answer: Yes.

Question B: Since your homosexual acts during 1960 in Costa Rica, have you engaged in any other homosexual acts?

Answer: No.

Question C: Since you have been at Maxwell Air Force Base, have you engaged in homosexual acts?

Answer: No.

Question D: Since you have been at Maxwell Air Force Base, have there been any incidents involving homosexuality which you did not tell me about?

Answer: No.

Question E: At any time in the U.S., including the time you were going to flying training school, and later here at Maxwell Air Force Base, have you engaged in any homosexual activity?

Answer: No.

After a careful analysis of the charts pertaining to this examination, the examiner gave the opinion that the SUBJECT was untruthful in his answers Questions B and C, Test #1, and Questions B, C, D and E, Test #2, and that SUBJECT was truthful in answers to Questions A and B, Test #1, and to Question A, Test #2.

Subsequent to the examination, the SUBJECT was re-interrogated concerning his reactions during the above tests. The SUBJECT maintained that he was truthful in his answers. The SUBJECT executed a sworn,

#242 269

signed statement setting forth the information disclosed during the pre-test interrogation, and this information is given in substance above.

OSI Headquarter's files contain a letter dated 14 June 1963, which is a report of the Record of Action of the Military Personnel Security Committee in the case of SUBJECT. The body of this letter is given in the following two paragraphs:

> "1. Pursuant to paragraph 9, Air Force Regulation 35-62, the Military Personnel Security Committee reviewed all the available records relating to the above member of the 2506th Cuban Brigade. Due to the following factors, it is concluded that appointment of the individual is not clearly consistent with the interests of national security:
>
> > SUBJECT admitted homosexual activity to age twenty-six, and additional acts thereafter indicated by result of polygraph examination.
>
> "2. Accordingly, it is recommended that the individual be rejected for military service with the United States Air Force because of questionable moral character."

OSI Headquarter's Investigative Files contain no further pertinent information relating to SUBJECT.

Subject was interviewed and tested on 28 April 1965 at a safe site in the Miami area at the request of Edward W. LORENTZ. The interview was conducted in English.

REFERENCE: Your Memorandum, Dated
7 April 1965 pro

A Provisional Operational Approval is granted for the use of this Subject as set forth below.

A Provisional Operational Approval issued by CI Staff grants the same authority, on a temporary basis, for the use of an individual as the authority granted in an Operational Approval unless otherwise specified by CI/OA. DETAILS:

PREDICATION

Investigation in this matter was based upon information from MM T-1, another government agency which conducts security and intelligence-type investigations, who advised on August 8, 1962, that information had been received from a sub-source of unknown reliability, who advised as follows:

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

FELIPE VIDAL, 2293 N. W. 7th Street, Miami, Florida, an individual who formerly held a responsible position in the Cuban Navy, had accompanied an individual identified as JACK CANNON, a United States citizen, on an anti-CASTRO clandestine trip to Cuba between October 18 and 23, 1961, in which they were purportedly transporting $80,000.00 worth of arms. The boat operated by CANNON, who also uses the name JACK SHEA, and the subject was sunk along the North Coast of Cuba and the arms were lost.

Although CANNON was allegedly engaged in anti-CASTRO activities, MM T-1's sub-source pointed out that after dealing with him in business and learning about his background, he suspected that CANNON was actually involved in clandestine missions for the CASTRO regime with ramifications relating to criminal activity in the Miami area.

BACKGROUND

A. Residence

According to the records of Immigration and Naturalization Service (INS), Miami, Florida, as made available on December 6, 1962, by CHARLES CHALLANDES, Investigator, subject resides at 2293 N. W. 7th Street, Miami, Florida.

B. Birth Data and Alien Status

On June 14, 1961, INS, Miami, Florida, made available to the Miami Office information relating to political refugees entering the United States since January 1, 1959. Included in this list was FELIPE VIDAL SANTIAGO, born February 3, 1926, at Havana, Cuba.

On December 6, 1962, Investigator CHALLANDES, mentioned above, made available their file Number A11 877 123 relating to the subject, which contained the following information:

VIDAL arrived in the United States on August 9, 1960, from Bogota, Colombia, and applied for a B-2 visa for four months to visit his refugee wife. He pointed out he was a Lieutenant in the Cuban Navy from 1944 to 1956. In 1958 he affiliated himself with FIDEL CASTRO and after January 1, 1959, he was appointed Chief of the Maritime Police by the CASTRO government. On October 16, 1959, he was appointed Naval Attache at Caracas, Venezuela. He defected on March 7, 1960, in Caracas because of the communist infiltration of the Cuban government.

On April 8, 1961, VIDAL applied for political asylum. VIDAL indicated that in the United States he would reside at 708 N. W. 23rd Street, Miami, Florida, and had in his possession a document identifying himself as the coordinator of the anti-CASTRO organization Movimiento de Liberacion Democratico Revolucionario.

On August 10, 1960, INS obtained a sworn signed statement from VIDAL in which he stated he was discharged from the Cuban Navy under the government of FULGENCIO BATISTA because of his opposition to BATISTA.

VIDAL indicated he never joined the July 26th revolutionary organization of FIDEL CASTRO, but was affiliated with all groups of the revolution. In October, 1957, VIDAL was co-ordinator of the Organizacion Accion Resistencia (The Clandestine Resistence Action Organization). He pointed out that in Havana, Cuba, he participated in dissemination of propaganda, sabotage, organized strikes, and meetings in jails, all on behalf of the CASTRO revolution.

VIDAL pointed out that in 1958 a pact was formed in Caracas naming MANUEL URRUTIA as President of the new government, but that CASTRO later usurped the presidency. After URRUTIA was overthrown, VIDAL became disenchanted and began to cooperate with anti-CASTRO organizations. He asked for foreign duty, and after noting continued CASTRO activities against the government of ROMULO BETANCOURT and the movement of Russian agents to Cuba, he removed his family from Cuba, went to Colombia, and defected.

VIDAL emphasized that he had never been a member of the Communist Party in Cuba.

On October 3, 1962, MM T-2, a Cuban refugee familiar with certain phases of anti-CASTRO activity in the Miami area and who has limited information regarding communist activities in Cuba, advised that captioned subject was personally known to him in Cuba, where he had the reputation of being an opportunist and extremely fond of drinking and carousing. He was a Captain in CASTRO's Navy in Cienfuegos, Cuba.

SUMMARY OF ACTIVITIES SINCE DEFECTION FROM CASTRO REGIME

The December 7, 1960, issue of "La Prensa," a daily Spanish language newspaper published in New York, carried an article entitled, "Establish United Cuban Front in Miami." This article stated that the United Front of Liberation in the City of Miami was announced by members of the group, which included Commander FELIPE VIDAL SANTIAGO of the Movement of Democratic Revolutionary Liberation, among others.

On February 20, 1961, MM T-3, a Cuban familiar with certain Cuban activity in the Miami area, advised SANTIAGO VIDAL and another individual of an anti-CASTRO group are purchasing radio equipment.

On April 4, 1961, CARLOS PRIO SOCARRAS, former President of Cuba, advised an Agent of the FBI that a boat owned by FELIPE VIDAL SANTIAGO, former Cuban Naval Attache to Caracas, Venezuela, had been dispatched to the coast of Cuba. The boat had been gone approximately ten days and had not yet returned. PRIO advised the purpose of the trip was to bring out of Cuba a close friend of PRIO, identified as JULIO GARCERAN, former magistrate of the Supreme Court of Cuba. GARCERAN was to be brought to the South Florida area in VIDAL's boat.

The July 4, 1961, issue of the "Diario las Americas," a Spanish language newspaper published in Miami, carried an article entitled, "United Front for National Liberation,"

-ating in effect that the Constitution of 1940 would be restored by the liberating army and unify all the Cuban anti-communist forces. The article bore the signature of Commander FELIPE VIDAL SANTIAGO on behalf of the "Democratic Recovery of Cuba."

The April 27, 1962, issue of the "Miami Herald," a daily newspaper published in Miami, carried an article pertaining to the training of exiles in the Miami area. Subject, on behalf of the United Liberation Front, was listed as one of the participants in this training.

On May 25, 1962, MM T-1 advised that subject would in all probability be included in the military commission of anti-CASTRO Cuban exiles which was being organized by Central American countries to cooperate in action against the CASTRO government.

On August 8, 1962, MM T-1, as previously indicated, advised that JACK CANNON, who claims he is engaged in anti-CASTRO activities and has made 43 clandestine trips to Cuba in various ships, transporting arms and documents and exfiltrating people, advised his ship was sank somewhere along the North Coast of Cuba, but was able to save himself in a small plastic boat with an outboard motor which was on board, and arrived in Cay Sals. He reportedly was accompanied on the trip by FELIPE VIDAL, 2293 N. W. 7th Street, Miami, Florida, who formerly held a responsible position in the Cuban Navy during the CASTRO regime. On this trip, CANNON said they were transporting $80,000.00 worth of arms and these were reportedly lost when the boat sank.

According to the source of MM T-1, JACK CANNON, who is a United States citizen and former CASTRO guerrillaman, is suspected of working for the Cuban government. He resides at 2020 N. E. 135th Street, North Miami, Florida, where he and his Cuban wife, MARIA SUAREZ, are tenants. The source of MM T-1 advised he had had some business relations with CANNON and upon obtaining some information about him, strongly suspects he is involved in some clandestine mission for the CASTRO regime, with ramifications of criminal offenses in Miami. He stated he suspects CANNON is the same man who was known in Cuba by the name of DUVAL and who was MORGAN's adjutant during the executions performed in Cuba.

w/ file D
201-242256

MM T-1 advised that on August 27, 1962, FRANK FIORINI, an individual active in anti-CASTRO activity, had indicated that he had participated in discussions for the previous three days with the subject and other members connected with the JULIO CARCERAN group. FIORINI had discussed participation in activity relating to the procurement of crews for a number of B-26 planes, and it was decided that candidates for these crews were not to be members of the anti-CASTRO Cuban Revolutionary Council.

According to MM T-1, the pilots recruited were to be sent to unnamed Central American bases and targets were to be Guantanamo Naval Base and the City of Santiago de Cuba, or some target in that general vicinity. No specific date was set for this operation, but FIORINI was given the date of August 31, 1962, as a time limit to find crews. FIORINI stated he had offered his services to VIDAL, but was told he could not participate.

On October 22, 1962, MM T-4, who has been involved in Cuban revolutionary activities for the past five years, advised that the subject was planning to depart that date for Cuba on a military mission. According to MM T-4, VIDAL was accompanied by the American adventurer ROY HARGRAVES. VIDAL allegedly has 15 men in his group and recently visited New York.

On November 19, 1962, MM T-4 advised that VIDAL's friend, ROY HARGRAVES, is a friend of JOHN BONILLA, Consul General of Guatemala, and that both are mutual friends of an old Nicaraguan revolutionist. This Nicaraguan recently hired HARGRAVES to place a fire bomb in an unidentified boat. He is reported to have stated that the Nicaraguan government did not want to sponsor any action against CASTRO, but would confer with BONILLA, who has knowledge of the establishment of an Inter-American Brigade.
